ARCHES NATIONAL MONUMENT
MOAB, UTAH

January 27, 1951

EQUIPMENT: Three new ~~new~~ mounted on the D-12 Patrol. This puts the ~~the~~ into operation. We are still waiting for the ~~the~~ Front-End Loader.

GENERAL: About half the month was spent on the installation of ~~the~~ Pump; however our annual inventory is almost completed and signs have been made for the Delicate Arch Spur Road and Trail.

To: General Superintendent

From: Superintendent, Arches

Bates E. Wilson

Subject: Monthly Narrative Report for the month of January, 1951

Superintendent

WEATHER: The prolonged drought was slightly dampened by a one inch snow storm on New Years Eve and again, on January 17, by two inches of snow; however the moisture content of the snow in both storms was only a trace and we are still far below normal.

TRAVEL: A 31% increase in travel appears over last month's count and an increase of over 600% over the same period last year, makes up for the two slow months of November and December. Our very dry weather is believed to be responsible for these increases. A total of 427 visitors entered the monument in 136 cars.

INTERPRETIVE SERVICES: Out of 427 visitors only 38 were contacted and the total contact time amounted to 6 hours and 50 minutes. In an earnest attempt to cut down our equipment operations we have necessarily neglected the contact work; however we will attempt to solve this problem by parking our dump truck on the job and combining the use on the one pickup for Maintenance man Winbourn's transportation and Ranger Worthington's patrols.

ROADS: No work has been done this month due to the slowness in delivery of tires for the grader and loader.

TRAILS: Maintenance man Winbourn has finished the job of cutting a set of steps into Winter Camp Canyon which gives us a safe $\frac{1}{2}$ mile trail to the Winter Camp View Point of Delicate Arch. Signs have been made for this section of the trail.

WATER SYSTEM: Although we had a serious mishap during the first attempt to install our new Pacific Jet Pump, we now have a supply of water which is kept constant by a very efficient Floatless Switch. We only get 450 gallons per hour, because it was necessary to install a smaller Jet than was originally planned, but since the tanks have been full the pump runs less than an hour a day. It is certainly a relief to know that our tanks are full and will stay full with a minimum of power plant operation.

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 January 1951

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Superintendent's Monthly Narrative Report Jan

WEATHER: Quite a variety this month with cold, sub-zero, weather accompanied by snow, sleet and high wind. This sort of weather lasted for only a few days and was followed by very mild and pleasantly warm days and nites with the 4 inch snowfall melted and gone. Travel as a result is away up again for this month.

CONSTRUCTION: We have done a little more hauling of soil in the landscaping project and a few additional transplants were made of native shrubbery around site #3 residential area.

MAINTENANCE: For the first time in a number of years we have not had to repair the great kiva roof after a sudden cold spell and snow fall. In checking over the roofs of the ruins rooms, each seems to be water tight as does the recently laid roof of the museum-administration building.

It has been a different story, however, with the garage roof at residential site #3 where settling of the building has given us some difficulty with tears in the roof cover and the usual problem thawing frozen "weep holes" that drain the roof cover.

THE MONTH'S VISITORS: There were 391 visitors in 68 parties conducted thru the ruins and 557 visitors in 114 parties shown thru the museum.

INCREASE IN TRAVEL: As the general trend seems to be in the Southwest, a great increase in travel has occurred this month over January of the previous year and we are ahead by 48% with 557 visitors from 30 state and Cuba, arriving in 162 cars.

VISITORS: Mr. and Mrs. Al Lancaster, Archeologist Ingr., from Mesa Verde visited with friends December 26. Mrs. Eugene C. Saxe with daughter Alice, from Montclair, N.J. visited Jan 18. She is an artist of some note, having been connected with the American Museum Natural History.

BANDELIER NATIONAL MONUMENT

SANTA FE, NEW MEXICO

January 29, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Monthly Narrative Report for January, 1951

Weather

The weather during most of the month continued to be very dry and there is considerable apprehension over water supplies through out most of the state. This is the second winter with very little snowfall and some wells are already going dry. There were two light snows on the 1st and 12th that had .24 inches of moisture.

Temperatures were generally cold the first part of the month with a low of 3 degrees below zero on the 5th and 7th but it warmed up to 64 degrees on the 25th.

Special Activities

The Superintendent and Ranger Keefe attended a number of meetings at Los Alamos and Santa Fe in connection with the organization of Civilian Defense for this region. A mutual aid pact has been formed which includes the defense organizations of Los Alamos, Espanola, Taos, Santa Fe, Las Vegas, Albuquerque, and the National Park Service, Indian Service, and Forest Service. The Bandelier organization is being set up to work closely with the one at Los Alamos.

In-service training meetings were started this month and will be held once a week until the middle of March. Following the practice started last year each employee will take part in one program. Some of the regional office personnel have also been requested to aid in the training meetings.

A staff meeting was held for all employees on the 8th and a safety meeting on the 15th.

January 11, 1961

Mr. [illegible]

Dear Mr. [illegible]:

Thank you for your letter of January 10, 1961.

I am sorry that I cannot give you a more definite answer at this time.

Sincerely,
[illegible]

The National Park Service is currently conducting a study of the monument and its resources. This study is being conducted in order to determine the best way to manage the monument and its resources. The study will be completed by the end of the year.

I am sure that you will understand the need for this study and the importance of the monument and its resources.

Very truly yours,
[illegible]

The National Park Service is currently conducting a study of the monument and its resources. This study is being conducted in order to determine the best way to manage the monument and its resources. The study will be completed by the end of the year.

I am sure that you will understand the need for this study and the importance of the monument and its resources.

I am sure that you will understand the need for this study and the importance of the monument and its resources.

Approximately three and one half tons of scrap metal were disposed of and the wood yard can now be placed in a more orderly condition.

A Red Cross First Aid course was started for all employees and their wives under Mr. Barnworth of the Los Alamos fire department. Both the standard and advance courses will be given.

Maintenance

Two connecting rods burned out on the Chevrolet sedan and it was necessary to overhaul it. All of the work was done locally except replacing and grinding the valves.

All of the signs in the headquarters area were oiled to freshen them up.

A second ladder was constructed for use on the Ceremonial Cave Trail to replace one that was becoming dangerous.

Eight new benches for the picnic tables were hewn out of logs and will be installed next month.

Approach Road

Although the approach road continued to be very dry and dusty it was graded once during the month by the State maintenance crew and it is in fair condition.

The Operator General graded the shoulders along the paving leading into Frijoles Canyon.

The Atomic Energy Commission has made final plans to pave the road from the Los Alamos west gate, past our checking station, to site TA 33. This will contribute approximately one and one half more miles of paving to the approach road.

Plans are being developed to place an oil dust coat on the unpaved section of the approach road. Two trips were made to the Regional Office to discuss this project and some information has been gathered on cost of gravel etc.

Interpretive Service

394 visitors were conducted on 51 tours of the ruins this month.

DISCUSSION

11. [Illegible text]

A special talk on the importance of the archeology of this region with emphasis on protection of the ruins was given to the 4, 5, and 6th grades of the White Rock school by Ranger Turney.

Travel

Travel continued to show a good increase over last year with 890 visitors as compared with 646 for January, 1948 and 160 in January, 1949. The continued open winter is partly responsible for the heavier than usual travel although it is similar to the weather last year.

Visitors

Visitors to the area this month included:

Mr. and Mrs. Charles Sigler, and Mr. and Mrs. Sears, recently appointed architects in the Region Three Office.

Ranger and Mrs. Bob Morris, Canyon de Chelly National Monument.

Chief Ranger and Mrs. Barton Hersner, Rocky Mountain National Park.

Forest Fire Control

Ranger Keefe attended a meeting in Forest Supervisor Flock's office to discuss the cooperative fire fighting agreement between the Forest Service, Indian Service, Atomic Energy Commission, and National Park Service. This is the first year that the Indian Service has been included in the general agreement although we have had separate understandings with various pueblos for several years.

Building Fire Protection

Fire Chief Keefe prepared a self inspection form for all employees to use at their residences to check for possible fire hazards. In addition he made a careful inspection of the other buildings and propane gas installations.

Insect and Tree Disease

A contract was prepared in the Regional Office for spraying by airplane to prevent damage by tent caterpillars and web worms to the trees in Pijoles Canyon. Two sprayings are anticipated in May and July.

Canyon de Chelly National Monument
Chino, Arizona

January 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Monthly Narrative Report for January, 1951

Travel:

Always rather slow this time of the year. However, we did have 50 people in 19 cars compared with 37 people and 13 cars for January of last year. We continue to show an increase over last year with travel year to date figures of 663 compared with 376 last year.

Weather Conditions:

It's really getting serious as far as moisture is concerned. Only 3.45 inches of precipitation fell during the entire 1950 calendar year and only 3.53 inches for the past 15 months. Livestock is suffering. A low of -1 was reached on January 7, and several successive nights hovered around the zero mark.

Roads:

Recent bladings have put all roads in fairly good shape.

N.P.S. Visitors:

Kenneth Saunders and Harold Marsh on the 16-17. Plans were discussed concerning the living quarters and administration building rehabilitation program. Much valuable assistance was given to me by these gentlemen.

Personnel:

While loading concrete table units on a truck, David Gorman-Maintenance Man, suffered a bruised and possible fractured ankle bone when a table end fell on his foot. A report of injury has been submitted covering this accident.

Project Progress:

A start has been made on the rehabilitation of buildings and structures. A new hot water heater was purchased and installed replacing the 17 year old antiquated one. Firms are being contacted in Gallup to determine who can furnish what materials for the successful conclusion of this program.

All concrete table units have been completed and are now being placed at the various picnic areas. Five fireplaces remain to be completed - five are already in place.

The Soil & Moisture Program will be completed as soon as \$1000 worth

Capulin Mountain NATIONAL MONUMENT

Capulin, New Mexico

January 25, 1951

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr

Subject: monthly narrative report, January 25, 1951.

Visitors: We have had about 450 visitors to Capulin Mountain National Monument during the month of January, making a total of four thousand three hundred and fifty during the travel year and twenty three thousand five hundred and fifty for the fiscal year to date.

Weather: We have had two inches of snow on January 1, one inch on January 6th and six inches on January 13, which has the dry condition quite a lot. Have had good weather throughout the month, and the road up the volcano has been kept open with the exception of two days, when the drifts on the north side were pretty deep.

Flora and Fauna: Of course the snows during the month have helped the vegetation some. Quite a few deer have been noted in the area. While the snow was on the ground, the Sup't. has had several of the porcupines, which have been causing extensive damage to the pine trees, exterminated.

Roads and Trails: The road on the Monument has been used four times during the month, and has been in good condition, except for about five days, when the snow was drifted in several places.

Special visitors: The early part of the month, State Patrolman Scroggins of this area brought some of the officials of the State Police to the Monument. They were considering making a request to the National Park Service for a small relay broadcasting station on the top of the mountain. It was explained by Mr. Scroggins that if they did make the request, it would be a very small building, to be placed out of sight of the public on top of the volcano, and would be unattended. Several times the Patrolman have told me that they get the most perfect police radio reception on top of the volcano than any place in this area. I have no comments to make about this until and if we get a request.

Information Leaflets: About fifty pamphlets have been distributed during the month. Have about 17,500 on hand.

Homer J. Farr, Sup't.

DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

NATIONAL MONUMENT

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

January 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Casa Grande National Monument
Subject: Monthly Narrative Report for January, 1951.

General: The heavy winter travel began as scheduled. Although we have received eleven more visitors for January than we did for the same month a year ago, it was so close that it was almost splitting hairs. A better picture of the increase in travel can be seen by comparing the travel figures of this month with December; 5,212 as compared to 5,400. Our biggest problem is the anticipation of visitors' demands for the publications which we handle for Southwestern Monuments Association; as yet we have not been able to establish a trend, even some of the normally poor sellers have gone like the proverbial "hot cake".

Irregardless of recent storms, our travel and the drouth situation continues without relief. Two critical water areas have been designated to curtail the drilling of more wells; one area is south of the monument near Eloy, and the other is north of here in the Queen Creek-Superstition area. Available water in storage is only sufficient for about one-tenth to one eighth of the land that is under irrigation; the remainder must come from underground water sources.

On the pleasant side of the ledger, the electric power from Davis Dam will soon be coming over the lines to Coolidge, via Prescott and Mesa. The substation which the Bureau of Reclamation built just out of Coolidge cost some 4.5 million dollars will begin full time operation about the 1st of February.

At 2:55 p.m. on December 29th, a five year old child, Robert D. Lloyd, was accidentally, but fatally shot while taking a tour through the "ruins". The shooting was done by two local youths who were target shooting along the canal beyond the monument

area. Prompt medical attention was insufficient to save the child's life as the bullet penetrated the brain through the right temple; the child died in the Pinal County Hospital in Florence about three hours after the shooting. For more comprehensive details we refer to the narrative report and form 10-403 which were submitted after the accident.

On the 14th of January, we were host to the Mesa Annual Cavelcade, which is sponsored by the Mesa Junior Chamber of Commerce. More than three hundred people came as part of the tour. The group was divided into two groups, part of the cavelcade was visiting "Picture Rock" canyon while the other half was visiting the monument. The picnic, free coffee actually, was given to the cavelcade at "Picture Rock" canyon rather than tie up our picnic area for Sunday visitors.

Weather: We have been subject to a variety of weather conditions during the past month. It did most everything except snow (although five miles north of the monument there was about six inches of snow on the flats and they had a snow plow out clearing the highway.) We had our first good storm on January 12 since September, .82 inch of rain.

Highest Maximum 79°

Lowest Minimum 20°

Precipitation for
the month .97 inch

Visitors: Our visitors for the month showed a slight increase over the same month last year; our annual travel figures are somewhat ahead for the travel year, about 2.4%.

	1951	1950
Visitors during January	5,212	5,201
Increase	11	
Visitors for travel year	13,848	13,518
Increase	330	
Servicemen during January	15	

Interpretive Service: A total of 3,423 people made the trip to the "ruins" in 220 groups, averaging 53.0 minutes per trip.

On the 10th of January, we were told by the local people, that the river was frozen and that the boats could not go. We were told that the boats could not go because the river was frozen and that the boats could not go because the river was frozen.

and the other side, I am sure, a very different picture.

There were 1789 visitors who made only a short stop and did not go to the "ruins"; we estimate that 70% of this group did take advantage of the museum.

Visitors of Note and Special Groups:

December 27 -- Mr. Louis Schellback and son from Grand Canyon, National Park

December 28 -- Mr. and Mrs. Adolphe Van Gpabbeke of Brussels, Belgium. Mr. Van Gpabbeke is Belgium's representative at the United Nations.

December 29 -- 18 Boy Scouts of Troop 20, Safford, Arizona for a tour to the "ruins" and a picnic.

January 2 -- 67 members of the high school band from Douglas, Arizona, for the ruins tour.

January 5 -- Mr. Malcom Farmer, former head of the Museum of Natural History, San Diego, California.

January 7 -- Visit from John Davis, General Superintendent of Southwestern National Monuments.

January 14 -- Cavalcade sponsored by the Mesa Junior Chamber of Commerce for their annual tour. Approximately 300 people participated in the cavalcade.

January 21 -- 27 Y.W. and Y.M.C.A. teenagers of the Mesa Hi-Y Club for picnic and visit to the "ruins".

18 Boy Scouts from Troop 144, Coolidge, Arizona, for picnic and receiving of merit badges.

Administration and Protection: Seven requests for information were answered, and the literature requested was mailed. The Adamsville site received its usual inspection, and there was no evidence of new "pot hunting".

The rains, the first good ones since September, enabled us to shape up the ditches three times and fill in any breaks in the shoulders of the roads, which are now in excellent condition.

A.T. Bicknell
Superintendent

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

January 27, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Chaco Canyon National Monument

Subject: Report of Activities at Chaco Canyon during the Month of January 1951

Weather conditions

As with past months, January has proven one of the driest on record. A trace of snow fell New Year's morning with another light skiff on the 19th, barely enough to register a trace of moisture. We have had two bad dust storms. For the most part, the weather has been spring-like with temperatures ranging from a low of minus 1 and a high of .

Administration

Superintendent Guillet returned from annual leave on December 26th and Ranger Elmore entered on annual leave December 30th and returned to duty on January 20th, 1951.

A complete inventory of semi-expendable and non-expendable equipment and cards arranged for recording items not recorded.

Two trips were made to Gallup, New Mexico for materials for the well. One trip was made to Farmington to pick up supplies.

All of the correspondence and filing that had accumulated since June 1950 was completed and rearrangement and correction of the filing system carried on as time permitted.

Maintenance

The light plant was overhauled, valves ground and wiring made to quarters. Work on the water system continued and studies made on the wells by Mr. Conn of the Regional Office. The old sheds were cleaned and repaired for some equipment. This job is being continued as time permits. New stone steps were placed in Pueblo Bonito eliminating the rather rickety and dangerous ladder. A general though rather futile cleaning of the grounds was made. A survey of signs was made and plans made for the installation of new or repaired signs, both in the monument and on the approaches.

DEPARTMENT OF THE INTERIOR

Visitors

Travel shows a slight increase over last year despite poor road conditions. A total of 77 visitors in 28 cars were recorded this month.

Interpretive services

19 conducted trips with a total of 69 persons were conducted through the ruins. With these and museum contacts, a total of 23 hours was spent. Ranger Elmore lectured to 53 students and teachers at the Crown-point Boarding School.

General

Archeologist Aide Rixey became the proud father of a six pound baby boy on January 16th. The new arrival was named Gary Raymond, and all concerned are getting along nicely.

Permits

Two permits were given to move sheep across the Monument - one to Refell Mescalito and one to Sargent.

Inspection by N. P. S. Officials

Architects Marsh and Saunders were in for a short look around on the January 18th. Engineer Conn arrived a week earlier for work on the new well.

Meredith M. Guillet

NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

January 25, 1951

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

There follows the Chiricahua National Monument Narrative Report for January, 1951:

WEATHER January brought a snowfall on the 1st and another on the 12th of the month. The first snow totaled 5.00" and gave us .85" of water. The second snow brought .10" less water but reached a depth of 8.75". Temperatures ranged from a high of 69 degrees to a low of 14.

SPECIAL ACTIVITIES Superintendent Cooke left on the 23rd for a four day trip to White Sands National Monument where he plans to pick up some surplus items assigned to Chiricahua. Ranger Gaynard returned from Annual Leave on the 7th. Operator-General Marble took four days Leave during the third week.

PUBLICITY On the morning of January 21, the Greyhound Bus Co. radio program included a five minute talk on Chiricahua by Commander Scott. Our only criticism was that the reporter spoke of being able to move Chiricahua's balanced rocks by hand!

It was learned from several visitors that the Phoenix Gazette ran a large spread of pictures and articles on this Monument in their January 14 issue. Though requested, no copy has as yet been received.

Correspondence has been received from Universal Studios of California relative to their plans for a film on the life of Cochise. The plans include filming the story in full or in part at Chiricahua. The picture is to be a sequel to the current technicolor on Geronimo entitled "Broken Arrow". If definite word is received as to the shooting of scenes at Chiricahua, the General Superintendent shall be notified.

MAINTENANCE A general cleanup of the area and of the buildings was held this month. One day was given to painting a room in the Superintendent's residence.

APPROACHES TO MONUMENT The two snows of January lasted but a short while on the approach roads and did much to keep down the objectionable dust of December. The pavement of route # 181

NATIONAL PARK SERVICE
WILSON, N. C.
JAN 10 1968

1. The first of these is the fact that the Government has not been able to secure the necessary funds to carry out its program. This is due to the fact that the Government has not been able to secure the necessary funds to carry out its program. This is due to the fact that the Government has not been able to secure the necessary funds to carry out its program. This is due to the fact that the Government has not been able to secure the necessary funds to carry out its program.

was centerstriped from the intersection with route # 666 to the Monument. All roads are in good condition with the exception of the approach over the mountain from Portal. As always, this is not recommended during winter months.

The monument road is in excellent condition despite the snows and run-off. Extremely little rock has fallen to the road bed during the melting and the thawing.

INTERPRETIVE SERVICE

One three hour conducted tour was made with 2 visitors. Four conducted walks on the Mesas Point trail were held with 36 visitors. Contacts in the museum totaled 461.

TRAVEL

Travel for this month showed a decrease of 17% from that of January, 1950. The total number of visitors was 621 and gave a 41% decrease from the previous month. Chiricahua is now 541 behind the travel year total of 4264 recorded this date in 1950. We are unable to account for this decrease unless travelers are becoming more cautious in the use of money and equipment and are avoiding long drives from main highways to areas such as Chiricahua.

The grader was employed as a snow plow immediately after the two snows of the month and cleared the road to where travel was almost totally uninterrupted. Only one car of two visitors could not make the drive through the monument. They arrived in the thick of the January 12 fall.

VISITORS

Joseph Maenck, photographer, visited the Monument on the 23rd. His was a brief visit but he declared plans to return in the spring.

RANGER SERVICE

Much Ranger time was spent in January on the replacing and the repainting of approach signs.

In accordance with a request from Naturalist Arnberger, tree specimens were collected and forwarded to Mr. Paul Landsore of Los Angeles, California.

Clifford C. Gaynard

Clifford C. Gaynard,
Acting Superintendent.

was characterized from the information which points to the property.
All roads are in good condition with the exception of the approach over the
mountain from the hotel. In winter, this is not recommended during winter
months.

The summer road is in excellent condition during the summer and winter.
Extremely little road has fallen in the road bed during the winter and the
winter.

INVESTIGATIVE SUMMARY
One three hour weathered tour was made on 2
visitors. Tour conducted under the same
winter conditions. Conditions in the winter are fair.

DETAILS
Travel for this month showed a decrease of 100 from that
of January 1938. The total number of visitors was 400 and
one of the reasons for the decrease was the fact that
the travel for this month was 100 less than in January.
The total number of visitors for this month was 400 and
one of the reasons for the decrease was the fact that
the travel for this month was 100 less than in January.
The total number of visitors for this month was 400 and
one of the reasons for the decrease was the fact that
the travel for this month was 100 less than in January.

The winter was marked by a low level of activity during the winter
at the hotel and during the winter the hotel was almost empty.
Only one set of two visitors was seen during the winter.
The winter was marked by a low level of activity during the winter
at the hotel and during the winter the hotel was almost empty.

CONCLUSIONS
Joseph Henry, Superintendent, visited the property on the
10th. He saw a small trail and a small stream in
winter in the winter.

RECOMMENDATIONS
The winter was marked by a low level of activity during the winter
at the hotel and during the winter the hotel was almost empty.

In conclusion with a review of the winter conditions, the winter
was marked by a low level of activity during the winter
at the hotel and during the winter the hotel was almost empty.

W. J. Henry
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico

January 27, 1951

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

This month, there were 157 visitors to the monument. This is 207 per cent increase over a year ago. Since September 30th, we have had an average increase of 119 per cent for each month. When word really gets around about our good roads, we are going to be swamped. Twenty-four parties with 90 persons took the trip around the Rock. 74 persons in 29 parties were given orientation talks. No trips were taken over the top of the Rock.

The coldest was 2 below on two occasions and the warmest was a 61 degrees Fahrenheit. Though we only managed .15 of an inch of moisture, we thought we spent all of our time shoveling snow the first part of the month. We wanted it clear so no visitor would slip on the ice. It is a nice surfaced trail, but we had no idea how long the trail was until we got on the business end of a snow shovel. With several snow-shoveling trips to our credit, we are fully acquainted as to its length.

Mentioning snow - one day, we had a blinding snowstorm all day (my day off). Some visitors came up and had a picnic lunch in the storm. Just after lunch we discovered them and they wanted a trip around the Rock, so we put on our galoshes and took them. It was difficult to see three feet in front of one. They were from Grants, 40 miles away!

The CAA man came by early in the month and spent one half day giving our light plants a thorough checking, and putting one back in operation. A few days after he left, though, they really began to "set up". Both were out of commission. We got both to operating again, but now one is down again. A considerable amount of time has been spent on them this month. I'm glad that

San Antonio, Texas

the trouble has developed this time of year and not in the busiest travel season, and hope that we can get them in shape again for next travel season.

However, we may not need them. The big news this month is that the District Representative and three Washington Office men from the FEA were out to see us and revived our hopes by stating that we will have RRA power by the end of the calendar year unless some unforeseen war emergency prevents it!

Our helper, Ed Lead, took a short vacation in part to see about entering school. He kept fires in his house for a while, but several nights of zero or near zero weather forced me to drain the house. When he returned, we found that when the house was drained, a few drops, evidently, collected in U's and the like and froze several places. The lines were entirely empty except for these places, and it took just a few moments to thaw them when they were located. We had one sweet time finding them. The air pressure held the water away from the places to make them more difficult to find. He stayed only a few days and then left to attend the University in Albuquerque for the spring semester. We wish him good luck and expect him back next summer.

Inventory was taken before the end of the calendar year. A few odd jobs were accomplished such as one sign was rehabilitated and erected at an intersection, some floors were refinished, etc. One trip was taken to town this month, the same last month, to bring back white gasoline for the light plants, propane, one oxygen tank and minor items of supply.

Superintendent and Mrs. Lubchen were by to see us, but could only stay a few minutes. However, the promised to be back.

Our water supply is getting alarmingly low. The purchase of the adjacent piece of land which has a well on it has not been completed, but even when it is completed, we will have nearly a mile of trench to dig, pipe to lay, etc.

The weather the past few days has been like summer, but a cold wave is predicted for tonight, so we may have some cold weather and lots and lots of snow (we hope so as to fill our water tank) to report next time.

Irving Scheit, Jr.
Superintendent

the knowledge has developed this time of year and that is the
reason I have been able to do this, and I am sure that you will find it
very interesting.

[illegible]

The above information was obtained from a review of the files of the Department of Social Services, New York City, and the files of the New York State Office of Mental Health.

1. You will find more beautiful and interesting things in the world than you can see in the world of the world of the world.

1. The first step in the process of the investigation is the identification of the problem. This is done by the investigator who is responsible for the investigation. The investigator must identify the problem and the scope of the investigation. This is done by the investigator who is responsible for the investigation. The investigator must identify the problem and the scope of the investigation. This is done by the investigator who is responsible for the investigation.

1. The Commission has received information from the Government of the United Kingdom that the British Government has decided to withdraw its troops from the Golan Heights. The Commission has been informed that the British Government has decided to withdraw its troops from the Golan Heights. The Commission has been informed that the British Government has decided to withdraw its troops from the Golan Heights.

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

January 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Gran Quivira
Subject: Monthly Narrative Report for January 1951

Weather. Two good snows early this month somewhat alleviated the dry condition that has been with us. Five inches fell on the 1st and another inch and a half on the 11th and totalled .76 inches of precipitation. Average maximum temperatures for the month were in the high forties and minimum temperatures freezing or below.

Visitors. Ranger and Mrs. Francis Elmore of Chaco Canyon visited on the 18th.

Inspections. Les Arnberger, STNM, spent a half day on the 25th discussing museum and interpretive problems with the Superintendent.

Approach Roads. Both approach roads into the area received some maintenance improvements this month. The Torrance County maintainer spent 5 days grading and filling on Highway 10 from Mountainair, and Socorro County reportedly bladed most of the road from Carrizozo to Cleunch. This work followed the heavy snows which halted all travel for a three day period.

Personnel. Janitor Lois Kite and laborer Doyle Chaney obtained Social Security cards during the month.

The Superintendent took four days annual leave over the holidays.

Maintenance and Rehabilitation. Fifteen pickup loads of fill were removed from the cattleguard at the monument's entrance and used to widen portions of the entrance road. The State Highway grader accommodated us by blading our 3/4 mile of road and pulling the drainage ditches.

Work continued on the utilities project this month and the job is now about 95% completed. The electric motor, magnetic starter, meter, switches, and wiring were installed, and material

to complete the work was ordered.

Three loads of water were hauled this month, both vehicles serviced, fire and work tools sharpened, and other routine maintenance performed.

Public Health. Bacteriological reports on both water cisterns were reported negative by the State Public Health Laboratory.

Travel. Travel increased 4% over last year with 102 persons visiting the monument. The Chamber of Commerce in Mountainair reports a slight increase in this year's winter tourist travel and predicts heavy summer visitation during 1951.

Interpretive Services. About two thirds of the monument's visitors used the self guiding pamphlet this month, as the Superintendent was absent from the area for about ten days. Conducted tours were given to 11 parties of 32 persons for an average of 44 minutes per party.

January weather has been mild and pleasant. The snow at the monument was last seen February 1st. The snow on the mountain was last seen February 1st. The snow on the mountain was last seen February 1st.

Ray B. Ringenbach
Ray B. Ringenbach,
Superintendent

Unfortunately, with cold weather and snow, the monument is now closed to the public. The snow on the mountain was last seen February 1st. The snow on the mountain was last seen February 1st. The snow on the mountain was last seen February 1st.

Special Activities

A special activity was held at the monument on January 1st. The activity was a special activity. The activity was a special activity. The activity was a special activity.

The monument is now closed to the public. The snow on the mountain was last seen February 1st. The snow on the mountain was last seen February 1st. The snow on the mountain was last seen February 1st.

Summary

The summary of the month of January is as follows. The summary of the month of January is as follows. The summary of the month of January is as follows. The summary of the month of January is as follows.

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

January 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for January, 1951

Weather Conditions

Winter almost refuses to come to the San Luis Valley and January weather has been mild and delightful for this time of year. Outside work has been feasible almost any day as the maximum temperature recorded was 53 on January 23. The lowest minimum temperature was 1 above zero on January 7 and 14 and the highest was 28 on January 19 and 24.

Unfortunately, such mild weather is concomitant with little or no precipitation. We had 0.25 inches of moisture in the form of 3.4 inches of snow which has long since melted or evaporated. All the business men in the valley are quite concerned and a Pasadena, California snow making corporation headed by Dr. Irving P. Krick has been contracted by the commissioners of Alamosa, Conejos, Costilla, Rio Grande, and Saguache Counties.

Special Activities

An unofficial trip was made to Santa Fe on January 23 to get advice on administrative problems and completion of the rehabilitation program. That one day in the Region Three Office will save me much time later.

The Alamosa Kiwanis Club has appointed me as chairman of their Agriculture and Conservation Committee for 1951.

Rehabilitation

The concrete cinder blocks for the patio wall have been purchased and brought to the monument. The old wall has been razed and the tool shed will be moved this next month so that work can be started on the wall proper as soon as freezing weather is over.

The kitchen walls were given two coats of enamel during the month. The woodwork will not be refinished until new cupboard doors are received to replace the badly warped ones. These will be received in February. The Region Three Office is now placing an order for asphalt tile for the floors which will save us a third over all the local quotations for the same tile.

The bathroom lavatory, which had been cracked for some time, was replaced by a new one.

The storm sash has been partly installed. Some of it has not yet been received but notice was received yesterday that it is now available in Alamosa. The installation of the sash has been difficult and slow due to the irregularity and odd size of the casements.

Maintenance

Maintenance again consisted mostly of the routine jobs. The ignition systems of the light plants were again adjusted and new points installed. Thus far this fiscal year, only one plant has been taken to Heide Motor for work and that job consisted only of the installation of a new timing gear.

Almost a day was spent in a futile effort to open up the drain on the laundry tubs in the service porch. These have not worked since my arrival and I doubt if they ever were in service.

Interpretive Service

Slide talks on "Desert Reptiles" were given to the Alamosa Rotary Club on January 5 and Alamosa Lions Club on January 17.

Research and Observation

The plant observation section of the fact file was set up during the month although much work remains to be done.

The January observation that deer have not yet come down from the high country bears repeating. One of my days off was spent on upper Medano Creek above the monument with a party of would-be lion hunters and at that time several deer and a great deal of sign were seen on the exposed mountainsides at 10000 feet altitude and higher. Almost no evidence of deer is found down in the monument.

The few weather records which have been returned from the Weather Bureau since we began observations in September indicate that the range of temperature here is much less than out in the valley. The average minimum temperature for October was exactly 10 degrees higher at the Great Sand Dunes (37.2) than it was at the Alamosa Airport although our average maximum (68.7) was 3 degrees lower.

The station walls were given two coats of enamel during the month. The windows will not be retouched until new window frames are received to replace the badly warped ones. There will be considerable work. The station office is now placing an order for supplies like for the above which will come as a gift over all the local protection for the same time.

The station property, which has been started for some time, was replaced by a new one.

The station has been partly installed. Some of it has not yet been received but will be received probably later in the year. The installation of the same has been difficult and also due to the irregularity and the size of the equipment.

Installation

Installation again included many of the various jobs. The station property of the station was again affected and was installed. The two new lines were, but one line was from the station to the station and the two were installed only of the installation of a new line.

Almost a day was spent in a futile effort to cover the line on the station side in the various parts. There have not been any by arrival and I think it may even be worse.

Installation

Little more on the station property was given to the station property line on January 2 and the station line on January 12.

Installation

The station property was given to the station line and by giving the station line with the station to be made.

The station property was given to the station line and by giving the station line with the station to be made. The station property was given to the station line and by giving the station line with the station to be made. The station property was given to the station line and by giving the station line with the station to be made.

The station property was given to the station line and by giving the station line with the station to be made. The station property was given to the station line and by giving the station line with the station to be made. The station property was given to the station line and by giving the station line with the station to be made.

DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Decrease in Travel

The decrease in visitation continued in spite of the mild weather. The 207 visitors this year (359 last January) gives us 2027 for the travel year. One of these visitors was a hiker who stayed overnight at the campground.

Ranger Service

The gate in the fence below the George White property was left open sometime last week and the horses from above on Medano Creek came down into the monument. I chased them back above the fence with the wife's help and closed both that gate and another one left open at the same time. I was truly thankful to have my little pony handy to use on this occasion.

The Director has granted me permission to accept a deputy game warden's commission from the State of Colorado. This will help me take care of enforcement problems locally.

(SIGNED)

Glen T. Bean
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Montezuma Castle National Monument
Camp Verde, Arizona

January 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Montezuma Castle
Subject: Monthly narrative report, January 1951

Weather: From our viewpoint it has been excellent with warm, sunny days and crisp bright nights. Day temperatures have ranged from the mid 50's into the 70's. Night temperatures generally have been in the high 20's, although on a few occasions the mercury dropped to 10 and 15 degrees. The only precipitation was welcomed in by the New Year, but only a scant .2 of an inch. Fairly heavy snow in the surrounding high country did not reach the Valley. As far as ranchers are concerned, increasingly serious drouth conditions prevail.

Travel: Weather conditions, undoubtedly coupled with other factors, have helped to keep a steady pace of traffic into the area. While it fell off somewhat from last month, it nevertheless represents approximately a 20 per cent increase over this same period last year. Visitors numbering 1698, arriving in 523 cars visited the Monument. This breaks down into 1353 visitors and 403 cars for the Castle; and 345 visitors and 120 cars for the Well.

Interpretation: During the period, 276 persons were guided on 92 tours through the Castle; an average of 3 persons per tour. This means, of course, that on many trips only one or two visitors were conducted.

At the Castle, 1,300 persons visited the museum; 500 who did not take the guided trip received interpretive talks; and 1,000 toured the Sycamore Trail. At the Well, 61 persons visited the museum during the 39 hours it was open, and 345 toured the Well Loop Trail. Because of the unattended periods at the Well, the latter figures may well be too low.

Henry H. Collins Jr. forwarded to us for comment his manuscript on the proposed booklet, "Birds of Montezuma Castle." We regarded it as a highly commendable job, particularly in its treatment of the Monument's bird-life. For reasons of conformation to policy, one section was rewritten and various minor revisions suggested.

1991 yearbook, *Journal of the American Academy of Child and Adolescent Psychiatry*, 30:103-112.

1. The first of these is the fact that the Government has been unable to secure the necessary funds to carry out its policy of maintaining the value of the pound at its pre-war level. This has been due to a combination of factors, including the high cost of the war, the loss of export earnings, and the fact that the Government has been unable to raise sufficient funds from the public and foreign sources.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the Americas (CLA) in the United States. The Commission is therefore unable to determine whether the CLA is engaged in any activities which might be considered to be in violation of the provisions of the Charter of the Organization of American States.

will be for you.

There is nothing in the report to suggest that the Commission has any intention of making any further investigation into the matter.

Page 2:

Publicity: Publicizing points of outstanding interest in Arizona, photographs of Montezuma Castle, along with Grand Canyon, Chiricahua, and Tumacacori appeared in "Arizona on Parade." This excellently done booklet was sold as a souvenir by the Hiwanis Club at the Salad Bowl football game, Phoenix, January 1, 1931, which the Club sponsored. Distribution amounted to several thousand.

Vandalism: The first case of vandalism in several years occurred sometime during the night of December 21. The following morning it was discovered the metal flag pole had been pulled down and broken. The rope and fixtures were missing. The large sign reading "Cats and dogs must be kept on leash or in car" had been ripped off its mount at the head of the trail leading to the Castle. It, too, had been stolen.

Maintenance and Construction: Even with a steady flow of visitors, a number of needed maintenance jobs were completed. Finishing touches were put on the pump house, and it was painted. Other painting jobs included the rear alcove of the museum, the window frames, doors and screens of the museum; and the bedrooms of Residence No. 2. The pit toilet structures were repaired and the campground given an intensive policing.

Signs: Archeologist White availed himself of facilities at Tusigoot to make number signs for the self-guided trails both at the Castle and the Well. Included were directional and museum signs for the Well. The motion picture company that worked here last fall left some pole ladders which had been artistically antiqued. Sawed into suitable lengths they will serve as harmonious mounts for the trail numbers. Among the sign jobs was a survey made of those at the Monument entrance. Recommendations for changes were forwarded to the Regional Office.

NATIONAL PARK SERVICE
Navajo National Monument
Tonaless, Arizona

January 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Monthly Narrative Report, 1ml, January 1951

Weather: We have had two snow storms (January 1 and 12) during this report period which collectively produced approximately one inch of moisture.

Roads: Most of the approach roads are in good condition, having been recently graded. Our own roads need attention but we have no gasoline for our grader.

General: The development outline for the Master Plan for Navajo was re-written and submitted. More work on the photographic files was accomplished. The furnace was given a cleaning. Three weeks accumulated correspondence was answered and filed.

We are still waiting for the truck load of gasoline that was ordered December 12, 1950.

Visitation: There were four visitors this month, traveling in one automobile.

Publicity: Navajo National Monument obtained some good publicity January 17, 1951, from radio station KTAR, Phoenix, Arizona. The radio station broadcast the story of Pipeline, one of the Navajo Indians who guides horsetack parties to Keet Seel, and how he got his name. The story was taken from the "Pipeliners" Magazine.

Personnel: The superintendent was on annual leave through January 11. Seasonal ranger Seth Thomas Bigman has accepted the position of Boys Advisor at the Shonto Indian Service School. He may still be available for seasonal work in the summer.

John A. Aubuchon
Superintendent

Sample National Movement

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Organ Pipe Cactus

Ajo, Arizona

January 25, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Monthly Narrative Report lal for January 1951

Weather

This month brought our cold weather for the season with a high of 83° on January 24 and a low of 25° on January 2. An average of daylight temperatures would come in the high 80's with night recordings falling in the mid 30's. Rain, with small amounts of hail and sleet, came and broke, for a short time, our dry spell bringing .65 of an inch of precipitation. Snow appeared in the Ajo Mountains twice during this period.

Special Activities

The Superintendent journeyed to Phoenix on January 2 and 3 to meet Communications Engineers Rowley and McFadden. Under their supervision our FM radio survey for intra-area communication was set-up, conducted, and completed. Radio equipment needs for the new installation were determined and we now await the issuance of bids and the letting of contracts.

The annual inventory of all non and semi-expendable equipment was completed and appropriate board of survey forms were prepared.

Co-operating Government Agencies

The Bureau of Animal Industry camp, for which a recent permit has been approved, is in the process of being established at monument headquarters. The present outlay includes three frame buildings which have been hauled in from other locations along the border. It appears likely we shall add three families, at least temporarily, to the population at Organ Pipe Cactus.

With the assistance of various of the local Bureau of Animal Industry personnel the monument staff pulled the old 2" drop pipe from the water well and replaced it with new 3" pipe, steel sucker rod, cylinder, and 3 h.p. electric motor. It now requires but a half to two thirds of the former pumping time

to fill our tank. Too, our system is now more adaptable for future developments.

Maintenance

The Bureau of Animal Industry has loaned us a bulldozer which is currently being used in improving minor roads and wash crossings. It is hoped, with the help of this equipment, to put what is at present a scarcely passable loop road into passable condition for the use of visitor passenger cars. This will give us ready access to a very interesting and scenic portion of the area.

Travel

Visitor use has doubled itself this period. While contact totals show slightly less than double the campground use has more than doubled with a high of 36 campers making use of the grounds at one time. An average of 21 campers were with us each day this month. This month's camp use and resulting crowded conditions clearly indicate the inadequacy of the present facilities.

Accidents

On January 17 Ranger Steele received a painful injury to his left hand while working with the crew on the well improvement. Two fingers were badly mashed and cut when they were caught in the lower block while pulling the drop pipe.

On December 29 a pick-up towing a boat overturned 8 miles north of headquarters.

On December 31 a cow was struck and killed on the through the monument highway.

Visitors

Chief Ranger and Mrs. Barton Herschler of Rocky Mountain National Park on January 19 and 20.

Photographer Joseph Muench on January 17 and 18. Mr. Muench presented an illustrated lecture at headquarters the evening of the 18th for the campers.

William R. Supernaugh
Superintendent

to this end, the report is very interesting and
contains valuable information.

Summary

The purpose of this report is to provide a brief
summary of the information contained in the report
and to indicate the main points of interest. It is
not intended to provide a detailed account of the
work, but rather to provide a general overview of
the results and conclusions. The report is divided
into two main parts: a description of the work
done and a discussion of the results.

Introduction

The purpose of this report is to provide a brief
summary of the information contained in the report
and to indicate the main points of interest. It is
not intended to provide a detailed account of the
work, but rather to provide a general overview of
the results and conclusions. The report is divided
into two main parts: a description of the work
done and a discussion of the results.

Conclusions

The results of the work done are as follows:
1. The first part of the work was to determine
the effect of the temperature on the rate of
reaction. This was done by measuring the rate
of reaction at different temperatures and plotting
the results on a graph. The results show that
the rate of reaction increases with increasing
temperature.

2. The second part of the work was to determine
the effect of the concentration of the reactants
on the rate of reaction. This was done by
measuring the rate of reaction at different
concentrations of the reactants and plotting the
results on a graph. The results show that the
rate of reaction increases with increasing
concentration of the reactants.

3. The third part of the work was to determine
the effect of the catalyst on the rate of
reaction. This was done by measuring the rate
of reaction with and without the catalyst and
plotting the results on a graph. The results
show that the rate of reaction increases with
the addition of the catalyst.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Saguaro National Monument

Tucson, Arizona

January 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Saguaro

Subject: Monthly Report, January 1951

General

Two storms during the month brought much needed precipitation to this area in general, however, because of extreme dry conditions, all of the moisture was absorbed by the parched soil and principal streams have not begun to flow. Thus, for the second month, it has been necessary to haul all water for both domestic use and for stock to the Pack Base.

A group of Southeastern Arizona ranchers headed by former Ambassador Lewis Douglas has contracted for rain-making operations with the Water Resources Development Corporation of Pasadena Calif. In the first two storms of January precipitation recorded in cities in the target area was double that of stations in other parts of the state. This is an encouraging note for Saguaro especially in the summer rainy season when so many moisture laden clouds are present but do not always deposit their moisture on the ground. We hope that the rain-makers can "milk" clouds of this sort to increase precipitation.

Travel to the Monument has been brisk throughout the month except during stormy periods and another all time travel record for Saguaro National Monument was established for January.

Temperatures for the month ranged from a minimum of 31° to a maximum of 74.

Special Activities

Lowell Sumner, Biologist from Region 4, arrived on schedule and has been engaged in a study of wildlife resources of Saguaro National Monument, with particular emphasis on predators and their relation to other wildlife types.

1. The first part of the document is a list of names and addresses, which appears to be a directory or a list of contacts. The names are written in a cursive script, and the addresses are listed below them. The list includes names such as "Mr. J. H. Smith", "Mr. W. H. Jones", and "Mr. R. H. Brown".

Small number of letters. A subject with relatively common ideas
concerning the importance of religion in life and the
fact that religion is a social institution.

During the month, he gave four excellent lectures on Service areas illustrated with Kodachrome slides before civic groups in Tucson. These lectures were very well received as was indicated by members of his audiences who came forward at the conclusion and were profuse in expressing their appreciation.

It is felt in this office that Mr. Sumner's talks have contributed greatly to a better understanding of Service policies and will, no doubt, help to promote better relations with local citizens particularly in the field of wildlife.

General Superintendent Davis made an official visit to the area on January 7.

Publicity

On January 11, 1951 over radio station KVOA, Tucson, a portion of a travel program sponsored by the Pacific Greyhound Lines was devoted to the giant cacti of Saguaro National Monument. Instructions as to how to reach the area were also included.

Status of Private Lands

The proposed Saguaro land exchange suffered a set-back during the month when the Arizona Land Commission mis-laid the list of public domain lands offered for exchange by the Bureau of Land Management. State Land Commissioner Lane was externally sorry about this and agreed to assign one man of his department to make tentative appraisals of these federal lands. A pseudo-agreement should be forthcoming in the next two or three months.

Maintenance

All major maintenance was devoted to Monument roads in January. Maintenance man Barney has been building up the tread material on the Madrona Ranger Station approach while Laborer-leadman Stansberry spent most of his time grading the Cactus Forest Looproad. The latter road is now in good condition and the high moisture content of the soil plus heavy travel should aid in packing it down.

New Construction

The Madrona Ranger Station Bedroom Addition work this month was devoted almost entirely to painting and clean-up. As of this date \$2252.43 has been expended leaving a balance of \$147.57.

Approaches to Park Area

The Broadway approach road was bladed twice in the preceding month. At this writing, the road is in fair condition. The two storms have settled the dust on this road which diminishes the visitor complaints.

Construction seems to have halted on the "Old Spanish Trail" approach road. Whether this is a permanent work stoppage cannot be determined as yet. Much construction work is suffering by a shortage of materials in this emergency period. The roadway has been brushed out through to the west boundary of the Monument.

Cooperating Government Agencies

Biologist Lowell Sumner reports that the University of Arizona has been very cooperative in providing him with laboratory and library facilities. Several University biology professors have become interested in Mr. Sumner's study and have accompanied him during periods of his investigation.

Interpretive Services

A total of 2,380 persons in 785 parties were given interpretive service at headquarters. This amounted to a total of 168 hours for an average of 13 minutes per party.

Accessions

During the month, the clutch and pilot bearing of the Galien grader burned out thus making it impossible to take the machine to town for repairs. Qualified repair shops in Tucson were phlegmatic about sending a mechanic to the monument. Laborer-leadman Stansberry accomplished this work at a great saving of time and at about one-half the cost of a repair man.

Museum Activities

New labels were made, using the Leroy Lettering Set, for all exhibits in the arboretum. All labels were then water-proofed.

A new section to the arboretum at headquarters is at present under construction. This new annex will contain specimens of desert plants and wildflowers other than cacti. Rangers are working in their spare hours (which are very few) toward its completion.

Increase in Travel

A total of 4,976 persons visited Saguaro National Monument in January. This represents an increase of 2,687 visitors as compared to last month, and an increase of 917 visitors over the corresponding month one year ago.

Statement of Facts

The following statement was made by the witness on the 10th day of June, 1934, at the residence of the witness, 1015 North 1st Street, St. Paul, Minnesota. The witness is a female, born [redacted] and is now residing at the above address.

Visitors

- Dec. 27- Adeline Grabber, Tucson, Arizona.
" 28- Supt. John O. Cook and family, Montezuma Castle Nat. Mon.
29- Scoutmaster Canyon and seven scouts of Troop 32, Tucson, Arizona hike to Manning Camp.
Jan. 2- Lowell Sumner, Biologist, Region Four, San Francisco, Cal.
" 4- Ranger Paul Steele and family, Petrified Forest Nat. Mon.
" 12- Mr. Walter P. Loewhing, Dean of Graduate School, Iowa State University.
" 16- Mr. Emerson C. Scholer, architect, Tucson, Arizona.
" 18- Mr. and Mrs. Henry Dendahl, Santa Fe, New Mexico.
" 19- Mr. and Mrs. Juan Fonseca, Catholic University, Havana Cuba.
" 19- Miss Lyla Haines, Yellowstone Picture Shops.

Ranger Service

Seasonal Ranger Wendell A. Bryce reported for duty on January 7, 1951. Mr. Bryce served three summers as a Fire Control Aid for the U.S. Forest Service and was employed as a ranger at Bryce Canyon Nat. Park last summer. It is a pleasure to welcome Mr. Bryce to our organization.

Marvin H. (alias "Pop") Frost entered on duty January 7, as W.A.E. Guide. "Pop" is always a welcome addition to Teguaro.

Personnel

Trail Laborer Arthur P. Garcia was terminated January 2, 1951. We plan to hire Mr. Garcia back in the Spring when the snows melt on the Rincens.

Samuel A. King
Superintendent

Tonto National Monument
Roosevelt, Arizona

January 26, 1931

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, Tonto, January 1931

Weather: Still warm and dry, with new records for hot days in January. Was 71° at Tonto on the 25th. One good rain on January 12, and some snow. There is very little snow in the watersheds around here, the lake is nearly dry, and little prospect of a good run-off so far.

Approach Roads. The rain enabled the State to smooth up its roads considerably, and the Apache Trail is temporarily in good condition. State Maintenance men Al Sanders bladed the Tonto road this month.

Visitors. Mr. and Mrs. Henry Viklund, to spend a weekend with seasonal helper Robert Viklund.

Mr. Raymond Priest and family, of the Sons Club, Phoenix.

Powerplants. A light power line was constructed from the museum down to the utility area, and the power plants all put under a shed there. Seems to work all right, and clears up the residence area a little more. Considerable valuable time was used to keep one plant running, and only one is running.

Travel. The January travel received a good boost from the Sons Apache Trail cavalcade on January 21, when about 200 visitors were here, counting about 130 not with the Sons.

Total for the month was 2453, compared with 2774 for January last year. Since last years Sons Trek was in February, an actual decrease of about 20 per cent is indicated.

Public Relations. Capt. Sharp made a trip to Phoenix the afternoon of January 13 to attend a Sons Club meeting and give a talk on Tonto National Monument. Phoenix papers carried a good write-up of the Cavalcade on January 21.

A talk to the Globe Lions Club is tentatively scheduled sometime next month.

REPORT OF THE
COMMISSIONER OF THE
LAND OFFICE

1891

The following is a summary of the work done by the Land Office during the year 1891. The work has been divided into four main branches: (1) the purchase of land for the Government, (2) the disposal of land, (3) the management of the public lands, and (4) the survey of the public lands. The purchase of land for the Government has been continued, and the disposal of land has been carried on in accordance with the policy of the Government. The management of the public lands has been improved, and the survey of the public lands has been completed. The work of the Land Office during the year 1891 has been successful, and the results are as follows: (1) the purchase of land for the Government, (2) the disposal of land, (3) the management of the public lands, and (4) the survey of the public lands. The work of the Land Office during the year 1891 has been successful, and the results are as follows: (1) the purchase of land for the Government, (2) the disposal of land, (3) the management of the public lands, and (4) the survey of the public lands.

UNITED STATES
DEPARTMENT OF THE INTERIOR

Dons Cavalcades. The annual stop of the Dons Trek at Lonto was accomplished this year in a much more orderly and convenient fashion, due to the adequate parking area. About 30 cars and 5 Greyhound busses came in at one time, in addition to the regular daily travel. The Dons and Dones, in fiesta costume, were hosts to about 350 people, and greatly helped us in giving service to the group. Capt. Kern briefed the crowd over the P.A. system, and Archaeologist Pierson led about 200 visitors up the trail to the cliff dwelling. Pierson and Ranger Viklund were on duty in the ruin, along with half a dozen Dons. Alf Guide Jensen helped out at headquarters. For a while it reminded me of old times at Carlsbad.

General. Ranger Viklund has the nature trail equipment ready to go, including a desk for leaflets, camel display stands, and numbered stakes. Some trail work was done after the rain. Considerable time was spent on power plants as usual. Maintenance, heavy travel, reports, red tape, and interpretive work have kept us busy, with a lot more to do.

Special Reports. A rather complete pictorial report for the Incin ore, on the parking area job, was started when we finally got some of our pictures back. This is made up in draft stage, but will be delayed a few days by other work.

Radio. The radio has worked well for a long time, but is becoming increasingly unsatisfactory because of the overcrowded 1150 channel. We can get music, horse code, lessons in Spanish, and everything but the National Park Service stations.

Charles C. Sherr
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

January 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Acting Superintendent, Tumacacori
Subject: Superintendent's Monthly Narrative Report for January, 1951

Weather: Temperatures this month ranged from a maximum of 76 degrees on January 24 to a minimum of 20 degrees on January 2. The precipitation this month was double the average for January of the last thirteen years, being 1.50 inches. This consisted of both rain and snow. On December 31, 1950 high winds blew down another big clump of cactus out along the mission trail.

Credit for the precipitation is being claimed by the Water Resource Development Corporation, a private organization engaged in "rain-making" here in southern Arizona. We don't know who to thank, the Corporation or Mother Nature, for our precipitation, the first of any consequence since last August.

The total precipitation for 1950 was only 8.39 inches as compared with 12.99 inches, the average for the past twelve years.

Visitor Travel: Travel this month was a little higher than January travel of last year but not as high as the travel for January 1948. A total of 3,626 visitors came to the monument this month. This compares with 3,614 for January 1950, and 4,065 for January 1948. This is the first month since last June that has not broken all previous travel records for the respective periods.

Interpretive Service: Of the 3,626 visitors to the area, 1,632 went on the 262 guided trips that went through the mission church and grounds. The average trip took 35.53 minutes. 3,535 persons received combined Information and Interpretation Service and 3,510 persons saw the museum and patio garden.

Visitors: Among those who visited the area were:
12/26 - Superintendent and Mrs. Sam King and party, of Saguaro Nat'l Mon't.
1/1/51- Maintenanceman Ollie Barney of Saguaro National Monument.
1/2 - John Scott Trotter, Santa Monica. His orchestra provides music for Bing Crosby program.
1/3 - Ranger and Mrs. Forrest Benson and daughter of Saguaro Nat'l Mon't, and Supervisory Ranger and Mrs. Paul Steel and daughters of Petrified Forest National Monument.

- 1/4/51- Charles Van Ravenswaay, Director Missouri Historical Society, St. Louis, Missouri.
- 1/22/51-John Thurston, Deputy Administrator, Federal Security Agency, Washington, D.C.; Dr. Heber Harper, Regional Director, Federal Security Agency, Denver, Colorado; James Doarn, Regional Director Federal Security Agency, Kansas City; and Fay W. Hunter, Regional Director, Federal Security Agency, San Francisco.
- 1/23/51-Mr. and Mrs. Henry Dendahl, Santa Fe, New Mexico. Friends of the Park Service.

Cooperating Agencies: On January 3 Bob Blakely of the Arizona Highway Sign Shop was contacted concerning signs needed on the highway in front of the monument. Today, he let us know that the signs are being made and we should have them in two or three weeks. These signs will be black and white, with six inch letters. Two saying "Tumacacori National Monument - 1 mile" and two saying "Tumacacori National Monument - 1500 feet."

Museum and Education: Our plans for the Patio Garden "Nature Trail" are coming right along. The leaflet has been written and sent in to the Regional Office for mimeographing. The stakes are about ready, and as soon as we get the mimeographed sheets we will install the stakes and see how it works.

Maintenance: Routine maintenance was kept current. The east gate to Patio Garden was repaired and a new gate for the east Monument boundary was made. More Bondex work on the museum was done including the painting of the roof drains. A section of the brick walk in front of the museum was given a coat of Duocrex. Several of the bricks in the floor of the museum lobby were badly worn necessitating a floor patching job. Felt stripping has been placed around access boards above ~~the~~ some museum display cases to stop light leaks. The large Thunderbird sign, on the highway directly in front of the museum, was removed. The few people who noticed the sign would stop on the highway to read it, since there was no turn-off, and this was a bad safety feature. A new sign has been drafted to incorporate the information from this sign and the sign in front of the museum into one large sign in front of the museum. The windows in the mission were cleaned and there was a general clean-up of the mission grounds.

A good part of the maintenance work this month was on behalf of the plants on the monument, both in the patio garden and in the rest of the monument area. Irrigation basins around most of the trees on the monument were enlarged and compost was added. A tree (*Prunus caroliniana*) was purchased and planted just west of the Ranger's residence, in place of the dead Chinaberry tree. The Superintendent and HSTP spent a good day working in the patio garden pruning and fixing up the garden.

Accidents: On December 26, Orozco got a fleck of paint in his eye and was taken to the Doctor in Nogales to have it removed. He was back at work the next morning.

Earl Jackson
Superintendent

NATIONAL PARK SERVICE
TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

January 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tuzigoot
Subject: Report lml, January 1951

There follows a report of activities in this area.

TRAVEL

900 visitors in 283 cars. 829 visitors in 261 parties were contacted and oriented in the Museum. 823 visitors in 262 parties made the trip thru the ruins. This is the first month of the 1951 Travel Year which shows an increase over 1950, and may be attributed to unusually warm January weather, with all approaches free from snow thus far. Total number of visitors for January of last year was 801.

N.P.S. VISITORS

Mr. and Mrs. Francis Elmore of Chaco Canyon National Monument on a "busman's" holiday, December 30.

Mr. Art White, Archeologist, Montezuma Well, on January 4, and again on the 10th, 12th, and 13th, using our sign shop to rout signs for his area.

Superintendents and Mesdames Hastings and Bright, Walnut Canyon and Canyon de Chelly respectively, on January 10, accompanied by Mrs. Bright's sister, Miss Barbara Hunt, of New York and Phoenix.

Former Ranger, Myron Sutton (G.C.N.P.) on the 15th, enroute to Ft. Meyers, Va.

REPORTWORTHY VISITORS

Allen C. Reed, Photographer, Phoenix, on December 26.

Mr. Klaus Vollmer, Berlin, Germany, and Mr. Werner Libsch, Munich, Germany, two Foreign Exchange students attending Stanford University, on December 29.

Two Swiss students in the U.S. on Fellowships at the Frank Lloyd Wright School of Architecture, Phoenix, on January 24: Fritz Stuckey, Zurich, Switzerland, and Peter Steiger, Zug, Switzerland.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
TWO THIRTY NINTH STREET
WASHINGTON, D. C.

January 10, 1911

Memorandum

To: General Superintendent, Yellowstone National Park
From: Superintendent, Teton
Subject: Report on, January 1911

There follows a report of activities in this area.

Summary

The season in this area was not so successful as in the past. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps.

General Notes

The season in this area was not so successful as in the past. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps.

Particulars

The season in this area was not so successful as in the past. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps. The only thing that was done was to keep the roads open and to keep the animals from getting into the traps.

OTHER FEDERAL AGENCY VISITORS

Mr. Ralph James, U.S. Forest Service, Stanford, California, on January 5.

Mr. Howard Weindel, U.S. Public Health Service, Denver, Colorado, on January 17, enroute as an instructor in a training school for sanitarians and food handlers to be conducted in Phoenix.

IMPROVEMENTS

The unsightly cobblestone-lined drainage ditch in front of the Museum was removed, as approved by Regional Landscape Architect Miller.

The furnace in the office, heretofore a black color, was painted aluminum, enhancing the appearance of the office.

Salvaged plate glass was installed in two Museum doors replacing corrugated paper. Door stops were fastened to prevent further breakage by wind slamming.

Two faulty light switches were replaced. Two switches were installed to control illumination in the Men's Room.

A Romex line was installed to bring convenience outlets to the kitchen.

The butane installation was corrected and the supply line is now buried in a 12-inch trench to the new location of the metal cabinet.

Old laboratory shelving was torn out of the office and the walls were patched and repainted.

A small wood/coal burning space heater was set up in the garage-shop to provide enough heat to use the building as a sign shop. Ranger Art White set up the stove and then routed a goodly number of signs for Montezuma Castle and Montezuma Well.

The drinking fountain in the Museum was repaired and height of flow adjusted.

The Women's Room was repainted, and instead of repainting the cement floor after it had been broken up to reach the sewer line to connect plumbing for the Men's Room, the floor was smoothed and covered with a mottled yellow asphalt tile.

NEW CONSTRUCTION

The Men's Room was partitioned and plastered, utilizing 2" by 4" studs, fireproof Rocklath and Perlite plaster. Seal coat and Palm green paint was applied to the walls. Finish plumbing was installed; also a toilet, toilet tank, floor length urinal, lavatory, paper rack, towel rack, and mirror. Into the 20" by 4' space extending to the ceiling adjacent to the chimney was constructed a storage cabinet for sanitary supplies and equipment.

NATURAL HISTORY

A Gambel Quail (adult male), killed on the highway by a motorist,

UNITED STATES
DEPARTMENT OF THE INTERIOR

was collected by the Superintendent and prepared as a study skin by
M. A. Wetherill. Adding this skin to our wildlife collection now
brings the total up to one.

J. W. Brewer, Jr.

J. W. Brewer, Jr.
Superintendent.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

January 23, 1951

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Narrative Report, January, 1951

Visitors this month 533; travel year to date 4450.

General Clear dry weather has prevailed throughout most of the month giving us the highest travel count for any January recorded. There were 533 visitors while the last previous record was January, 1948 with 434 visitors. From three to fourteen parties of visitors arrived every day except January 12 when it snowed and there were no visitors.

Administration The serial numbers on all Government tires are recorded.

The quarterly book sales inventory and report was completed as were other quarterly reports.

The west and part of the north boundary was patrolled. Also that portion of the south boundary south of Headquarters. A fill used by logging trucks outside the south boundary has been removed leaving most of the boundary inaccessible by truck.

Special Use Permits for water line connections were delivered to Claud Smith, Ralph Fish, and J. A. Kellum. Action on a permit to James Copeland is still pending.

Use of Monument Facilities By The Public The trail to the cliff dwellings was slick in spots for a few days but is now dry. There were 533 visitors who came in 204 cars. Contact was made with 207 visitors in 98 parties. Visitors in the museum numbered 534 in 195 groups. There were 3 picnic parties including 14 people.

Equipment Installation of our new oil burning furnaces is not quite complete. A humidifier is needed for the one at Residence No. 1 and an outer jacket for the one at Residence No. 2.

A small shed made to shelter a transformer was transferred to Wupatki.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

January 24, 1961

Memorandum

TO: Director, National Park Service

FROM: Assistant Director, National Park Service

SUBJECT: National Park Service, General Information

Reference is made to your letter of January 10, 1961.

It is noted that you are requesting information regarding the National Park Service's policy on the use of motor vehicles in the parks. The National Park Service's policy on the use of motor vehicles in the parks is to encourage the use of public transportation and to discourage the use of private motor vehicles. This policy is based on the desire to preserve the natural resources of the parks and to provide a safe and enjoyable experience for all visitors.

The National Park Service's policy on the use of motor vehicles in the parks is to encourage the use of public transportation and to discourage the use of private motor vehicles.

The National Park Service's policy on the use of motor vehicles in the parks is to encourage the use of public transportation and to discourage the use of private motor vehicles.

The National Park Service's policy on the use of motor vehicles in the parks is to encourage the use of public transportation and to discourage the use of private motor vehicles.

The National Park Service's policy on the use of motor vehicles in the parks is to encourage the use of public transportation and to discourage the use of private motor vehicles.

The National Park Service's policy on the use of motor vehicles in the parks is to encourage the use of public transportation and to discourage the use of private motor vehicles.

The National Park Service's policy on the use of motor vehicles in the parks is to encourage the use of public transportation and to discourage the use of private motor vehicles.

The National Park Service's policy on the use of motor vehicles in the parks is to encourage the use of public transportation and to discourage the use of private motor vehicles.

Utilization of what had been a coal storage space allows us to place all automotive equipment under shelter.

A used gasoline powered winch has been located and data for the Regional Office is being assembled.

Maintenance and Improvements The telephone line has been working poorly most of the month. The seven miles of line from the monument to the repeating coil north of Highway 89 was patrolled on foot but we still have an intermittent "short". Repairs were made by the Forest Service to the telephone from Residence No. 2.

A new 3-wire clothesline supported by metal posts was erected at Residence No. 2.

Minor repairs were made to the "tissue" paper roof over our shop.

The hole for our gasoline tank was backfilled.

The floor of the men's restroom was repainted.

Interpretation A project to mount all plant specimens not previously mounted has been undertaken. A new supply of genus and species folders has been received.

NAME C. C. [unclear]
TITLE [unclear]

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATUS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATION, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Ray B. Ringenbach
Ray B. Ringenbach
TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as:
"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

Superintendent on leave - 10 days of month.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME JOHN O. CORRE

TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as:

"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

Four excellent lectures were given by Lowell Sumner, Biologist from Region Four.

These lectures dealt with Service areas of Alaska and Channel Islands National Monument.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. NAME Charles C. Sharp
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

Although slick in spots for a few days, the trail to the cliff dwellings remained open throughout the month.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

Supt

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Box 211, Alamogordo, New Mexico

January 24, 1951

Memorandum

To: General Superintendent, Western National Monuments
From: Superintendent, White Sands
Subject: Superintendent's Monthly Narrative, Report No. 141

JANUARY TRAVEL, 1951

TRAVEL FROM 12-21-50

Visitors, 9,701 Cars, 2,396

Visitors, 35,790 Cars, 9,230

GENERAL

January certainly started out the calendar year with a "bang", and probably an open month might account for the large visitor count. The weather has been grand. A high of 64° occurred on the 12-21-50 and a low of 46° was registered on the 1-7-51. A total of only .19" of moisture was received.

This lack of moisture is apt to be noticed later. Already our Sands well is drained at a single pumping and with the winter use. This has not occurred before in our history, especially this time of the year. In the summer we have pined it dry but not in winter before.

Water Affairs

Big Canyon water is as low as has ever been recorded, and such seems to be the case in most of the mountain streams or springs. Little moisture has fallen in any of the mountain regions.

Several trips were made to Holloman Air Force Base in connection with our water contract with the Air Force. We may not get the wording exactly as we wish it but it all seems that if no water is available we naturally won't get any.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

INSPECTIONS - continued

Local building and maintenance inspections are most encouraging. We have replaced the big doors on the garage where we can now get our Caterpillar under cover and still shut the doors. And, too, the present ones we can close without calling for help.

GENERAL IMPLACITY

No special items have come to my attention and, with the exception of local items carried in the two Alamogordo papers, I guess all has been very quiet.

COMPLAINTS

Neither the concession operator nor our service received any complaints. In fact, we have commented on how appreciative our visitors have been.

REPAIRS

As mentioned above, our big doors were replaced in the garage; the other doors are being scraped and repainted, readjusted and repaired. All the plaster has been removed from our oil house and in several bad places on our garage. We will replaster these spots as soon as weather will permit.

Some alarming conditions were discovered upon removing some of the old plaster. Moisture had seeped down and our walls were wet despite the fact that it has been weeks since we have had any moisture to speak of.

Routine repairs have been made to our sinks well and the pump. Several spot patches were made on our roofs. Road repairs have been minor and most work has consisted of dragging in the late afternoon to prevent the ruts from freezing and being so rough until midday when thawing begins.

APPROACHES & PARK AREA

We hear that the Cloudercroft road is paved all the way to Cloudercroft now, and that should help our visitors a lot in planning a trip to the mountains. Portions of this road are dangerous, however, when slick. One person was killed last week when his car went off the road on an icy stretch. No word has been received on the contracts that have been let on other approach roads.

Section - Introduction

The purpose of this report is to provide a comprehensive overview of the current state of the project and to identify the key challenges that must be addressed in order to achieve the desired outcomes. The report is organized into several sections, each of which focuses on a specific aspect of the project.

Project Overview

The project is a multi-phase initiative that aims to develop a new product line. The first phase involves the identification of market opportunities and the selection of a target market. The second phase involves the development of a prototype and the testing of the product in a controlled environment.

Market Analysis

The market analysis indicates that there is a significant demand for the proposed product line. The target market is composed of individuals who are interested in high-quality, innovative products. The market is highly competitive, and it is essential to differentiate the proposed product from the competition.

Product Development

The product development process has been initiated, and a prototype has been developed. The prototype is a functional model of the proposed product, and it has been tested in a controlled environment. The results of the testing indicate that the product is capable of meeting the requirements of the target market.

The next step in the product development process is the development of a final product. This will involve the refinement of the prototype and the completion of the manufacturing process. The final product will be tested in a real-world environment to ensure that it meets the requirements of the target market.

The project is currently in the product development phase, and it is expected that the final product will be completed within the next six months. The project is being managed by a dedicated team of individuals who are committed to achieving the desired outcomes.

Conclusion

The project is a complex initiative that requires a significant amount of resources and effort. However, the market analysis indicates that there is a strong potential for success. The product development process is well advanced, and it is expected that the final product will be a high-quality, innovative product that meets the requirements of the target market.

UNITED STATES

PUBLIC SERVICE

DEPARTMENT OF THE INTERIOR

This Division will probably equal last January in volume but will not show the increase in the same ratio that visitation shows. Mr. Charles is reexamining his time to spend more of it at the bands which may increase sales some.

INCREASE IN TRAVEL

The rate of almost two thousand visitors can be attributed almost entirely to the splendid weather prevailing throughout the entire month. Nearly all states and Canada, Mexico and New District of Columbia were represented.

Our increase is equally as high in cars as there is no trend of more people to the car, etc.

NOTABLE VISITS

Mr. & Mrs. Donald Hiepey, seasonal hanger at Aztec, Mt. Ranier, etc.
Sup't. Robertson's family of Cabrillo N.P., San Diego, and Pence, formerly of Grand Canyon N.P. and Tucson, Arizona. Mrs. Moore's wife, of Grand Canyon, N.P.
Mrs. Haynes of the Haynes Photographers, Yellow Stone

A proposed visit of General Superintendent Davis was cancelled. We regret this and hope to have this promised visit soon.

GENERAL SERVICE

Conduct duties have kept Mr. Davis and Mrs. Davis reasonably close to the checking station. Hanger Chittum has been assisting in welding and other duties in maintenance too heavy for a man.

Hanger Davis and family had a very pleasant vacation in Iowa and plan to spend a week in Coolidge, Arizona early next month.

GENERAL

Present rocket firings are annoying and causing a lot of extra work of extinguishing. Ideal weather is enabling us to do a lot of work which is in prospect and is improving the general appearance of our utility area and the buildings.

Work remains to be done and February, short though it may be, will see a lot accomplished.

John W. Davis

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

Jan. 25, 1951

To: General Superintendent
From: Superintendent, Wupatki
Subject: Monthly Narrative Report -- Wupatki and Sunset Crater
National Monuments

Weather. The weather continues dry. It has now reached a place where the out-of-state visitor remarks happily, "My, isn't this wonderful weather?" The local visitor on the other hand laments, "Lord, What are we going to do for water?"

Status of Private Lands. On Jan. 20 the superintendent visited the site of Rabbitt Brothers' new water well located in Sec. 31, T26N, R10E (their private section in the tier of sections running out to crack-in-the-rock). The well is pumping 8 gallons per minute on a round-the-clock basis. A new and modern 4-room, cinder block house at the site is nearing completion. Storage tanks are in place and water lines will be laid to service the range in the vicinity. Use of that area and adjoining Monument lands has been heavier this season due to shortage of feed elsewhere and the extremely mild and open winter.

Maintenance. Considerable needed maintenance work was accomplished this month. Rewarehousing from the CCC barracks into the quonset hut was completed and the barracks can now be removed. A new 16 ft. workbench was constructed in the shop end of the quonset. Now for the first time we can work on the equipment under cover and without having to lay all the parts down in the cinders. The turquoise blue ends on the quonset hut were repainted a more conventional OD.

All exterior woodwork on the superintendent's residence and the pump house was repainted. The house occupied by Mr. Bean was given a coat of paint. This leaves only the old CCC office (to be used as a light plant house at Heiser) to be painted. With the paint etc. Heiser Spring should look pretty presentable when the old barracks is removed.

A small building to house the light plant at Wupatki was obtained from Walnut Canyon. The building has not been placed as yet, but when it is it will allow us to comply with recommendations of long standing that the plant be removed from the workshop.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
WASHINGTON, D.C.

General Superintendent

701

Superintendent, Grand

702

Enclosed for the Superintendent of the Grand Canyon National Monument are two copies of the report of the Survey of the Grand Canyon National Monument, 1919-20.

The report of the Survey of the Grand Canyon National Monument, 1919-20, is a valuable contribution to the knowledge of the Grand Canyon and its surroundings. It contains a detailed description of the canyon and its features, and a list of the plants and animals found there. It also contains a list of the people who live in the canyon and a list of the things they do for a living.

It also contains a list of the people who live in the canyon and a list of the things they do for a living.

The report of the Survey of the Grand Canyon National Monument, 1919-20, is a valuable contribution to the knowledge of the Grand Canyon and its surroundings. It contains a detailed description of the canyon and its features, and a list of the plants and animals found there. It also contains a list of the people who live in the canyon and a list of the things they do for a living.

All necessary action on the report of the Survey of the Grand Canyon National Monument, 1919-20, is recommended to the Superintendent of the Grand Canyon National Monument.

A copy of the report of the Survey of the Grand Canyon National Monument, 1919-20, is being sent to the Superintendent of the Grand Canyon National Monument.

The Seneye Bureau in Washington is now mailing questionnaires to the local Navajoes stating that they cannot find birth certificates for recent arrivals who showed up on the 1950 census. Such questions as "Who attended the birth?" and "What was the Mother's maiden name?" and "Why aren't all last names the same?" are a bit confusing to the Navajo, the Census Bureau and the superintendent.

Travel. A substantial increase this month due to the fact that the back road from Sunset Crater has been open for the entire period. Mild weather, the rabbit season and the open road has brought an increasing number of Sunday visitors from Flagstaff.

NAME E. Earl Worthington
 TITLE Park Ranger

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as:
 "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

THE PURPOSE - THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
ARCHES NATIONAL MONUMENT
MOAB, UTAH

February 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Arches
Subject: Narrative Report for the Month of February, 1951

WEATHER: The drought continues with only a trace of precipitation. A touch of spring has been definitely noted in quite a number of warm days and a few very windy ones.

TRAVEL: Our traffic counter, on loan from the Utah State Highway Department, was returned to them at the close of the January travel month. It will be returned to us May 1, after reconditioning. The visitor count this month was taken from the register and 25% added for Non-registration. There appears a 180% decrease from the count of last month. Non-registration undoubtedly can be blamed for this decrease. The total visitors for this month amounted to 153 people, arriving in 60 cars, from 13 states and Canada. In spite of the heavy decrease between this month and last, we still show an increase of 61% over the same period last year.

INTERPRETIVE SERVICE: Our interpretive service improved this month with 68 of the 153 visitors being contacted. Total contact time amounted to 7 hours and 40 minutes.

MONUMENT ROADS: Ranger Worthington worked for a week with Maintenance-man Winbourn, shaling the crossing on Salt and Winter Camp washes. This work makes this road passable although a finished job of grading is impossible until we receive more moisture.

APPROACH ROADS: The Utah State Highway Department worked a full week plating approach road #93 with shale and improved it a great deal; however much more plating and grading could be done.

WATER SYSTEM: The new Pacific Jet Pump is working satisfactorily with it's capacity the same: 450 gallons per hour.

MOTOR EQUIPMENT: We have been unable to obtain new tires for the Front End Loader, but finally put back into operation by recapping two of the old tires. We are keeping our fingers crossed against blowouts.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 February 1951

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Superintendent's Monthly Narrative Report 1ml

WEATHER: This month has been quite varied with a cold snap at the beginning when the temperature went to a low of -5, followed by warmer weather up into the 60's. Several scattered snow storms have added some 6 inches to the yearly total. The generally good weather has helped our travel considerably.

MAINTENANCE: In our last report we did a little bragging about the fine shape in which our ruins structures' roofs had come thru the winter, but we find we spoke too soon. The great kiva roof cover split in great lengths, 15 to 20 feet to a crack, following the cold snap on Feb 1 and 2. The repair to recover these cracks took all of our stock of roofing, so we believe we now have a water proof surface.

The other ruins structures with roofs seem to have come thru the alternate cold and warm spells in good shape. Also, the stabilization work completed during the past summer is weathering the winter quite well.

We had a little hard luck with our pickup when the radiators sprung a leak, allowing the loss of the coolant. This has been repaired and we are ready for more winter, which at this writing is here again with snow falling heavily outside.

INTERPRETING SERVICES: There were 572 visitors in 57 parties conducted thru the ruins, and 517 visitors in 146 parties shown thru the museum.

INCREASE IN TRAVEL: Each month seems to bring an increase over the month of the previous year, and this February we have had an increase of approximately 44% with 557 visitors from 27 states and Canada in 184 cars.

VISITORS: Harry Linder, Chief Clerk Mesa Verde, dropped in for a quick visit while on his way from Platt to his new job, Feb 20. C.H. Bucklin and Lon Meadows from So. Calif. Editor visited Feb 22, while enroute from Region Three thru the Southwest.

Memorandum

To: General Superintendent
From: Superintendent, Bandelier
Subject: Monthly Narrative Report for February, 1951

Weather

Brought conditions were received somewhat by 13 inches of snow on January 30 and 31 and lighter snows and rain on six days during February. A total of 1.21 inches of moisture was received.

The lowest temperature ever recorded here occurred on February 1 when the mercury went to 23 degrees below zero. The previous low was 18 degrees below zero in 1948. Immediately following the cold snap the weather warmed up to a balmy 74 degrees on the 11th.

Special Activities

In-service training meetings were held once a week during the month. Mr. Gilmore from the Region Three Office conducted a meeting on fiscal procedure and Messrs. Reed, King, and Amstutz attended the meeting on interpretation. We greatly appreciated the contribution of time and information by the Region Three personnel.

Most of the employees and their wives completed the advanced first aid course that was conducted by Mr. Burnsworth of the Los Alamos fire department.

Inspections

Assistant Regional Director Cornell, Architect Jerry Miller, and John Nesbitt of the Washington Office made an inspection of roads and the proposed parking area enlargement on the 6th.

May 14, 1912

TO: General Superintendent
FROM: Superintendent, Bandolier National Monument
SUBJECT: Monthly Summary Report for January, 1912
REPLY:

The following is a summary of the work done at the monument during the month of January, 1912. It is divided into three parts: (1) General, (2) Administration, and (3) Finance.

The general work of the monument during the month of January, 1912, was devoted to the maintenance of the monument and the protection of the public. The following is a summary of the work done:

General Information

The general information received during the month of January, 1912, was as follows: (1) The number of visitors to the monument was 1,234. (2) The number of animals killed was 12. (3) The number of plants collected was 12. (4) The number of birds collected was 12. (5) The number of insects collected was 12. (6) The number of fossils collected was 12. (7) The number of minerals collected was 12. (8) The number of plants collected was 12. (9) The number of birds collected was 12. (10) The number of insects collected was 12. (11) The number of fossils collected was 12. (12) The number of minerals collected was 12.

The following is a summary of the work done during the month of January, 1912:

Administration

The following is a summary of the work done during the month of January, 1912:

Architect Lyle Bennett inspected the proposed installation of a dishwashing machine in the Lodge kitchen and other building problems on the 21st.

Maintenance

A six mile section of the abandoned long distance telephone line was salvaged by the maintenance crew. This line connected on to the Forest Service line to Espanola that has been discontinued since the installation of a new line to Los Alamos.

An insulated hot water tank was installed at the warehouse quarters and a hot water line was connected to the wash bowl in the bathroom.

A number of deficiencies that were discovered during an intensive fire inspection were corrected by the maintenanceman. These consisted, for the most part, of leaks in propane gas lines and oil line to heating stoves.

It was necessary to spend several days chipping ice out of the canals on all of the buildings following the snow the last of January.

Approach Road

Mr. Moran made an inspection of road materials on the 9th in order to determine what to use for placing an oil dust coat on the section of the approach road from the end of the paving to the checking station. It was decided that the volcanic ash material that is now on the road will be suitable for an oil base.

A soaking rain toward the last of the month made it possible to grade the entire approach road with good results.

The Bureau of Public Roads is making the final survey and the bids have been advertised for construction of the road from the Los Alamos west gate to technical area 33. This will add about one and one half miles of paving to the approach road.

Concessions

A meeting was held in Santa Fe with Mrs. Frey, Mr. Gilgis, and Mr. Baker to discuss the operation of dining facilities for the coming season. Mr. Gilgis and Mr. Baker will manage the dining room as they did last season.

INDEX

A list of the names of the persons who have been
admitted to the office of the Assistant Director of
the Bureau of the Census, and the names of the
persons who have been admitted to the office of the
Assistant Director of the Bureau of the Census.

A new dishwashing machine was purchased for the Lodge kitchen. This will eliminate the most serious criticism made by the U. S. Public Health Service of this operation.

February 24, 1951

Interpretive Service

A total of 512 visitors were conducted on 58 tours of the ruins.

All of the pottery sherd and artifact collections that have been stored in the office basement in old boxes and sacks have now been placed in standard sherd boxes and properly labeled. This practically completes the rearrangement and straightening up of the basement and gives us a good workroom. It also provides space for visitors or students that are interested in the herbarium or study skins.

Travel

The bad weather, particularly on weekends, caused a decrease in travel under that of last year. There were 1226 visitors as compared with 1325 for February, 1950.

Visitors

Naturalist Don Watson and Miss Jean Pinkley paid us a visit on the 11. Mr. Meadows, architect for California State Parks was a visitor on the 20th.

Wildlife

Two counts of wildlife tracks were made while show was on the ground. Wild turkeys were seen frequently in the Canyon near Ceremonial Cave and near the checking station.

Building Fire Protection

A building fire drill was held this month at which the equipment was taken to the administration building and the hose was connected to a hydrant in three minutes. The drill brought out the need for more secure fastening of wrenches and hose nozzles on the hose cart.

Chino, Arizona.**

February 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Monthly Narrative Report for February, 1951

Weather: Temperatures this month ranged from a low of -3 degrees on February 2 to a maximum of 69 on February 10. A light snow of only .12 inch of moisture fell on January 30.

Visitor Travel: 59 people in 23 cars this month. This is slightly higher over last month, however, the figure is lower than for the same period of last year. Cold weather and uncertain road conditions held travel to a minimum.

Progress on Project Programs: The construction of all picnic tables and fireplaces are now completed and placed into position at the three campground areas - Monument Headquarters, White House and Spider Rock overlooks, and are ready for use by the large number of campers we expect during the coming summer months. These units will add considerably to the monument recreational facilities and will be enjoyed by Park visitors for many, many years to come. Trash disposal containers and trail improvement work remain to be completed.

A trip was made to Gallup on February 9 to distribute bids and specifications for alterations to Superintendent's residence. Work on the rehabilitation program will start as soon as a successful bidder is selected.

We are still waiting for delivery of 14,000 pounds of wire, from the General Services Administration, to complete the de Chelly water shed Soil & Moisture Program.

The Spider Rock trail is being shortened from 900 yards to a distance of about 100 yards. Visitors will be able to drive to the newly established picnic and parking area thus eliminating the previous one-half mile walk.

Work on the roads will start as soon as the first moisture arrives.

General: A trip was made to Santa Fe during the first part of the month to deliver excavated material taken from Tee-taa site, and to discuss master plans, project programs, accounts^{and} any many other phases of de Chelly work.

Capulin Mountain-----NATIONAL MONUMENT

-----Capulin, New Mexico-----

February 25, 1951

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr

Subject: Monthly narrative report, February 25, 1951.

Visitors: There have been about 450 visitors to Capulin Mountain National Monument during the month of February making a total of four thousand eight hundred during the travel year and twenty four thousand for the fiscal year to date.

Weather: During the last few days of January and the first few days of February we had an extremely cold spell. The thermometer registered 30 degrees below, probably our coldest in 25 years. Considerable damage was done to the water systems here and a potential damage to fruit. Have had about one inch of snow and a light rain.

Flora and Fauna: More damage to the pine trees has been done this winter than any previous year by the porcupines. A special effort has been made on their control, and four of them have been eliminated. The deer population seems to be slightly on the increase, and all other animals are faring well as usual. Trees, shrubs and grasses all seem in good condition in spite of the dry weather.

Roads and Trails: Continuous maintenance on the Monument road has kept it in excellent condition throughout the winter months. Little attention has been given the trails this winter.

Special Visitors: To my knowledge no special visitors have been to the Monument.

Information Pamphlets: About forty pamphlets have been distributed this month. Have about 17,510 on hand now.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

February 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Casa Grande National Monument
Subject: Monthly Narrative Report for February, 1951.

General: Travel was heavy again this month with an increase of 1056 visitors over the same period last year. This was probably due to the unusually fine weather which has brought an influx of visitors to the state that crowded tourist facilities beyond capacity and many visitors have had to sleep in their cars.

On Sunday, February 11th, The Denver Post published a well written article on the Casa Grande ruins by Frank Gianell. Accompanying the story was a very good picture of the ruins taken by the author. We quote one paragraph from the article:

The Casa Grande ruins are among the most interesting in Arizona-- and remain in a fair state of preservation. At least civilized man can tell what it's all about.

Although we had one good rain, 1.65 inches, during the month, the water situation remains serious throughout Arizona. Even the advance thirty day forecasts indicate no immediate relief of the drought.

On January 31st, Ranger Jim Clancy gave an illustrated talk to the Coolidge Lions Club. His talk was on the National Park and Monuments in Arizona.

February 7th, 117 grade school students from the town of Casa Grande visited the ruins. This is an annual event for the school, and they are, without doubt, one of the best behaved, orderly groups that it has been our pleasure to conduct through the ruins.

The New York Yankees have arrived at Phoenix for their spring training, and the Cleveland Indians are training at Tucson;

CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

February 29, 1937

Memorandum

To: General Superintendent, Grand Canyon National Monument
From: Superintendent, Casa Grande National Monument
Subject: Possible acquisition of land for monument

Enclosed for the General Superintendent are two copies of a letterhead memorandum from the Superintendent of Casa Grande National Monument, dated February 26, 1937, regarding the possible acquisition of land for the monument.

On February 26, 1937, the Superintendent of Casa Grande National Monument advised that he had received a letter from the General Superintendent of Grand Canyon National Monument, dated February 26, 1937, regarding the possible acquisition of land for the monument.

The land in question is a small tract of land located in the Grand Canyon National Monument, and is being offered for sale by the owner.

Although the land is small, it is located in a strategic position and is being offered for sale at a low price.

The General Superintendent of Casa Grande National Monument is recommending that the land be purchased for the monument.

Very truly yours,
Superintendent, Casa Grande National Monument

Enclosed for the General Superintendent are two copies of a letterhead memorandum from the Superintendent of Casa Grande National Monument, dated February 26, 1937, regarding the possible acquisition of land for the monument.

which means we should have some pretty good exhibition games.

Weather: Generally clear warm days during the month with the high maximum of 93° on the 10th (shades of summertime, wow) and a low of 27°, the night of the 3rd. January 30th we had 1.65 inches of rain, and on the 31st we had .08 inches more. This was indeed fortunate as some of the younger children at the Monument had never seen rain before. Sunday, February 11th, set a new all time maximum record for Phoenix when the temperature reached 87°.

Visitors: Our visitors for the month showed a good gain over the same month last year; actually an increase of 21.8%.

	<u>1951</u>	<u>1950</u>
Visitors during February	5,884	4,828
Increase	1,056	
Visitors for travel year	19,732	18,346
Increase	1,386	
Servicemen during February	15	

Interpretive Service: A total of 3,761 people made the trip to the "ruins" in 244 groups, averaging 52.4 minutes per trip. There were 2,123 visitors who made only a short stop and did not see the "ruins"; we estimate that 70% of this group did see the museum.

Visitors of Note and Special Groups:

February 7 -- 117 seventh grade pupils from Casa Grande for a trip through the "ruins".

Ranger and Mrs. Dan Davis and family for a week vacation with friends here at Coolidge. Ranger Davis, former Archeologist at our Monument, is now Ranger at White Sands National Monument.

February 12 -- Ranger Larry Wilde of Walnut Canyon and Archeologist Arthur White of Montezuma Well for a brief visit and to look in on the Clancys.

February 23 -- Ranger and Mrs. Bill Mancarrow of Mt. McKinley National Park to make a visit to the "ruins".

which means an almost total loss of the population.

History: The city was founded in 1792 on the site of an old Indian village. It was named after the first settler, John Smith. The city was founded on the site of an old Indian village. It was named after the first settler, John Smith. The city was founded on the site of an old Indian village. It was named after the first settler, John Smith.

Population: The population of the city was 1,200 in 1792. It has since grown to over 10,000.

UNITED STATES

DEPARTMENT OF THE INTERIOR

Administration and Protection: Ten requests for information were answered, and the literature requested was mailed. The Adamsville site received two personal inspections by the Superintendent, and there was no new evidence of "pot hunting".

The heavy traffic kept the maintenanceman busy walking behind the public and cleaning up after them.

February 2, 1943

Memorandum

TO: GENERAL SUPERINTENDENT

FROM: SUPERINTENDENT, Adams Site A. T. Bicknell
Superintendent

SUBJECT: Report of activities at Adams Site during the month of February, 1943.

J.N.C.

General conditions

The long drought period was finally broken with the very welcome snow fall. There brought a total of .83 inches of moisture which was quickly absorbed by the dry earth. Temperatures were above normal with a high of 42 degrees and a low of -28.

Administrative

Work continued on strengthening the filling system and the water pipe replaced. A general statement that the water pipe was replaced.

Super Bicknell was called into the National office on special assignment and left for home on the morning of February 15.

Excavations

With the first arrival of my work crew on the site, the work was able to be started in earnest and was given the necessary attention. A general program of repair of structures and painting of the identifying marks has been started and as well as the cleaning and repair of buildings and the clearing. A general clearing of grounds around the Adams property has been started and will continue. Mr. Art Smith was hired as a truck driver and will continue with the work and trailer, signs, etc.

General work

The State Highway Department started working on the road between the Adams property and the road to the south. The road is now being paved and the work is being done in the south approach between Adams and the road. It is hoped that the work will be completed.

February 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument
during the month of February, 1951

Weather Conditions

The long drought period was finally broken with two very welcome snow falls. These brought a total of .83 inches of moisture which was quickly absorbed by the dry earth. Temperatures were above normal with a high of 66 degrees and a low of -13.

Administration

Work continued on straightening out the filing system and Inventories were completed. A general statement for the Master plan was prepared.

Ranger Elmore was called into the Regional office on special assignment and left for Santa Fe the morning of February 25.

Maintenance

With the first moisture of any extent that we have had, the roads were able to be worked to advantage and were graded from boundary to boundary. A general program of repair of equipment and painting with identifying marks has been carried on as well as the cleaning out and partial repair of buildings used for storage. A general clean-up of grounds around the Ackerly property has been carried on and will continue. Mr. Art Werite was hired as a truck driver and will continue work on roads and trails, signs, Etc.

Approach roads

The State Highway Department started working the north approach from the Blance trading post and are putting it in excellent condition. No work has been done on the south approach between Seven Lakes and the Monument. It is rough but passable.

February 26, 1951

Memorandum

To: The Naturalist

From: Archeologist Aid Rixey

Subject: Mobile Unit Report, February, 1951

The following is the report for the Mobile Unit activities here in Chaco Canyon National Monument for the month of February, 1951.

GENERAL

Archeologist Vivian is in the basement archives of the Anthropological building at the University of New Mexico trying to locate additional information concerning the Universities excavations here in the Monument. He plans to join us here at Mobile headquarters some time during the later part of the week.

Snow, sleet, rain, and plenty of windy days have made this month a hectic one. There were just enough summer like days to thin one's blood to the point that the nights felt as if that one strand fence between here and Alaska had completely collapsed. The common greeting around here is either a "katchoo" or an elongated "schnort".

Most of the work has been in the confines of the Mobile unit's laboratory, however, a few days of fairness came along and made possible the completion of the photographic "afters" of Bc-59.

Nine restored and cataloged vessels have been added to the study collection, and nearly as many more have been repaired. Several new types are now represented in the study. We have hopes of adding a few more odd and interesting vessels if there are enough fragments available.

The unexpected call of Ranger Elmore to the Regional office at Santa Fe, has deprived us of our W.A.E. clerk here at Mobile Headquarters. Mrs. Elmore, Tony, accompanied him to his new assignment. They tell us to cheer up, however, as he will be there for only a short time.

UNITED STATES
DEPARTMENT OF THE INTERIOR

ASSISTANCE

NATIONAL PARK SERVICE

Some assistance was given in the installation of the new power plant. Why do they make the darned things so complicated and heavy? I might add that they are also the gas eatinest outfits that were ever slung together.

February 27, 1931

MAINTENANCE

Perpetual motion is a fact when it pertains to seeps and leaks here in the office. Repair, I am afraid, is an unheard-of thing as the accumulation of years has added to the perplexity of the job. I believe each roof, and about every room has two to three leaks and is covered by about a square acre of earth. Some diversion tactics were tried and met with success to some extent. I wonder if repairs to this place would not come under soil conservation or erosion?

FOR THE COMING MONTH

Some plans are being made for the mobility of this unit for the coming month as there are two jobs coming up that will pull us away from headquarters. Archeologist Vivian is to head to Gran Quivira and I fear that Aztec is beckoning for the completion of the job there. This is of course all tentative until final plans are drafted here, and these plans are pending the arrival of G. Vivian.

REMARKS

A very interesting article in the February issue of the Forestry-Foresting Journal of the National Park Service.

Raymond Rixey
pages with many Archeologist Aid

ATTENTION TO WORK

With the new year at hand, the Department will be looking for a new year's resolution through

the new year's resolution. The new year's resolution will be to do the best work possible in the new year.

CONCLUSION

The Department will be looking for a new year's resolution through the new year's resolution.

It is hoped that a policy will soon be decided. Copies of all correspondence have been forwarded to the proper authorities.

It is of interest to note that the Department's new year's resolution is to do the best work possible in the new year. The new year's resolution will be to do the best work possible in the new year.

UNITED STATES
DEPARTMENT OF THE INTERIOR

WASHINGTON

Some assistance was given in the installation of the
new power plant. They are busy with the general work of construction
and heavy. I think that they are also the most efficient
that were ever hired together.

LAURENCE

Forrestal writes in a letter that it is not possible to locate
and locate here in the office. He says, I am afraid, is an
unpleasant thing as the accumulation of years has added to the
complexity of the job. I believe each room and each corner
room has two or three levels and is covered by about a square
mile of earth. Some divisions are also more than one mile
apart in some extent. I am not sure if there is any place
would not be a very good location or situation.

THE UNITED STATES

There are also some things for the mobility of this
unit for the coming year as there are two things in that
will help us away from headquarters. The geological division is
to be moved to the new building and the geological division is
for the completion of the job here. This is of course all
tentative until final plans are settled here, and there are
are pending the arrival of the division.

Very truly yours,
Geological Division

Chiricahua National Monument

Dos Cabezas, Arizona

February 23, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chiricahua

Subject: Monthly Narrative Report

There follows the Chiricahua Monthly Narrative Report for February, 1951:

WEATHER Precipitation at Chiricahua for February totaled .12" with sleet and light snow falling on the 14th and the 19th. Temperatures were mild for the winter month and provided many days of comfortable hiking. February was typical of the entire moderate winter. Only on two nights throughout the season has it been necessary to burn lanterns in the rest rooms to prevent freezing.

SPECIAL ACTIVITIES Ranger Gaynard took one day of annual leave to visit Saguero National Monument. Operator General Werble was off duty from February 12 to 16 on sick leave.

PUBLICITY A very interesting article on Chiricahua was featured in the January-February issue of PACIFIC DISCOVERY magazine. Written by author-photographer Weldon Heald, the story covered eight and one half pages with many well taken pictures of the monument.

APPROACHES TO MONUMENT With little rain or snow, the Monument road remained in excellent condition through February. All approach roads are the same; the State having recently scraped the gravel road from Chiricahua to Wilcox.

CONCESSIONS Correspondence continues on the problem of obtaining satisfactory insurance for the Faraway Saddle-horse concession. As valuable a service as this concession performs for Chiricahua, it is hoped that a policy will soon be offered. Copies of all correspondence have been forwarded to the General Superintendent.

It is of interest to note that February brought a comparatively great number of guests to the Silver Spur Guest Ranch. The previous winter months saw very few to no visitors accepting the accommodations.

INTERPRETIVE SERVICE

Superintendent Cooke presented an illustrated lecture on Chiricahua to nine guests of the Silver Spur Guest Ranch on the evening of January 30. The talk lasted one hour and was very warmly received.

Three conducted hikes of Echo Canyon were held during February. Hikers in the groups totaled ten with each hike averaging two hours.

Five walks from Massai Point were made with thirty-seven visitors, each walk taking approximately one-half hour. One conducted auto tour with thirteen visitors was made during the month. These tours generally take one hour.

Nine visitors enjoyed the use of the Chiricahua nature trail.

Contacts in the museum totaled 1219 visitors in 334 parties.

TRAVEL

Travel for the month of February showed an increase of 8% over February of 1950. The total number of visitors was 1367 and gave a 120% increase over the previous month. Chiricahua is now 431 behind the travel year total of 5521 recorded this date in 1950.

VISITORS

Mr. and Mrs. J.F. Zerby, parents of Ranger Ben Zerby of Saguaro National Monument, visited Chiricahua on the 8th. Ranger and Mrs. Mansarrow of Mt. McKinley National Park camped and hiked at Chiricahua on the 17th and the 18th.

RANGER SERVICE

Much Ranger time was again spent in February on the repainting, repairing, and the replacing of the Monument signs on approach roads. This project has occupied many hours of the winter months but is now about 90% completed.

TREE DISEASES

Much concern is held on the browning of the Chiricahua Pine at Chiricahua. Where before it was thought that the period of drought caused the coloring, the trees now indicate a pathological condition. Action is being taken to determine the cause.

Clifford C. Gaynard,
Acting Superintendent.

INTERVIEWING SERVICE

1. Interviewing Service is a branch of the Bureau of Investigation, Department of Justice, which is concerned with the investigation of crimes and the apprehension of criminals. It is the duty of the interviewing service to obtain information from witnesses, victims, and suspects, and to prepare reports thereon for the use of the prosecuting authorities. The interviewing service is also responsible for the identification of suspects and the preparation of mugshots. The interviewing service is a very important part of the Bureau of Investigation, and its work is essential to the successful prosecution of crimes.

CRIME

2. Crime is an act or omission which is prohibited by law and which is punishable by the State. Crimes are classified into two main categories: felonies and misdemeanors. Felonies are crimes which are punishable by death or imprisonment for a term of more than one year. Misdemeanors are crimes which are punishable by imprisonment for a term of less than one year. Crimes are also classified into two main categories: crimes against the person and crimes against property. Crimes against the person include murder, assault, and kidnapping. Crimes against property include theft, burglary, and arson.

WITNESS

3. A witness is a person who has knowledge of the facts of a crime. A witness may be a victim, a bystander, or a person who has been in contact with the perpetrator. A witness is required to testify in court under oath. A witness who refuses to testify or who testifies falsely may be held in contempt of court. A witness who is threatened or coerced into testifying may be held in contempt of court. A witness who is paid to testify may be held in contempt of court. A witness who is a member of a criminal organization may be held in contempt of court.

CRIMINAL RECORD

4. A criminal record is a record of the criminal history of a person. It includes information about the person's name, date of birth, and address, as well as information about the person's criminal history. A criminal record is maintained by the Bureau of Investigation. A criminal record is used by the prosecuting authorities to determine whether a person is eligible for a job or a license. A criminal record is also used by the courts to determine the appropriate sentence for a person who has been convicted of a crime.

THE CRIMINAL

5. The criminal is a person who has been convicted of a crime. A criminal is also known as a convict or a prisoner. A criminal is usually held in a prison or a jail. A criminal is usually given a sentence of imprisonment for a term of years or for life. A criminal may also be given a sentence of death. A criminal who is released from prison or jail is usually required to wear a probation bracelet and to report to a probation officer. A criminal who violates the terms of his sentence may be sent back to prison or jail.

6. The criminal is a person who has been convicted of a crime. A criminal is also known as a convict or a prisoner. A criminal is usually held in a prison or a jail. A criminal is usually given a sentence of imprisonment for a term of years or for life. A criminal may also be given a sentence of death. UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico
February 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

There were 101 visitors to the area this month who came in 35 automobiles. This is 274 per cent increase over last year. For the first five months of the travel year, we have had an 88 per cent increase in visitors over a year ago, and 247 per cent increase over two years ago! Of these 101 visitors, 84 took a trip around the Rock in 26 parties; 25 persons in 11 parties receive an orientation talk and 4 persons in two parties went over the top of the Rock.

The coldest this month was a 20 below, and the warmest was a 62 above, degrees Fahrenheit. There was .45 of an inch of moisture which fell in several snow falls. The weather has been good and the approach roads excellent.

The big news this month I heard last night at a Chamber of Commerce banquet in Grants. In great part through the efforts of recently re-elected State Senator Gottlieb, who was instrumental in securing the good road we have now, a bill was passed through the State legislature to improve and oil some of the road between the Lee Caves and Grants. At this rate, we will soon have an oiled road all the way to Grants!

We had some more trouble with our light plants, but after the technician's monthly checkup, they have worked very well -- only minor troubles now and then.

The radio batteries got so weak that we could hardly hear anything. We got some new ones, finally, and could then receive all right, but after a few days we found that we could not transmit. The radio technician is expected by tomorrow to locate the trouble for us.

BUREAU OF LAND MANAGEMENT

WASHINGTON, D. C. 20250

One day was spent shoveling several tons of coal around. First, it was shoveled from the coal bin into the truck and then from the truck into the basement. Several trips were made to town hauling materials for the picnic tables and fireplaces.

Superintendent Aub chon sent us 53 names from his Long House near Kayenta to see if the men also stopped here. Strangely, after checking, not one man, apparently, stopped at both places.

For the first time since we have been here, we have had a few hours this month to do a little reading and research. We found that a few minor errors in interpretation had been made. We are in correspondence with several sources in Mexico and several municipal, county and state organizations in the States in an effort to identify some of the names.

Recently, we have seen a fox: a large, sleek coyote, and the two eagles are back. This is in addition, of course, to the cottontail and jack rabbits, ninyon jays and other animals and birds as ally seen.

Irving McNeil, Jr.
Superintendent

NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

February 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for February 1951

Weather. The weather has been hard to get along with this month. Snow, hail, rain, high winds, and balmy sunny days were received. Seven inches of snow fell on the 31st totalling .52 of an inch of moisture with the minimum temperature that night falling to fourteen below zero. A maximum temperature of 68 degrees was reached on the 10th. Wind prevailed almost all month with six days recorded in the "high wind" category; rain and sleet totalling .10 of an inch was received on the 24th.

Cooperating Governmental Agencies. State Game Warden W.A. Humphries and Ranger H. Earle, U.S. Forest Service, were in on the 11th to discuss the possible stocking of the monument with several coveys of quail.

Visitors. Joe H. Toulouse, former Custodian of Gran Quivira, and wife, Betty, on January 28.

Mrs. Boatwright, Ida Lenz, Region Three, and party, on January 28.

Harry Linder, Chief Clerk, Platt National Park, on the 12th.

Special Activities. A one day trip was made into Albuquerque for supplies on the 6th.

Maintenance and Rehabilitation. The utilities project is nearing completion and the electric unit has been placed in temporary operation. Additional material is on order which will complete the job. Electric wiring for lights to the pump house was completed.

Forty feet of telephone line from the residence to the office was placed in underground conduit.

Road and trail maintenance continued during the month.

DEPARTMENT OF THE INTERIOR

Approach Roads. Both Approach roads were closed for two days following the heavy snows of January 30-31 but travel has been normal since then. Two new approach road signs were installed on the Carizozo route into the monument.

The State maintainer bladed the Mountainair approach following the wet period and it has remained in good condition throughout the month.

Travel. Visitation to the monument increased 35 percent over 1950 this month. 122 persons in 40 cars were recorded, 33 percent of these out of state cars.

Interpretive Services. Guide service was provided to 97 persons in 25 parties for an average of 48 minutes per party. 25 persons in 9 parties used the self guiding trail through the mission.

General. Ed Cottam, District Forest Ranger for this area for many years, transferred to another assignment at Carlsbad, N.M. He was replaced by Ranger Harlan Johnson, transferee from Arizona.

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

February 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for February, 1951

Weather Conditions

The salient feature of February weather was the lack of moisture. We recorded only 0.06 of precipitation which fell in three light snows. The minimum of -18 degrees on February 1 was not representative of most nights as over half of the minimum temperatures recorded were above 15 degrees. The maximum recorded was 61 on February 11.

Special Activities

I attended the Mosca-Hooper-Moffat Service League on February 5.

General Publicity

An article on the Great Sand Dunes by Robert M. Ormes appeared in the December Natural History Magazine under the title of "The Naked Hills."

Rehabilitation

The remainder of the storm sash were received from the Tallrich Lumber Company and partly installed. A great difference has been noted already in the difficulty of heating the house during cold windy days. On February 1 when the minimum of -18 was recorded the windows without storm sash were completely frosted over but those with storm sash had no frost whatever.

The tool shed at the back of the house was moved back into the pinon trees and hidden from view. This will allow us to proceed with the wall rehabilitation when warmer weather comes. A truck can now be backed right up to the door of the shed.

The asphalt tile for the floors ordered through the Federal Supply Service a month ago by the Region Three Office has not yet

SIXTH ANNUAL NATIONAL REPORT
1901

February 20, 1901

Washington

To: General Department, Department of the Interior

From: Superintendent, Grand Canyon

Subject: Superintendent's Report for February, 1901

General Remarks

The winter season of February was one of the best of the season. The weather was very pleasant and the snow was deep. The water was very clear and the views were very fine. The snow was very deep and the views were very fine. The snow was very deep and the views were very fine.

General Remarks

I attended the Board of Supervisors of the Grand Canyon on February 10.

General Remarks

An article in the Grand Canyon Review for February 10, 1901, in the Grand Canyon Review for February 10, 1901, in the Grand Canyon Review for February 10, 1901.

General Remarks

The weather of the winter was very pleasant and the snow was deep. The water was very clear and the views were very fine. The snow was very deep and the views were very fine. The snow was very deep and the views were very fine.

The first of the winter was very pleasant and the snow was deep. The water was very clear and the views were very fine. The snow was very deep and the views were very fine. The snow was very deep and the views were very fine.

The report of the Superintendent for the winter season of 1901 is herewith submitted.

arrived so that project is at a standstill. Enamel has been removed from one bedroom floor in anticipation of its arrival.

Maintenance

Both light plants have required repair this month. One with new valve springs installed is now back in operation while the other is now at Heide Motor Company for the installation of new rings and valve springs.

The Galion Motor Grader was also taken to Mosca for the installation of a new clutch. It, too, is now back in operation and the entrance road was bladed twice during the month.

Interpretive Services

Three talks were given by me during the month as follows.

The first was given to 13 members of the Half-century Club in Alamosa on February 7. The subject was "Desert Reptiles" illustrated with slides from Organ Pipe Cactus National Monument.

The second was given to 11 members of the Native Daughters of Colorado on February 12 in Alamosa. The subject was "The Great Sand Dunes National Monument" illustrated with 35 mm. slides.

The third was given to 17 members of the Wesley Foundation of the Alamosa Methodist Church on February 18. The subject was "Plants of the Desert" illustrated by slides from Organ Pipe Cactus National Monument.

Research and Observation

Considerable work was accomplished on the fact files and one of my days off was spent in the Adams State College library looking for material on the mammals and birds of this area. A mouse which met an untimely end in the kitchen cupboard fit the description and measurements of the San Luis Valley Harvest Mouse as given by Anthony.

Approach Roads

Alamosa County has bladed the approach road about every ten days and it has been in good condition all winter. The road south to Highway 285 is also in good shape except for the two mile rocky stretch above the Zapata Ranch.

UNITED STATES
DEPARTMENT OF THE INTERIOR

Co-operating Governmental Agencies

The Director of the Colorado State Game and Fish Commission issued me a deputy game warden's card during the month.

The Colorado State Game and Fish Commission planted a number of antelope just south of Highway 285 and west of Blanca last month. These would be only about 14 miles from our south boundary but intervening fences will probably keep them from working this far.

Decrease in Travel

Travel figures continued to fall below those of last year despite the nice weather. The decrease of almost 20% was less than that of last month, however, and the 956 visitor decrease in annual travel thus far will not seem much if summer travel holds up.

Inspection Report

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Montezuma Castle National Monument
Camp Verde, Arizona

February 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly narrative report, February 1951

Weather: The weather this month was excellent. The days were relatively warm with precipitation recorded for only three days. The average daily temperature has ranged in the mid 60's with extremes at 43 and 82 degrees. The night temperatures averaged 30 degrees with extremes at 45 and 20. The last two days have been for the most part cloudy with frequent light showers here in the valley and snow at higher elevations.

Travel: Continued good weather conditions no doubt have kept travel up this month. The 563 recorded cars bringing 1882 people into the area tops the travel figures for this month for the past five years. These figures show nearly a 30 per cent increase over this month of last year. The break down of the above figures shows that 1521 people in 427 cars visited the Castle while the remaining 361 people in 136 cars were recorded at the Well.

Interpretation: 248 people were taken through the Castle on 86 conducted trips. As usual, numerous trips were taken with only one or two persons.

At the Castle, 1250 people visited the museum, 480, who did not take the conducted trip through the Castle, received interpretative talks, and about 1000 people took the self-guided tour along the Sycamore Trail. At the Well, 66 people visited the museum during the 19 hours that it was open and 361 people took the Loop Trail.

Maintenance and Construction: During the month some needed maintenance was done. The living room of residence #2, the public rest rooms and the main room of the museum were given a much needed coat of paint. The wooden clothes line posts of the two residences at the Castle, long needing replacing, were taken down and steel posts were put up. The pipeline in the kitchen of residence #1 broke beneath the cement floor and after much excavating to find it, the broken section was replaced.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Washington, D.C. 20540

February 14, 1951

General Superintendent

Superintendent, Mammoth Lakes

Subject: Weekly weather report, February 1951

History: The weather this month was excellent. The day was relatively warm with precipitation recorded for only three days. The average daily temperature was 45 in the mid 40s with a high of 55 and 52 degrees. The night temperatures ranged from 35 to 40 degrees. The last two days have been very dry and clear with frequent light showers in the valley and some at higher elevations.

Trends: Continued good weather conditions are being experienced up to this point. The 24 hours have recorded 111 inches of rain. The area has been fairly dry for the last few days. These figures show a 50 per cent increase over the same period last year. The trend of the weather shows that this month is 50 per cent drier than the last while the recorded 111 inches in 1950 was recorded at the fall.

Information: All people who have been through the Office in the past few days, the usual, however, this has been with only one or two persons. At the same time, 1950 people stated the weather was very dry and the conditions were better than the weather in 1949. The 1950 people said the weather was very dry and the conditions were better than the weather in 1949. The 1950 people said the weather was very dry and the conditions were better than the weather in 1949. The 1950 people said the weather was very dry and the conditions were better than the weather in 1949.

Summary and Conclusions: During the month with weather conditions very good. The 1950 people of the Office said the weather was very dry and the conditions were better than the weather in 1949. The 1950 people said the weather was very dry and the conditions were better than the weather in 1949. The 1950 people said the weather was very dry and the conditions were better than the weather in 1949. The 1950 people said the weather was very dry and the conditions were better than the weather in 1949.

Page 2

Roads and Trails: Bushes and trees along the road to the picnic ground at the Castle were trimmed back. The cattle guard at the Well was replaced due to the fact that several of the beams had broken and the rest warped to the extent that it was a hazard to cars. Graveling of the Loop Trail at the Well was completed. Lacking now is the bitumul cap. This will be put on in the near future, weather permitting.

Wildlife: Some signs of returning spring in the form of robins have been noticed both at the Well and the Castle. A flight of mountain blue birds was recorded at the Well along with numerous western meadow larks. At the Castle several kinds of sparrows were noted and recorded as well as two hawks and some ravens.

Visitors: Bill Mancearrow, ranger from Mount McKinley National Park, and wife, Virginia, came through for a visit on the 23rd.

John O. Cook
Superintendent

-Montezuma Castle-

It is noted that all parties concerned in this case are citizens of the United States and that the parties are all citizens of the United States and that the parties are all citizens of the United States.

10-1

Navajo National Monument
Tombstone, Arizona

February 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Report 1ml, Monthly Narrative Report for February, 1951

Travel: Six persons traveling in three cars found their way to the Monument during the report period. One group chose to hike to Betatakin and the other parties viewed the ruin from the canyon rim.

Weather: The high temperature for the month was 57° and the low was 4 degrees below zero. Not quite one half inch of moisture has been recorded for February.

Roads: Our roads are in fair condition but need blading while there is some moisture in the ground. One attempt was made to blade but the ground is still frozen.

Inspections: A trip was made to Scaffold House and Swallow's Nest Ruins to obtain some needed information. While Swallow's Nest Ruin is somewhat commonplace in appearance Scaffold House is spectacular, especially that feature for which the ruin is named. A trip was made to Long House to copy the inscriptions but we were discouraged by a very cold wind. One day was spent inspecting the trails and noting repair work to be done.

Maintenance: The water system has chosen February as a holiday period or so it seems. The radiator on the generating plant started leaking, the foot valve on the pumping system stuck in the closed position, a serious short developed in the spark plug wiring on the generating motor and at the last attempt to pump water, two of the three pistons in the pump were maliciously doing nothing more than agitating the water.

Construction Project: The Perfatape joint compound has been applied to the new bedroom walls and ceiling and also the walls and ceiling of the new service porch. It is my considered opinion that the invention of plaster wallboard and the perfatape joint system are the most lavishly devised and fiendish works of the Devil as yet come to light.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

The ceiling joists have been installed in part of the new garage and forms and batter boards are in place preparatory to pouring the cement floor. As weather permits, casement windows are being puttied. Insulating batts have been installed in part of the unfinished garage. The remainder will be placed as soon as we can get to it.

General: The generator serving the house was cleaned and tuned and new spark plugs installed. A 125 gallon gasoline storage tank was placed outside the generator building to serve the plants.

An underground cable was laid between the generator house and the hogan.

A start has been made on a Fact File for "avaajo with 175 cards completed so far.

Publicity: An article appearing in the Sunday, February 18, LOS ANGELES TIMES has started a chain reaction of inquiries concerning trips to Keet Seel. The first mail delivery after the appearance of the article brought many letters asking for information and one telephone call from a man in Los Angeles who was in a hurry to make arrangements for a trip to the Ruin to be undertaken April the first. One man writes stating "Please send me all your information"; another wishes to bring his own horses (from California) to make the trip and a third has "long dreamed of visiting an undiscovered ruin".

Miscellaneous: The superintendent took a Navajo woman and her 10 day old baby to the hospital at Tuba City for treatment. On their return they spent two days with us while waiting for transportation by horseback to their home in the canyon.

John A. Aubuchon
John A. Aubuchon
Superintendent

The ceiling lights have been installed in part of the new
kitchen and living room and the new place is ready for
moving the present floor. As weather permits, construction
will be continued. Installation of the new floor is being
of the kitchen. The remainder will be placed as soon
as we can get to it.

General: The generator serving the house was cleaned and tested
and new spark plugs installed. A 100 gallon gasoline storage
tank was placed outside the generator building to serve the
kitchen.

A 100 gallon tank was placed between the generator house
and the house.
A 100 gallon tank was placed on a 100 gallon tank with 100
gallons completed as per.

Problems: An article appeared in the Sunday, February 18,
1940 edition of the paper which stated that a certain person
connected with the paper was dead. The first of the following
the appearance of the article proving very false and leading to
information and one telephone call from a man in Los Angeles
who was in a hurry to make arrangements for a trip to the state
in the afternoon April 1st. The man was with a woman who was
sent on all your information, another woman who was with him
horses (from California) to take the wife and a child and
remained of visiting in the state capital.

Financial: The investigation of a woman's house and her 12
day trip to the hospital at Los Angeles for treatment. In this
fact that the trip was with a child and a woman who was
by herself to look home in the capital.

John A. Johnson
Superintendent

NATIONAL PARK SERVICE
Organ Pipe Cactus

Ajo, Arizona

February 26, 1951.

Memorandum

To: General Superintendent

From: Superintendent

Subject: Monthly Narrative Report 1ml for February 1951

Weather

Our usual good weather held most of the month with two or three days of high winds. Low for the month was 32° on February 1 with a high of 90° on the 10th. Two small rains fell during the period with .06 of an inch on the 17th and .18 on the 23rd. With warm weather continuing we may have enough moisture to bring out the spring flowers.

Special Activities

All time that a man could be spared from the administrative force assistance was given on road work. The road between Dripping Spring and Quitobaquito was graded, which now allows a 41 mile round trip through the area.

Engineer Conn spent February 4 to 14 in the area on Soil and Moisture work. An inspection of Indian Service work was made by the Superintendent and Mr. Conn to see what could be learned from their experience.

The Superintendent spent February 20 in Tucson checking County probate records and arranging for aerial mapping of the headquarters area.

February 19 was spent with Paul F. Cutter, of Bureau of Land Management, checking spring flow in the monument.

Inspections

Landscape Architect Miller spent February 14 to 17 on the area on master planning and general inspection of the area.

DEPARTMENT OF THE INTERIOR

Maintenance

While maintaining the road the open well at Dripping Spring was filled and a parking area made over it. This eliminates one of our very dangerous situations and we will rest easier when children are taken to the Spring.

February 20, 1934

Travel

Travel broke all records again this month with 18,828 through the area. Campground facilities were overrun with 1,222 campers for the month.

BUILDING Fire Protection

A fire of unknown origin started in Residence #2 on February 1. Loss was limited to a mattress, bedding, and some scorched paint.

Personnel

The flu has had most of the monument personnel down during the month. Rangers Steele and Ieding are on sick leave now and nearly all wives and children have been sick.

William R. Supernauth
Superintendent

General Information

William R. Supernauth completed his studies of wildlife conditions at Bureau which included long hours in the field and near the microscope making accurate observations of animal food habits. It is interesting to note the almost total absence of the coyote in the Grand Canyon National Monument and that of which live in packs, mostly in the Grand Canyon National Monument.

While maintaining the most the good will as before, we
are willing to a partial view of it. This situation can be
very dangerous to us and we will not make any further
any more to the world.

Travel

Travel made all records and this month with it, the
the area. The records of the month were 1,234,567,890
the month.

Financial

A list of various things which is included in the
list was limited to a number, but was very small.

Summary

The list has been of the amount of the month
the month. The list has been of the amount of the month
all of which are different from the list.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Saguaro National Monument
Tucson, Arizona

February 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Saguaro
Subject: Monthly Report, February 1951

Travel to Saguaro National Monument was good throughout the month with peak visitation on Sundays. A slight increase was recorded over February of 1950. Weather conditions were generally pleasant except for general rains on February 19 and 24 which brought some relief to the parched earth. For the third consecutive month it has been necessary to haul water to Madrona Ranger Station.

Tucson will at last be favored with a major industry, namely the Hughes Electronics Company, being established near the Tucson Municipal Airport. The company will employ some 1500 people and thus marks the first important milestone to industrialize the community. It is noted that real estate values have already begun to soar as a result of the new industry being established here, (See Status of Private Lands)

Temperatures for the month ranged from a minimum of 30° to a maximum of 84°.

Special Activities

Biologist Lowell Sumner completed his studies of wildlife conditions at Saguaro which entailed long hours in the field and over the microscope making accurate determinations of predator food habits. It is interesting to note the winter food habits of the coyote in particular indicates that 75% of their diet is seeds, mostly juniper and Manzanita berries.

Very truly yours,
Chief of Forest Service
The National Park Service, Forest Service
Washington, D.C.

Status of Private Lands

We were informed by the agent handling the property, that Section 29 within the Monument boundaries is no longer for sale. Evidently the land boom created by the Hughes enterprise has prompted this action on the part of the owner.

Master Plan

The Superintendent and Supervisory Ranger have been engaged in assembling material for revision to the Saguaro Master Plan. This requires exhaustive research and display in the arts of composition.

Maintenance

The Cactus Forest Looproad was graded periodically during the month and is in good condition at present,

Repairs were effected to the entrance road to Madrona Ranger Station in February.

New Construction

The Madrona Ranger Station Bedroom Addition was completed in February. Completion of painting and other minor tasks was accomplished and the area was cleaned up.

Approaches to Park Area

Local citizens have become quite enraged with the condition of the Broadway Approach Road. It was a bitter pill to swallow when work ceased on the Spanish Trail Approach Road but, in addition, periodic grading of the present road has also ceased. It appears that one more season of heavy travel will pass with no better than mediocre access to Saguaro National Monument.

Cooperating Government Agencies

Dr. Lyle Sows, Biologist, U.S. Fish and Wildlife Service, together with other officials of that Service (see visitor list) visited Saguaro National Monument on February 13, to inspect wildlife environs in the Lower Sonoran Life Zone of the area. Dr. Sows indicated that funds may be forthcoming for a wildlife study to be made in southern Arizona areas by his department and that an agreement could be worked out to include Saguaro. They are especially interested in making studies on monument lands relating

- Saguaro National Monument -

where δ is the Dirac delta function.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century.

[illegible]

to deer. These studies would prove invaluable as decimation is not permitted by hunters.

It was also indicated that summer food habits of predators would be included in the studies, through the media scat analysis. Formal application to make studies on the monument will be forthcoming contingent to availability of funds.

Interpretive Services

3739

A total of 5900 persons in 1182 parties were given interpretive service at headquarters. This amounted to a total of 298 hours for an average of 15 minutes per party.

Museum Activities

Construction of the new wing on the arboretum was completed during the month for the display of flowering plants. Some twelve native perennials were transplanted and labeled with more to be added as time permits. This work was accomplished by the rangers when an opportunity was afforded.

Research and Observation

- Jan. 27, one Ladder-back Woodpecker (*Dryobates scalaris* subsp.)
- " 28, 20 Javelinas
- Feb. 2, one Mule Deer (buck)
- " 3, two Golden Eagles and one Desert Bobcat
- " 17, one coyote and 8 Purple Martins (*Progne subis subis*)

Increase in Travel

A total of 5900 persons visited Saguaro National Monument in February. This represents an increase of 924 visitors over last month, and an increase of 22 visitors as compared to the corresponding month one year ago.

Visitors

- Feb. 1, Ted Knipe, Jack Moggridge, and Bob Smith, Arizona Fish and Game Commission,
- " 5, Dr. Hal Broadbrooks, University of Arizona.
- " 6, Leland D. Case, Editor, Rotary Magazine, Chicago, Ill.
- " 7, Melvin Johnson, Supreme Commander Northern Jurisdiction, Masonic Order.
- ✓ " 12, Joseph Joffe and wife, Administrative Assistant, Yellowstone National Park.
- " 13, A.E. Borrell, Regional Biologist, SCS, Albuquerque, N.M.
C.R. Gutermuth, vice-pres. Wildlife Management Institute, Washington D.C.
Dr. D.L. Leedy, Biologist, U.S. Fish and Wildlife Service Washington, D.C.

Ranger Grover Steele and family, Organ Pipe Cactus Nat. Mon.
- Saguaro National Monument -

For a detailed discussion of the various methods of data collection, see the following references:

It was also indicated that various items should be prepared and included in the report, and the following items were suggested:

[illegible][illegible]

1. The first of these is the fact that the system is not a simple one. It is a complex system, and the results of the analysis are not always straightforward. The system is a complex one, and the results of the analysis are not always straightforward.

[illegible]

1. The first, and most important, is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the South (CLPS) in the United States. The Commission is therefore unable to provide any information on this subject.

- Feb. 14, Ranger Cliff Gaynard and family, Chiricahua Nat. Mon.
" 17, Mr. and Mrs. Art Metzger, Grand Canyon National Park.
" 19, Ranger and Mrs. William Nancarrow, Mt. McKinley Nat. Park
Chris Hauck and wife, Sanitary Engineer, Yosemite
National Park.
Dr. Howard Thurman, Pastor, Fellowship Church, San
Francisco, California.

Insects and Tree Diseases

Reports received from the Agriculture Research Administration, Division of Forest Pathology, indicate a fairly high percentage of mortality in the Giant Cacti over the period 1941 to 1950. However, it is gratifying to note that Dr. Lake S. Gill summarized the report by saying, "Within the Saguaro National Monument there are vast acreages of well stocked with Giant Cacti all less than 18 feet high which could very well become the spectacular forests of the future."

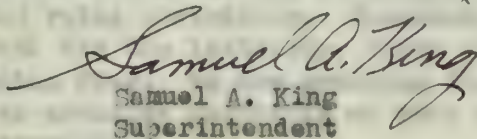

Personnel

Laborer-leadman Frank Stensberry has not been too well at times lately, but insists on remaining in duty status. I have suggested that he have a thorough physical checkup, but to no avail.

Maintenanceman Ollie Barney has accepted the position of maintenanceman at Tumacacori National Monument. He will leave for his new position at the end of February. We wish Ollie the best of luck and will miss his services at Saguaro.

Hazard Removal

In order to prevent accidents the cracks between the steps, leading down to the arboretum, were filled with concrete and smoothed over. This will afford sure footing for visitors using the steps between the parking area and the arboretum.

Samuel A. King
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tonto National Monument
Flagstaff, Arizona

23 February 1951

To: General Superintendent, Southwestern National Monuments.
From: Superintendent, Tonto.
Subject: Narrative Report, Tonto, February, 1951

Weather: Rains fell on the 29th to 31st (2 inches) and the 12th and 23d to 25th, with more forecast in the near future. The first of the month was cold, but the weather became quite balmy during the middle of the month.

Roads: Wet weather allowed extensive grading of approach and entrance roads and they are comparatively smooth and dust free for a change. Bid prospectives and plans have been distributed for the replacement of the narrow bridge on the entrance road.

Visitors: B.F. Burke and family, USFS, Custer, S.D. on Feb. 9. Syd. Jamison of Casa Grande Natl. Mon. on the 12th. Sam Davis of White Sands Natl. Mon. on the 14th. J.H. Conn for a short conference on the new bridge, Feb. 15. Railway Club of Southern Calif. (20 people) Feb. 10.

Travel. 2926 visitors in 250 cars as compared with 2590 a year ago this month. The war scare seems to have worn off. Phoenix reports a full house every night.

Nature Trail: Three easel displays have been placed on the ruins trail: one on the dam and lake; one on cactus blooms; and one on geology, conservation and ruins protection. Temporary Ranger Vicklund constructed the easels and did the lettering, plans of the easels were sent to Santa Fe for Region Four. We are awaiting the arrival of the nature trail pamphlets to commence operation of what we hope will be an aid to our puzzled tourists.

Photography: Several photos for easel displays were obtained from the regional files. A booklet of photos showing construction work on the parking area was made by Supt. Sharp. Several kachichromes on Tonto were loaned to the regional office.

UNITED STATES
DEPARTMENT OF THE INTERIOR

Interpretation: A new register desk, with storage space, was constructed by Viklund and put into use. Some rearranging of the museum and office to secure more and better space, was done when a case of spring fever hit the monument. Word has been received of the shipment of two new storage cabinets, one of the insect storage type and the other a two-drawer herbarium. Signs and labels have been standardized with the skill of Viklund and one of Dale Hirs Lowy lettering sets. The burial of the premature infant found in Room 8 of the lower ruin during last years excavations was reinterred as an "in situ" display. Ten thousand new revised edition of the Tonto 2-fold leaflet were received.

Wildlife: Signs of Spring: The swifts are back in the cave; flower plants are appearing and a few of the Desert Hyacinths are blooming. Javelina season opened the 15th of this month, two weeks early, and will continue through March. State Game Department says that this area is overstocked with Javelina.

General: The Lodge dump was gone over to tighten various bolts that the Apache Trail had loosened. Road signs were replaced or changed where experience has shown the need. A load of scrap pipe was obtained from the Water Users for use as telephone poles. Roadside guide posts were ordered and will be put along the curve to the parking area as soon as received.

Charles C. Sharp
Superintendent.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

February 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for February, 1951

Weather: Temperature ranged from a maximum of 87 on the 10th to a minimum of 20 on the 2nd and 20th. Precipitation was .56", compared to the average of .71 for the past 13 years. Weather has been pleasant for the greater part of the month, but rainfall has been too light to be of much value to this part of the state in recovery from the drowth of the last year.

Visitor Travel: A total of 6,007 visitors has broken all monthly travel records in the history of the monument. It exceeds by over 28% the figure of 4,303 visitors for February of 1948 (the highest previous February), and by over 19% the highest previous month, which was April, 1939. This latter was a freak travel figure, for it was in April 1939 that the museum building here was dedicated, which brought crowds of extra people to swell the month total to 4,850 persons.

During the past 12 months this tiny national monument has had 32,364 visitors, far higher than any other 12 month period in history.

Interpretive Service: 2,473 persons went on 314 guided trips through the mission church and grounds, receiving an average of 36.65 minutes per trip. 5,815 persons received combined Information and Interpretation service, and 5,762 saw the museum and patio garden.

The highest number of guided trips recorded in a previous month was 273 for February of 1947.

The biggest visitor day in my experience here was on February 10, when we had a total of 445 visitors (counted), including six large Greyhound busses containing 236 persons on a Dons Club sponsored tour, out of Phoenix. On this day we took 288 visitors through the mission church, running some extra-schedule trips to make a total of 15 guided trips for the day. Our staff of three handled this day's visitors without a hitch, with many expressions of thanks from enthusiastic visitors, and without a complaint being heard.

Visitors: 1 - 25 - Harold A. Keats, Commissioner, American Battle Monuments Commission (Overseas cemeteries).

The "Detailed Information" section contains information on the condition of the various areas of the park, the number of animals in each area, and the number of visitors to each area.

1-29 - Ellsworth E. Binz, artist, spent the day on the grounds.
2-7 - 29 members of the International Executive Board of IATSE (Projectionist Union), who were having a mid-winter convention in Tucson.
2-10 - A group of 236, sponsored by the Dons Club of Phoenix, under leadership of Ben J. Cahill, Manager, Republic and Gazette World Wide Travel Service.

2-14 - Archaeologist Arthur White, of Montezuma Castle National Monument.

2-15 - Ranger and Mrs. Earl Steele and family, Organ Pipe Cactus National Monument.

2-19 - Ranger and Mrs. Raymond G. Knox, Lava Beds National Monument.

Publicity: 1-27 - Paul L. Hoeffler, of Los Angeles, taking movies for Standard Oil Company release, with accompanying commentary to be made by Raymond Carlson, Editor of Arizona Highways Magazine.

Cooperating Agencies: On February 1 the Arizona State Highway Department installed four new black and white signs on the highway. One mile north and one mile south of the monument the signs say "Tumacacori National Monument - 1 mile." 1500 north, and 1500 south, two signs read "Tumacacori National Monument - 1500 feet."

Donations: The Tumacacori library benefitted through a gift by the Amerind Foundation, of Dragoon, Arizona, of Nos. 1 through 5 of its technical report series (archaeology and ethnology.)

Museum and Education: During very limited non-visitor-contact time we have made progress on bringing the library entries and card file up to date, and considerable has been added to the chronology portion of the Fact files. It has also been possible to start a long-desired Fact file section which, when complete, will have an individual card for every native or exotic plant which grows in the monument area, giving ethno-botany for each plant, as well as flowering and fruiting dates.

Mission Stabilization: A leak developed in the northwest corner of the sacristy barrel-vault roof. As a result we applied our cement-lime-pigment mortar coating over about 4 square yards of the upper surface, which was badly weathered and pitted. This treatment is not visible from the ground.

Routine touch-up maintenance was performed by sealing new and enlarged weathered cavities in exterior lime plaster in the old church.

Maintenance: Stakes, with painted numbers, for the patio garden nature trail, were finished. A great deal of work has been done in the patio garden, including final pruning in preparation for Spring, cutting out suckers from a giant Maguey plant, removing limbs of blight-killed olive trees, giving lead-arsenate spray to rose plants, changing soil on water plants in the fish pond, and thinning the plants. On other parts of the monument dead tree growth in "used" areas was taken out, dead branches removed from other plants, and drastic pruning given to several China-berry trees. Several root-rot weakened trees were given extensive medication through application of ammonium sulphate and deep watering for root systems. Additional tree

1-30 - William E. White, Chief, Agent for the Bureau.
1-7 - 10 members of the Executive and Advisory Board of the
International Union, who were having a two-day session in New York.
1-11 - A group of 100, sponsored by the State of New York,
under leadership of Mrs. J. C. Kelly, Secretary, National
Farm Bureau.
1-12 - International Union, of American Farm Bureau
Associations.

2-24 - Mayor and Mrs. John J. Kelly, Mayor of New York.
2-25 - Mayor and Mrs. John J. Kelly, Mayor of New York.

watering basins received manure and compost. The compost pit was emptied, and is now being re-filled. The last of the giant cactus plants along the mission trail (*Opuntia ficus-indica* ?) was removed. These plants, once very handsome, with lovely early summer flowers, have suffered so badly from severe frosts of the past five winters that they were beyond salvation. Warning signs were put up along the monument boundary. Work was done toward stopping light leaks in the museum.

Civilian Defense: During the month the superintendent contacted R. G. Frazier, Chairman of Santa Cruz County civilian defense organization, and discussed such matters in detail with Harry Chernin, Coordinator of civilian defense activities for the county. Our facilities for possible help in an emergency were outlined, and services offered.

General: While we had over 28% more visitors than in the highest previous February, the number of visitors who went through the mission church was a little less than 18% higher than for that same month. This indicates about a 10% increase differential which presumably consists mostly of the slightly to casually interested visitors. I suspect a considerable part of this increase in "casuals" has been caused by the additional highway signs which were installed on February 1. I foresee the possibility, as travel continues to increase, that we may some day have to critically evaluate sign "advertising" policy. As an area reaches the capacity of its ability to receive visitors and take care of them, advertising might then have to be ~~gxxx~~ geared to overlook "casual" appeal and go to those with only a deeper interest.

However, we will not have reached the limit of visitor capacity here until our 40 minute trip interval has had to be cut to a 20 minute interval, assuming 50 persons as the maximum manageable group per trip. As it is, only on very special days do we have to run trips at a 20 minute interval, which is fortunate, because such days require the full staff of the two permanents and the one seasonal, and there is only one day a week when all three are on duty.

From this end, the record month of February has been very satisfactory. It is my belief that the visitors received a high quality of service, and left the area well instructed and in good spirits. Certainly I wish to express the highest praise for the courteous and efficient performance of Rangers Henson and Shirley.

NATIONAL PARK SERVICE
TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

February 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot

Subject: Report 1ml, February 1951.

There follows a narrative report of activities in this area.

VISITORS

991 visitors in 328 cars. 887 visitors in 299 parties were contacted and oriented in the museum. 895 visitors in 300 parties made the trip through the ruins. 100% of the 8 - 12 A.M. 1 - 5 P.M. visitors were contacted. Although travel was 158 visitors short of the record February travel of 1948, a very substantial increase of 45% was recorded compared to visitation a year ago.

N.P.S. VISITORS

Superintendent and Mrs. Homer Hastings of Walnut Canyon on January 27.

Superintendent John Cook, Montezuma Castle, and Archeologist Art White, Montezuma Well, on February 2.

Ranger and Mrs. Carlton Murray, Montezuma Castle, on February 5; Bill and Katherine Wilson, Rainbow Lodge, on the same date.

Ranger and Mrs. Larry Wilde and family, Walnut Canyon, on February 8.

Regional Landscape Architect J. Miller, accompanied by his Father-in-law, Dr. Murray, on February 13. Jerry reviewed the general trail arrangement through the ruins and drafted specifications for a flight of wood steps to the top of Room 14. Dr. Murray, who is from Ames, Iowa, was keenly interested in seeing the Verde Valley for the first time.

Ranger and Mrs. William Nancarrow, Mt. McKinley National Park, on February 24.

OTHER FEDERAL AGENCY VISITORS

Forest Ranger and Mrs. Gordon Hammon, Coconino National Forest

Ranger Station, Sedona, Arizona, on February 11.

REPORTWORTHY VISITORS

Dr. and Mrs. Durrell, on February 8; Dr. Durrell is Professor of Geology at U.C.L.A.

Mr. and Mrs. Draper of Fred Harvey, Grand Canyon, on February 13.

Mrs. Vicklund of Flagstaff, on February 15; Mrs. Vicklund is the Mother of Bob Vicklund, who is now at Tonto, and is the seasonal ranger at Sunset Crater during the summer.

ORGANIZED GROUPS

Mr. Edward B. Danson, Instructor in the Department of Anthropology, University of Arizona, with five students from his Seminar in Southwestern Archeology Class, on January 27.

Six Seventh Graders, Verde Valley School, Sedona, on February 15.

IMPROVEMENTS

A Romex surface switch was installed in the Men's Room. This replaced a dangling cord toggle switch which was difficult to find in darkness.

The switch on the furnace blower was disassembled, overhauled and replaced in good working order.

The offensive "Warning" sign was dismantled, the panel was sanded and set up as a drafting table in the office.

Ten road signs were glued and clamped. Nine have been layed out, one double-face, for routing. Routing, painting and staining of signs is now underway following breakdown of the router, parts for which were ordered from the Stanley Electric Tool Co. in Connecticut, and which were unduly delayed in the mails by the railroad strike.

Two saw horses were constructed with 2" by 4" lumber and metal saw horse brackets. These will be used immediately to aid in the fabrication of wood steps for the ruin's trail project, and later, in general carpentry.

MISCELLANEOUS

On January 26, a party looked a set of ignition keys in their car. Their plight was made known to the Superintendent, who, by deft probing and reaching successfully removed the keys from the ignition switch.

Mr. Paul Keefe, retired Phelps Dodge official and resident of Clarkdale since 1913, died on January 25, at the age of 66. Mr. Keefe was general director of C.W.A. projects at Clarkdale in the '30's, and it was largely through his efforts that the excavation of Tuzigoot was carried through to successful completion insofar as

moral and financial support was concerned.

MUSEUM PROSPECTUS

Miss Marion Dick, Cottonwood, an Art major at Arizona State Teachers College, Flagstaff, consulted with us on January 28, preparatory to commencing sketches and drawings for proposed museum exhibits which will appear in the Preliminary Museum Exhibit Plan being prepared for Tuzigoot.

Work continued on preparation of narrative text for the plan as time permitted.

RESEARCH AND OBSERVATION

On February 22, a legal holiday, Archeologist Richert and Milton Wetherill visited a hitherto unreported archeological site 12 miles below (south) of Tuzigoot on the Verde River on the Clover Leaf Ranch, owned by Mr. Schwartz, wealthy steel industrialist of Cleveland, Ohio, a recent visitor at the Monument, who extended us a cordial invitation to visit his ranch and look at the site. With the permission of the owner, a sherd collection was made and site cards prepared for Museum of Northern Arizona records. This site is extremely interesting in that it undoubtedly represents a pure Verde Hohokam phase, with sherds of Gila Red, Tonto Red, and both Verde and Southern Hohokam predominating. Tentative date of site: 800-900 A.D.

A second site 5 miles below Camp Verde previously reported by Archeologist Schroeder was also visited. This has a large ball court, and judging from house mounds and surface pottery was a contemporaneous occupation by Sinagua and Hohokam at probably 1000 A.D.

J. W. Brewer, Jr.

J. W. Brewer, Jr.,
Superintendent.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

February 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Report, February, 1951

Visitors this month 747; travel year to date 5197.

General This month brought the most snow of the winter with one storm piling up about six inches. However this melted rapidly and as this is written, snow remains only in patches.

Administration An inventory of all electrical supplies on hand was taken.

A chronicle of 1951's events was made for the Fact File.

Patrol of the north boundary including that portion which is posted but not fenced was completed.

A copy of the Ruins Stabilization Manual was received and read with particular interest because of this superintendent's familiarity with most of the places discussed.

An excessive reading on Copeland's water meter indicated a leak which was reported to users of the water from this line. Processing of the Special Use Permit for Copeland's connection to our water line was completed.

Use of Monument Facilities by the Public There were 747 visitors who came in 273 cars. This was 33 more visitors than we had in the same month last year. Visitors arrived on every day but two and there was an average of 24 visitors per day for the entire month. Visitors to the museum totaled 728 in 268 parties. Two hundred and two parties were contacted including 566 visitors. There was one picnic party of four people.

Roads The entrance road was dragged once by monument personnel and once by the County.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Walter Brown National Monument
Flagstaff, Arizona

February 22, 1931

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Burial Mound, Walnut Canyon

Reference is made to your letter of July 1930.

This mound is located on the south side of the canyon and is about 100 feet in diameter. It is composed of sand and gravel and is surrounded by a low wall of the same material. The mound is situated on a slight rise and is the only one of its kind in the canyon.

The mound is situated on a slight rise and is the only one of its kind in the canyon.

A number of other mounds are located in the canyon.

It is noted that the mound is situated on a slight rise and is the only one of its kind in the canyon.

A copy of the report of the investigation of the mound is being forwarded to the National Park Service for their information.

The report of the investigation of the mound is being forwarded to the National Park Service for their information.

The report of the investigation of the mound is being forwarded to the National Park Service for their information.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Fire Protection N.P.S. was stamped on all our fire tools and their green bands were painted red.

Maintenance Ground connections for both electric ranges were installed.

Some time was spent shoveling snow. Although it was never very deep, a leak in the drain at Residence No. 1 necessitated shoveling snow from the east side of the roof.

Considerable difficulty has been had in starting our Ford pick-up. We had to pull it several time and finally had to install a new starter.

A 40 inch fluorescent unit was repaired and installed in the superintendent's quarters. A light fixture was also installed in the hall at the ranger's quarters.

Weeds were removed from the septic tank drainage ditch.

Equipment A used Kodak printing timer was received.

Our furnace installation is not yet complete with an outer jack needed for the furnace at Residence No. 2 and a humidifier for the one at residence No. 1.

Interpretation The earliest known reference to Walnut Canyon was noted by Ranger Wilde in Arizona Place Names which reports the visit of Lt. Beale on April 13, 1857. On a visit in July, 1859 Beale found the stream in the canyon filled with water and containing mountain trout.

Wilde was shown the petroglyphs in the bottom of the canyon west of the Island and we visited several cliff dwellings on the south side.

Copies of pictures of the cliff dwellings taken in 1894 or 95 by J. J. Fauber were received.

Considerable time has been spent on our herbarium. Twenty-seven specimens have been mounted and filing folders prepared for them. Eighty Ethnobotany File Cards have been prepared. A small grove of quaking aspen up the canyon from the cliff dwellings was visited and several plants that have not been collected have been noted on the monument.

1. The first step in the process of the investigation is to identify the problem or the area of interest. This is done by the investigator who is responsible for the study. The investigator will then determine the objectives of the study and the methods to be used. The next step is to collect data, which may be done through interviews, surveys, or other means. The data is then analyzed and the results are presented in a report. The final step is to draw conclusions from the data and to make recommendations based on the findings.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United Kingdom regarding the proposed amendments to the Convention on the High Seas.

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendent's Monthly Narrative, Report No. 141

FEBRUARY TRAVEL, 1951

TRAVEL YEAR TO DATE

Visitors, 9,021 Cars, 2,350

Visitors, 44,411 Cars, 11,500

GENERAL

Records must be broken, and this month, since we cannot break any visitor records, we turn to the weather for our laurels. On February 1 our minimum temperature dropped to 14° below zero, which is an umbrella-of low for the floor of the valley. An area about 5 miles wide, north and south through the Tularosa basin, seemed to live the worst of the storm.

Highways on the strip were iced and frozen for a couple of days and on both sides of the strip the roads were normal. Anyway, 14° below zero, at White Sands, cut into our visitor count, and for the first time in almost two years a travel month drops below the preceding like month. Our travel year, however, is still showing an increase. February was not entirely a freeze. A few beautiful days took off some of the chill of that 14° below. High for the month was 75° on the 2-11-51, and our precipitation for the month was .11 inches.

SPECIAL ACTIVITIES

Three of our personnel took the Blount Red Cross First Aid Course and it is possible a couple may take the instructor's course. Others are planning on taking the standard course, which is being given again soon.

[Address]

Very truly yours,
[Signature]

Otis Hicks has been prevailed upon to take over some Boy Scout work in Alamogordo. His past experience with the Scout work makes him a valuable man in this line and the boys are proud to have secured his services.

The Superintendent finished a year as President of the Alamogordo Chamber of Commerce and was elected to an honorary membership on the Board of Directors of the Chamber and asked to serve with the Board for the year 1951. He also received again an honorary membership in the Holloman Air Base Officer's Club for 1951. He has been asked to accept the nomination for President of the Parent-Teachers Association covering the grade schools in Alamogordo. We appreciate these confidences the people place in us and are glad to do what we can for the community.

INSPECTIONS

No particular inspections were made. A rocket landed close to the picnic area and an attempt was made to inspect the area as described in a special report covering the subject. No trouble is anticipated in case further inspections may be necessary.

ITALICITY

Much early attention is being given to Play Day on April 14 and the White Sands Relays, in connection with Play Day. The New Mexico Journal carried a White Sands picture this month and one of the large trade journals of the Candy Companies carried a front cover page of White Sands.

Our new Orientation Case is the source of a lot of favorable comment, and we are certainly indebted to Les for his work on this, as well as the assistance in getting it set up. Several minor changes had to be made, but it is well worth any effort that has been devoted to it.

COMPLAINTS

No complaints have been received in this office, either on our Service and Facilities, or the Concession.

FINANCIAL

This phase of our work seems never-ending, and, in spite of all we do, it seems such, such more, always remains to be done. Joe has put in several extra days on the roads, even when the few winds we have had to date. Road conditions on the whole for the month have been good.

JANUARY 10, 1911

Otis has done some painting, made minor repairs as the occasion arose, our garage doors were finished, the case for our new map completed, the power house was given a coat of paint, as was our gas pump, tar kettle, etc.

Several man days were spent on picnic tables and this work is being delayed by lack of bolts and paint. A proposed trip to El Paso will take care of both of these matters. Perhaps this week end. Repairs were made to our Sands water storage tank and some work was done on the pump and well. Several loads of gravel have been hauled for some trail work and several more are needed for this same project.

We are making some progress along maintenance lines, we hope, but it does seem that whatever we do we are forced to let something else just as urgent go by. We are doing considerable work on our highway signs, dressing them up for the spring travel.

ALBUQUERQUE TO EL PASO AREA

The Highway Department is likewise working over road signs, and the white Sands sign at the junction of U.S. 54-70 is being replaced. This is none too soon as it was in a deplorable condition.

The Press has been giving considerable space to the work to be done on U.S. 54 and any work done will assist as materially as this highway is one of the main arteries from the central U.S. to the Southwest.

MUSEUM ACTIVITIES & EXHIBITS

In addition to the museum proper, the orientation map in the entrance hallway, is our revised exhibit. This was worked up in the Naturalist Division, and Les came down and helped arrange it. That seemed to be the big job until we started to install it and minor changes made a major job out of it, but it is now complete and is a case worthy of a prominent place in the museum.

It now has a plate glass front and is one of our best lighted cases as well as being one of the most attractive.

INCREASE & DECREASE IN TRAVEL

About 1,200 visitors decrease shows our first loss in many months. Several days the mountain passes on both sides of us were closed for a few hours at a time so the road was closed.

I hereby certify that the following is a true and correct copy of the original as the same appears in the records of the Department of the Interior, Bureau of Land Management, Washington, D.C.

Witness my hand and the seal of the Department of the Interior at Washington, D.C. this 12th day of May, 1910.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

February 24, 1951

To: General Superintendent
From: Superintendent, Wupatki
Subject: Monthly Narrative Report -- Wupatki and Sunset Crater
National Monuments

Weather: Although we have had some light snows this month the snow seems to have little moisture content. Needless to say, it is still very dry in this area. Wupatki had a preview of Spring this month with a high of 73° recorded on the 11th. Sunset Crater has had a little more snow this winter than Wupatki and just how much moisture was in it will be determined next month when the rain gauges are read for the Museum of Northern Arizona.

Maintenance: The old CCC office at Hieser Spring was painted this month to complete the painting of the buildings in that area. The wood on this building, as with the wood on the cabin, was in pretty bad shape, so the paint was applied half-and-half with linseed oil. New screens were made and put in place on the cabin, so now all we have to do to really dress up Hieser Spring is tear down the old CCC barracks. A new coat of paint was also applied to the door and windows of the office at headquarters. The superintendent and Ranger Walker are now experienced painters.

Monument Roads: The road from Hieser Spring to Highway 89 was reshaped and graded and it appears that most of the bed rock is pretty well covered now. Before going on leave, Maintenance man Bean also graded the entrance road at Sunset Crater.

A new Wupatki boundary sign was placed on the Sunset Crater road and all of the road signs from Hieser Spring to Highway 89 were refinished.

Interpretive Service: The Lava Flow Nature Trail at Sunset Crater was put back into service the 14th of this month with a new name, a few changes in the trail, and a new trail booklet. At Wupatki 204 visitors in 69 parties were contacted for an average of 45 minutes and a total of 30 hours. 112 visitors were not contacted but the trail booklet continues to give some help to the visitor not contacted by any of the personnel.

Last travel year	487	1460	1379	4138

Visitors: 2/13 Ranger and Mrs. Brueck, Grand Canyon NP
 Dr. and Mrs. Harold C. Bryant, Grand Canyon NP
 2/18 Ranger and Mrs. Fred Bergemeyer, Davis Dam
 Asst. Sup't. and Mrs. Lon Garrison, Grand Canyon NP
 2/21 Ranger and Mrs. Larry Wilde, Walnut Canyon NM

Personnel: The Superintendent and family were on a business trip to Santa Fe from February 4 to 10th. Maintenance man Bean on annual leave from February 17 to 25th.

Research and Observation: The Wupatki Fact File has undergone a complete and much needed change. Ranger Walker has spent a lot of spare time gathering and adding much pertinent data to the file.

Public Health: Samples of water from Wupatki and Hieser Springs were taken in to the State Health Laboratory for testing. The tests indicated the water to be safe for public use.

Equipment: The Galion grader went in to Flagstaff last week for it's first major overhaul. At last report the mechanics were really going over it. The Regional Fiscal Office should get a firm grip on their 282 account.

Spring Flow: Wupatki Spring, 771 GPD
 Hieser Spring, 3800 GPD

NAME

TITLE

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as:
"Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME A. T. Bicknell
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER-NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME

TITLE Ray B. Ringenbach,
Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as:
Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME *John C. Cook*
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKEING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as: museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive service offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

March 26 1951

Memorandum:

To: General Superintendent

From: Superintendent, Arches

Subject: Narrative Report for Month of March, 1951

Weather: Two welcome snow storms blotted any thought of warm spring weather, but did bring us almost an inch of much needed moisture.

Travel: We recieved our Traffic counter back from the State of Utah which they loaned us last year, and our traffic shows a tremendous increase of 864% over last Month. Allowing 3.2 People per car we had 990 people visit the Arches during Easter Sunday.

And we took the actual count from the register from the first of the month to the 23rd and allowed 25% for non registration which gave us a total of 1322 people for the Month.

INTERPRETIVE SERVICES: Our interpretive Services improved this Month with 530 of the 1322 visitors being contacted. Total contacts this month amounted to 31 hours.

INTERPRETIVE DEVICES: The two center panels were installed in the Wayside Shelter on March 15 and we are waiting for a set of pictures from Harry Reed and other material from the Regional office to complete it.

MONUMENT ROADS: Maintenance man Winbourn has completed the spring cleaning of culverts and ditches. He also made one complete round of blading on all Monument Roads. The lack of moisture has been holding us up on this job for some time.

APPROACH ROADS: There is some talk of the State turning the Maintenance of #93 over to the County. We are in favor of this action for Grand County at least has the necessary Equipment.

PUBLICITY: The March issue of the Nash Airflyte Magazine ran a feature article on Arches, by Hal Strong, with a great many excellent pictures. The Denver Post Empire gave a full page of pictures to Arches in their February 18 issue, Showing Delicate, Landscape, and turret through North Window.

INVESTIGATIONS: The Bureau of Reclamation contacted the Superintendent concerning the construction of a dam at the Moab Damsite on the Colorado River. A report of this contact was immediately made to the Regional Office.

[illegible]

There is a report of this matter and possibly more in the National Journal. I expect to see this matter and possibly more in the National Journal.

PERSONAL: Superintendent Wilson was unable to accept the Transfer to Blue Ridge Parkway, due to the prohibitive increase in the living cost entailed in the Transfer.

EQUIPMENT: Two new tires were recieved for the front wheels of the front end loader. We have still not been sucessful in obtaining rear tires for this piece of equipment.

SIGNS: In placing the new signs on Delicate Arch Spur Road we are experimenting with a new design and color scheme. If the combination proves satisfactory we will request permission to change our entire sign system.

that's a new spelling but it makes a good word. B

NATURAL BRIDGES: The State road Commission on March 6 announced that nearly \$1,000,000 would be expended this year on road construction to uranium mines in southeastern Utah. The State has agreed to finance 10% of the total cost of three separate road improvement projects, while the while the remainder of the cost will be paid by the Atomic Energy Commission.

The improvement of 90 miles of Road between Green River and Hanksville and the construction of 30 miles of new road, to avoid the 9000 foot elevations at the Bears Ears in the Elk Mountains will certainly increase travel to Natural Bridges. A truck road is also under construction from the junction of Hite and Bridges roads, running about forty miles south to an oil well which is being drilled by the Skelly Oil Company.

LOCAL INTERESTS: Construction has started on a truck trail from Moab down the North side of the Colorado River to the Cane Creek Oil Well.

UTILITIES: A new Propane hotwater heater and a kitchen range were instaled in quarters #1 on March 5 and 6. During this instalation corrections were made to the existing system to bring it up to standard specifications.

J. Earl Worthington
J. Earl Worthington
Acting Superintendent

REMARKS: The proposed system was found to be feasible and the transfer to the right of way, and to the proposed location of the line was decided in the transfer.

CONCLUSION: Two new lines were proposed for the same route of the line and transfer, and have still not been completed in relation to the line for this place of equipment.

REMARKS: In planning the new line on the right of way, it was found that the existing line was not suitable for the proposed system. It was decided to construct a new line and to transfer the existing line to the new line. This was done by the following method:

REMARKS: The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line.

REMARKS: The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line.

REMARKS: The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line.

REMARKS: The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line.

REMARKS: The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line. The new line was constructed on the right of way and the existing line was transferred to the new line.

AZTEC, NEW MEXICO

24 March 1951

Memorandum

To; General Superintendent
From: Superintendent, Aztec Ruins
Subject: Superintendent's Monthly Narrative Report

WEATHER: The month has been typical of the season; windy, with cool mornings and many warm afternoons. The low for the month was eleven and the high sixty seven degrees. We failed to receive any measurable precipitation during the month.

MAINTENANCE: The floors in the covered rooms and the Great Kiva have been treated with Sani-Soil-Set. This is certainly a great improvement over the previous half inch of fine dust which served as a floor covering. The rooms now present a neat and more orderly appearance.

INTERPRETIVE SERVICES: There were 445 visitors in 76 parties conducted thru the ruins and 755 visitors in 240 parties shown thru the museum.

INCREASE IN TRAVEL: Our travel for March continues the general trend of the past several months with a twenty percent increase over the same period a year ago.

PERSONNEL: Superintendent Townsend has been on annual leave since the 18th of March and will return to duty the 14th of April.

VISITORS: We had the pleasure of meeting and showing the ruins to; Mr. J. A. Delaney, U. S. Bureau of Land Management, Washington, D. C.; Mr and Mrs. Boatright, and Miss. Ida Lents of the Region Three Office; and Ranger E. W. Stevens of the Uncompagre National Forest.

Memorandum

To: General Superintendent
From: Superintendent, Bandelier
Subject: Monthly Narrative Report for March, 1951

Weather

Precipitation continued to be below normal with only .05 inches being received this month. Santa Fe has started to ration water and the shortage will become acute unless a considerable amount of rain is received this spring.

Temperatures were fairly uniform and were generally in the sixties during the day and the twenties and thirties at night. A high of 71 degrees was recorded on the 7th, 21st, and 25th and a low of 11 degrees was reached on the 4th and 12th.

Special Activities

A special meeting was held with all employees on the 12th to discuss plans for the Civil Defense organization. Each employee was assigned a division to be responsible for and the details will be completed about the first of April.

The Superintendent and Regional Forester attended a meeting at Los Alamos with Forest Service and Atomic Energy Commission officials to discuss cooperation for the protection of the Los Alamos laboratories in case of emergency. This cooperation is mostly concerned with the prevention, detection, and suppression of forest fires that might interrupt utilities or damage valuable installations.

A conference was held with Mr. Gilgis and Mr. Baker concerning the management of the Lodge kitchen and needed repairs to equipment.

SANTA FE, NEW MEXICO

March 25, 1932

Bandolier

Very respectfully,

Very truly yours,

Very truly yours,

Very truly yours,

The Bandolier National Monument is situated in the Santa Fe National Forest, Santa Fe County, New Mexico. It is a small, isolated, and rugged mountain peak, about 100 feet high, and is surrounded by a dense growth of pine and fir trees. The monument is situated on the south side of the Santa Fe River, about 10 miles from the city of Santa Fe.

Inspections

Mr. Edwin Kenner from the Washington Office and Region Three Architects Saunders and Marsh made an inspection of needed rehabilitation projects in the buildings and campground on the 13th.

Architect Carter discussed plans for the road change at the checking station with Bureau of Public Roads engineers on the 15th.

Maintenance

The new dishwashing machine for the Lodge kitchen was received on the 26th and installed immediately. This will correct the major criticism that the Public Health Service had of the kitchen operation.

The living room, dinette and kitchen of residence 3 and the kitchen and living room of residence 2 were painted with rubber emulsion base paint. These rooms had not been redecorated for five years.

Additional stones were placed to define parking spaces in the campground and to prevent campers from driving their cars too close to trees.

Approach Road

35 Loads of volcanic ash were hauled onto the road between the checking station and the end of the paving in preparation for oiling.

The contractor started work on March 12 on the section of highway 4 from TA33 to the Los Alamos west gate. The road is being reconstructed by the Atomic Energy Commission. Approximately one and one half miles of this road are a part of the Bandelier approach road.

Laborers Cordero and Toribio were entered on duty to begin the spring maintenance of roads and trails.

Interpretive Service

A total of 829 visitors were conducted on 85 tours of the ruins this month. An estimated 543 persons visited Ceremonial Cave and Tsankawi Ruin.

Introduction

The purpose of this report is to provide a comprehensive overview of the current state of the project and to identify the key challenges that must be addressed in order to achieve the desired outcomes. The report is organized into several sections, each of which focuses on a specific aspect of the project.

The first section discusses the overall goals and objectives of the project, while the second section provides a detailed description of the project's scope and boundaries. The third section outlines the key challenges that must be addressed in order to achieve the desired outcomes, and the fourth section discusses the proposed solutions to these challenges.

Background

The project was initiated in response to a growing need for a more efficient and effective way of managing the company's resources. The project's primary goal is to develop a system that will enable the company to better understand its current state and to identify the key areas for improvement. This will be achieved through a combination of data analysis and stakeholder consultation.

The project is being managed by a dedicated team of professionals who are working closely with the company's senior management to ensure that the project is aligned with the company's overall strategy. The project is currently in the planning phase, and the next steps will be to develop a detailed project plan and to begin implementation.

The project is expected to be completed within a six-month timeframe, and the results will be presented to the company's senior management for review and approval. The project is a high-priority initiative, and it is expected that it will have a significant impact on the company's overall performance.

Methodology

The project is being managed using a combination of qualitative and quantitative methods. The qualitative methods include stakeholder interviews, focus groups, and document analysis. The quantitative methods include data analysis and statistical modeling. The project is being managed using a combination of these methods to ensure that the project is aligned with the company's overall strategy.

The project is being managed using a combination of these methods to ensure that the project is aligned with the company's overall strategy. The project is currently in the planning phase, and the next steps will be to develop a detailed project plan and to begin implementation. The project is a high-priority initiative, and it is expected that it will have a significant impact on the company's overall performance.

The project is currently in the planning phase, and the next steps will be to develop a detailed project plan and to begin implementation. The project is a high-priority initiative, and it is expected that it will have a significant impact on the company's overall performance.

Conclusion

The project is a high-priority initiative, and it is expected that it will have a significant impact on the company's overall performance. The project is currently in the planning phase, and the next steps will be to develop a detailed project plan and to begin implementation. The project is a high-priority initiative, and it is expected that it will have a significant impact on the company's overall performance.

Three trail side exhibit stands have been completed but we are very much in need of some one who can make reconstruction drawings of three of the ruins. As soon as these can be obtained the stands will be installed.

Travel

Travel continued its upward swing that was temporary halted in February. There were 1861 visitors this month compared to 1413 last year. This gives us approximately 2,000 visitors increase for the travel year. Nearly 700 persons came to Frijoles Canyon on the 25th which is more than we would expect in August a couple of years ago.

Ranger Service

Supervisory Ranger Keefe completed the assembling of kits of accidents reports for each vehicle as suggested in FO 943.

Insects and Tree Diseases

Funds for the aerial spraying for the control of tent caterpillars in Frijoles Canyon are to be allotted and a request for permission for the plane to operate in this area was made to the Atomic Energy Commission. Most of the Monument lies in the Los Alamos air space reservation.

Public Health

Covers were constructed of sheet metal for manholes in the water intake and reservoirs that were surrounded by a cement curb.

Training

The in-service training sessions that were started in January were concluded on the 27th. The subjects covered included:

- History and Legislation
- Protection
- Objectives and Policies
- Fiscal Procedure
- Maintenance
- Interpretation
- wildlife
- Concessions
- Personnel

and signatures read and signed by the following persons:

I have enclosed the copy of the letter which was
 mailed in February. There were 100 copies of this letter
 mailed in February. The letter was distributed to 100
 persons for the first year. Since the second year is
 upon us and I am sure we shall be able to
 make a great deal

March 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Monthly Narrative Report for March, 1951

Visitor Travel: 210 people in 65 cars this month. This represents a figure of almost four times that for the same period of last year. Increased travel due mainly to an early Easter and good weather conditions. The current travel year has almost doubled that of 1950. A total of 36 hours, and 40 minutes spent on interpretive work.

Weather: With the exception of several below freezing nights the weather has been very satisfactory. The customary March hard winds have not as yet arrived. However, it has been unusually dry. Only 3.79 inches of moisture during the past 17 months.

Project Programs Progress: Very satisfactory progress is being made on our various programs. As previously mentioned all concrete picnic tables and fireplaces have been completed and placed at the three campground areas. We are now in the process of placing new trash disposal containers - improving the parking areas - sign work, and other miscellaneous jobs to make the campground areas more usable and attractive. 75 overnight campers already this month have taken advantage of these added facilities.

The Hart Hardware and Plumbing Company, Gallup, New Mexico, was the successful bidder for the alterations to the Superintendent's Residence. Work will start on April 2.

Completion of the de Chelly Water Shed Soil & Moisture Program will be made as soon as 7 tons of wire is received from the General Services Adm.

Several loads of material were hauled for surfacing the road. We are unable to do any major grader work due to extreme dryness.

Improvements and surfacing of trails are being made as time permits.

Other Activities: All forms for the construction of picnic tables and fireplaces were hauled to El Morro on March 11, and three days were spent there assisting the Superintendent in getting his picnic table project under-way.

Page No. 2

A 1 1/2 foot x 3 1/2 foot x 105 foot long stone retaining wall has been constructed in rear of the administration building and living quarters. This construction not only serves a very useful purpose, but adds materially to the general appearance of the headquarters area.

N.P.S. Visitor: Sup't. Bates Wilson and family on March 19.

Special Parties: 60 members of the Southern California Sierra Nature Club on March 21-22. The entire group camped overnight at the Spider Rock picnic area and were much pleased over the new campground facilities. All members expressed a desire to return as individual families during the coming summer months for the purpose of staying for several days. 45 made the trip into the canyons.

Easter Sunday Activities: Local School Officials assisted by de Chelly Park employees sponsored an Easter egg hunt for more than 300 school children at our headquarters campground area. Needless-to-say this was much enjoyed by these little tots.

~~Capulin Mountain~~ NATIONAL MONUMENT

~~Capulin, New Mexico~~

March 25, 1951

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr

Subject: Monthly narrative report, March 25, 1951

Visitors: About three hundred people have visited the Monument during the month of March, making a total of five thousand one hundred during the travel year and twenty four thousand three hundred for the fiscal year to date.

Weather: There has been a variety of weather thru the month. It was extremely windy for the first few days, then an extra cold spell with the thermometer reaching 12 degrees below zero one night. Have had about five inches of snow in March.

Flora and Fauna: A bunch of nine deer, mostly does, have been seen in the Monument area several times this month. Other wildlife in the area is in fine. Trees and shrubs are beginning to take on a tinge of spring green.

Roads and trails: The road has been maintained through the month and has been kept open to traffic every day, despite a few 10 to 12 in snowdrifts on the north side.

Special Visitors: To my knowledge there have been no special visitors during the month.

Information Pamphlets: About twenty pamphlets have been distributed to tourists during the month. Upon request, 250 pamphlets have been delivered to the Chamber of Commerce of Raton, 250 to the Chamber of Commerce of Clayton and 100 to the Port of Welcome at Clayton. Have about 16,890 on hand now.

Homer J. Farr

March 22

Memorandum

To:

The General Superintendent
Southwestern National Monument
National Park Service
Bureau of Land Management
Washington, D. C.

Subject: Report of Survey of 1911

Enclosed are two copies of report, dated 12, 1911.

Enclosed are also two copies of report, dated 12, 1911, showing the results of the survey of the monument, and a copy of the report of the survey of the monument, dated 12, 1911.

The report of the survey of the monument, dated 12, 1911, shows that the monument is in good condition, and that the survey of the monument, dated 12, 1911, was successful.

The report of the survey of the monument, dated 12, 1911, also shows that the monument is in good condition, and that the survey of the monument, dated 12, 1911, was successful.

The report of the survey of the monument, dated 12, 1911, also shows that the monument is in good condition, and that the survey of the monument, dated 12, 1911, was successful.

The report of the survey of the monument, dated 12, 1911, also shows that the monument is in good condition, and that the survey of the monument, dated 12, 1911, was successful.

The report of the survey of the monument, dated 12, 1911, also shows that the monument is in good condition, and that the survey of the monument, dated 12, 1911, was successful.

Very truly yours,
Chief of Survey

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

March 25, 1951

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Casa Grande National Monument
Subject: Monthly Narrative Report for March, 1951.

General: With the daily temperatures pushing the high eighties, the females of the species are breaking out in their deepest plunging necklines and their fanciest "bikini" sets. We have thought that a committee from Congress should make an investigation here....it would be most revealing. No objections.

In other words, the weather is great. The travel continues to be good; however, there is a definite shift from the winter-resident-type visitor to the early vacationers. The California visitors have really been hitting the area the past ten days due to their Easter vacation.

There is, however, another side to the weather picture; our drouth continues to be critical. The Arizona Republic brought the whole situation up to date with a report from Louis R. Jurwitz, the official weatherman for Phoenix, quoted, in part, as follows:

Stream flows from rainfall during the past five months, which normally accounts for 80 per cent of the annual runoff, dropped to from 3 to 9 per cent of normal..... Records at the Calva station (for) inflow into Coolidge reservoir show only 10,400 acre feet, of new runoff since last Sept. 30. That is 3 per cent of the normal annual total of 330,000 acre feet, and the amount of stored water is now so low that it will not flow through the gates..... The Salt River and San Carlos projects already are severely hurt-- San Carlos critically.... Cotton and produce growers may be compelled to cut planting in half because of the water limitations.

The old Casa Grande has really hit its style. The "mud hut", so often photographed and threaten by cameras, has been photographed for television. The National Broadcasting Company, doing a

[illegible]

study of the phases of the University of Arizona activities, had Dr. Haury and 25 archeology students make the trip from Tucson to be photographed with a photogenic ruin for a background. Just when the material will be televised we haven't heard, but imagine, Casa Grande on television.

Pinal County is a great place to live. Besides having wonderful weather, the Arizona State Employment Service's A News Letter tells of the excellent job opportunities-- clerical jobs starting salaries of \$300.00 a month; sounds good doesn't it? Even some of the cotton choppers find it such a swell place that they stay right around the year and draw unemployment compensation during the winter.

Weather: The steady pulse of daily temperatures in the mid and high eighties shows that "cooler" weather is on its way. This month there were 14 days of the 28 with maximum readings above eighty. The weather is so close that the cotton farmers are working round the clock getting the seed under the ground.

Number of days with temperatures above 80° -- 14

The highest maximum temperature -- 91°

The lowest minimum temperature -- 26°

Visitors: As usual, the travel for this month continues the trend of exceeding the same month last year. There were visitors from every state and territory except Rhode Island; lots of Canadians, of course; and a scattering from Austria, France, Germany, Switzerland, the Netherlands, and Pakistan.

	<u>1951</u>	<u>1950</u>
Visitors during March	4,759	3,880
Increase	879	
Visitors for Travel Year	24,491	22,226
Increase	2,265	
Servicemen in March	14	

Interpretive Service: A total of 2,798 people made the trip to the "ruins" in 216 groups, averaging 51.1 minutes per trip. There were 1961 visitors who made only a brief stop and did not see the "ruins"; we estimate that 70% of this group did see the museum.

Visitors of Note and Special Groups:

March 2, 1951 -- Cub Pack 47, Den 3, from Eloy, for a trip to the "ruins" and a wiener and spud roast.

[illegible]

Case 1:20-cv-00001 Document 1-1 Filed 07/20/20 Page 1 of 1

[illegible]

March 2, 1961 -- Trip back to New York City, New York. Arrived at 10:00 AM. Stayed at the New York Hilton Hotel. Spent the day in the city and returned to the ship at 7:00 PM.

March 6, 1951 -- 62 students from the 7th and 8th grades of Flowing Well School, Tucson, for a tour and museum visit.

March 7, 1951 -- Mr. Ray Overstreet, a representative of the Public Relations Dept. of the Phoenix Chamber of Commerce, for a "ruins" trip.

March 10, 1951 -- 3 French Air Cadets from Williams Field for a quick picnic and museum visit. They would have liked to have taken the tour, except they didn't understand English, and we don't speak French.

Mr. U. A. Ansan, Press Secretary for the Pakistan Embassy, Washington, D. C., took advantage of the usual services, the tour and museum.

March 11, 1951 -- 100 Knights of Columbus and their families from Eloy, Coolidge, and Casa Grande had a lamb bar-B-Q (that really smelled good); also took in the "ruins" and the museum.

March 15, 1951 - Dr. Haury, 25 archeology students from the University of Arizona, and four N. B. C. photographers; all all part of the plan to televise the Casa Grande as a backdrop for the University's archeology activities.

March 16, 1951 -- 30 members (mostly youngsters) of the Pilgrim Church for a picnic.

March 21, 1951 -- Messers Davis, Cornell, and Lassiter from the Regional Office for a "routine" check and inspection.

March 22, 1951 -- 38 members of the Pilgrim Church for a pre-Easter egg hunt for the youngsters in our picnic area.

March 24, 1951 -- 55 Seventh Day Adventist for a pot luck picnic; they shared apple pie and chocolate cake with the staff.

Administration and Protection: There were ten requests for information this month; the literature requested was mailed.

As per usual, the Adamsville site was walked over, and there was no new evidence of "pot robbing".

The continuing heavy travel keeps the maintenanceman busy just picking-up after the public; with the warm evening there has been a great increase in the use of the picnic grounds, and the maintenanceman spends more time policing the area.

Wildflowers and cacti blossoms: With the drouth there certainly will be fewer wildflowers, but nevertheless, the cycle is beginning. Around the monument the Creosote Bush is "busting out all over"; the Ocotillo buds look as though they are just about due to open. The poppies are starting to appear along the well-watered road drainage. There are no Cacti blossoms as yet.

March 17, 1912

Summary

To: General Superintendent
From: Superintendent, Grand Canyon
Subject: Report of activities of Gen. A. T. Bicknell, Superintendent during the month of March.

General Conditions.

Only 411 of 424 feet of water was received this month and one of the lowest during the period mentioned. There were some days with high winds. The stream temperature was 57 degrees and the wind was 10 degrees.

Administration

With only the Superintendent on duty during the month it was not been possible to do much more than just keep up with the regular work of administrative work. One trip was made to Gallup, New Mexico, and one to Flagstaff New Mexico for a short time survey. The conditions in the building were better than of which have ever been prepared for the area.

Personnel

Work on signs, maps, and general maintenance and repair of equipment has been carried on with the help of one qualified person.

Visitors

There is no doubt that a considerable number of people have been and will be here and conditions should hold up. The temporary shortage of personnel is the most serious problem at present.

Telegraphic Service

A report of telephone service was made to the public and received well.

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and try to understand what happened and why it happened. They use a variety of sources, including books, documents, and artifacts, to reconstruct the past. They also try to understand the people who lived in the past and how they thought and felt. Historians are interested in the history of the world because it helps us to understand the world we live in today.

Chaco Canyon National Monument
Bloomfield, New Mexico

March 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument
during the Month of March, 1951.

Weather Conditions

Only .01 of an inch of moisture was recorded this month and one of the driest seasons on record continues. There were many days with high winds. Our maximum temperature was 67 degrees and our minimum was 10 degrees.

Administration

With only the Superintendent on duty during the month it has not been possible to do much more than just keep up with the major items of administrative work. One trip was made to Gallup, New Mexico, and one to Farmington New Mexico for a wage rate survey. Work continues on the building report folders none of which have ever been prepared for this area.

Maintenance

Work on signs, roads, and general maintenance and repair of equipment has been carried on with the help of one unskilled Navaho assistant.

Visitors

Travel continues to show a considerable increase over last year and with improved road conditions should hold up. Due to the temporary shortage of personnel it has been impossible to contact all visitors.

Interpretive Services

A total of eighteen hours was spent in guide and contact work.

Approach Roads

Work continues on the road in from Highway 40 and is in the best condition it has been for some time. In a discussion with the Highway engineer he stated that although no work was scheduled on our southern approach that it might be possible to make a trip or two over it with the grader.

Mobile Unit

Archeologist Gordon Vivian and his crew of Navaho Workmen have moved to Gran Quivira for stabilization work.

Meredith M. Guillet
Superintendent

NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

March 28, 1951

Memorandum

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

There follows the Chiricahua Monthly Narrative Report for March, 1951:

WEATHER The month was typically March with strong winds and variable temperatures. Maximum temperature recorded was 73 degrees; the minimum, 14. Precipitation occurred on 6 days to bring the month's total to 1.60 inches of rainfall. Hail fell on the 27th.

SPECIAL ACTIVITIES Superintendent Cooke took Annual Leave on the 25th. and will be absent from the Monument until the 1st. of April. He plans to visit Carlsbad Caverns during the week of leave.

PUBLICITY Chiricahua received publicity this month in the March issue of FORD magazine. The article, written by author-photographer Weldon Heald, included the Monument as an outstanding attraction in the Chiricahua Mountains. Mr. Heald wrote at length as to why he has chosen this corner of Arizona for his new home the Painted Canyon Ranch at Portal, Arizona.

APPROACHES TO MONUMENT All of the approach roads into Chiricahua remained in good condition during March. Several cars travelled the road through Pinery Canyon with no difficulty. The Monument road was kept in excellent condition through the month.

CONCESSIONS Of interest to Chiricahua is the continued increase in guests at the Silver Spur Guest Ranch. Travel records for March show that 82 visitor days were spent at the Ranch. This, and the count for February of 101, is more than double the count for the same period of last year. It is also of interest to see the Ranch accept more reservations from Monument visitors for dinners and lunches. A few have been turned away in March but the percentage is a great deal lower than it has been in the past. This is gratifying inasmuch as there is no other restaurant within forty miles.

INTERPRETIVE SERVICE Three illustrated lectures on Chiricahua were presented this month. Superintendent Cooke spoke to an audience of 14 for one hour at the Silver Spur Guest Ranch on the 11th. and again for the same period in the museum to 14 on the 17th.

[illegible]

THESE ARE THE ONLY TWO COPIES OF THE DOCUMENTS IN THE
 COLLECTION OF THE NATIONAL ARCHIVES AT COLLEGE PARK, MARYLAND

Ranger Gaynard held a one and one-half hour lecture in the museum on March 24. The use of the museum for these slide lectures has proven to be very satisfactory. With proper seating arrangements, the room will accommodate 35 visitors. On the two showings this month, a "slide-swap" session was held after the service talk and slides owned by campers and visitors were run off for the interest of the group. Both lectures were warmly received and the "slide-swap" sessions were thoroughly enjoyed by all. Camper use has been heavy and 25 were in attendance at the show of the 24th.

The Sierra Club of Southern California camped at Chiricahua from the 21st. to the 23rd. with 29 members in the group. On the evening of the 21st., a campfire meeting was held with Superintendent Cooke giving a talk of one-half hours duration. The Club was likewise entertained on the evening of the 22nd. and taken for a conducted trip through Echo Canyon and Heart Of Rocks that day.

Contacts in the museum totaled 1429 visitors in 410 parties.

Twenty visitors enjoyed the use of the Chiricahua Nature trail. One conducted tour of the trail was made with three visitors.

One conducted auto trip through the Monument was made with five visitors. Four conducted walks on the Massai Point loop trail was made with twenty-four visitors.

TRAVEL Travel for the month of March showed an increase of 8.7% over March of 1950. The total number of visitors was 1575 and gave a 15% increase over the previous month. Chiricahua is now 304 behind the travel year total of 6969 recorded this date in 1950.

Last year's travel year totals showed a 92% increase in campground use over that of 1949. From all indications, this year's count should again double the previous year's figures. March brought a very heavy use of the camp site including many trailers. Total visitor days on the campground was 391.

Although Chiricahua is behind last year's count on total visitors, the Monument is 2 ahead on total visitor days. For the month of March 1951, the figures are 2058 total visitor days. For March 1950, that same total was but 1647. This would certainly indicate that although we have fewer individual faces on the Monument this year, the area is being used more heavily and more personnel time is necessarily spent with the public interest.

RANGER SERVICE Some Ranger time was spent during the month on the Monument signs on approach roads. These have almost entirely been covered and work has started on those signs inside the boundaries. With the Sierra Club visiting the area, and with heavy camper use and increased travel, a good share of Ranger hours was given to the visitors.

Letters have been sent to several Universities for applicants for the Seasonal Ranger position at the Monument. To date, only one man has made application. Neighboring ranches and towns are being surveyed for a man to fill the Fire-guard position. This job likewise has received but one application.

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico

March 23, 1951

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

This month, for the eighth consecutive month, there was a large increase in visitors. There were 109 visitors who came in 46 automobiles. Of these, 77 took a trip around the Rock in 29 parties. 38 persons in 13 parties had a orientation talk, and 8 people in 3 parties went on top of the Rock.

The weather has been typical for March - like summer one day and like January the next, but with very little wind. The maximum was 64 degrees and the minimum was a minus 5 degrees Fahrenheit. There was .46 of an inch of moisture.

With the cooperation of Superintendent Bright and Ranger Morris, we have our picnic tables and fireplaces well under way. Those at Canyon de Chelly lent us their forms and Bob Morris came with them and got us started.

Some time has been spent working on the Master Plan.

Considerable trouble with the light plants again. When the technician made his monthly checkup, he got them both running but one is running fairly well now and the other is down again.

Again this month, the technician spent hours working over the radio, but to no avail. No matter how loud I scream, the answer from WYU is that all they can hear is a hum. By now we know lots of things that are not the matter with the radio and eventually we hope to find the trouble.

Our large sign at the entrance gate was repainted this month.

The floors in the office and residence were refinished.

1) 1)
The rest of the coal was shoveled from the coal bin to the truck and from the truck to the basement.

Some, but very little, research was accomplished.

National Park Service visitors included Bob Morris, John Davis, Mr. and Mrs. Bates Wilson, Dr. Lassiter and Mr. Kell.

On the night of the 17th of March, shortly after 6:00 p.m., some young people came by to tell us of a serious automobile accident approximately one mile from our headquarters. They said that some of the people appeared dead, but that they had not stopped. After telephoning the Juni hospital, getting some sterile cloths, flashlight, first aid kit and others, the superintendent jumped in the pickup and went to the scene. It was one of the most ghastly accidents that one can imagine. We have all heard the expression "blood and brains all over the street" - such was literally the case. After a quick survey of the situation and finding the living persons were in need of blankets for it was a very cold night, the superintendent came back home, secured blankets, hot water bottle and the like and telephoned the Juni Hospital again, the State Police who promised to send a wrecker and an ambulance immediately and then returned to the scene of the accident. Counting an unborn child who died as a result of the accident, there were 9 persons in the car. Five of them died!! The automobile was as complete a wreck as I have ever seen, even the rear axle housing and differential was off the car - in pieces! The superintendent was on the scene helping out as he could until nearly 1:00 a.m.

While at the scene of the accident, a passerby reported to the superintendent that there had been another accident 7 miles down the road but the injured had been cared for. Upon returning home and while making my report to the State Police Officer one of our nearby residents interrupted our telephone conversation to tell us that one of our neighbors was involved in the other accident and was in serious condition in Grants. A few minutes later we heard that the man needed a transfusion, so the superintendent offered his blood as it was of the same type. The hospital in Grants was telephoned. No blood was needed at the moment, they had enough, but the superintendent was to stand by ready to go to Grants should they need more. In a few hours, the man was transferred to Albuquerque where he died.

One of the most touching aspects to this superintendent was the fact that there was a little boy just the age of our boy, wearing an exact duplicate of our boy's jacket, who lay

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT

crushed to death under the car. There were many other pitiful happenings; one woman who could scarcely move kept asking for her boy who was under the car and her husband who was less than 10 feet behind her also dead; a severely injured man trying to comfort his wife in terrible agony. Because they were all so severely injured and because of instructions and orders from the hospital we did not attempt to move them. We kept them covered with blankets, bandaged their wounds, applied hot water bottles and helped where we could.

Irving McNeil, Jr.

Irving McNeil, Jr.
Superintendent

1. The first step in the process of the investigation is the identification of the problem. This is done by the investigator who is assigned to the case. The investigator will then gather information about the problem and the people involved. This information will be used to develop a plan of action. The plan of action will be implemented and the results will be evaluated. The investigator will then report the results of the investigation to the appropriate authorities.

Gran Quivira National Monument,
Gran Quivira, New Mexico

March 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Gran Quivira
Subject: Monthly Narrative Report for March 1951

Weather. Traditional March winds dominated the weather scene most of the month. Fields under cultivation provide for a heavy dusty carry which is referred to locally as "moving real estate". Two small amounts of moisture were received, .15 of an inch on February 26 and .25 of an inch on March 10. Average maximum temperature was 55 degrees with minimum temperatures averaging 33 degrees.

Visitors. Miss Esther Quackenbush, Albuquerque, and Mr. W.W. Whitehead, Washington D.C., representatives of the American Automobile Association, on the 23rd.

Inspections. General Superintendent Davis and Regional Engineer Lassiter inspected the monument area on March 2.

Ruins Stabilization. The project of stabilizing San Buenaventura mission got underway with the arrival of Archeologist Gordon Vivian and a crew of nine men on March 21. Work was begun on the interior of the nave and is progressing satisfactorily.

Maintenance and Rehabilitation. The completion of the deep well project was postponed when sucker rods broke near the bottom of the well. Repairs are underway and this unit should be in operation in about a week.

Minor repairs were made to both monument vehicles. The 1 1/2 ton stake was painted and a new trailer hitch welded on the pickup.

Two additional loads of gravel were spread on the mission trail and maintenance continued as usual on the entrance road.

Approach Roads. Despite heavy shifting of sand road conditions have been good. The Mountainair road has been bladed twice and the Carrizozo approach has had maintenance this month. An increased amount of travel has been using the east approach from Corona and comments indicate it an improved road.

Journal of Management Education 30(6)

W. J. Williams, Director, U.S. Department of the Interior, and Dr. J. H. Thompson, U.S. Geological Survey, Washington, D.C.

On the subject of education, the report of the Education Commission, which was issued in 1964, is a study of the state of education in the country. It is a study of the state of education in the country. It is a study of the state of education in the country.

10-11-68

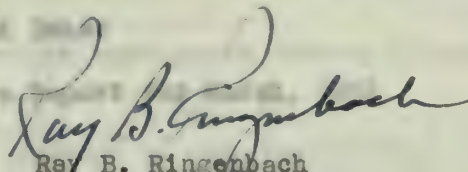

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is a result of the fact that urban areas offer more opportunities for employment and education than rural areas do. The process of urbanization has led to the growth of large cities and the decline of small towns and villages. This has had a significant impact on the way of life in the United States. The majority of the population now lives in cities, and this has led to a number of changes in the way of life. For example, the majority of the population now lives in multi-story apartment buildings or houses, and this has led to a change in the way of life. The majority of the population now lives in cities, and this has led to a number of changes in the way of life. For example, the majority of the population now lives in multi-story apartment buildings or houses, and this has led to a change in the way of life.

UNITED STATES

Travel Increase. Travel continued to increase this month by 22% over last year's visitation. 174 persons in 68 cars and motorcycles entered the area. Auto courts and hotels in the approach towns to the monument report that out of State travel is much heavier than previous years.

Interpretive Services. Twenty six guided tours were made with 119 visitors for an average of 43 minutes per trip. The self guiding trail trip was taken by 19 parties of 55 persons. 147 people went through the exhibit room and were given information.

Personnel. The Superintendent took 4 days of annual leave during the month. Nine laborers were hired by Archeologist Vivian for the ruins stabilization work and are camped on the monument.

Ray B. Ringenbach
Superintendent

Financial Activities

A check for \$100.00 was paid to the U.S. National Park Service for the month of March. The monthly salary of \$2,000.00 was paid to the U.S. National Park Service for the month of March. GREAT SAND DUNES NATIONAL MONUMENT
Alamogosa, Colorado

March 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for March, 1951

Weather Conditions

Continued drouth and wind marked March weather and restricted travel to a great extent. The entire precipitation for the month was 0.03, the monthly minimum was 3 above zero on March 3, and the maximum was 57 on March 22. Many San Luis Valley farmers will not be able to plant crops if the drouth continues and others who have wells for auxiliary water will plant only a part of the normal amount.

Special Activities

A trip was made to Monte Vista on March 22 to talk to REA officials about the prospects of an electric power line in this neighborhood. REA now plans to extend their present lines to the Zapata Ranch, our nearest neighbor, this next summer. This will put a line about seven miles from headquarters. A POP sheet is being prepared for addition to our construction program.

Decrease in Travel

Visitation continues to fall below that of last year. The decrease for March was 367 as only 356 people came to the area during the month. Windy, nasty weather had a great deal to do with the loss.

Rehabilitation

Very little was accomplished on rehabilitation this month as I was on leave for two weeks and the asphalt tile ordered from Denver has not yet arrived. A new door was constructed for the tool shed to make it weather tight and mouse-proof.

Maintenance

Eight man days were spent cleaning culverts on the entrance road and only about two more days of work will be required to finish the job. Thistles were burned along the fence at the monument entrance where they were causing sand to drift over the wires and above culverts where they might be washed by a rain to plug a culvert. Enough poles were secured to satisfactorily rebuild the fence around Mosca Spring and a broken pole in the fence at the entrance was replaced.

Interpretive Services

Two talks outside the monument were given during the month as follows.

The first was given to 23 members of the Alamosa High School Band and Orchestra Parents Club at Alamosa on February 26. The subject was "Desert Plants and Animals" illustrated with slides from Organ Pipe Cactus National Monument.

The second was given to 14 members of the Hiram Club at Superior, Arizona on March 15. The subject was "Great Sand Dunes National Monument" illustrated with slides from the area.

Research and Observation

A group of 11 bighorn sheep consisting of 9 ewes and 2 coming yearlings were seen about a mile above (east) of the monument boundary in Medano Canyon on a patrol trip on March 21. The entire group was in good condition and wintered very well.

Guide to the Turtles of Colorado was given to us for the library by the SWNM naturalists.

Approach Roads

Alamosa County continued to blade the approach road about every ten days. The spring thaws are just beginning in the San Luis Lake section but I do not believe that the road will develop the deep frost boils that it usually does in wetter years.

The monument section is in poorer shape than the remainder of the approach road. The absence of any binding material except sand makes it impossible to do much with a grader in such dry weather except redistribute the rocks.

Co-operating Agencies

Civil Air Patrol units from Alamosa and San Acacio spent

UNITED STATES

NATIONAL PARK SERVICE

February 25 making tests with their portable radio equipment to determine communications possibilities between here and Alamogordo. The walkie-talkie sets were effective for about 18 miles and they secured very fine transmissions with a 25 watt voice set on 2375 but have never been able to receive my transmissions on 5150.

Personnel

Jack R. Williams worked as laborer from February 27 until March 21 and took care of the monument while I was on annual leave. Jack accomplished a great many small maintenance jobs that have been piling up and his presence during my leave was very much appreciated.

My two weeks annual leave was spent visiting friends and relatives in Santa Fe and southern Arizona. I took 4 hours sick leave on February 27 for emergency dental work and 1 day on March 24 due to an attack of pleurisy.

Glen T. Bean
Superintendent

February 10 making tests with their portable radio equipment in
the same communication possibilities between them and the
the radio-telephone was effective for about 10 miles and they
secured very fine communication with a 100 watt radio set on 22.15
but have never been able to receive any transmissions on 22.15.

Personal

Jack E. Williams served as reporter from February 10 until
March 10 and took care of the account while I was on annual leave.
Jack accomplished a great many small and various jobs that have been
falling up and his presence during my leave was very much appreciated.

By two weeks annual leave was about visiting friends and
relatives in home to and about the island. I took 4 business days
on February 10 for emergency dental work and I left on March 10 due to
an attack of influenza.

Wm. E. Jones
Representative

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Montezuma Castle National Monument
Camp Verde, Arizona

March 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly narrative report, March 1951

Weather: Typical for March with days sunny and cloudy, windy and still, and temperatures ranging from a minimum of 21 to a maximum of 79. The first snow for this winter season fell on March 2, covering the ground with a three inch blanket. This snow melted in less than four hours.

Travel: With generally good weather throughout the state and due to the Easter vacation week, travel has been exceptionally good. Visitors numbering 3043, arriving in 869 cars, visited the monument. This breaks down into 2243 visitors and 652 cars for the Castle, and 800 visitors and 217 cars for the Well. Total travel to the area represents an increase of 685 people over March of last year.

Interpretation: Because of the large number of people visiting the area, interpretation was given priority over all other activities. During this report period, 777 persons were guided on 125 tours through the Castle. This represents special conducted tours for several large school groups along with the regular visitors. 700 people who did not take the guided trip received interpretive talks, and 1950 people toured the Sycamore Trail. At the Well, 150 saw the museum and 800 hiked the new Loop Trail.

As my guest, Jimmy Brewer of Tuzigoot presented an interesting illustrated lecture to about 20 members of the Camp Verde Lions Club on March 21. His talk and pictures covered archeological areas in Arizona.

New editions of the Montezuma Loop Trail and of the Sycamore Trail pamphlets were received and placed in service. Both of these pamphlets are excellently prepared and reflect credit on the Region naturalist staff. It is noted that these guide booklets are rapidly becoming more and more popular and that people are beginning to actually demand them. This was strongly brought to our attention during the middle of the month when our stock of booklets was gone.

During the past week, the Washington Field Office has been actively engaged in a series of studies of the wildlife resources of the National Park Service. The results of these studies are being compiled and will be reported to the National Park Service in a series of reports. The first of these reports is being prepared and will be submitted to the National Park Service in the near future.

The first report, entitled "Wildlife Management in the National Park Service," is being prepared by the Washington Field Office. This report will discuss the current status of wildlife management in the National Park Service and will provide recommendations for the improvement of wildlife management. The second report, entitled "Wildlife Management in the National Park Service," is being prepared by the Washington Field Office. This report will discuss the current status of wildlife management in the National Park Service and will provide recommendations for the improvement of wildlife management.

The third report, entitled "Wildlife Management in the National Park Service," is being prepared by the Washington Field Office. This report will discuss the current status of wildlife management in the National Park Service and will provide recommendations for the improvement of wildlife management. The fourth report, entitled "Wildlife Management in the National Park Service," is being prepared by the Washington Field Office. This report will discuss the current status of wildlife management in the National Park Service and will provide recommendations for the improvement of wildlife management.

The fifth report, entitled "Wildlife Management in the National Park Service," is being prepared by the Washington Field Office. This report will discuss the current status of wildlife management in the National Park Service and will provide recommendations for the improvement of wildlife management. The sixth report, entitled "Wildlife Management in the National Park Service," is being prepared by the Washington Field Office. This report will discuss the current status of wildlife management in the National Park Service and will provide recommendations for the improvement of wildlife management.

The seventh report, entitled "Wildlife Management in the National Park Service," is being prepared by the Washington Field Office. This report will discuss the current status of wildlife management in the National Park Service and will provide recommendations for the improvement of wildlife management. The eighth report, entitled "Wildlife Management in the National Park Service," is being prepared by the Washington Field Office. This report will discuss the current status of wildlife management in the National Park Service and will provide recommendations for the improvement of wildlife management.

Page 2:

Visitors: On March 19, John Davis and Ralph Lassiter in regards to general administration of the area.

On March 19, twenty-eight students from Placer college, California, were conducted through the Castle.

On March 20, Superintendent Houston and party from Craters of the Moon.

On March 22, twenty-eight students from Reedley college, California, camped overnight at Montezuma Well and were conducted through the Castle the following morning.

On March 23, twenty-two students from Black-Foxe Academy, California, climbed that ladders.

On March 23, Kenny Saunders and Harold Marsh in regards to location of the Castle model and for the purpose of inspecting buildings.

On March 24, thirty executives from Brown and Biglowe Advertising Co., St. Paul, Minn., were given a special talk and conducted along the Sycamore Trail. These people were guests of Charles Ward, President of the Company, who owns several ranches in the Valley.

Signs: Archeologist White spent several days at Tuzigoot using the equipment there to complete entrance signs for both Montezuma Castle and Well. It is felt that these signs conform to Service policy, and they will be installed as soon as possible.

Personnel: Ranger Carl G. Murray resigned effective February 24. Until his position is filled, Harvey N. Koller of Camp Verde is serving as W. A. E. Guide.

Archeologist White entered on annual leave as of March 14 and will return to duty March 30. He is visiting his family in Mississippi.

JOHN O. COOK

John O. Cook
Superintendent

JOHN O. COOK

Navajo National Monument
Tonalea, Arizona

March 23, 1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Monthly Narrative Report for March, 1951

Travel: The last 10 days of this report period there have been so many visitors that it has seemed more like mid-July than March. For three successive days we had two trips a day to Letatakin (ranger guided, requiring 3 hours for a round trip), one trip a day to Keet Seel (a guided party but not guided by NPS representative) and one trip to Inscription House by horseback. There were 88 visitors traveling in 22 cars. 2 parties of 41 people camped overnight in the area.

One party from California, their time limited to three days, drove all night to and from Navajo in order to visit Keet Seel and Letatakin. Another party of two men drove all night, hired to visit Keet Seel the morning they arrived and left the same evening to return to California.

Weather: We have had only a few days of high wind during a reputedly windy month. The high for the month was 67° and the low was 9°; a total of .2 of an inch of precipitation.

Roads: Most of the roads leading to the area are in good shape. The very rough section of road between Dinkehotsso and Mexican Water, leading east toward Shiprock, has been partially repaired. The old sand trap located in Chinle Wash, that caught and held the runaway driver and even on occasion proved too much for the initiated, has been eliminated.

Publicity: The article appearing in the LOS ANGELES TIMES, February 16, concerning a trip to Keet Seel ruin, has brought over one hundred requests for detailed information.

Maintenance: An underground cable obtained from Albert Taylor was installed between the generators and the ranger Hogan. All automotive equipment and the road grader were serviced and nuts and bolts tightened. The radiator on the jeep was repaired.

A truck load of 30 juniper posts were cut, peeled and hauled to the Monument for use in marking the trails to Keet Seel and Inscription House Ruins. More steel reinforcing has been laid preparatory to pouring the concrete floor in the new garage. One trip to Flagstaff, the last trip having been made three months ago. Woodwork in the new bedroom was sanded. Two loads of manure was hauled for use in landscaping the area around the residence. 21 cards were added to the fact file.

Two trips were made to the Tuba City hospital with local Indians urgently needing medical attention. One case was that of a mother and six weeks old son, both quite ill with diphtheria. The other was a mother and two day old baby, the mother unable to walk after the child's birth.

Reportworthy Visitors: Mr. Harry Goulding of Goulding's Trading Post in famed Monument Valley.

ORGAN PIPE CACTUS NATIONAL MONUMENT
P. O. Box 33, Ajo, Arizona

March 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Organ Pipe Cactus
Subject: Monthly Narrative Report 1ml for March 1951

Weather

Several days of high wind killed any chances of a spring flower display and dried up the .03 inch of rain that fell on March 2. March was generally cooler than February with a low of 27 on March 4 and a high of 89 on March 14.

Special Activities

Archaeologist Al Schroeder and Don Jewell, from Lake Mead, spent March 10 & 11 in the area with the Superintendent and Ranger Leeding on a preliminary survey of sites. Material from Tolson type to Modern Papago were found in sites and we have high hopes for a complete study in the near future.

The approximate limits were located for the aerial survey but actual shooting has been delayed because of mechanical trouble with the aircraft of the Tucson firm.

Inspections

General Superintendent John Davis and Engineer Lassiter spent March 24 in the area on a general inspection.

Maintenance

General road maintenance continued most of the month and several days were spent on clean-up on the thru highway.

The front-end loader was checked and serviced for temporary loan to Saguaro National Monument.

Visitors and Special Groups

14 & 15 Ranger & Mrs. F. E. Benson and daughter and seasonal Ranger Pop Frost of Saguaro National Monument.

10 & 11 Archaeologist Al Schroeder and Don Jewell of Lake Mead National Recreational Area.

18 & 19 37 members of the Los Angeles Chapter of the Sierra Club were in on Nature Studies.

20 & 21 A Los Angeles State College group of 65 in on Nature Studies.

Travel

A slight decrease in through travel was probably due to the high winds and the short report period. Visitor use in the area held steady with 1,101 campers for the month. Average camp use of over 100 a day for the 18, 19, & 20th caused minor verbal complaints about facilities. Groups of up to 15 women could be seen lined up, waiting their turn, to use the one hole pit toilet provided for the campers. Others who couldn't wait took to the brush.

Equipment

Purchase orders have been received on the F.M. Radio equipment and a new pick-up for the area. Odd shipments are beginning to come in on the radio equipment.

Personnel

All personnel is again on duty after surviving the Flu bugs.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Saguaro National Monument
Tucson, Arizona

March 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Saguaro
Subject: Monthly Report, March 1951

General

March produced very cool and dry weather for Southern Arizona. Mean temperatures were generally below normal for the month and an all time low of 30° was recorded on March 18, in Tucson.

An inspection trip to the forested area showed that the snow-pack is quite well below that of other years. The South and West facing slopes are completely devoid of snow while on the North and East slopes only scattered patches remain. Unless we get several soaking spring rains, we must look forward to one of the most hazardous fire seasons in the history of the area.

Near the end of the month water from melting snows has at last reached Madrona Ranger Station and we expect to be able to pump water into the storage tanks.

Travel held strong throughout March with exceptionally heavy visitation during Easter Week. Most visitors are wondering when the cacti will come into bloom.

The new Cactus Forest Trail Leaflet published by Southwestern Monuments Association is extremely popular. About 99% of visitors purchase leaflets and only 9 out of the first 400 were lost.

The Spanish Trail Approach Road is almost completely graded and should be ready for the surface coat within thirty days.

Special Activities

General Superintendent Davis and Regional Engineer Lassiter made two trips to Saguaro on the 2 and 23 of March. Their first visit was cut short when word was received that Mr. Hendricks had passed away.

1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 26

1. The first of these is the fact that the Government has not yet decided whether it will continue to support the policy of non-interference in the internal affairs of other countries. This policy has been a cornerstone of our foreign policy for many years, and it is essential that we continue to support it. The Government has not yet decided whether it will continue to support this policy, and it is essential that we continue to support it.

in the section of the river which is now known as the "River of the South". The river is about 100 miles long and is the only one of its kind in the world. It is the only one of its kind in the world.

These two sets of the model were then subjected to a series of tests. The first test was a static test in which the model was subjected to a constant load of 100 lb. for a period of 24 hours. The second test was a dynamic test in which the model was subjected to a constant load of 100 lb. for a period of 24 hours. The third test was a static test in which the model was subjected to a constant load of 100 lb. for a period of 24 hours. The fourth test was a dynamic test in which the model was subjected to a constant load of 100 lb. for a period of 24 hours.

There is no doubt that the above information is correct and that the same is being furnished to the proper authorities for their consideration.

The new design of the building will be completed by September 1960.

the policy of the State of New York at that time. It is the policy of the State of New York to provide for the education of all children who are unable to attend school because of physical or mental disability. This policy is embodied in the Education Law of the State of New York, which provides that the State shall provide for the education of all children who are unable to attend school because of physical or mental disability.

REVIEWS 1993

Two other men, one of whom was a member of the same family, were also present. The two men who were present at the time of the shooting were the only ones who were not killed. The two men who were present at the time of the shooting were the only ones who were not killed.

Status of Private Lands

Negotiations are still underway with the State of Arizona to obtain state lands within the monument boundaries. The Arizona Land Office found that the list of lands submitted for exchange by the Bureau of Land Management does not fit in to the state's acquisition program. State officials are now working on a list of lands which would be more suitable to their needs.

Maintenance

Trail Laborer Arthur Garcia has completely repaired the trail from Spud Rock Cabin as far as the pasture gate on the trail toward Manning Camp.

Laborer-leadman Stansberry has been working on the Cactus Looproad supplying ballast to rough sections. An end-loader was borrowed from Organ Pipe Cactus which greatly speeds up this work. The ballast material is being applied to the road to make ready for addition of a dust palliative later in the year.

About twenty loads of ballast were applied to the corrals at Madrona Ranger Station to replace eroded materials.

Approaches to Park Area

Grading and installing of three culverts on the Spanish Trail Approach Road have been completed and we expect that oiling of the road should commence within a short time.

Cooperating Government Agencies

We have received word that the Division of Forest Pathology has been requested to continue their studies of the mortality rate in the Giant Cactus for another ten years. If an agreement is reached, certain immediate steps must be taken to preserve the identity of the check plants.

Donations

We received an excellent collection of rocks and minerals of this area from the Tucson Gem and Mineral Society. Special pains on this project were undertaken by Mrs. Serrano, the society president, and Mr. Foster, who did most in assembling the collection. These specimens will be exhibited at Monument Headquarters.

The Bureau of Land Management does not have a list of
 available lands. The Bureau of Land Management does not
 have a list of available lands. The Bureau of Land Management
 does not have a list of available lands. The Bureau of Land
 Management does not have a list of available lands. The Bureau
 of Land Management does not have a list of available lands.

0501-0011

From that time forth as far as the evidence goes on the trail found
nothing large.

It was found that the material was not
properly stored in the building and
was not properly protected from the weather.
The material was found to be in poor
condition and was not properly stored.
The material was found to be in poor
condition and was not properly stored.

Most twenty loads of ballast were applied to the surface of
bedrock for a distance of 100 feet on each side of the bridge.

It has been pointed out that the Division of Bureau Publishing has been requested to conduct investigations of a continuing basis in the field during the coming few years. It is suggested that certain immediate steps may be taken to improve the quality of the work done.

1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 26

These specimens will be retained at Bureau headquarters, and Mr. Foster, who did most of the collecting, will be notified of Bureau requirements. The material now deposited at this project will be retained at the University of Texas, Austin, the material now deposited at the University of Texas, Austin, and the material now deposited at the University of Texas, Austin, will be retained at the University of Texas, Austin.

Interpretive Services

A total of 2,995 persons in 936 parties were given interpretive service at headquarters. This amounted to a total of 216 hours for an average of 14 minutes per party.

Research and Observation

- March 8, First buds appear on Hedgehog Cactus.
" 19, Three Arizona Whitetail Deer in forested area.
" 23, Four rock squirrels drowned in the horse trough at Madrona Ranger Station attempting to obtain water. This indicates that drought conditions are already in force.

Various groups of javelinas have been observed by visitors during March.

Increase in Travel

A total of 5253 persons visited Saguaro National Monument in March. This represents a decrease of 647 visitors over last month and an increase of 454 visitors as compared to the corresponding month one year ago.

Visitors

- Feb. 28, Mr. Homer Boyd, Chairman, Pima County Board of Supervisors.
Mar. 2, Messrs. Davis and Lassiter, Santa Fe, New Mexico.
" 4, Messrs. Maurice Terrill and Dan Fowler, Look Magazine, Hollywood, Calif.
" 13, Glen and Lois Bean, Great Sand Dunes National Mon.
" 15, Mr. and Mrs. W.P. Hillman, Budget Officer, Region One Office, U.S.F.S., Missoula, Montana.
Mr. and Mrs. E.H. Myrick, Supervisor, Lolo National Forest, Montana.
" 19, Mr. Karl E. Pfeiffer, Dept. of Forests and Parks, Annapolis, Maryland.
" 23, Messrs. Davis and Lassiter, Santa Fe, New Mexico.
Mr. Al Yokkelson, Arizona State Land Office, Phoenix.

Ranger Service

Rangers Benson and Bryce got the telephone line to the forested area in working condition once more. This entailed the removal of many snags which had fallen on the line.

Ranger Benson made a trip to Organ Pipe Cactus to bring back an end-loader for use at Saguaro.

Investigative Summary

A total of 1,100 persons in 1950 received their first investigation. This represents a decrease of 100 persons from the 1,200 persons who received their first investigation in 1949.

Summary of Findings

There were 1,100 persons who received their first investigation in 1950. This represents a decrease of 100 persons from the 1,200 persons who received their first investigation in 1949. The decrease was due to a decrease in the number of persons who were investigated for the first time.

Various groups of persons have been identified by various other names.

Persons in Norway

A total of 1,100 persons received their first investigation in 1950. This represents a decrease of 100 persons from the 1,200 persons who received their first investigation in 1949. The decrease was due to a decrease in the number of persons who were investigated for the first time.

Persons

There were 1,100 persons who received their first investigation in 1950. This represents a decrease of 100 persons from the 1,200 persons who received their first investigation in 1949. The decrease was due to a decrease in the number of persons who were investigated for the first time.

Persons

There were 1,100 persons who received their first investigation in 1950. This represents a decrease of 100 persons from the 1,200 persons who received their first investigation in 1949. The decrease was due to a decrease in the number of persons who were investigated for the first time.

There were 1,100 persons who received their first investigation in 1950. This represents a decrease of 100 persons from the 1,200 persons who received their first investigation in 1949. The decrease was due to a decrease in the number of persons who were investigated for the first time.

UNITED STATES

DEPARTMENT OF THE INTERIOR

Police Protection

. A local "Rod and Gun" columnist beckoned javelina hunters to try the south slopes of the Rincon Mountains in an article in the "Arizona Daily Star". We are not sure what will be the outcome of this article, but as of this writing no infractions have been discovered. Apparently most hunters in this area have become acquainted with the monument boundaries. Boundary patrol by rangers have been maintained throughout the month.

Forest Fire Control

Preparations are being made for the coming fire season. The telephone line into the forested area was restored to operating condition, radios were repaired and new batteries installed, and the annual inspection and repair of fire tools was commenced.

Personnel

Trail laborers Ralph Brito and Arthur Garcia entered on duty on March 1, 1951. Laborer Brito resigned as of March 9, 1951.

Samuel A. King

NATIONAL PARK SERVICE
Tonto National Monument
Roosevelt, Arizona

March 29, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, lml, Tonto, March 1951

Weather. Cold early in the month, with a 1 inch rain and snow March 2. Warm week during Easter vacation, cold and .8 inch rain March 26.

Roads. Good most of the month. Apache Trail was rough due to the usual breakdown of the State highway grader, and to heavy travel. The Monument entrance road is in good condition, as Sanders bladed it earlier this month.

Visitors. Mr. Ted Sayles, Curator of the Museum of Arizona, Tucson. Dr. Ernst Antevs, of the Carnegie Foundation, Paleozoic Geologist, of Globe, Arizona. Stan Davis, Lolliesgard Specialty Company, Tucson. Evelyn Sharp & Mrs. C. C. Sharp, Compton, California, and Cristobel Brandt, Zion, Illinois. Mr. & Mrs. Fred Young, Matuna, Texas. Sierra Club of California, about 6 cars, on March 24.

Travel. 2402 visitors in 703 cars. 85 less persons than March 1950.

Nature Trail. After many delays, the leaflets were finally received from the trucking company, and the trail will be operating very soon.

Building Fire. The trailer house quarters near the Museum, occupied by Archaeologist Pierson and family, were completely destroyed by a fire which started at 4:15 March 5, in the afternoon. The house was too hot to enter in about 10 minutes after it started to burn, and was burned to the ground in about 45 minutes. It was finally decided that the failure of the l.p. gas regulator permitted gas to escape under pressure, which gas was ignited by the pilot light from a hot water heater. No one was injured, but considerable property was lost. Any area having this type of war surplus expandable trailers is hereby warned that they are bad fire traps, and extreme precautions are urged.

NATIONAL PARK SERVICE
Grand Canyon National Monument

Inspections. General Superintendent Davis spent most of March 26 here going over various administrative questions. We regret that Regional Engineer Lassiter had to miss this time.

Wildlife, and Flora. First Gila Monster of the season was observed by Pierson on March 26. The warm weather of Easter week apparently encouraged the Gila Monster and a lot of wild flowers to come out. Now blooming are Lupines, California Poppies, Spiderwort, Desert Hyacinth, Indian Paintbrush (*castilleja integra*), Alfilaria, Eriogonum, and others. The brittlebush and hedgehog cactus are about ready to bloom here, and the ocotillo. It was too dry a winter for the large hillside displays, but there will be a good many scattered flowers.

General. Three days were required to restore utilities and clean up after the fire, including obliteration of the building site. Mrs. Frazier of Roosevelt kindly offered the use of one of her houses which was temporarily vacant, and Piersons have been living there this month. The neighbors have been very helpful in this emergency.

Visitors have kept us busy, but some time has been found to improve signs and carry on maintenance. One road sign which seemed to be superfluous, has been taken down.

Charles C. Sharp
Superintendent

Enclosed for the Bureau are two copies of a letterhead memorandum (LHM) dated and captioned as above. The LHM was prepared by the [redacted] and is being furnished to you for your information and guidance.

Special Agent in Charge

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

March 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tumacacori
Subject: Superintendent's Monthly Narrative Report for March, 1951

Weather: Temperature ranged from a maximum of 81 on the 13th to a minimum of 19 on the 4th - both a lower high and a lower low than ~~then~~ we had in February. Precipitation was .09", compared with the average of .40" for the last 13 years.

Visitor Travel: A total of 5,488 visitors set a new March record for Tumacacori, over 26% higher than the previous March high of 3,507 in 1950. The past 12 months has brought over 34,000 visitors to Tumacacori, which is distinctly a record year.

Interpretive Service: 1,908 persons went on 284 guided trips through the mission church and grounds, receiving an average of 38.1 minutes per trip. 5,307 persons received combined Information and Interpretation service, and 5,268 saw the museum and patio garden.

The average time spent per trip, 38.1 minutes, is in part an indication of the tone of visitor interest. This time is quite high, and compares with an average trip time of 35.45 minutes during the past 64 months.

Museum and Education: On March 1 the mimeographed trial run of the "Patio Garden Guide" nature trail leaflet was set in operation for users of the mission type patio garden here. So far the most conspicuous result of the use of the leaflet has been the fantastic rate at which visitors carry ~~xxx~~ the leaflets away with them when they leave the monument. A good many people have been seen using them in the garden, and apparently enjoying them. Many favorable comments have been received, but there are also a lot of people who just grab a leaflet and fold it, unread, and stick it in a pocket to carry away as something else that is free. That is to be expected, however, for an area that receives so many very casual "dropins".

Little free time has been available for continuing work on bringing library card files up to date, or for fact file work, but from time to time a little is accomplished.

Visitors: ~~xxxxxx~~ February 28 - Tad Nichols, well known to most Arizonans for his outstanding photography, was in taking pictures.

March 3 - A group of 37 from the Brandeis School, Tucson.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is a result of the fact that urban areas offer more opportunities for employment and education than rural areas do. The process of urbanization has led to the growth of large cities and the decline of small towns and villages. This has had a significant impact on the way of life in the United States. The majority of the population now lives in urban areas, and this has led to a concentration of people in a few large cities. This has led to a number of problems, including overcrowding, pollution, and traffic congestion. The process of urbanization has also led to the decline of rural areas. This has led to a loss of jobs and income for many people who live in rural areas. This has led to a number of problems, including poverty and unemployment. The process of urbanization is a major factor in the development of the United States. It has led to the growth of large cities and the decline of small towns and villages. This has had a significant impact on the way of life in the United States. 1. The Commission, after the first year of its work, is of the opinion that the Commission should continue to exist for a period of two years, and that it should be reconstituted at the end of the second year.

Administrative Summary: The Bureau has been advised by the FBI that the following information was received from the FBI on 10/10/68:

The average size of the fish was 10.5 inches, and the average weight was 1.5 pounds. The fish were caught in the same area as the previous year, and the catch was similar.

1. The following information is being furnished to you for your information only. It is not intended to be used for any other purpose.

March 4 - William W. Drewry, Jr., President of Drewry Photocolor Corporation, Glendale, California.

March 12 - Ranger and Mrs. Sydney Jameson and daughter, of Casa Grande National Monument.

March 15 - Dr. H. D. Harrington, Colorado A. & M. College.

March 21 - Tom Lockhart, Field Supervisor, Water Resources Development Corporation.

Inspections: Assistant Regional Director Cornell, General Superintendent John Davis of Southwestern National Monuments, Regional Engineer Lassiter, were in for monument inspection on March 22, and for a conference with representatives of the Arizona State Highway Department and the Bureau of Public Roads with regard to location of the widened right-of-way for Highway 89 where it passes the monument.

Personnel: Maintenance laborer Ramon S. Orozco was terminated here on February 28, C.O.B. The following day Ollie Barney Jr. entered on duty, through intra-agency transfer from Saguaro National Monument, as maintenance-man here. His services to date have been quite satisfactory.

Maintenance: Routine maintenance work has been kept current, including a great deal of watering of plants. A stockpile of fine quality cement sand was hauled. Ranger and Mrs. Henson spent their version of a day off period in painting the bedroom of Residence No. 2. Charles La Plante was hired for two days to work with maintenance-man Barney in pulling our pump, replacing the leathers, getting 30' of drop pipe welded where rust holes had eaten through it, and putting the system back together. All steps in the museum building were given a new coat of aluminum paint, as a public safety factor. Barney has been doing a lot of work in the museum with the extremely tedious carpentry necessary to permanently stop light leaks and condition the interior for a new paint job, which is to be done soon. The superintendent has done quite a bit of necessary "puttering" in the patio garden, including instruction to the new maintenance-man, considerable pruning, and fussing over the plants to get them to present as handsome a front as possible for the visitors. Four additional shrubs (*Myrtus compacta*), some Columbines, several Jojobas, and a bed of Dwarf Alyssum, were planted in the Patio garden. Dwarf Alyssum was planted (from cold frame) to form a border on either side of the entrance to the museum building.

General: We are all so busy here that by contrast a one-armed paper hanger with the hives would look like a study in slow motion. We are well aware that the almost fantastic increase in visitor attendance of the last two months is not due entirely to increased public appreciation of the merits of the area. Much of the increase has been caused by the additional highway signs which were put up on February 1. However, while March of this year brought about 26% higher total attendance than for the same month a year ago, the percentage of visitors going on guided trips through the church and grounds increased by over 28%. So our visitor increase is by no means limited to "casuals". High tone of visitor interest is shown, not only by time spent on guided trips, but by number attending them.

1. The following information was obtained from the records of the Federal Bureau of Investigation, Bureau of Prisons, and the United States Department of Justice, Office of the Inspector General, regarding the activities of the following individuals:

[illegible][illegible]

UNITED STATES
DEPARTMENT OF THE INTERIOR

Recently, in talking with Tom Lockhart, field supervisor in this area for Dr. Irving Krick's "Water Resources Development Corporation", which is only one aspect of Dr. Krick's activities, we rounded out our picture of what the corporation is doing in Arizona. The rain-making work of this firm is represented in Arizona by only the Southeastern corner of the state, an area bounded on the west by an imaginary line running north from Sasabe to Randolph (SE of Coolidge) thence eastward on a line through Safford to the New Mexico border.

Foundry coke, soaked in silver iodide, is fed into a small hopper and in turn into a small electrical furnace lined with fire brick. An auto storage battery provides the current. The silver iodide, heated, vaporizes, rises above the furnace, promptly crystallizes, then is carried upward to the clouds solely by normal convection currents. The particles then provide extra nuclei around which water vapor can condense until it becomes heavy enough to precipitate.

The generators are portable, and are set out at various strategic places, and operated by non-technical people, who start the furnaces going on telephonic instructions from field headquarters. The generators are not used in any attempt to "make clouds rain." They are used, according to Lockhart, only when the clouds are going to rain anyhow. In other words, the use of the generators is intended only to cause more rain to fall than would fall normally.

Various ranchers and civic groups pay the company a stipulated minimum, with a bonus for rainfall which is above normal. Operations in Arizona commenced on January 1, and are to continue at least through this calendar year.

Well, I hope rain-making efforts meet with more success than they seem to have so far in this district. We are still suffering from a terrible drowth. Me, I'm on the fence, as to whether silver iodide or Hopi prayers are the more efficacious.

Earl Jackson
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

March 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tusigoot
Subject: Report 1ml, March 1951

There follows a narrative report of activities in this area.

GENERAL

Excellent weather prevailed throughout the month and March, as usual, marked the beginning of the popular visitor season, highlighted by an earlier than usual Easter vacation and an upsurge in travel toward the last of the month with Californians dominating out-of-state entries. There was a slight decrease in number of visitors over the corresponding month in 1950 but our total for the year continues to run ahead of last year.

VISITORS

1224 visitors in 401 cars. This compares with 1338 visitors for March 1950. 1157 visitors in 382 parties were contacted and oriented in the museum. 1169 visitors in 388 parties made the trip through the ruins.

N.P.S. VISITORS

Archeologist Art White, Montezuma Well, on March 8 and 9, using our shop to rout signs for his area.

General Superintendent John M. Davis and Regional Engineer Ralph Lassiter on March 19, who spent half a day reviewing on the ground and making minor revisions in our trail plans, as also inspecting constructions projects.

Mr. and Mrs. Sam Houston, Craters of the Moon National Monument, on March 20.

Architects Saunders and Marsh paid us an unscheduled visit on March 22.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
WILSON NATIONAL MONUMENT
COLUMBIA, MICHIGAN

March 12, 1931

Memorandum

To: General Superintendent, Grand Staircase National Monument
From: Superintendent, Tullahoma
Subject: Report of March 1931

There follows a narrative report of activities in this area.

GENERAL

Excellent weather prevailed throughout the month and March, marked the beginning of the winter season. Activities in the Grand Staircase National Monument were limited by an earlier than usual winter season and as a result the work of the month was limited to the maintenance of out-of-door exhibits. There was a slight decrease in number of visitors over the corresponding month in 1930 but our total for the year continues to run ahead of last year.

VISITORS

1931 visitors in all cases. This compares with 1930 visitors for March 1931. The statistics in this report were obtained and entered in the museum. 1931 visitors in the Grand Staircase were 1931 through the year.

W. N. M. VISITORS

1931 visitors in all cases. This compares with 1930 visitors for March 1931. The statistics in this report were obtained and entered in the museum. 1931 visitors in the Grand Staircase were 1931 through the year.

OTHER FEDERAL AGENCY VISITORS

Dr. Gardiner, Messers Griswold, Carrol and Christenson of the Soil Conservation Service Regional Office, Albuquerque, New Mexico, on March 7.

REPORTWORTHY VISITORS

Mr. and Mrs. C. E. Dodge of Phelps Dodge Mining Corporation, Main Office, New York, with Mr. W. W. Little, General Manager of Phelps Dodge, Jerome District, on March 12. Mr. Little has lived in Jerome the past three years and this marked his first visit to Tuzigoot.

Mr. Horace Griffin, newspaperman, accompanied by Mr. R. K. Duffey, Chief Clerk, Phelps Dodge, Clarkdale, on March 13.

ORGANIZED GROUPS

On March 23 an Easter vacation tour of 20 boys from the Black-Foxe Military Institute, Los Angeles, accompanied by their supervisors - Captain Marmaduke and Captain Krepps. Included in the group, ranging from 9 to 15 years of age, was the son of Joe Dimaggio of baseball fame.

IMPROVEMENTS

The county bladed the approach road on February 26.

A new entrance sign was installed on February 28.

Boxed archeological material was moved to dead storage space in the loft above the women's rest room.

Plumbing in the office sink was improved, the drainboard repaired, sanded and given two coats of drainboard enamel.

VISUAL AIDS

During the month we received from the Naturalist Division a set of 46 projection slides covering areas in Region Three which will form the basis of a slide library for the monument.

SPECIAL TALKS

Using the above-mentioned slides, the Superintendent entertained the Camp Verde Lions Club, 25 strong, on the night of March 21.

COOPERATION WITH CIVIC GROUP

A sign bearing the caption "Boy Scout Grand Canyon Council Headquarters" was routed, painted and installed in Clarkdale for the benefit of the local organization.

UNITED STATES

DEPARTMENT OF THE INTERIOR

RESEARCH AND OBSERVATION

Mr. Richert, in company with Mr. Milton Wetherill, cooperating with the Museum of Northern Arizona, spent most of his lieue days during the month in preliminary archeological surface survey of a number of sites on Coffee Creek and the Verde River. Interesting Hohokam sites are showing up along the Verde which have not previously been reported on the former Gila Pueblo or present MNA surveys. Although presence of the Hohokam in the Verde has been known for some time, greater density and wider boundaries are now indicated. It is significant to note that scored red-on-buff sherds of either Gila Butte or Snake-town Phases of the Pioneer Period, red-on-gray of the same period, and early northern intrusives are present.

Along Coffee Creek, which is part of the Oak Creek-Verde drainage, basin-shaped metates with corresponding "rocker" type manos, percussion flaked choppers and planers, snub-nose and thumb-nail scrapers, some of which show patination, are eroding out of what might be an old land surface. Fire hearths are present and pottery is absent, implying a food-gathering or hunting complex. Typologically, the material is a "dead ringer" for Chiricahua Stage of the Cochise Culture and equates with the Dry Creek Site. Unfortunately, little is known as to the culture of the early Yavapai, but if the above is not Yavapai, then it is tempting to suggest the existence of a Paleo-Indian migration route along the Verde dating before the Christian era. This conclusion must rest, of course, with the geologist or climatologists who are best equipped to analyze the factors surrounding the clayey soils and gulleys bearing these artifacts, since it is a problem of alluvial chronology.

J. W. Brewer, Jr.

J. W. Brewer, Jr.,
Superintendent.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

March 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Report, March, 1951

Visitors this month 1026; travel year to date 6223.

General March came in like a lion with about sixteen inches of snow - the heaviest storm of the year. Stormy days reduced travel. There were nine days with less than ten visitors and of these, three days when there were no visitors. Considerable snow shoveling was required to keep the trails open.

Personal On March 13 Ranger Wilde reported for four days active duty in the Air Force. During this time he was processed preparatory to entering on extended active duty on March 29. Since returning from his four days active duty, Captain Wilde has been on annual leave for a visit with his parents in Utah.

Use of Monument Facilities by the Public There were 1026 visitors who came in 349 cars. Of these 877 visitors were contacted in 290 groups. Museum visitors totaled 958 in 316 parties. There were 7 picnic parties totaling 49 people. One enthusiastic group of visitors without overshoes walked around the "Island" in 16 inches of snow and said they had a wonderful time.

Maintenance and Improvements Two ash trays were made from building tile for the museum.

Trucks hauling high loads broke our telephone line twice where it crosses Highway 89. We have learned that the line is lower than the 18 feet required for a highway crossing and have made plans for raising it.

Moulding was installed on two window screens and the frames of five screens were painted.

Equipment Two surplus field telephones were received from the Forest Service in Santa Barbara, California. Enough wire has been received

from another monument so that we can place one of the phones across Walnut Canyon for use in fire control.

A siren was removed from our pick-up and transferred to Organ Pipe Cactus.

A telescope was transferred to Tonto.

Installation of our furnaces was completed on March 16 and a Project Completion Report was submitted.

Interpretation Our project to mount herbarium specimens was completed with 43 specimens mounted and folders prepared for them. Eighty-six Ethnobotany Fire Cards were prepared and the same number of common name cards. This project has been suspended pending the receipt of more cards.

Investigation of the University was completed on April 18 and a Positive Certificate Report was submitted.

1. The first step is to identify the problem. This involves understanding the situation and the needs of the people involved. It is important to listen to all sides and to be open to new ideas.

SECRETARY OF THE ARMY

[illegible]

1. The first group of people who are interested in the results of the study are the researchers themselves. They want to know how well the study was conducted and whether the results are reliable and valid. They also want to know how the study can be used to inform future research.

1. The first part of the report is a general statement of the purpose and scope of the study. It states that the purpose is to determine the effect of the new tax law on the income of individuals and that the scope is limited to the year 1964.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

White Sands

Box 431, Alamogordo, New Mexico

March 24, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendent's Monthly Narrative, Report No. 141

MARCH TRAVEL, 1951

TRAVEL YEAR DATE

Visitors, 9,670 Cars, 2,504

Visitors, 54,481 Cars, 14,042

GENERAL

For the second consecutive month we show a slight decrease in visitors. The weather, on the whole, has been very good. So good, in fact, that I think if we had a means to allow for early and late visitors we would pass even last year's mark. Little wind for this time of the year has made the entire month very pleasant. The high temperature for March was 89° on the 3-P-51 and the low was 21° on the 2-22-51. Ranger Chittum made one trip to El Paso for supplies and materials.

INSPECTIONS

In company with General Superintendent Davis and Regional Engineer Lassiter, a trip was made to Hog Canyon to inspect the area as well as check on the flow of water. It was found to be quite low, but even the low ebb would be ample for our needs for many years to come. Inspections were also made of various phases of our area, primarily the utility area and picnic area.

PUBLICITY

Our May Day and Fourth of July events always get a lot of publicity this time of the year.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Washington, D. C.

July 1, 1934

Mr. [Name]

Dear Sir:

I have the honor to acknowledge the receipt of your letter of June 28, 1934, regarding the matter of [Subject].

The National Park Service is currently reviewing the information provided and will endeavor to provide a prompt response.

Very respectfully,
[Signature]

Chief of the [Division]

Enclosed for your information are [Number] copies of [Document Name].

Sincerely,
[Signature]

Special Agent in Charge

The local radio station is giving local points of interest a plug on each announcement, for instance, "Radio Station W. A. L. G., the Voice of the White Sands", or "Lincoln National Forest", etc., and several times a day the White Sands is called to the attention of the radio audience.

The Southern Pacific and Rock Island & Pacific Railroad Co. had some tourist and department heads in, with some cameramen, for pictures. With Joan Davis as a very capable model, some excellent pictures were obtained. We appreciate Mrs. Davis' cooperation in helping out in this way, and, sooner or later, Paramount or M. G. M. will realize her abilities and we will have to find another model for our photographic friends.

COMPLAINTS

No complaints from the public have been received in either the Service or the Public Services Operator.

PAVEMENT

Slowly, oh, so slowly, we are getting many of our goals accomplished. This month we have put up a barrier in front of the Men's rest-room to keep youngsters from running directly into the roadway, which has always been the case. We have also added another entranceway to the Ladies rest-room, which will also add a major safety feature to our public use area, as well as supply a much shorter pathway from the concession to the Ladies room.

We are making headway, also, on our mud plastering, and it is showing up very well. Of course, it will require attention from time to time, but will look very nice and we cannot hope to do much with cement with the allotments we have. Joe is also keeping up with his roads and trails and we are slowly fixing up the parking area adjacent to the concession area, along with our headquarters area trails.

Picnic tables are still being repaired as we can get to them. I spoke last month of getting our highway signs fixed up and repainted for the summer travel season and we have about decided it doesn't pay. At any rate, two entrance marker signs, of the smaller type, were found missing after all our work. It seems old signs do not have the attraction of a pretty, newly-painted sign.

LOSERS & DECREASE IN TRAVEL

Five hundred less people, officially, this month than last March, out, as you hear the ten-thousand-visitor-per-month point, but is hardly noticeable, one way or the other. The old Sunday would sway the total one way or the other by that figure.

UNITED STATES

The Board of Directors of the United States National Bank, organized under the laws of the District of Columbia, and having its principal office in the City of Washington, D. C., do hereby certify that the following is a true and correct copy of the charter of said bank as the same appears in the records of the District of Columbia.

The United States National Bank was organized under the laws of the District of Columbia, and its principal office is in the City of Washington, D. C. The capital stock of said bank is \$1,000,000, divided into 100,000 shares of \$10.00 each. The bank is authorized to receive deposits of money, to loan money, to discount commercial paper, and to engage in all other banking business. The bank is organized for the purpose of conducting a general banking business, and is authorized to do so.

ARTICLE I

Section 1. The name of the bank shall be the United States National Bank.

ARTICLE II

Section 1. The capital stock of the bank shall be \$1,000,000, divided into 100,000 shares of \$10.00 each. The bank is authorized to receive deposits of money, to loan money, to discount commercial paper, and to engage in all other banking business. The bank is organized for the purpose of conducting a general banking business, and is authorized to do so.

Section 2. The bank shall have the right to purchase, receive, and hold real estate, and to mortgage the same for the purpose of securing loans. The bank shall also have the right to purchase, receive, and hold personal property, and to mortgage the same for the purpose of securing loans. The bank shall also have the right to purchase, receive, and hold any and all other property, and to mortgage the same for the purpose of securing loans.

Section 3. The bank shall have the right to make loans on the security of real estate, and on the security of personal property, and on the security of any and all other property. The bank shall also have the right to make loans on the security of the credit of any and all persons, and on the security of any and all other property.

ARTICLE III

Section 1. The bank shall have the right to make loans on the security of real estate, and on the security of personal property, and on the security of any and all other property. The bank shall also have the right to make loans on the security of the credit of any and all persons, and on the security of any and all other property.

 Ralph Lassiter, Regional Engineer, Region Three
 W. Lewis, Vice Head National Park Concessions
 Walter S. Young, Rock Island Railroad, Chicago, Illinois
 Ray White, Rock Island Railroad, El Paso, Texas

Re: General Superintendent

We are happy to have had these visitors and are looking forward to any more for Play Day and April.

Subject: Monthly Narrative Report - March and Forest Ranger Station

Weather: Dry weather conditions with a few light showers. The weather was fair and the wind was light. The temperature was in the 60s and 70s. The wind was from the north and the rain was light. The wind was from the north and the rain was light. The wind was from the north and the rain was light.

Current Status: The road from Forest Ranger Station to Hospital is being graded with a few more days of work to get the road in fairly good condition. The road was given a complete overhaul by the Forest Service crew in February. The road is in good condition. The road is in good condition. The road is in good condition.

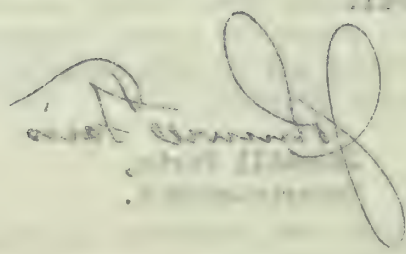

Investigative Services: With the Forest Rangers working with the crew on the road, the Forest Rangers are working on the road. The Forest Rangers are working on the road. The Forest Rangers are working on the road. The Forest Rangers are working on the road.

Results: Travel figures showed a decrease for the time around the road. The road was in good condition. The road was in good condition. The road was in good condition. The road was in good condition.

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

March 25, 1951

To: General Superintendent
From: Superintendent, Wupatki
Subject: Monthly Narrative Report - Wupatki and Sunset Crater National Monuments

Weather: Dry weather continues with no precipitation recorded during the month. Sunset Crater had a little snow the first part of the month. The loop road to Wupatki was cleared of snow March 11 and opened to traffic. A maximum temperature of 74 degrees was recorded on March 15 with a minimum of 16 degrees on March 4. The rain gauges over the area were read on Feb. 28 and data sent to the Museum of Northern Arizona.

Monument Roads: The road from Sunset Crater to Wupatki is being bladed with a few more days of work to put the road in fairly good condition. The grader was given a complete overhaul in the Forest Service shop in Flagstaff the first of the month. The dump truck is at present in the shop for overhaul and when it is returned work will start on claying bad sections of cinders near Sunset Crater.

Interpretive Services: With the Easter holidays coming early this year we had a sudden rush of visitors using the interpretive devices and taking the ruin trail. At Wupatki 262 visitors in 76 parties were contacted for an average of 24 minutes and a total of 30 hours.

Travel: Travel figures showed a decrease for the time around the first of the month and increased rapidly over Easter but we still end the month with a slight decrease over March 1950.

	Wupatki		Sunset Crater

NAME

TITLE

J. Carl Worthington
Acting Sup't.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

 NAME Everett W. Bright
 TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKEING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8H3) AND 9 (REPORT 9H3).

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

 TITLE *Superintendent*

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TITLE

3rd Lt.

REMARKS: (Please note below any factors influencing interpretive service, such as:
Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME *Fredrick R. Brueck*
TITLE *Superintendent*

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.
TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

April 26 1951

Memorandum:

To: General Superintendent
From: Superintendent Arches
Subject: Narrative Report for Month of April, 1951

Weather: We recieved two welcome rain storms this month
in which $\frac{1}{2}$ inch of percipitation fell.
It gave us a chance to grade all monument roads.

Travel: A 74% increase over the same period last year was
noted ; of the 2270 visitors for the month 990 arrived on Easter
Sunday.

Interpretive Services: Contacts of 920 people was made with a total
time of 65 hours,
Nineteen guided tours were made with an attendance of
210 people.

Special Activities: Easter Services were held at the Window Section
of the monument with 250 people in attendance.

Monument Roads: As of April 20th all road equipment operations ceased
due to lack of funds.

Approach Roads: Utah State Highway Maintenance crew bladed route # 93
twice this month; however due to lack of moisture the results were very
poor.

NPS Visitors: Ranger & Mrs EF. Uhte of Yosemite National Park
Chief Ranger, & Mrs L.W. Hallock Crater Lakes National Park
Ranger & Mrs Ray Dobbins Colo, National Monument
Superintendent Rose Mase Verde National Park

Local Activities: Road is under construction down the Colorado River
to the oil well and being built by the Americol Petroleum Co; seven or
eight miles is completed.

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 April 1961

Memorandum

To: General Superintendent

From: Superintendent Aztec Ruins

Subject: Superintendent's Monthly Narrative Report 1ml

Weather: For April, the weather has been windy and chilly, altho a number of nice warm days have kept our visitors coming with an increase over March of 30%. The nites have been cold, generally below freezing, and we have enjoyed a few lite rain storms.

INSPECTIONS: On the 17th, Architect Ken Saunders inspected the residence at Site #3, which was covered by his report of the 18th.

MAINTENANCE: Ruins stabilization work has been going on since the 2nd of April with a crew of 9 men under the direction of Raymond Kasey, Archeologist Aide. Capping of deteriorated wall tops in the NE corner of the ruin, and excavation of the south wall is well under way.

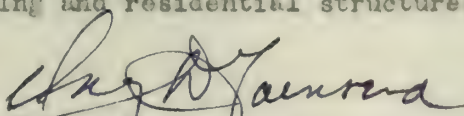

INTERPRETIVE SERVICE: There were 644 visitors in 131 parties conducted thru the ruins and 1078 visitors in 350 parties shown thru the museum.

BIRDWATCHING-OBSERVATION: Numerous transient arrivals of birds are noted with nesting activities going on. Capt. and Mrs. A. Rigg USCGS, Ft Worth were in the 22nd taking movies of birds in flight.

INCREASE IN TRAVEL: We are 6% ahead of April last year with 1078 visitors in 334 cars from 32 states and Wash. D.C.

VISITORS: On the 25th, A F Houston, Supt Craters of the moon; on the same day, F E Minnigter, Supply and Credit, Wash D.C. April 20, Harold Batoliff Region Three and L W Mallook Crater Lake, Oregon visited. April 21, Supt. Bobt Rose, Mesa Verde dropped in and Mr. W. Griffin and Family, USIS, Shiprock Agency visited.

BUILDING FIRE PREVENTION: All soda acid fire extinguishers have been refilled in the museum Building and residential structures.

BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

TO: The National Park Service, Washington, D.C.
FROM: Superintendent, Bandelier National Monument
SUBJECT: Narrative report for April, 1951

The weather for the month of April was generally clear and sunny with a total of .23 inches of moisture was received on four days. The rest of the month was characterized by partly cloudy sky and high winds.

Temperatures fluctuated considerably between a low of 14 degrees in the night and a high of 74 in the day.

Special activities

The Superintendent and Regional Forester Carleton attended a meeting with Forest Service Supervisors on April 25 to discuss the protection of wild lands around the monument as part of the Civil Defense program. Arrangements were made to provide for a fire-fighting camp which will be located on the monument and which will be used for training in fire-fighting.

Personnel

Mr. Fred L. Muesenberry, Jr., Clerk, E-4, at this area received notice of his transfer and promotion to Administrative Aid at Petrified Forest. The transfer will be effected early in May. Our best wishes for success and happiness in their new assignment go with the Muesenberry's.

Walter and Mrs. Jack Turner are the proud parents of a new daughter, Elizabeth Ann, who was born April 30.

Maintenance

The installation of the new dishwashing machine and rearrangement of part of the Lodge kitchen were completed prior to the opening of the Lodge the last of the month.

The lobby of the museum was stained and given two coats of varnish which improved its appearance considerably.

A new telephone cable was installed to the residences for the local phone system after the old cable became unserviceable.

The kitchen of residence 1 was painted and also the portal in back of the museum lobby.

Roads and Trails

Some additional volcanic ash was hauled on the road between the checking station and the end of the parking in preparation for piling. Trucks were obtained on the oil and a distributor and everything is ready as soon as final approval is given to the job.

Holes and sharp edges in the walks and flagstone patios were filled with cement to improve their safety.

Concessions

Arizoles Canyon Lodge was opened for the season on April 28 and the saddle horses will be in between the first and fifteenth of May. This year's rates have not yet been approved and it was necessary to open with those that were in effect last year.

Interpretive Service

There were 1114 visitors conducted through the ruins on 109 tours this month.

The Superintendent gave a talk on the "National Park Service in New Mexico" to 30 members of the Lions Club at Los Alamos, New Mexico on the 9th.

The cement casts of the Stone Lions that were prepared last fall were mounted in the patio of the museum. An attempt is being made at a reconstruction drawing of the lions to be exhibited with them to show how they may have looked four or five thousand years ago.

Travel

The unsettled weather, particularly on week ends, caused a decrease in travel this month from 3000 last year to 2200 this year. Indications are that travel will continue to increase as soon as the weather becomes more pleasant.

Visitors

Mr. and Mrs. Lerby; the parents of Ranger Lerby of the San Geronimo National Monument, were visitors on the 5th.

Dr. J. W. Coff, professor of physical anthropology at Yale University, paid us a visit on the 7th.

Forest Fire Control

A refresher fire control training session was held for all employees on the 9th. Another fire school will be held in June after the temporary rangers and lodge employees are on duty.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL MONUMENTS SERVICE

Canyon de Chelly National Monument
Chinle, Arizona

April 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Monthly Narrative Report for April, 1951

Visitor Travel: April travel was somewhat lower than for the same period last year. The current travel year, however, is running considerably over 1950. 235 people in 77 cars this month. 41 hours and 35 minutes were spent in guide and contact work. Since campground facilities have been improved there is a very definite increase in overnight campers.

Weather: Outside of two or three windy days the weather has been unusually mild. A total of .85 of an inch of rain fell during the month which helped materially. Temperatures ranged from a high of 79 on the 23rd to a low of 19 on the 11th.

Project Programs: Alterations to the Superintendent's Residence is nearing completion. All exterior covering was removed from the entire upper part of the building and two badly disintegrated walls. Total area of over 1000 square feet. Rabbit wire was firmly secured onto the old adobe and coatings of cement, lime and paint added according to specifications. This portion of the building will hold for many years to come. Lack of funds prevented the completion of the entire exterior structure.

The kitchen was stripped completely down to the bare adobe walls, and, metal lath with coatings of cement and lime mixtures and a final covering of plaster added. All new wall and base cabinets and sink, all metal, were installed including a new refrigerator. This now adds a very attractive unit to the quarters. Linoleum and asphalt tile will be laid as soon the necessary basic material can be obtained.

Canyon de Chelly Water Shed Soil & Moisture Program will be completed upon receipt of 14,000 pounds of wire from the General Services Administration.

Due to recent rains we were able to do considerable grader work on the roads. Also, several loads of material were hauled for surfacing the roads and trails. This work will continue on into next month.

Materials are being obtained for the construction of a new register and publications display case and new informational signs.

Everett W. Bright

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr

Subject: Monthly narrative report, April 26, 1951

Visitors: About seven hundred fifty people have visited the Monument during the month of April, making a total of five thousand eight hundred fifty during the travel year and twenty five thousand fifty for the fiscal year to date.

Weather: The usual bad cloudy weather for this time of year, having had three light snows with a total snowfall of about eight inches, with .75 inches of precipitation.

Flora and Fauna: I note in last month's report that I did not mention the porcupines, and I never want to slight those rodents so I'm saying now: we still have to many. I have not seen any deer this month but see their tracks where at night they play in the road.

Road and Trails: Roads have been maintained constantly and all thru the month has been in good condition.

Special visitors: One of our naturalists, Leslie Arnsburger and Bill Bowen was two eighty welcome boys to the Monument this month. The three went over the rim trail carefully and Leslie took some very good pictures preparatory to our new crater rim trail booklet, which we hope to be able to place in circulation by the middle of next month.

Information pamphlets: Approximately twenty Capulin pamphlets have been mailed out upon request and about 100 handed to visitors. This spring we have had much more requests in the mail for literature about the Monument this may be the forerunner of heavier traffic this summer.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

April 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Casa Grande National Monument
Subject: Monthly Narrative Report for April, 1951.

General: "Spring is busting out all over" in the Gila Valley; cacti and wildflowers are blooming, and the desert is a riot of color; however, due to the very dry condition of the country, it is not as beautiful as it has been in past years.

The drouth situation continues to be the main topic of conversation throughout Arizona. A great number of cattlemen and sheepmen are shipping their livestock to Kansas and Wyoming because of the water shortage and feed problem (which all means that it will be a few more years before we can afford a small steak for dinner). Time and Newsweek magazines carried articles about the Arizona drouth in their April issues.

Everything happens to us. On March 26, this area was visited by the Public Lands Subcommittee on Interior and Insular Affairs. The committee was in Arizona to study the problem of Arizona's share of the Colorado River water -- an especially important problem because of the drouth -- and to make the authorization of the Arizona Central Valley Project. As the Superintendent was conducting the group (Senators, Representatives, and other visiting V.I.P.'s) through the "ruins", we had one of those freak rain storms that sometimes hits this country. Although only one tenth of one inch of rain fell, it all happened while the party was in Compound A, and it was enough rain to give the whole party the appearance of wearing unpressed clothes. Also, the photographer from Life magazine took a picture of one of the bitter opponents of the Colorado-River-Water-for-Arizona, a California Senator, with rain dripping off his hat.

Weather: The month of April has brought ideal spring weather with daytime temperatures that range in the 90's and nice cool nights. There is however, the hint of summer in the air, and

The above information was obtained from the files of the
Government of the State of New York, Department of Social Services,
Bureau of Child Welfare, Division of Child Protection, at Albany,
New York, on July 10, 1968.

The Commission on the Status of Women, established by the United Nations in 1946, has been instrumental in the development of international law and practice relating to the rights of women. The Commission's work has been guided by the principle of equality between men and women, and it has been a leading force in the promotion of women's rights and the advancement of women. The Commission's work has been carried out through a series of sessions, during which it has adopted a number of resolutions and recommendations. These have been instrumental in the development of international law and practice relating to the rights of women. The Commission's work has been a significant contribution to the advancement of women's rights and the promotion of equality between men and women.

and night. There is no moon, the light of heaven is the only light. The light of heaven is the only light.

everyone is either busy installing their cooler or making the necessary repairs and clean-up prior to installing their cooler.

Mr. Louis R. Jarwitz, Section Director of U.S. Weather Bureau at Phoenix, visited the monument March 26 for a routine check of our weather station. He found everything in good order except for a brand new sage green paint job which we had put on to keep the wood from weathering away. (They are going to send up some white paint to standardize things.)

Highest Maximum temperature this month 96°

Lowest Minimum temperature this month 35°

Total amount of rainfall this month .82"

Visitors: The travel is starting to slow up; however, it is still heavier than last year for the same month. As usual we had visitors from every state and territory except one; this month we had no visitors from Maine. We had foreign visitors from Denmark, Sweden, Norway, France, and Great Britain. This is the best month that we have ever had with servicemen-- we had 22 of them.

	<u>1951</u>	<u>1950</u>
Visitors during April	4,088	3,809
Increase	279	
Visitors for Travel Year	28,579	26,035
Increase	2,544	

Servicemen in April 22

Interpretive Service: A total of 2,374 people made the trip to the "ruins" in 212 groups, averaging 53.0 minutes per trip. There were 1714 visitors who made only a brief stop and did not see the "ruins"; we estimate that 70% of this group did see the museum.

Visitors of Note and Special Groups:

March 26, 1951 -- Congressional Subcommittee on Public Lands-- Interior and Insular Affairs-- for a trip to "ruins" and one of our unusual rain storms.

Miss. C. Mallett, Executive Secretary of the Museum of Northern Arizona, for a ruins visit.

There is a slight possibility that cooler or milder weather may be necessary repairs and clean-up before installing their cooler.

Mr. Louis H. Lewis, Section Director of U.S. Weather Bureau at Phoenix, visited the monument March 25 for a routine check of our weather station. He found everything in good order except for a brand new wire screen being in place but not yet set up. (They are being set up). They are being set up to keep the wind from working away. (They are being set up to keep the wind from working away.)

195	Highest minimum temperature this month
110	Lowest minimum temperature this month
100	Total amount of rainfall this month

Visitors: The travel is starting to slow up; however, it is still heavier than last year for the same month. In March we had visitors from every state and territory except one; this month we had no visitors from Idaho. We had foreign visitors from Denmark, Sweden, Norway, France, and Great Britain. This is the best month that we have ever had with respect to visitors--we had 25 of them.

195	1951	
1,000	1,000	Visitors during April
215	215	increase
10,000	10,000	Visitors for travel year
2,000	2,000	increase
25	25	Service men in April

Interpretive Service: A total of 1,115 people were on the trip to the "Yukon" in 1951, compared to 1,000 in 1950. There were 1714 visitors and were with a brief stop and did not see the "Yukon"; we estimate that 10% of this group did see the museum.

Visitors of Note and Special Events:

March 25, 1951 -- Congressional Subcommittee on Public Lands, Interior and Insular Affairs-- for a trip to "Yukon" and one of our annual visitations.

Mrs. C. Miller, Executive Secretary of the Museum of Northern Arizona, for a routine visit.

Mr. Louis R. Jurwitz, Section Director of the U.S. Weather Bureau at Phoenix, for a routine check of weather instruments.

March 29, 1951 -- Naturalist and Mrs. Harry C. Parker and family from Yosemite National Park for a "ruins" tour and a visit.

12 members of the Northwestern Mutual Life Insurance Convention and wives for a "ruins" visit as a side-light on their convention.

April 4, 1951 -- 33 6th graders from the Stanfield School, Stanfield, Arizona for a "ruins" and museum visit, plus a picnic lunch.

April 5, 1951 -- 29 7th graders from the Stanfield School, Stanfield Arizona for a "ruins" and museum visit.

April 6, 1951 -- 40 5th and 7th graders from Toltec District School, near Eloy, Arizona, for the "ruins" and museum trip.

April 14, 1951 -- 12 Girl Scouts from Troop 2, Coolidge, Arizona, for a "ruins" and museum trip, plus a weiner roast.

April 22, 1951 -- Dick Shuttler of the Museum of Anthropology, University of California, Berkeley, California, for a museum and "ruins" visit.

Mr. Woody Spires, a former temporary Ranger here at Casa Grande, to look things over and talk about the "old days" at Casa Grande with the Superintendent.

April 23, 1951 -- Superintendent "Jimmy" Brewer and Mrs. Brewer from Tusigoot National Monument for a quick "hello" to everyone on the monument.

Administration and Protection: There were twelve requests for information this month; all were answered the same day that they were received. The usual visit was made to the Adamsville site and everything was found to be in good order.

Personnel: Ranger James M. Clancy was on sick leave from April 8 to 16; he returned to duty on April 17 while still under the doctor's care. It would seem that he has a recurrence from an old injury which bothered his hip and right leg; the old injury goes back to his service when at Zion National Park. Even though it meant some doubling up for those on duty, we glad to report that "Jim" seems to be coming along fine now.

Mr. James E. Lewis, Section Director of the
U.S. Bureau of Prisons, for a routine check
of existing conditions.

March 22, 1951 -- Referred to Mrs. Harry C. Lewis and family from
Tennessee National Bank for a "visit" and a
visit.

12 members of the International Union of
Carpenters and Joiners for a "visit" visit as a
light on their activities.

April 4, 1951 -- 25 men from the Nashville School, Nashville,
Tennessee for a "visit" and women visit, plus a picnic
lunch.

April 5, 1951 -- 25 men from the Nashville School, Nashville,
Tennessee for a "visit" and women visit.

April 6, 1951 -- 25 men and 10 women from the Nashville School,
Nashville, Tennessee, for the "visit" and women trip.

April 24, 1951 -- 12 men from the Nashville School, Nashville,
Tennessee, for a "visit" and women trip, plus a picnic lunch.

April 25, 1951 -- 12 men from the Nashville School, Nashville,
Tennessee, for a "visit" and women trip, plus a picnic lunch.

Mr. Lewis, a former newspaper editor, was at
the home, he had dinner with the family and
"all day" at the home with the family.

April 25, 1951 -- Referred to "Miss" Brown and Mr. Brown from
Tennessee National Bank for a picnic "visit" to
every one in the family.

Investigation and Treatment: There were some reports
that the family was in the hospital and the family was
in the hospital. The family visit was made to the hospital and
everything was found to be in good order.

Personal: James E. Lewis was on sick leave from
April 4 to 12; he returned to duty on April 13 while still
on doctor's care. It would seem that he has a permanent
ill injury which bothered his left leg; the left leg was
in the hospital when he was in the hospital. The family
was found up for the on duty, he had no report that "the"
he was coming along fine now.

DEPARTMENT OF THE INTERIOR

Maintenance: Twenty-three feet of four inch pipe and a new sucker rod were added to the well, we are now pumping from the 163 foot level. This is the last time that the present well can be lowered; from now on it will be a question of keeping our fingers crossed and living right.

The Maintenance man was busy with the usual cleanup and normal maintenance work. The museum coolers which were cleaned and overhauled last winter were installed, and the heating stoves and fuel oil barrels were stored for the summer.

Wildlife: A male Arizona Hooded Oriole was seen by the Superintendent and the Ranger on April 23; it was perched on the Ocotillo by the museum, and the brilliant yellow-and-black bird among the flaming scarlet Ocotillo made quite and impressive sight. This is the first time that this bird has been officially observed in this area.

Wildflowers and Cactil: The Hedgehog cactus and the Ocotillo, in front of the museum, have done their usual good job of giving the visitor a spectacular sight and a "easy" chance to get photographs. The Palo Verde and the Creosote are in full bloom, and the Squawberry bush has decided to live up to its name and it now has berries on it.

A. T. Bicknell
Superintendent

Relationship: Twenty-five feet of low bank side and a
new section was added to the wall, so the new section from the
old level. This is the last time that the present wall can be
found. From now on it will be a question of keeping the present
condition the living wall.

The relationship was kept with the usual clearing and
usual maintenance work. The present section which was cleared
and overhauled last winter were installed, and the living stone
and fuel oil barrels were stored for the winter.

Relationship: A new section of the wall was added by the
Department and the fence on wall 11; it was placed on the
section by the museum, and the section of the wall was
found the living wall. The living wall was found and the living
This is the first time that the living wall was officially cleared
in this area.

Relationship and Section: The living stone and the
Gocillio, in front of the museum, have been their living stone job
on living the living stone and a "living" stone as
not possible. The living stone and the living stone are in full
front and the living stone has been decided to live up to the name
and it has been decided on it.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

April 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Chaco Canyon
Subject: Report of Activities at Chaco Canyon National Monument
during the Month of April, 1951

Weather Conditions

Extremely dry and windy weather has prevailed thruout the month with a few light, sporadic showers which brought a total of .35 inches of moisture for the month. On April 9 one of the worst dust storms recorded in recent years occurred. Temperatures were about normal with a Maximum of 78 degrees and a minimum of 15.

Administration

One trip was made to Farmington, New Mexico to confer with Architect Saunders on matters concerning the construction of new quarters. Regular administrative work has been kept fairly current and considerable time has been spent digging data for requests and reports from our files.

Mr. Jack Williams of Alamosa, Colorado was appointed to fill the NAG guide position and reported for duty on March 29.

Inspection trips were made to all of the outlying ruins except Pueblo Pintado.

Maintenance

Roads and trails maintenance has been carried on and the drainage on the big hill cleaned and deepened in spots. 14 new directional and traffic control signs have been constructed and four installed. Some new wrinkles were initiated in their construction and will be the subject of a later report. Considerable time and effort has been expended in cleanup of grounds and buildings along with minor repair of buildings and equipment. The high winds littered the area with tumble weeds and other trash. In spots sand dunes were built up a foot or two high.

Soil and Moisture

On April 2 a trip was made to Bernalillo to pick up 15,000 Peach-leaf willows. A crew of six Navaho laborers have completed the planting of these and installed one cable and tree jetty near the old CCC well. Common willow cuttings have been made and also used to supplement the other plantings in some strategic spots.

Travel

Road conditions are better than they have been for some time and a considerable increase in travel over previous periods is shown. Travel year to date shows an increase of 191 visitors over 1950.

Interpretive Services

With the establishment and filling of the WAE guide position better service has been rendered our visitors. 33 parties totalling 146 people were conducted thru the ruins. Orientation and Museum contacts totaled 136. Time spent by the guide and Superintendent in interpretive work totalled 54 hours.

Visitors

Dr. and Mrs. Thomas B. Noble Jr., of Indianapolis, Indiana.
Mr. and Mrs. Fred S. Gurley and party of the A.T. & S.F. Railway.
Mr. J. Mangles Brown, Director of Roads, etc. Office of Indian Affairs, Washington D.C.
Mr. Harold Johnson, Navajo Agency Road Supervisor
A.M. Sandbright, also of the Indian Service.

N.P.S. Officials

General Superintendent John M. Davis, Regional Engineer Lassiter, and Engineer Conn, April 23.

Approach Roads

The State highway Department has moved their equipment and evidently have completed their work on the north approach road for the present.

Mobile Unit.

Archeologist Aid Rixey has moved his crew and family to Aztec Ruins where stabilization work will continue.

CONFIDENTIAL

On April 2 a large number of individuals in the area of the
Federal Building, 1000 15th Street, N.W., Washington, D.C.,
were gathered at the building and arrested. The individuals
were all men. Some were wearing suits and ties and others
were in civilian clothes. The individuals were all of legal age.

Notes

These individuals were arrested on the basis of information
received from a confidential source in the area of the Federal
Building, 1000 15th Street, N.W., Washington, D.C., who
stated that these individuals were planning to hold a meeting
in the area of the Federal Building, 1000 15th Street, N.W.,
Washington, D.C., on April 2.

Investigation

On April 2, 1951, the individuals were arrested at the
Federal Building, 1000 15th Street, N.W., Washington, D.C.,
on the basis of information received from a confidential source
in the area of the Federal Building, 1000 15th Street, N.W.,
Washington, D.C., who stated that these individuals were
planning to hold a meeting in the area of the Federal
Building, 1000 15th Street, N.W., Washington, D.C., on
April 2.

Results

On April 2, 1951, the individuals were arrested at the
Federal Building, 1000 15th Street, N.W., Washington, D.C.,
on the basis of information received from a confidential source
in the area of the Federal Building, 1000 15th Street, N.W.,

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

April 25, 1951

Memorandum to the Director

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

Following is a report of activities at Chiricahua for the month of April:

General. The Superintendent took three days sick leave, followed by five days annual leave, March 26 to April 4. During the annual leave he made a trip to Carlsbad Caverns to renew old acquaintances.

Weather Conditions. Weather has remained quite good with the usual spring winds. We have had three rainy spells since last report which slowed down travel some. 1.47 inches of rain has fallen since the last narrative report.

Maintenance. The Portal telephone line is being brushed out and repaired as time allows.

Approaches to Monument. Approach roads are all in about their average condition. The mountain road from Rodeo to the Monument has been passable for over a month.

Cooperating Governmental Agencies. Two changes have taken place in the personnel of the Coronado National Forest. Forest Supervisor Berker has been transferred to Santa Fe, and Supervisor Wood has taken his place on the Coronado. Ranger Noel Hove, whose district surrounds this Monument on three sides, is transferring to a forest in New Mexico and is being replaced by a Ranger Urban Post. Supervisor Wood has called at the Monument

NATIONAL PARK SERVICE

and we hope to get acquainted with the new Ranger soon in order to continue our fire control cooperation.

Interpretive Service. 1250 visitors in 352 parties were contacted in the museum this month. 4 conducted hikes were taken with a total of 23 visitors and a total of 15 hours time. 1 lantern slide lecture was given in the museum to 10 visitors.

Travel. Travel dropped to 1403 as compared with 1575 for March and 1612 for April of last year. This leaves us about 6% behind last year, at this time. We are unable to account for all of this loss but hope for better luck for the rest of the year. Camper use continues to be heavy with 218 visitor days recorded for April as compared to 237 for the same month of 1950. This month brought 68 visitor days to the two neighboring guest ranches which is 47 more than April of last year.

Forest Fire Protection. Some Ranger time was given this month to the inspection of fire equipment.

On the 19th, a fire broke out on the lands of a neighbor of Chiricahua, Mr. Ellerby Riggs. Ranger Gaynard went to the scene and assisted in the control of the fire which burned over 200 acres of range land. Seven and one-half hours of Ranger time were thus donated, but in view of the necessity for maintaining a high degree of cooperation along our boundaries we considered it well spent. Mr. Riggs was most appreciative and we are certain of his cooperation in any fire suppression problem that may arise on the Monument.

Clair V. Cooke

Clair V. Cooke,
Superintendent.

and we look forward to your continued support in the future.

April 28, 1931

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

This month, there were 309 visitors who came in 115 automobiles. The weather, we believe, has resulted in the first drop in visitors in 9 months. There were 327 a year ago this month. There were only 31 guided trips. 34 persons went over the mesa top in 7 parties.

The weather has been cold, very windy and there have been several rains and snows. The warmest was 74 degrees and the coldest was 14 degrees Fahrenheit. There was .95 of an inch of moisture. The pool is still very low.

Thanks to our friend the technician, the radio is now back in condition. We have it beamed to the Regional office and can usually hear them very well, but we can hear very few other stations. The Regional Office reports that they can usually hear us very well.

Yesterday, two ladies came out in a brand new car and took a tour around the Rock. When they were about to get back in the car, they discovered that they had locked the keys in it. The superintendent, after considerable effort, managed to get the car open without breaking a glass. They were two tickled people.

While we were gone, Cal Clawson worked on the concrete tables and fireplaces. He has them nearly all poured and today is working on a winch for the track in order to move them into position.

The superintendent was gone 23 days on annual leave. During the trip which he took, he went by Cincinnati purposely and only to get measured for a uniform. He finally found the

General Superintendent

Washington, D. C.

Dear Sir:

I am writing to you regarding the matter of the National Park Service's policy on the use of motor vehicles in the parks. I am sure that you are familiar with the fact that the National Park Service has a long and distinguished history of providing a safe and enjoyable experience for its visitors. It is my hope that the National Park Service will continue to provide a safe and enjoyable experience for its visitors in the future.

street on which the uniform company is located. He decided to park the block before he reached the building, but found signs reading "No Parking between 9:00 a.m. and 5:00 p.m.". He decided to go on to the next block where the building, in which the uniform company has the 6th and 7th floors, was located. However, upon reaching that block, there were signs reading "No parking day or night". He looked across a very wide street and saw no parking places, so decided to go around the corner of the building to the right and park. He went around the corner, but found himself on a long bridge (the air was beginning to turn a little blue!). After crossing the bridge, he found himself on a turnpike with cars whizzing by in both directions and he could not turn to the right without falling into the river nor to the left because of a high embankment (the air was beginning to turn purple by this time). After going a mile or so on the turnpike, he found a turn-off to the left. He took this and went up a long steep hill and turned to the left, thus facing him towards his destination. At that point he turned to his wife and said "Now, we will probably go through a park with no cross streets" which happened almost immediately!!! At last, he did get to the uniform company and get his measurements taken. Also on the trip, stopped by Hot Springs National Park, Fort Donelson and others and to see Cal Miller at Mammoth Cave and Perry Brown at Platt National Park.

A picture of the above described scene was taken by the author at the time of the above described scene. This is the only picture taken of the scene.

Respectfully,
Sincerely,
Very truly yours,

Irving McNeil, Jr.

NATIONAL PARK SERVICE
GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

April 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for April, 1951

Weather Conditions

Very poor for visitors but much improved for the country was the weather story for April. Persistent cold and windy weather on weekends held travel down considerably but the 0.95 inch of moisture, most of which came in one very wet snow on March 5, was quite welcome. Total moisture for the winter is still below normal throughout the mountains, however. The maximum for the month was 68 on April 23 and the minimum was 0 on April 11.

General Publicity

A picture of the Great Sand Dunes appeared in the March 10 edition of France Illustration. This is a Life-type, French picture publication.

Rehabilitation

The asphalt tile for the residence floors was finally received and has been installed in one bedroom. Paint has been removed preparatory to installation in the dining room and part of the front room. I expect to lay the tile in these rooms during May. Asphalt cove base for these rooms has not yet been received as the order could not be made until actual color of the tile was determined after its receipt.

Maintenance

The comfort stations at the checking station were opened up and water was brought into them and to the drinking fountain to the north of the checking station.

Estimates were made for the plumbing work on the expandable

trailer and materials were ordered last week. The job will be started this next week. We were particularly happy to receive the extra allotment of \$200 for this work as the cost was almost twice that of my prior estimates.

The entrance road was graded twice and more cleanup along the roadside and particularly around the culverts was done incidentally with other jobs.

Approach Roads

Spring thaws did not affect the approach road to any great extent and it remains in good shape for that type of road.

Concessioner

Mr. A. W. Graves of Monte Vista, who has the horse concession, was here twice during the month getting ready for the summer activity. He plans to bring his horses in on May 15, the same as in previous years.

Co-operating Governmental Agencies

One trip was made to Monte Vista to talk with the Forest Service officials about the coming fire season and correspondence carried on with District Ranger Van Doren at Gardner concerning his fire organization plans for this year.

The Colorado State Historical Society has placed the Great Sand Dunes on their mailing list for the Colorado Magazine on an exchange basis.

Interpretive Services

Three talks outside the monument were given during the month as listed below.

The first was given to 23 members of the Costilla County Rotary Club at Blanca, Colorado on March 4. The subject was "History and Development of the National Park Service".

The second was given to 11 members of the Future Teachers of America organization of Adams State College at Alamosa, Colorado on March 5. The subject was "Desert Plants" illustrated by slides from Organ Pipe Cactus National Monument.

The third was given to 44 members of the Hooper Parent Teachers Association at Hooper, Colorado on March 23. The subject was "National Parks Wildlife" illustrated by the 16 mm. movie from the Region Three Office.

Research and Observation

The snow on April 5 finally brought the deer down to lower elevations and a number of tracks have been seen just east of the checking station. A well gnawed deer carcass, death probably due to natural causes, was found in the canyon above Mosca Spring.

A Guide to Some Colorado Spiders was sent us for the library by the SWNM naturalists.

The first wood tick of the season was observed on April 21. Visitors are being warned to watch out for them.

Decrease in Travel

The 710 visitors during April were 273 less than were recorded in April of 1950. Cold and windy weekends contributed materially to the decrease.

Protection

A would-be wood hauler from Alamosa was intercepted on April 8 before he even had a chance to collect his load. The regulations were explained to him but no further action was taken.

Building Fire Protection

The annual inspection of fire hazards and an examination of fire extinguishers were made on April 23.

General

The San Luis Valley has become quite excited this month due to "wild-cat" oil drilling. Two different wells are being drilled at the present time, one in the vicinity of Hooper and another near Saguache. Prospects are considered to be quite favorable according to the newspaper accounts of the enterprise. *Quien sabe?*

Gran Quivira National Monument,
Gran Quivira, New Mexico

April 25, 1951

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for April 1951

General. The Torrance County Singing Convention held it's annual get together at the village of Gran Quivira on April 22. About 150 people attended the day long festivities enjoying themselves by singing hymns, eating barbecue, and visiting in the vicinity.

Weather. This has been a warm but windy month. Temperatures have been very pleasant but extremely high winds have prevailed. Rain totalling .70 of an inch fell at headquarters with heavier rains reported both south and east of the monument.

NPS Visitors and Inspections. Erik Reed, Dale King, and Paul Balch on March 29 on excavation, interpretation, and soil conservation problems.

Jack Diehl, Region 3, for a short visit on April 12.

Regional Director Tillotson stopped in on April 5 for a brief inspection and visit.

Visitors. Major Tom Onstott and wife, formerly of Aztec Ruins National Monument, on the 7th.

Maintenance and Rehabilitation. The utilities project was completed during the month. A deep well rig was contracted to pull the 875' of drop pipe; pipe was cleaned out and new sucker rod replacements made. It is hoped that with the completion of this project no new troubles will arise for another ten years.

Ruins Stabilization. Archeologist Vivian and his crew continued work on the stabilization of San Buenaventura mission throughout the month. Walls are being thoroughly stabilized and drainage for the interior has been partially completed.

Excavation. Cleanup of the small Indian house mound directly south of San Isidro mission was begun during the month with

NATIONAL PARK SERVICE

a local work crew of six men. Approximately 25 rooms have been exposed and an abundance of material has been uncovered. Acting Archeologist Francis Elmore has been working with Mr. Vivian the past 10 days cataloguing material and aiding in the dig.

Special Activities. Mr. Elmore addressed the Rotary Club at Mountainair on April 19. His 30 minute illustrated lecture, "National Monuments of New Mexico", was well received by the Club's 35 members.

Travel. Another travel increase is reported for this month. 333 persons in 88 cars visited, in comparison to 202 for April of 1950. Sunday, April 22, was the monuments heaviest travel day with 99 persons recorded visiting the museum and viewing the mission.

Interpretive Services. 88 percent of all visitors to the area were contacted this month. 54 parties of 277 people were conducted through the ruins for an average of 38 minutes per party. 22 parties of 56 persons used the self guiding pamphlet.

It has been interesting to note that much of the travel the last month or two has been people living within a radius of 75 miles of the monument. The recent excavation and ruins stabilization project seems to have revived local interest.

Personnel. The Superintendent took annual leave from April 16 to 23.

Six laborers were employed this month. Two of the six terminated their employment before the month ended.

NATIONAL PARK SERVICE

Montezuma Castle National Monument
Camp Verde, Arizona

April 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Montezuma Castle

Subject: Monthly narrative report, April 1951

Weather: As usual it has been good. Maximum temperatures are averaging in the mid 80's while minimum temperatures remain in the 40's. Showers throughout the month have given the area a total of 1.26 inches of rain. The maximum precipitation was recorded on April 19 when .52 inches of rain fell.

Travel: Travel remained steady throughout the month. Visitors numbering 3,231 in 949 cars visited the Castle, and 1,046 people in 303 cars saw the Well. This makes a total of 4,277 people and 1,252 cars to this area as compared to 5,061 people for April of last year. Decrease in visitors may be attributed to the fact that Easter vacation week occurred during the month of April last year.

Interpretation: During this report period, 930 people were conducted on 168 trips through the Castle. Approximately 2,500 visitors used the Sycamore trail and 3,000 saw the museum. At the Well, 254 people visited the museum and 1,046 hiked the Loop trail.

New number stakes constructed last winter by Archeologist White were placed along both the Montezuma Well Loop trail and the Sycamore trail.

As guest of the Cottonwood and Camp Verde Lions Clubs, Assistant Superintendent Garrison of Grand Canyon gave a very interesting and educational talk on the value of National Park Service areas to adjacent communities. This dinner meeting represented Charter night for both clubs and was held at Camp Verde. Over a hundred Valley folks attended.

Visitors: On April 4, Chief Electrician Joe Gaustad from Grand Canyon.

On April 7, Assistant Superintendent and Mrs. Garrison from Grand Canyon.

On April 7, 100 Catholic Youths from Flagstaff, Arizona.

On April 17, 48 students from Lincoln High School, Lincoln,

Nebraska, and a teacher, A number of small and large
trees were examined during the walk. The area between the
two points was marked with a short distance from the road
back. The trees were identified in some places as true white oak
trees, the others without identification as being the same. The trees
in this area were reported and related with a high grade of white.

Some small trees at the old road boundary from the
road and the lower edge of (about 100 feet from road) were not
seen.

In addition, the possibility of its growing and living trees
and, the trees are also seen and examined.

The paper covering the road in the narrow cutting again
covered some small trees. Some large trees in the road
lined along road in the woods. Several trees were seen by the
line and posted paper on the road.

At the well, the trees were found near the road
road was found and the road was seen a path along the road
line. Also, the trees were seen a path along the road
direction of the road.

Under a tree: Examination of the road and well
was conducted during the walk. The well is now completely covered
around the well and has been covered with the road of Lincoln.

Summary: The data were reviewed in the field and the
conclusion is that the trees are white oak trees and the
road and trees are again examined.

Remarks: It was found that the trees are white oak trees and the
road and trees are again examined. The trees are white oak trees and the
road and trees are again examined.

APR 19 1951

APR 19 1951

Navajo National Monument
Tombelen, Arizona

April 28, 1931

Memorandum

To: General Superintendent
From: Superintendent, Navajo
Subject: Monthly Narrative Report for April 1931

Travel: There were only 111 visitors this month compared to 114 a year ago. One day we had 40 visitors which constitutes a "big" day here.

Weather: April has blessed us with some nice warm days with the temperatures going to 72° on several occasions. On the other hand the monthly low was 19° and was accompanied by moderate winds that persisted for several days. The 16th through the 19th were miserable days of high wind and dust with cold temperatures. Rain and snow delivered .31 inches of moisture. Much more is needed to provide adequate grazing.

General: Some time was spent working on the water system. This water pump maintenance seems to be so continuous a task that reporting it seems a waste of time. If spare time presents itself this next month the entrance to the spring and the tunnel near the pump will be enlarged to make working on the pump more convenient.

A new section of trail was constructed at the end of Tunnel Trail. It is now possible to view Betatakin from a point directly across the canyon from the ruin and not on an angle. The new trail parallels the canyon rim and loops past the previously used view point.

The Tombelen scurrier has been very useful in removing the sandstone from our approach road. The stone is very soft and easily crumbles under the teeth of the ripper.

The position of the ladder at Keet Seel ruin was changed and the ladder has been permanently anchored.

Over one half of the new garage has been insulated. Navajo has been given \$100.00 to complete the bedroom and garage addition. Some plumbing supplies were picked up at Grand Canyon to be used on this project and also in the ranger's mess.

500000

The spring weather remains pleasant with no real hot days as yet. High temperatures for the month was 80° in the AM with a low of 60° in the PM.

A total of two wild birds banded between 17 miles fall on the 14th and 15th. The rain was too late for annual flowers but pineapples and melons reached a good market level and the harvest is in very good condition.

Journal of Management Education

While on a previous trip to inspect the Department and Survey today completed Paul will commence his current assignment as AFM maintenance. Paul will perform maintenance-related responsibilities and survey work in this area.

Bill Gray, National Park Service Friend and author of "SUNSHINE PARKS", was also contacted by Tamm. In a letter in rare possession he has offered to assist in its acquisition for the National Library.

Appendix 4: The Area

The long-awaited completion of the Dumas-to road was realized this month when the last gap was surfaced and opened for travel.

Improvements in the segment highway by the County Highway Department included a water bridge. This should be a great help and reduce some of the deep ruts in this road.

The road works with a new water outlet on the highway around April 20.

NATIONAL PARK SERVICE

Organ Pipe Cactus National Monument
Ajo, Arizona

April 25, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Monthly Narrative Report lml for April 1951

Weather

The spring weather remains pleasant with no real hot days so far. High temperature for the month was 96° on the 13th with a low of 38° on the 1st.

A total of one and three tenths inches of rain fell on the 4th and 6th. The rains came too late for annual flowers but perennials and cactus received a much needed boost and the desert is in very good condition.

Special Activities

While on a routine trip to Tucson the Superintendent and Ranger Leding contacted Paul Ezell concerning his recent appointment as NPS collaborator. Ezell will perform archaeological reconnaissance and survey work in this area.

Bill Carr, National Park Service friend and author of DESERT PARADE, was also contacted in Tucson. As a dealer in rare publications he has offered to assist us in securing books for the monument library.

Approaches to the Area

The long awaited completion of the Tucson-Ajo road was realized this month when the last gap was surfaced and opened for travel.

Improvements on the monument highway by the County Highway Department included a center stripe. This should be a great help and reduce some of the many wrecks on this road.

Accidents

Our usual accident with a cow being killed on the highway occurred April 20.

Ranger Service

Patrol trips were made to the Bates Well area, Bull Pasture in the Ajos, Diablo Canyon, and the petroglyph rock area east of Kino Peak in the Gorrilers. Assorted archaeological and botanical collections were made on all these trips.

Travel

Visitor travel is on the decrease through this section. This trend is normal for this time of the year. Week ends are still busy as state residents begin to have time for sightseeing.

Maintenance

Hard rains in parts of the area necessitated grading our dirt roads and repairing some washed out dips that had been impassable.

New Projects

Work on the Soil & Moisture Control program has been started with a small labor crew.

Foundations and floors were run for the metal power building and radio room on the office.

The rangers made a trip to Phoenix to purchase lumber, wall board, and other materials for the office addition.

Radio equipment for our FM intra-area set-up is starting to arrive but little progress can be made toward installation until all is here.

William R. Supernaugh
Superintendent

Before this was done in the late 1940s, all
business in the area, including the
city and county, were under the control of
the city and county.

History

History shows in no doubt that this
business was in control for the time of the
city and county. It was a great business
for the city.

Business

There were in fact of the city and county
and the city and county were under the control
of the city.

Law

There is no doubt a business law was
enacted in the city and county.

There is no doubt a business law was
enacted in the city and county.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Saguaro National Monument
Tucson, Arizona

April 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Saguaro
Subject: Report lml, April 1951

General

More genuine Springtime weather characterized the month of April. The weather was warm and pleasant. Two good rains coming in periods near the beginning and end of the month have tended to alleviate drought conditions in the area. The forested area is in much better condition in regard to precipitation than it was last year at this time.

The water tanks at Madrona Ranger Station have been pumped full during the month. Chirinea Creek continues to run and prospects are good that it will continue long enough so no water will need be hauled during the early summer.

A number of plants flowered in April. The creosote bush, brittle bush, and desert marigolds were most in evidence, and their yellow was harmonized with the pink of the hedgehog cactus.

Travel seems to have taken a slight dip this month. Visitation showed a decrease from last month and also from April one year ago.

Temperatures ranged from a high of 81° on April 13 to a low of 42° on April 6 at headquarters.

Special Activities

Dr. Lyle Souls of the U.S. Fish and Wildlife Service commenced making collections of coyote scats in the forested area to continue the studies of Mr. Lowell Sumner on the food habits of the coyote. Mr. Sumner recommended that further study be undertaken since winter food habits may differ from those of other seasons of the year. Dr. Souls' first trip to the forested area was spent clearing the trails of scats. On his second trip, he began actual collections.

Status of Private Lands

The State of Arizona submitted another informal list of lands which it desires to obtain in exchange for lands within monument boundaries. This list included two sections of land in Saguaro which were never included in previous proposals. This will completely clear the State of any holdings in this area. The Service has agreed to extend grazing privileges to these additional sections.

The Hughes Tool Co. is buying up large tracts of lands at an unprecedented rate in the Tucson area. This has caused one holder of private land within the monument to remove his property from the market and a second property owner has indicated that he may be forced to sell to a private party even though he would rather see his land included in the monument.

Maintenance

The following trails were completely rehabilitated during April; Spud Rock Cabin - Patrol Trail via Italian Ranch intersection; Spud Rock Cabin - Mud Springs - intersection with Happy Valley Saddle, telephone trail; Spud Rock Cabin to Pasture Gate on Manning Camp Trail.

Patrol Trail, Mica Tower, and Manning Camp to Spud Rock Cabin was cleared of all obstructions.

Various maintenance was performed on pack and saddle equipment in preparation for the coming fire season.

One hundred twenty five yards of fill were added to rough portions of the Cactus Looproad during the month. The road was graded at various times and is now in good condition.

Approaches to Park Area

The Broadway approach road was graded once during the previous month and is in rough condition at present.

No further work has been accomplished on the Spanish Trail approach road. Right away must still be obtained through one section of land before work will be continued.

Interpretive Services

A total of 2,907 persons in 782 parties were given interpretive service at headquarters. This amounted to a total of 215 hours for an average of 16 minutes per party.

Research and Observation

- March 31, - Four white-tail deer at Spud Rock Cabin.
April 3, - Six white-tail deer near Spud Rock Cabin.
" 6, - First White-winged Dove of season at headquarters.
" 9, - First Hedgehog Cactus in bloom at headquarters.
" 15, - Twenty javalinas on loop road.
" 21, - First Prickly Pear blossom at headquarters.

Decrease in Travel

A total of 4,554 persons visited Saguaro National Monument in April. This represents a decrease of 500 visitors from last month and a decrease of 270 visitors from the corresponding month one year ago.

Visitors

- March 29, Associate Naturalist Harry Parker and Family, Yosemite National Park.
April 6, A group of 40 children of the Sixth grade from Amphitheater Schools, Tucson, Arizona.
" 12, Dr. and Mrs. Nadir Giannitrapani, staff, Tumanita Daily, Milan, Italy.
" 13, Dr. Homer L. Shantz and wife, former President of Univ. of Arizona.
" 15, Chief Ranger Lou Halleck and family, Crater Lake National Park.
Ranger Bob White, Yosemite National Park.
" 17, Dr. Lyle Sows, U.S. Fish and Wildlife Service.
" 19, Dr. and Mrs. Robert Craig, College of Forestry, Univ. of Michigan.

Ranger Service

Seasonal Ranger Wendell Bryce received orders to report for pre-induction physical. Mr. Bryce is in the Army reserve.

Forest Fire Control

Fire tool caches were placed at all secondary lookouts. Fire tools were rehabilitated and the equipment shed was put in order.

Local ranchers were contacted in regards to the amount and kind of stock available for our use in the event of a fire emergency.

New batteries were installed in all telephones. The telephone line was cleared of all obstructions and all phone were tested.

The Saguaro Fire Training School will be held on June 13 and 14. At present, it is planned to have one or more personnel from the Washington Office to assist as instructors.

Ranger Zerbey will attend the Regional Fire Training Conference at Bryce Canyon.

Accidents

On the morning of April 10, the Superintendent was about to shave when the wash basin gave up and plummeted to the floor breaking into a thousand pieces. A new pedestal type stand was purchased in replacement. Moral: One close shave in the morning is enough.

Personnel

Trail Laborer Pat O'Brien entered on duty April 9.

Samuel A. King
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

April 30, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, 1ml, Tonto, April 1951

Weather: A few rains in April, about 2.15 inches, relieved the drought somewhat, brought out a good wildflower blooming season, and made the ranchers happy.

Roads. Good most of the month. Ab Sanders, State Highway Department, bladed the entrance road after the last rain, so it is in good condition.

Visitors. Mr. & Mrs. Weldon Heald, of Painted Canyon Ranch, Portal, Arizona. Mr. Heald was collecting material for an article on Tonto for Desert Magazine.

Superintendent & Mrs. John Aubuchon of Navajo National Monument, Mr. & Mrs. Henry Viklund and Paul Buss, of Flagstaff.

Personnel. Archaeologist Pierson & family transferred to Montezuma Castle on April 5, 1951. They had been here almost 3 years since their transfer from Aztec Ruins.

Seasonal Ranger Robert H. Viklund finished his assignment here and was terminated c. o. b. April 28, and left for Sunset Crater for the summer.

Eugene P. Cook was hired as laborer-leadman April 25, for about a three weeks job on trail work.

Inspections. General Superintendent Davis, Regional Engineer Lassiter, Engineer Jerome Miller, and Regional Landscape Architect Cornell were in for a short inspection, April 25.

Flora & Fauna. April rains brought out a good variety of flowers, and the hedgehog cactus & ocotillo are blooming. This is the best month of the year for the visitors, with dozens of wildflower species out, resurrection plants green, and weather generally pleasant. The interpretation of the cliff dwelling trail with numbered stakes & leaflets has aroused much interest and made the trip easier for the visitors, as they do not hurry so much.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

April 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for April, 1951

Weather: Temperature ranged from a maximum of 92 on April 23 to a minimum of 29 on March 29. Precipitation was .74", compared with a 13 year average for the month of .336". Several showers brought this total, refreshing the country but not really soaking much of it.

Visitor Travel: This month: 4,596

Highest previous April: 4,850 for 1939.

Last twelve months - -: 36,145

April of 1939 was the month the museum here was dedicated, and the function drew huge crowds. Excepting that month, the highest previous April was for 1949, with 2,825 visitors - only 61.4% of the current April.

Visitors: March 28 - Louis R. Jurwitz, U.S. Weather Bureau head for the state of Arizona.

March 29 - A Sierrita, Arizona, school group of 13.

March 30 - Superintendent and Mrs. Sam King, of Saguaro National Monument, brought in Mr. and Mrs. Harry C. Parker and family, of Yosemite National Park.

March 31 - Tucson Festival of Arts sent a group of 17.

April 4 - Mr. Juan Urriga, Director, Spanish language center of San Francisco.

April 22 - Arizona Sunshine School, Tucson, sent 17.

Interpretive Service: 1,737 persons went on 279 guided trips through the mission church and grounds, receiving an average of 37.69 minutes per trip. 4,430 persons received combined Information and Interpretation service, and 4,384 saw the museum and patio garden.

Museum and Education: Ranger Shirley has spent free time this month in seeing that all library books are correctly classified by the Dewey Decimal System, entering previously unentered books, and arranging books in the shelves according to the classification order.

Ranger Henson has pressed in triplicate 20 new plant specimens for our nascent herbarium collection.

NATIONAL PARK SERVICE
Department of the Interior
Washington, D.C. 20046

RECEIVED
National Security
Region Three
Office

Maintenance: Routine maintenance was kept current. The largest job of the month was re-painting the interior of the museum. As a preliminary to the painting Ollie Barney had to devise a method of his own, much superior to any previous attempts, for stopping the many light leaks around our furred-in wall cases. Then big and very rough boards, hinged over the cases to allow access to light fixtures above them, made extremely rough looking by some predecessor here in an apparent attempt to get an "arty" or "rustic" look, were worked over with Textone, which is a marvelous filler for rough spots, and finally given Texolite. All museum woodwork above the wainscoting was painted the same very light blue that the plastered walls received, and the brown wainscoting was partially re-painted. The result is the best appearance we have seen in the museum.

A sturdy box was made for fastening into the pickup truck bed, a removable box which can be used for locking up property carried on field trips. More grounds work, including planting of additional seedlings of the Bird of Paradise, some chili plants in the east side of the garden, some planting of Dwarf zinnias, planting of two new agave plants in the cactus garden, and replacement of a huge dying Maguey on front of the museum with a younger one which is vigorous. It may appear slightly peculiar to visitors coming back to see in place of the huge Maguey a comparatively tiny specimen in the same spot, but there will doubtless be some wag to ~~come~~ inform other members of his party that the original plant has shrunk because of drought. A fine *Pyracantha lewisii* in the garden, badly infested with cottony chshion scale, was given a spraying with the highly poisonous Vaportone XX. A couple of sick Myrtles have been given a Spring tonic and seem to be snapping out of it. A lot of dead mesquite growth has been pruned from cemetery mesquites.

First Aid: On the night of March 31 Ranger Henson and Betty Jackson responded to a first aid call on the highway a short distance south of the monument. Nobody was killed, and first aid had already been tendered. Incidentally, there is a young highway patrolman in this county who is taking his job very seriously. He gives speeding tickets to rich and poor alike, and anybody involved in a wreck, if at fault, gets a complaint sworn out against him for reckless driving. Residents of the county are becoming acutely aware that there is a speed limit, and that their cars must be in safe operating condition.

Archaeological Research: On April 23 Archaeologist Sallie Brewer, of the Region Three Office, started a small crew of pick and shovel men at the task of test trenching a narrow strip of ground along our west boundary. This is to ascertain if there are sites of historical or archaeological significance in a portion of the monument which may become part of the State Highway Department's right of way easement for highway improvement. Considerable trenching has been done in the two days before this report is written, with mostly negative results so far, although there is one peculiar alignment of stone and burnt adobe which is to be investigated further.

General: Monument affairs continue to tick along very busily, with lots of visitors, and some quite interested ones. Everything appears to me to be going well.

Earl Jackson
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

April 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot

Subject: Report 1ml, April 1951

There follows a narrative report of activities in this area.

VISITORS

1892 visitors in 636 cars. This compares with 2482 visitors for April 1950. 1704 visitors in 585 parties were contacted and oriented in the museum. 1805 visitors in 614 parties made the trip through the ruins. 100% of our 8-12, 1-5 visitors were contacted.

N.P.S. VISITORS

Ranger Art White of Montezuma Well on a busman's holiday the 4th.
Ranger Lloyd and Mrs. Pierson erstwhile Aztec and Tonto rangers now of Montezuma Castle, on the 9th.
Maintenance Man Joe and Mrs. Bean, Wupatki, on April 14.

OTHER AGENCY VISITORS

Dr. and Mrs. H. G. Crecelius, Arizona State Department of Health, on March 31.
Mr. and Mrs. C. L. Brunk, Inyo National Forest, Bishop, California, on March 31. The Brunk's are old friends from Organ Pipe Cactus National Monument.
Ranger and Mrs. Mark Jones, Prescott National Forest, Clarkdale, accompanied by Forester and Mrs. Gordon Bade, Williams, Arizona, on April 14.

REPORTWORTHY VISITORS

Mr. Ralph Gray, veteran Park/Monument traveler and photographer extraordinary and friend indeed visited here on April 15.

ORGANIZED VISITORS

Boy Scout Troop 23 of Jerome comprising 8 boys, on March 31.

Mansion told us that some young fellows were stoning our new signs.

We rushed down to the Sycamore Fork but the youngsters were gone (two minutes after the call came in). There were footprints on top of the sign but no stone scars. We expressed our appreciation of their cooperation by routing a small roadside directional sign reading: Verde Valley Country Club.

IMPROVEMENTS (PLANNING)

A Museum Prospectus, a fine document of 37 pages was prepared by Archeologist Richert and submitted to the Region Three Office on March 29. Contingent upon regional planning is the exact Museum Exhibit Plan for Tuzigoot. When the regional plan coordinating the local museums is received, Archeologist Richert will complete the museum exhibit plan for this area.

The Superintendent is preparing an interim plan for rearrangement of the museum exhibits employing the existing facilities. This plan intends to put some continuity into the story of Tuzigoot and change the present setup of multitudinous labels illustrated by artifacts into a less interrupted presentation of Pueblo (Sinagua) life at Tuzigoot. The plan will be submitted to your office for approval.

IMPROVEMENTS (PHYSICAL)

The oil furnace blower was dismantled and reconditioned by the Superintendent on the 27th.

Two new routed roadside directional signs were installed on the entrance road at the Sycamore Canyon fork 1.5 miles from the museum on the 28th. (see VANDALISM)

A new large and deep fence post was set at the back gate and equipped with a gravity gate fastener.

The unsightly sun-faded cloth "No Hunting" signs were removed from the fence posts at the entrance.

Construction of the wood steps down from Room 22 was started on the 30th. Some difficulty was encountered by the discovery of a projecting rock ledge. Instead of one landing between two long flights it became necessary to build three flights and two landings. The shorter flights add considerably to the safety factor.

Material for this job was purchased before the detail plan for the steps to Room 14 was received. Upon receipt of the plan we observed that the step mountings had been changed from the verbal specifications for wood to angle iron. We were able to locate some suitable angle iron and we constructed this step job with the improved method. It was also noted that the step plan recommends stain to match the rocks. These items not considered in the appropriation are expensive.

While completing the grading at top and bottoms of the steps we were advised to add an intermediate rail for the safety of children.

Following completion of the steps on April 14, the trail was swept clean of all loose gravel, the trail closed sign was removed and the circuit reopened.

UNITED STATES

The empty 5 gallon oil cans were shaped into waste baskets and given two coats of yellow enamel. These replace paper cartons used for trash receptacles and the obvious fire hazard is reduced.

The bedroom in the residence was repainted on the 18th by the Superintendent. Three walls Berkshire Green (Satin Spread) and one wall Sunshine Yellow (Texolite).

New home-made valences and drapes were installed as soon as the paint dried.

Lower cabinets and baseboards in the kitchen were painted a Tile Red Deck Enamel shade that harmonizes with both the tile red floor and the bright red counter top. Much of this painting was done by the HSWP.

Work was started on the excavation of the sewer line on the 18th. This line is found to be covered by almost 7 feet of loose cascading sand and rock at the revetment wall. This is considerably more excavating than was expected.

A fine rain on the 19th prevented any outside work so we knocked out the routed number stakes for the guided trail.

PERSONNEL

Superintendent Brewer has been on annual leave since April 21, 1951.

J. W. Brewer, Jr.
J. W. Brewer, Jr.,
Superintendent.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

April 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Report, April, 1951

Visitors this month, 1769; travel year to date, 7992.

Weather Dry weather was creating a fire hazard over all the forest until we had more than one-half inch of rain in mid-April. This reduced the fire hazard and should bring out a good showing of annual plants.

Administration Efforts are being made to acquaint Ranger Spangle with this area and with all details of monument administration.

Personnel The superintendent's daughter came down with mumps March 27 and since Friday, April 13, Mrs. Hastings has been in bed with the same disease.

Ranger Lawrence D. Wilde, Jr. moved to Tucson on March 28 after being recalled to the Air Force.

Paul F. Spangle reported for duty on April 15 following his transfer from Blue Ridge Parkway. Mr. Spangle has worked at Casa Grande and spent several seasons at Grand Canyon. We are glad to welcome the Spangles return to the Southwest.

Use of Monument Facilities by The Public There were 1769 visitors who came in 600 cars. This is a decrease of 107 visitors over the same period last year. Contact was made with 464 parties totaling 1396 visitors. There were 555 parties including 1637 visitors in the museum. Picnickers totaled 143 people in 24 parties. There were 15 visitors in the Armed Forces.

Maintenance and Improvements A dead pinyon tree along the entrance road was removed.

The small bedroom in Residence No. 2 was cleaned and repainted and the floors of both bathroom and kitchen were repainted. The sink drainboards at both residences were sanded and re-varnished.

and new calking was installed around the drainboard at Residence No. 2. The bathroom floor at Residence No. 1 was re-painted.

Interpretation A new printing of Island Trail guide pamphlets was placed in use during the month. The slick paper cover on the new edition should help prevent the pamphlets from being soiled and damaged while in use.

A shipment of 100 copies of Flowers of the Southwest Deserts was received and placed on sale.

On April 13 four boys were apprehended after the change box for self-service sales was cleaned out during the noon hour. After considerable questioning the boys gave up all the fifty cents which had been removed.

Protection Several score of names and initials were obliterated or removed along the Island Trail where dates as early as 1919 were found. Equal parts of hydrochloric acid and water was used with some success but most of the names were removed by rubbing the cliff with fragments of rock and then going over it with a wire brush. After removal of the names, the sign reading "No more names or initials, please" was taken away, and with no reminder, we hope that fewer names will be left.

The water system for the picnic ground was turned on and the fire buckets and barrel kept on the area were re-filled.

A metal fire tool box has been received from the Forest Service and plans are being made to install it on the south side of Walnut Canyon

Equipment An air leak in the oil line for the furnace in the superintendent's quarters caused the furnace to stop running each night. Eventually the leak was located and corrected.

A double drum gasoline powered hoist was received. This was checked and placed in operating condition by a mechanic who assured us we have a good piece of equipment.

Repairs were made to the steering gear and fenders of the pick-up.

A kodak dark-room light was received from surplus at the Naval Supply Center.

National Park Service Visitors

March 30 Supt. Brueck from Wupatki
April 5 Supt. and Mrs. Sharp from Tonto
April 7 Maintenance man and Mrs. Joe Bean from Wupatki
April 20 Supt. Aubuchon from Navajo
April 22 Warehouseman Gene Morris from Grand Canyon

Homer F. Hastings

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

WASHINGTON, D. C.
JANUARY 10, 1917

SIR:
I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the proposed extension of the boundary of the Grand Canyon National Monument, Arizona. The National Park Service is at present engaged in a study of the proposed extension and will submit a report to the Department of the Interior as soon as it is completed.

The National Park Service is also engaged in a study of the proposed extension of the boundary of the Grand Canyon National Monument, Arizona, and will submit a report to the Department of the Interior as soon as it is completed.

I am, Sir, very respectfully,
Yours very truly,
J. B. Henshaw,
Chief of the National Park Service.

Very truly yours,
J. B. Henshaw,
Chief of the National Park Service.

of days before Play Day and the family was very interested in this event.

Play Day on April 14 exceeded any like occasion at White Sands and about 8000 people in over 1600 cars swarmed into our area and all seemed to have a good time. The Old Timers reunion, and the White Sands Relays held in connection with Play Day were both very successful. No major accidents occurred although a couple of dented fenders was the result of a couple of cars stopping suddenly.

PUBLICITY

Local papers as well as the press from El Paso carried column after column devoted to Play Day, pictures were carried of the Relay Races and the Old Timers. The Holloman Air Base took some movie shots of some of the speakers. Play Day seems to be attracting more attention every year.

The El Paso Camera Club spent an afternoon in the sands and the number of pictures taken should afford us publicity to the ends of the world.

COMPLAINTS

No complaints were received in this office on either the National Park Service or our White Sands Service Company who handle our concession needs.

MAINTENANCE

According to Webster maintenance is described as "upkeep" and even under the heading I want to reverse the definition and describe our trouble as keeping up. We are still cleaning up from Play Day and have had some five thousand visitors since that day which means more clean up. Although that were not enough our sewer lines stopped up and we find that our disposal had filled completely and it was necessary to dig it all up and we have dug several new laterals in hopes of taking care of the trouble. Our redwood tank is holding up very well but may just be too small. It is very probable that this facility like many others is being taxed beyond its limits and we may be forced to install a pumping system for our sewerage. Plans for our local domestic water lines are completed and that project is well along. It is no small task however in addition to our other work and my crew are all working through the entire week and will take a lien day later. Virtually all regular maintenance has given way to these special tasks, and we hope that next month we will be able to get back to some of the daily maintenance routine.

INCREASED VISITORS

An increase of twelve hundred seventy four cars and six thousand three hundred thirty seven people over any previous April is no small item and the increase cannot be attributed entirely to Play Day. Two hundred sixty cars and eleven hundred forty two people was our Play Day gain, leaving one thousand fourteen cars and five thousand one hundred seventy one people as just normal gain. We are thrilled

with these gains but we are paying for them dearly in the strain on our physical plant. I hope that the last thing of which I shall ever be accused is that of being a pessimist, but with the increase that we are experiencing we will have to give consideration to the enlargement of our physical plant or we shall suffer a complete collapse one of these days. In 1939 our visitor count was 98,955 and this year with good luck and a continuation of the present trend we should exceed the 1939 figure by almost one hundred and fifty thousand, and yet we have not enlarged our sewer system, our light plant and what little facilities we have for the picnic groups we have salvaged from scraps of other agencies. Our fondest dreams for peak days in 1939 are being exceeded almost daily now, and so it goes.

VISITORS.

M.R. Tillotson, Regional Director, Santa Fe Office

Jack Diel, Santa Fe Office

Francis Elmore, Santa Fe Office

We are always glad to have any of our fellow workers stop off with us and we are sorry that they can not get down more often.

Ambassador' Corea's visit has been mentioned and I am quite proud of my pound of tea direct from Ceylon, which the boy wanted me to have for my attention to the party. The fourteen year old boy was quite impressed also with the red light and siren on our Ranger Patrol car.

RAVIER SERVICE.

Both of my rangers have been and are putting in some long hard hours. Poor ole Dan probably wonders when he is digging out a sewer line where the romance in a Park Ranger career lies--certainly not in laying water lines or digging out plugged sewers. Chittum also in cutting water pipes, rebuilding worn out motors etc. likewise wonders what is eating on the visitor who begrudges us a job with nothing to do but visit with an occasional tourist. A inquisitive six year old walked into my office the other day and ask what I was doing. Before I had a chance to answer the daddy said "son leave the man alone, if he works for the government he is writing a report," and sure enough I was. My hat is off to my boys though for doing the work I call on them to do and then be as pleasant about it as they are. This goes also for Otis, Joe and Frank. My crew is tops.

POLICE PROTECTION.

Both local and State police did a good job for us on Flay Day. No accidents of any consequence occurred and at times the traffic was plenty heavy, and eight thousand people can sure get in the way. We appreciate their help.

GENERAL

We are dreadfully sorry to report that little Cindy Cole has been and is yet critically ill. She was taken to the local hospital and later

with these things but we were right in the middle of the thing
on our special plan. I hope that the last time I will
ever be around is that of being a person, but with the business
that we are conducting we will have to give ourselves to the
management of our special plan as we will not be a business
person any more. In 1917 our business was \$1,200
and this year was \$1,200 and a continuation of the business
we should expect the 1918 figure to be about \$1,200
business, and we have not changed our policy, but I am
glad that our little business is now for the first time in
the history of our country. The business is now in
the hands of the people and we are now in the hands of the people.

to Tusson where she is yet receiving special care. She was taken sick and was at the point of death for several days. Frank has been off for a couple of weeks, but he tells us that Cindy is doing much better and that he will soon be back. We all miss the Gots family and hope Cindy will soon be well enough that they can all be back at White Sands. It just occurred to me that I will have to type this report myself so I too this time shall suffer from its length. This will explain the many mistakes that also will occur in my struggle to revive some of that skill required in getting out the nice letters Frank gets out for me.

Recreation and Recreation The Del Rio Hotel at San Antonio has been under construction since 1917. They have a well in the side of the hotel that shows the old and new hills south of the river.

Three colleges and one university were held at San Antonio, N.M. on April 2.

Three hotels were held at San Antonio on the night of April 2. The morning of April 2, probably a few more hotels were held at San Antonio.

Most of the wildlife I have seen so far has been killed in a few spots and in a few places. I have seen a few more birds.

Forest Service / Department of Agriculture was on patrol from April 2 to April 10. A man was sent to the Office at San Antonio on April 2.

A fire was started on April 2 by Ray W. Brown and a fire was started at San Antonio for the first time.

A fire was started on April 11, probably by Ray W. Brown and a fire was started at San Antonio for the first time.

On April 11, a fire was started at San Antonio for the first time.

Forest Service / Department of Agriculture was on patrol from April 11 to April 15. A fire was started on April 11, probably by Ray W. Brown and a fire was started at San Antonio for the first time.

Forest Service / Department of Agriculture was on patrol from April 15 to April 19. A fire was started on April 15, probably by Ray W. Brown and a fire was started at San Antonio for the first time.

 4/12 Mr. Phil Moore, photographer from Beverly Hills, Cal.
 taking movies for educational purposes.
 4/20 Thirty-five students from the Hopi High School, Oraibi,
 Arizona

Research and Observation: The Golden Eagles at the Citadel have been seen several times this month. They have a nest in the side of the lava flow above the old sink hole south of the ruins.

Three antelope and one porcupine were seen along the loop road to Sunset Crater on April 2.

Three ducks were noted swimming around on the pond at Heiser Spring the morning of April 9. Probably a few tired travelers getting a rest.

Most of the wildlife I have seen so far has been limited to a few sparrows and an occasional cottontail and jack rabbit.

Ranger Service: Superintendent Brueck was on annual leave from April 3 to 17 inc. A new boy was added to the family at Kanab, Utah on April 9.

A flagpole was erected on April 4 by Ranger Walker and a flag is now flying at Wupatki for the first time.

A dead calf was disposed of on April 11. Evidently hit by a car just a few miles off of highway 89.

One cat was disposed of April 18 that showed up here at Headquarters.

Forest Fire Protection: One small fire started by an abandoned campfire was extinguished by Monument personnel on April 2 at 7:00 P.M. The fire was on the Coconino National Forest and the forest service was notified the next morning so they could check it. The Forest Service now has two fire towers in operation due to the extreme dry forest conditions.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

April 26, 1951

To: General Superintendent
From: Superintendent, Wupatki
Subject: Monthly Narrative Report - Wupatki and Sunset Crater National Monuments

Weather: The long dry spell was finally broken with a few showers this month that totaled .32 inches. Every little bit helps and vegetation does seem a bit greener since the rain. There have been quite a few days of high winds. The maximum temperature for the month was 83 on April 14 with a minimum of 29 on April 11. The flow of the Little Colorado River has almost stopped which is making it quite hard for the Navajo Indians who depend on it this time of the year for their sheep.

Maintenance: With some rain this month it was possible to blade some of the bad wash board out of the Sunset Crater entrance road and to pack some of the clay plating between Sunset Crater and Wupatki. The Wupatki entrance road did not get much rain and it is still very dry with quite a bit of wash board.

The ruins trails at Wupatki and the Citadel were worked over April 2 and 4.

A drinking fountain was installed outside of the office to replace the old faucet and has proved very popular.

The dump truck was overhauled by the Forest Service shop in Flagstaff and is now back on the job clay plating the roads where needed. It looks like the hard work and efforts of maintenance man Joe Bean are beginning to pay off. I am sure we will be able to keep the Sunset Crater-Wupatki loop road open for traffic both ways this spring.

Interpretive Services: At Wupatki 455 visitors in 150 parties were contacted for an average of 19 minutes and a total of 48 hours.

Travel: Travel figures showed a decrease of only 4 people for the month. Sunset Crater travel showed an increase of 202 people but there were frequent groups of local people making trips to the area which can account for some of the increase. Considering Easter holidays came in April last year with heavy travel we figure we did good to break even this month. On April 22, 20 cars were recorded which is the most in one day so far this year.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL COPY IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Homer J. Parr
TITLE SuperintendentREMARKS: (Please note below any factors influencing interpretive service, such as:
"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

REMARKS: (Please note below any factors influencing interpretive service, such as:
museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

APR 1951
RECEIVED
National Park Service
Regional Training
Office
67891011121314151617181920212223242526

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE IS RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. IN COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as:
'museum closed for repairs', 'closed for season', 'naturalist on sick leave', etc.)

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME

TITLE

Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Contact and Museum open daily from 8:00 A.M. to 5:00 P.M.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

REMARKS: (Please note below any factors influencing interpretive service, such as: museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3)

NAME
 TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

ARCHES NATIONAL MONUMENT
MOAB, UTAH

June 3, 1951

Memorandum

To: General Superintendent
From: Superintendent, Arches
Subject: Narrative Report for the month of May, 1951

WEATHER: Over one inch of rain fell during this report period bringing with it abnormally cool weather. Maybe those Rain Makers have something!

TRAVEL: Inspite of the stormy weather 1495 visitors arrived in the area in 447 cars which gives us an increase of 36% over the same period last year. Twenty-seven states and four foreign countries were represented.

INTERPRETIVE SERVICE: Of the 1495 visitors who entered the monument 650 were contacted. Fourteen guided tours were made with a total attendance of 216 people. Total contact time amounted to 81 hours. Three tours outside the monument were made with 108 students of the Grand County School. The purpose of these field trips was to view and discuss vandalized petroglyphs along the Colorado River and explain to them the meaning and reasons for the Antiquities Act.

INTERPRETIVE DEVICES: The four panels which flank the two large center panels on the Wayside Exhibit were received from the Regional Office along with a welcome \$35.00 to pay for their installation. The installation of these panels will complete our Wayside Exhibit. Informational and directional signs for the Cove Nature Trail were received from Les Arnberger who is revising our Nature Trail leaflet. His help and suggestions will improve this trail a great deal.

PUBLICITY: Director George Sherman of the Universal Motion Picture Co. spent one half day in the monument seeking location sites for a Technicolor picture to be filmed in the vicinity of Moab around the end of June. He left without making any definite decision on location, saying that there was so much to choose from that the decision was going to be difficult.

NPS VISITORS: Naturalist Leslie P. Arnberger, May 10 & 11.

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

26 May 1961

Memorandum

To: General Superintendent
From: Superintendent Aztec Ruins
Subject: Superintendent's Monthly Narrative Report 141

WEATHER: Many windy days with dust storms followed, toward the close of the month, with clear warm days. Three light rain storms have added 0.16 to the annual precipitation.

MAINTENANCE: Ruins stabilization has been continued this month with considerable repair being accomplished in the north east corner of the ruin and about one third of the south wall excavated.

The deteriorated paint and plaster in the residence at site No. 3, bath room, was repaired with plastic tile. Likewise the baseboards in the living-dining room and kitchen of this residence were replaced. The floors in the remainder of the residence have not as yet finished settling, but within another year will be repaired.

THE COMPLETION: The landscaping of the residential area has been completed, which report is forwarded separately.

DEVELOPMENT: There were 1004 visitors in 104 parties conducted thru the ruins and 1452 visitors in 340 groups shown thru the museum.

DECREASE IN TRAVEL: For the first time in many months we show a decrease in travel for the same period of the previous year. This decrease is approximately 7% with 1452 visitors from 37 states, Wash D.C., Brit Honduras, Alaska, Canada and Switzerland. Our decrease seems to be due to an almost total absence of visiting school groups. Generally in May we have 15 to 20 school bus loads of students, this year we have had but 2 such groups.

BIRD OBSERVATION: Several fair sized flocks of evening gross beaks visited for a week on their way north to the higher country. We have completed a new type of plant-tree sign, placing 6 of them along the entrance walk identifying native shrubbery. The sign is made of 2 plates of glass sealed together with liquid solder.

VISITORS: Jess Lombard, Craters of the Moon, visited at the close of the month. He enjoyed his visit and wish more NPS personnel would drop in on their way by.

BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

May 31, 1951

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Narrative Report for May, 1951

Weather

The hottest day for May ever to be recorded at Bandelier occurred on the 27th when the temperature reached 98 degrees. This was quite a contrast to the snow flurries and cold rain that occurred on the 17th, and a low of 22 degrees on the 3rd.

.55 inches of moisture were received but this did little to alleviate the arid conditions that have prevailed generally for the past two years.

Special Activities

The Superintendent met with the In-Service Training Committee at the Region Three Office to discuss plans for training tours to Bandelier for Regional Office personnel who do not ordinarily get out to field areas. The first tour is scheduled for June 6.

A staff meeting was held for all personnel to discuss additional plans for the civil defense organization for the area. This was followed by group meetings to formulate definite plans for the various divisions.

The very heavy travel toward the last of the month made it necessary for the Superintendent and clerk to spend considerable time guiding tours and checking cars. There is a very urgent need for additional temporary ranger assistance during May. As it is, we practically have to postpone

administrative and other matters until the temporary rangers are available.

Inspections

Messrs. Carter, Richardson, and Franke made an inspection, on the 14th, of the propane gas systems, for both the residences and the lodge, in order to prepare plans for a bulk rather than the present bottle system.

General Publicity

The entire issue of the Arizona Highways magazine was devoted to the archeology of the Southwest, as represented by various Monuments and Mesa Verde National Park. The magazine featured reconstruction paintings by the noted artist, Paul Coze, that vividly portrayed Indian life as it probably was hundreds of years ago. The painting for Bandelier showed an Indian weaving at a loom in one of the cave kivas.

Maintenance

Approximately 5,000 feet of telephone cable was obtained from the Atomic Energy Commission, for taking it up, and part of it was used to run a new line from the utility area to the office. The old cable was giving trouble by picking up induction from the museum lighting circuit and the new cable was laid entirely away from any power lines. A much clearer circuit resulted for the grounded system.

The stores supplies were moved to one corner of the warehouse in order to add an additional room to the warehouse quarters. The room was painted and placed in good condition for occupancy by the clerk.

The kitchen and bathroom at the dormitory were repainted this month.

All of the signs along the ruins trails and in the campground were repainted with aluminum paint and generally put in good condition.

Roads and Trails

The campground road was given a dust palliative treatment of MC-1 oil. Volcanic ash was spread on the oil immediately after it was applied, to the road, in an attempt to make a more durable surface.

BUREAU OF LAND MANAGEMENT

WATER RIGHTS
AND
SURFACE RIGHTS

WATER RIGHTS

Water rights are those rights which are acquired by the owner of land in the State of Nevada, by the use of water, for the purpose of irrigation, domestic use, or other beneficial use, and which are subject to the provisions of the Nevada Water Rights Act of 1907.

WATER RIGHTS

The Nevada Water Rights Act of 1907 provides that water rights are acquired by the owner of land in the State of Nevada, by the use of water, for the purpose of irrigation, domestic use, or other beneficial use, and which are subject to the provisions of the Nevada Water Rights Act of 1907.

WATER RIGHTS

The Nevada Water Rights Act of 1907 provides that water rights are acquired by the owner of land in the State of Nevada, by the use of water, for the purpose of irrigation, domestic use, or other beneficial use, and which are subject to the provisions of the Nevada Water Rights Act of 1907.

The Nevada Water Rights Act of 1907 provides that water rights are acquired by the owner of land in the State of Nevada, by the use of water, for the purpose of irrigation, domestic use, or other beneficial use, and which are subject to the provisions of the Nevada Water Rights Act of 1907.

The Nevada Water Rights Act of 1907 provides that water rights are acquired by the owner of land in the State of Nevada, by the use of water, for the purpose of irrigation, domestic use, or other beneficial use, and which are subject to the provisions of the Nevada Water Rights Act of 1907.

The Nevada Water Rights Act of 1907 provides that water rights are acquired by the owner of land in the State of Nevada, by the use of water, for the purpose of irrigation, domestic use, or other beneficial use, and which are subject to the provisions of the Nevada Water Rights Act of 1907.

WATER RIGHTS

The Nevada Water Rights Act of 1907 provides that water rights are acquired by the owner of land in the State of Nevada, by the use of water, for the purpose of irrigation, domestic use, or other beneficial use, and which are subject to the provisions of the Nevada Water Rights Act of 1907.

The parking stripes in the parking lot were repainted, and they have proven to be very effective on busy days.

Work is progressing rapidly on the section of Highway 4 that is being reconstructed by the ALC, and by the end of the month the subgrading was nearly to the checking station.

Concessions

The Lodge reported that business for this month was not quite as good as it was last year, with only 70 guests as compared with 84 a year ago. The unsettled cold weather during the first half of the month was probably responsible for the decrease.

The saddle horse business was generally poor the first of the month, but had increased considerably toward the last.

The delay in the approval of this year's rates has held up the printing of advertising folders by the Lodge, and they are very badly needed to answer inquiries and supply information.

Interpretive Service

There were 1971 visitors conducted on 133 trips to the ruins this month. This is a decrease of 88 persons, but an increase of 21 trips as compared with last year.

Total interpretive contacts this month were 4060, which is an increase of 306 over last year. Most of the increase was due to additional museum contacts.

Travel

The most travel for a single day in the history of Landelier occurred on May 27, when 1129 visitors were actually counted at checking station. This exceeded the 1094 that were checked on a day in August, 1950, and all facilities were taxed to the utmost. With only one temporary ranger on duty, it was not possible to give the high type of service that we would like to give to the visitors.

Total travel for the month was 5,027 which is an increase of 295 over May of last year and brings the total for the travel year to 18,067.

Visitors

May brought the usual influx of school groups that included the following:

Mescalero Apache-----	23
Abbot School-----	15
Immaculate Heart Seminary-----	50
Los Alamos 5th Grade-----	34
Our Lady of Sorrows, Bernalillo-----	24
St. Michaels, Santa Fe-----	27
Pojoaque School-----	18
Espanola-----	24
Leah Harvey Junior High, S. Fe-----	32
San Juan-----	38
Pojoaque-----	26
Santa Fe, Grade School-----	39
Burns, Kansas-----	15
Taos-----	19
El Rancho-----	23

Other visitors included: Daniel Streeter, Brooklyn, New York, who was a former student under Dr. Edgar Hewett, during excavations on the Pajarito Plateau in 1909.

Northern New Mexico Resorts Association members visited Bandelier in two groups on the 25th and the 26th.

Ranger Service

Mr. Hannon Maxson, University of New Mexico archeological graduate, reported for duty as a temporary ranger on May 22.

Forest Fire Control

The very dry weather that has prevailed all spring, coupled with strong winds, caused the fire danger to reach extreme conditions toward the last of the month. No fires occurred in the Monument, but cooperation was given to the Forest Service in the suppression of two large fires.

Three Fire Control Aides entered on duty the first of the month.

Insect and Tree Diseases

Permission was received from the AIC to proceed with the aerial spraying for the control of tent caterpillars, and the operation was accomplished on the 29th, with apparently good results. The few caterpillars that had already begun to form

weas were killed and there was a noticeable reduction in flies throughout the campground and around the residences.

Wildlife

An unusual number of Western tangers and evening grossbeaks came in to the area during the month.

Personnel

Mr. James W. Shirley reported for duty as clerk on May 7. We wish to welcome Mr. Shirley and his family to the National Park Service and to Bandelier. Mr. Shirley formerly served as a temporary ranger at Organ Pipe Cactus and Tumacacori national monuments.

Fred W. Dinnies
Fred W. Dinnies
Superintendent

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Finally, the last step in the process is to implement the plan and monitor the results. This involves putting the plan into action and tracking the progress of the solution. Once the problem has been solved, the final step is to evaluate the results and determine if the solution was effective. This involves comparing the results of the solution to the original problem and determining if the problem has been solved. If the problem has not been solved, the process may need to be repeated.

Canyon de Chelly National Monument
Chinle, Arizona

May 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Monthly Narrative Report for May, 1951

Visitor Travel: May travel slightly higher than for same period last year. 849 compared with 334. Visitors arrived in 120 cars. Guide and contact service totaled 53 hours, 40 minutes. 69 overnight campers took advantage of our new campground facilities.

Weather: Several showers with a total of .91 of an inch of moisture fell during the month. This, together with .85 for April has helped considerably. High-low temperatures ranged from 84 to 28.

Project Programs: After much delay the Hart Hardware Company, Gallup, New Mexico, finally completed their contract for the alterations to the Superintendent's residence - which included asphalt tile and metal tile for the bath room, asphalt tile flooring for the living room, and all steel fixtures and linoleum for the kitchen, and linoleum for the utility room. Since completion all rooms have been repainted. New oil circulating heaters were purchased for the living room and the two bed rooms.

To date the 14,000 pounds of wire has not arrived from the General Services Administration. The wire is necessary to complete the Water Shed Soil & Moisture Program.

Roads and Trails have been maintained and surfaced as time permits.

Signs: After securing necessary materials and with the aid of a Stanley Letter Router just received, new signs are being made at monument headquarters. When completed they will be installed throughout the entire monument area replacing existing ones. Also, appropriate signs will be placed at the new campground areas.

Interpretive Device: During the first part of the month an appropriate and very attractive combination register, map and publications display case was constructed. This is a large unit with ample storage facilities. In addition to serving a very useful public service it is a pleasure to notice the tremendous increase in SNWA publication sales.

Memorandum

To: The Principal Superintendent
Southwestern National Monuments,
National Park Service
Santa Fe New Mexico,

FROM: Superintendent, Roosevelt, Park

Subject: Monthly Narrative Report;

Visitors: Approximately twelve hundred visitors to the old Volcano during this month, making a total of seven thousand and fifty for the travel year and twenty six thousand two hundred fifty for the fiscal year.

Weather: Five cloudy days, and twenty partly cloudy days; rains began about the 10 of the month and have continued raining most every day until yesterday, bringing us five and one half inches of precipitation, the entire country around here takes on a green cast and every body is all smiles.

Flora and fauna: We are beginning to have that usual display of wild flowers on and around the foot of the cone, it will probably be about three weeks before they are in full bloom. All trees, shrubs and other flora are certainly looking to the bottom this spring and should have sufficient moisture for at least two months.

Roads and trails: The roads in the park have been graded four times during the month and are in very good condition all thru the month. In fact the roads are in the better shape than ever before. They always drive smoother in wet weather. The trails are in good condition and have been dressing this spring both the rim and the crater trail.

10 special visitors during the month.

Twenty six posts have been set around the rim trail and all have been branded from 1 to 26. They all have been set about two and one half feet deep and properly trapped, we are ready for the new trail cookout. Our new Register stand has been finished, painted and placed near the east wall in the turn around on top of the visitor. A thirty foot flag pole has been painted and erected, the new flag has been received, the ranger entered on duty May 13.

Information pamphlets: Twenty four have been mailed to inquiries over the country and three hundred mailed to visitors.

NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

May 25, 1961

Memorandum

To: General Superintendent, SWNM
From: Superintendent, Casa Grande
Subject: Monthly Narrative Report for May 1961.

General: As "per usual" the weather warmed up. The daily maximum temperatures are bearing down on 100°F, and the staff made the change in uniform from the "greens" to the "suntans", even though -- to listen to the old timers -- it hasn't as yet even began to get hot.

The drouth like the warm weather "is as usual." One only has to drive through the San Carlos Irrigation Project to see the curtailment in planting. Off the project, the wells are going down as fast as the crews can drill them. Most crews are working 10 to 12 hours a day, seven days a week. There is talk in Coolidge of privately financing a dam where the San Pedro River joins the Gila River since there is some water lost in that area in the deep gravel beds -- an honest attempt to use all the water that could be made available.

Of course, with the coming of the warm weather, the local schools began closing their doors for summer vacations. The staff began taking their vacations too. Rudolph Mack, the Maintencemman, was first up; He left the 1st of May and by using all the leave that he has accrued, he won't be back until June 20th.

Like the other areas, we shared in the publicity from the current issue of Arizona Highways.

Weather: One has only to look at the vegetation here to tell that the weather is getting warm and drier. That fresh green look of two months ago is gone; everything is browning up nicely.

Maximum temperature for May	102°F.
Minimum temperature for May	42°F.
Total precipitation	.13 inch

Visitors: As expected, the travel continued to decline as the weather warmed up; the hotter it gets the slower the travel. Regretably, to our way of thinking, the number of trips through the "ruins" remains about the same, but the number of persons per trip often drops down to one person. The number of states represented in our travel went down; Florida, Mississippi, North and South Carolina, and Vermont were blanks, as were all the territories except Alaska. Our foreign visitors were a newly wed couple from Switzerland, a young lady from Brazil, and another from China.

	<u>1951</u>	<u>1950</u>
Visitors during May	2,703	2,196
Increase	507	
Visitors for Travel Year	31,282	28,231
Increase	3,051	
Servicemen in May	22	

Interpretive Service: A total of 1,469 people made the trip to the "ruins" in 198 groups, averaging 50.8 minutes per trip. There were 1234 visitors who made only a brief stop and did not see the "ruins"; we estimate that 70% of this group did see the museum.

Visitors of Note and Special Groups:

April 27 -- 20 people from the O.S. Stapley Company, Coolidge, for a picnic.

30 people from the Coolidge Nazarene Church for a "social".

April 28 -- 34 Students of the 7th and 8th grades of the Tempe Grammar School, Tempe, Arizona, for a "ruins" visit.

10 Boy Scouts from Troop 50, Somera, Arizona for a "ruins" trip.

April 29 -- Superintendent Supermaugh and Ranger Leading from Organ Pipe Cactus Nat'l. Mon. for a brief visit on "official business".

May 4 -- 15 4H Club girls from the Konilmore School for a trip to the "ruins" and a picnic.

May 5 -- 45 Children and their parents from the Coolidge Nazarene Church for a "children's Social".

Visitors: As expected, the travel continued to decline as the weather warmed up; the latter is not the season for travel. Regrettably, in our way of thinking, the number of trips through the "rain" season has been about the same, but the number of persons per trip of our group has been down. The number of other persons in our group went down; visitors, Kinsale, Boston and South Carolina, and Vermont were missing, as were all the visitors except Alaska. Our Kinsale visitors were a party with people from Switzerland, a young lady from Brazil, and another from China.

Visitors during May		Incense	
1950	1951	1950	1951
2,135	2,775	2,135	2,775
Visitors for Travel Year		Incense	
21,225	21,225	21,225	21,225
Government in May		21	

Informative Services: A total of 1,447 people made the trip on the "rain" as for people, according to a statement per trip. There were 1,447 visitors who made only a brief stop and did not see the "rain"; we estimate that 70% of this group and see the museum.

Visitors of May and Special Groups:

April 27 -- 20 people from the U.S. Navy Company, Hamilton, for a picnic.

20 people from the Hamilton Museum Group for a "picnic".

April 30 -- 21 persons on the 7th and 8th grades of the local women school, Tokyo, Japan, for a "rain" visit.

10 day people from Group 20, Japan, Alaska for a "rain" trip.

April 29 -- 20 persons from the Hamilton Museum Group for a "rain" visit. 20 people from the Hamilton Museum Group for a "rain" visit.

May 4 -- 10 day people from the Hamilton Museum Group for a "rain" visit. 20 people from the Hamilton Museum Group for a "rain" visit.

May 5 -- 10 children and their parents from the Hamilton Museum Group for a "rain" visit.

- May 10 -- 40 4th grade pupils from Eloy, Arizona, for a "ruins" visit and a picnic.
- May 16 -- 35 5th graders from Coolidge for their annual weiner roast.
- May 18 -- 33 5th grade pupils from Mobile, Arizona, for a "ruins" trip.
- May 19 -- 15 cubs of Pack 57, Den 1, Casa Grande, Arizona, for a picnic, "ruins" trip, and bird identification session.
- May 23 -- 17 cubs of Pack 57, Den 3, Coolidge, Arizona, for a picnic.

Administration and Protection: The Superintendent made a trip to Poston, Arizona, for the General Superintendent; he left early to avoid the heat and nearly froze to death on what turned out to be the coldest day of the month.

There were 5 requests for information during the month; the requested information was mailed to the persons concerned.

The Adamsville site received its usual inspection and there was no new evidence of "pot robbing".

We received a beautiful insect storage case. Now we will be able to properly handle the material which Les Arnberger collected last year. Since each of the drawers are glassed, it will certainly be easier to show them to the public than the present method of digging out the various boxes.

We have been threaten again. A Mrs. Reck of Denver requested a photograph of the "ruins" which she could include in an article she was writing -- The Most Enjoyable Side Trip I Ever Took.

Surplus: Hecray -- we unloaded some of this stuff which has been surplus for some time. Four army beds and mattresses were shipped to Navajo National Monument.

Maintenance: The Superintendent has been busying himself with the maintenance work that has to be done while our Maintenance-man vacations in the rivers of traffic among the canyons and buildings of New York City. All the signs are getting a new paint job.

Library: The Southwestern Monuments Association made us a present of a new book for the library. The book is Yuman Indian Agriculture.

Wildflowers and Cacti: According to Pima tradition the New Year started around May 1st this year, that is according to the folks who saw the first blooming of the Saguaro Cactus. The Saguaro here on the monument as just beginning to show buds, so our new year, apparently, will be a little later.

Superintendent

To: National Superintendent

From: Superintendent, Pima Canyon

Subject: Report of meteorological observations made during the month of May, 1942.

A. T. Ricknell
Superintendent

Working conditions

Although some relief from the continued drought was experienced about mid-May there continued extremely hot and dry conditions of weather. Day and night temperatures were maintained at temperatures around a little under 100 degrees. The amount of the drought and the extreme conditions was of course.

Observations

The Superintendent attended the road meeting at the Pima Canyon during the month. In May 2 he attended the State Conference of the Highway at Washington at D.C. The meeting was in the morning of all of the members of Congress delegates and was held in the Senate Chamber. The purpose of the meeting was to discuss proposed road development in the Department and discuss the effects of the proposed road development on the Indian Service program in a whole. The meeting was held in the morning for the purpose of discussing the proposed road development and the effects of the proposed road development on the Indian Service program in a whole. The meeting was held in the morning for the purpose of discussing the proposed road development and the effects of the proposed road development on the Indian Service program in a whole. The meeting was held in the morning for the purpose of discussing the proposed road development and the effects of the proposed road development on the Indian Service program in a whole.

Respectfully, the Superintendent of the Pima Canyon National Monument is very much interested in the progress of the work of the National Park Service.

Very truly yours,

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

May 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument
during the month of May, 1951

Weather Conditions

Although some relief from the continued drought came to surrounding areas weather here continued extremely dry with only .14 inches of moisture. Many windy and dusty days were experienced but temperatures remained a little cooler than normal. The minimum was 28 degrees and the maximum temperature was 89 degrees.

Administration

The Superintendent attended two road meetings at his own expense during the month. On May 7 he attended the State Convention of the Highway 66 Association at Grants, New Mexico and on May 15th a meeting of all of the Chambers of Commerce delegates from towns bordering the Navajo Indian Reservation. The purpose of the meeting being to discuss proposed road development on the Reservation with Indian Service officials, and to promote the concerted efforts of the various delegates in working for the Indian Service program as a whole. A great deal was accomplished by the meeting in bringing to agreement conflicting opinions and should bring results in better roads. Delegates attended from Cortez, Mancos, and Durango, Colorado. New Mexico was represented by Gallup, Farmington, and Aztec. Arizona by delegations from Winslow, St. Johns, Holbrook, and Flagstaff. Utah by a delegate from Moab. Mr. Allan G. Harper, General Superintendent of the Navajo Agency, and Mr. Harold Johnson, Road Supervisor represented the Navajo Service.

Considerable time has been spent in other administrative duties concerned with the issuing of bids for the new quarters, etc.

Maintenance

Water piping beneath the surface of the road on both approaches to the bridge had formed large caverns which were discovered when inspecting the bridge. These were repaired and filled with rock rubble and new surfacing placed on the road. Several more signs were installed and the loose

Journal of Management Inquiry 20(4) 409-424

[Faint, illegible text]

[illegible]

1944

On the subject of the above mentioned, the following information is being furnished for your information:

rocks removed from the roads. Culverts were cleaned and other road repair accomplished.

Approximately 2,115 feet of two inch water pipe along with valves and unions have been recovered from the old OCC site. There is an undeterminable amount of 1½ inch and smaller pipe yet to be recovered.

U.S.I-31800 and U.S.I-31784 were taken to Farmington for repair as will other pieces of equipment be when time permits.

Soil and Moisture

The Soil and Moisture project has been completed as far as available funds permitted. Common willow cuttings were made and planted as well as many cable and tree structures installed. Repair and additions were also made to existing jetties. A crew of from four to seven Navajo workmen have been employed on this and other projects. The Peachleaf Willow plantings made in April are leafing out nicely but unless we get some moisture soon it is doubtful that they will all survive.

Interpretive Services

Thirty five trips with an attendance of 160 people were taken thru Pueblo Bonito. There were 24 Museum contacts totaling 115 persons. A total of 70 hours and 15 minutes was spent in guide and contact time.

Travel

there were 203 visitors in 81 cars. Travel year to date figures show an increase of 43 % with 980 to date.

Visitors

Artist George Petty, the prominent portrayer of feminine pulchritude and W.H.Fawcett Jr. of Fawcett Publications, Norwalk, Connecticut.

Mr. O.C. Havens of Gallup, New Mexico who was a photographer for Neil Judd during the excavation of Pueblo Bonito.

Approach roads

The south approach was graded during the month and is now in as good a condition as it has been for some time. However lack of moisture and the continuous windstorms have pitted it again to some extent.

Permits

Two permits were issued to move stock across the Monument, One to Ed. Sargent and one to Rafael Mescalito.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

May 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

Following is a report of activities at Chiricahua for the month of May:

Weather. The month of May was typically dry with rain on the 1st, and the 15th, totalling .11 inches. Temperatures were high for the area at the close of the month with a 93 degree reading on the 25th.

Special Activities. A visit to the Monument was made last month by a representative of Universal studios to inspect the area in regard to filming a technicolor about the life of Cochise. This month, Director Sherman and four of his assistants, returned on the 18th for a detailed study. The decision was reached that Chiricahua provided too few open areas for the equipment and the shots necessary for the picture. Therefore, thought is being given to setting the scene at Texas Canyon, west of Willcox.

Inspections. Chief of Development Vint, in company with Messrs. Davis, Lassiter, and Miller, inspected the Monument on the 30th of April. While in the area, the group marked out four additional trailer sites in the campground and discussed adding more at a later date. Mr. Dodd of the Chief Forester's office and Mr. Carlson, Regional Forester, inspected Chiricahua on the 25th. of the month.

Maintenance. All of the Monument personnel gave a share of work time this month to the checking and repair of the telephone line. Communication is now very good. The trailer sites located by Messrs. Vint, Davis, Lassiter, and Miller are about 90% completed.

Approaches to Monument. All of the approach roads, including the drive from Portal over Onion Saddle, are dusty but in good condition. The Monument road remains excellent.

1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623

we shall not be too surprised. The Government has various means of

Interpretive Service. 1338 visitors in 366 parties were contacted in the museum this month. 55 visitors were taken on conducted hikes for a total of 12 1/2 hours. One conducted auto tour with 5 visitors took one hour. One illustrated lecture of 1 1/2 hours duration was given in the museum to 22 visitors on the night of the 11th. Two visitors used the self-guided nature trail for 1/2 hour.

Travel. Travel dropped to 1453 visitors as compared to 1805 for May of 1950. This leaves us 871 behind last year for this travel year to date. It has been suggested that the war situation has given the workman longer hours as well as a reticence to use his car for longer trips. This could in part explain the decrease in travel.

Camper use continued to be good at Chiricahua with 195 visitor days recorded for May. The month brought 90 visitor days to the neighboring guest ranches with the Silver Spur decreasing in count and Faraway increasing.

Ranger Service. A Mr. Alan Anderson of Logan, Utah, will be the Seasonal Ranger at Chiricahua for this summer. Mr. Anderson will report for duty with his brand new bride on the 3rd. of June. The wedding date is May 31. He has spent one previous season with the Service at Bryce Canyon.

Forest Fire Protection. The Chiricahua Look-out, Mr. W.J. Marble, entered upon duty on the 12th. of May. Prior to that time, extensive patrols of the area were made by the local force for detection purposes.

No smokes have been reported on the Monument or on the adjoining Forest Service lands to date.

Ranger Urban Post of the Coronado National Forest, will conduct a fire training school at Rustler's Park on the 1st. and the 2nd. of June. All Monument personnel have been invited to attend.

Clair V. Cooke,
Superintendent.

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico
May 20, 1931

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

This month, there were 273 visitors who came in 31 automobiles. This is considerably less than a year ago, but the Ice Cave is suffering from the same slump as is Highway 66 according to reports. Of these people, 240 took a trip around the rock and formed 38 parties. 33 took a trip over the top in 10 parties. 30 persons in 10 parties received an orientation talk.

The warmest this month was today with 80 degrees, and the coolest was 12 degrees Fahrenheit. There was .37 of an inch of moisture which included a snowstorm on the 18th!! The warm weather has been very late in coming this year.

At the beginning of the month, the superintendent attended a fire training school at Teffey. Old acquaintances were renewed, new acquaintances made and it turned out that the assistant supervisor was an old friend of 11 or 12 years standing. With it all, some fire fighting was learned.

The technician came by and gave the light plants the usual monthly checkup. He spent part of two days here.

The valves were repaired and water turned into the ranger cabin.

The concrete tables were located, set up and concreted in place.

The basement had a place for a window, but for some reason, it was apparently never put in. The hole was boarded up, which made the place as dark as a coal mine when the light plant was not running. A large steel sash was purchased and installed in concrete. The WHP is now afraid to fire the furnace now -- should have thought of that long time ago!!

WASHTON, D. C.
JAN 10 1911

Mr. [Name]

Department of the Interior

Washington, D. C.

Dear Sir: This is to advise you that the National Park Service has received your letter of the 10th inst. regarding the proposed establishment of a National Monument in the State of [State]. The Service is currently conducting a study of the proposed area and will submit a report to the Department of the Interior in due time.

The Service is also conducting a study of the proposed area and will submit a report to the Department of the Interior in due time.

At the Department of the Interior, the National Park Service is currently conducting a study of the proposed area and will submit a report to the Department of the Interior in due time.

The National Park Service is currently conducting a study of the proposed area and will submit a report to the Department of the Interior in due time.

Very respectfully,
[Signature]

The National Park Service is currently conducting a study of the proposed area and will submit a report to the Department of the Interior in due time.

The National Park Service is currently conducting a study of the proposed area and will submit a report to the Department of the Interior in due time.

A new garbage pit was dug - 12' x 12' by 6' deep. A broad, deep, earthen stairway was built into it. Next season when freezing weather strikes one will be able to walk into the pit instead of sliding in in various positions.

The register stand received two coats of stain and several signs received a coat or two of the same.

The RRA representatives advise us that some of the materials to bring us over have been bought, but we won't believe it until we see it!

He had planned on reemploying our seasonal ranger of last year, but late this spring he informed us that he had decided to attend summer school. He wants to get as much education as he can before he gets sent back into the army. Therefore, this month, a hurried, one-day, special trip was made to Albuquerque to the university to employ him as a recorder for duty on June 1st.

Visitors included Herman H. Mason, ranger at Bandelier, and Helen Abel, ranger at Mesa Verde.

Irving L. Schell, Jr.

Subject: Monthly Narrative Report for May 1951

Weather. This month has been very dry and daily high winds were received. Precipitation totalled .11 of an inch for the month, certainly not enough to settle the dust. Maximum temperature averaged about 80 degrees and the minimum about 40 degrees. The area in the vicinity of the monument appears to be in one of the worst drought periods in years. Spotty rains are received but too infrequently to insure good range conditions.

Cooperating Governmental Agencies. The New Mexico Game and Fish Department are conducting a survey of range conditions of the Chupadera Mesa. Game Ranger Earl Turner visited on the 15th and mentioned plans of the Department to take a deer count on the game refuge which lies 5 to 30 miles south of the monument.

District Ranger Euel C. Nave, U.S. Forest Service, has replaced Ranger Harlan Johnson, on the Cibola National Forest. Ranger Nave, formerly of Coronado National Forest which adjoins Chiricahua National Monument, called at the monument to renew an old acquaintance-ship with the Superintendent.

Inspections. Messrs. John Davis, Ray Lassiter, Jerome Miller and Tom Vint spent most of May 2 inspecting the area and visiting Abo and Quarai State Monuments.

Dr. Erik Reed on May 3 to inspect the ruins stabilization and excavation projects.

Special Activities. The Superintendent attended a Chamber of Commerce banquet held in Mountainair on May 2. New Mexico's Governor Ed McChesney, the principal speaker, discussed tourist travel in the State and the improvement of the highway system.

Trails. The Mission Trail was extended to include the recently excavated Indian house mound and kiva. This new portion of trail provides the visitor an opportunity for an overall view of the

BUREAU OF LAND MANAGEMENT

exposed rooms and also access into the rooms themselves. A protective barrier chain was placed around the kiva for the safety of the visitor.

Two inserts to the current self guide pamphlet were prepared during the month. These were edited and mimeographed by the Naturalist's office and have been included in the self guiding tour.

Excavation and Ruins Stabilization. The stabilization of San Buenaventura mission was completed by Archeologist Vivian and his crew on May 3. Surface drainage was provided for the church and monastery, wall veneer stabilized with caliche and cement, and much patching performed. A small work crew continued on cleanup through May 19.

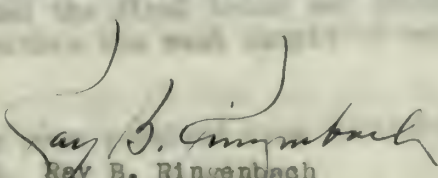

The excavation work on the indian pueblo carried on in conjunction with the mission stabilization was completed also this month. Many of the artifacts uncovered by Mr. Vivian have been placed in the temporary exhibit room and the remainder in storage in the equipment shed.

In addition to the stabilization and excavation work, Mr. Vivian and crew partially cleaned out the interior of the nave of San Ysidro mission. The excavation, carried on in the sanctuary section of the church, revealed the remnants of several small rooms, a side altar, pulpit, and several other architectural details. It would appear from these findings that San Ysidro, of the two churches in this Indian village, had received the most extensive use. As time permits, monument personnel will continue the cleanout of the rest of the nave.

Travel. A 31 percent increase in travel was recorded this month. 252 persons in 75 cars visited the area, 80 percent of these New Mexico residents and 20 percent out-of-State.

Interpretive Services. The interpretive program has been expanded to include, within the conducted and self guiding trail trips, that portion of the village recently excavated. 173 persons in 58 parties were conducted through the ruins for an average of 44 minutes per party. 242 persons visited the museum and 20 parties of 79 persons used the self guiding trail pamphlet. 240 of the monuments 252 visitors were contacted.

Personnel. Archeologist Vivian left for Chaco Canyon on May 12. Termination papers were submitted for Wilburn A. Leavelle, laborer.

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

May 27, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for May, 1951

Weather Conditions

Beautiful week-day weather with cold windy weekends was the weather story for May. Only one nice Sunday has come along in the last seven weeks and travel was reduced considerably as a result. The maximum temperature was 75° on May 20, the minimum was 23° on May 2, and 0.26 inches of rain fell in light showers during the month. Several "dry" thunderstorms were experienced.

Inspections

Naturalist Les Arnberger visited us May 11 and 12. Les was of particular help in getting me straightened out on the fact file and was of general assistance in a great many more ways than he realized.

Rehabilitation

Every possible minute I could find was spent during the month on rehabilitation and maintenance. The rest of the paint was removed from the front room and bedroom floors and the asphalt tile is now completely installed throughout the house. Asphalt cove base samples were finally received yesterday and the final order and selection is now made. I hope to receive it within the next couple of weeks and get this job out of the way.

The cupboard doors have been received from Wallrich Lumber Company but are not yet installed.

Maintenance

The water storage reservoir at the Lower Mosca Creek Camp-

Flagstaff, Arizona

May 27, 1932

Memorandum

To: General Superintendent, Grand Canyon National Monument
From: Superintendent, Grand Canyon National Monument
Subject: Superintendent's Narrative Report for May, 1932

Weather Conditions

Weather was clear and pleasant with light winds and
the temperature for May. The temperature was in the
lows and the wind was light and variable. The
maximum temperature was 75° on May 25, the minimum was 55° on
May 2, and 0.36 inches of rain fell in light showers during the month.
Several light thunderstorms were experienced.

Incidents

Incident: One visitor was injured on May 11 and 12. The
injury was a result of falling from the rim of the Grand Canyon.
and one of the visitors was injured in a light way when he
fell.

Accidents

Accident: One visitor was injured on May 11 and 12. The
injury was a result of falling from the rim of the Grand Canyon.
and one of the visitors was injured in a light way when he
fell.

The accident was a result of falling from the rim of the Grand Canyon.
and one of the visitors was injured in a light way when he
fell.

Remarks

A small storage reservoir at the lower Mosca Creek Camp-

ground was thoroughly cleaned and water was turned on for public use on April 30. The large full pane windows in the office were reset to eliminate cracks and a touchup coat of paint was given the outside woodwork preparatory to a full coat I hope to put on next week.

The materials for the plumbing work on the expandable trailer arrived the first of the month and eight days were spent helping Mr. Seaberg of Alamosa put in the bathroom plumbing and fixtures, grease-trap, and outside soilpipe connections to the cesspool. The bathroom partition in the trailer was put in. While he was here, Mr. Seaberg helped me clean out the drainpipe from the laundry tub on the back porch of the house which are now in use for the first time since my arrival. Mr. Seaberg tells me that the trouble, which had completely plugged over 30 feet of pipe, will recur until the kitchen sink is diverted through a grease trap before entering the main line.

The entrance road was graded twice and at the end of the month is in the best shape it has been in this winter. Cleanup of the campground assumed summer magnitude as school groups found napkins and papers impossible to control during the high winds.

Concessioner

The A. W. Graves Saddle Horse Company brought in their horses on May 15. The proper insurance was secured before operation began from the same company which furnished it last year. Business has been very poor so far due to the slow travel and poor weather.

Interpretive Services

Eleven talks were given outside the area during the month. Ten of these were given to the following groups on "National Parks Wildlife" illustrated by the Region Three Office 16 mm. movie.

1. 89 members of Blanca Consolidated School at Blanca, Colorado on April 26
2. 34 members of Alamosa Kiwanis Club at Alamosa on April 26
3. 123 members of Hooper Consolidated School at Hooper, Colorado on April 27
4. 112 members of Mosca Consolidated School at Mosca, Colorado on April 27
5. 27 members of General Biology Class at Adams State College at Alamosa, Colorado on April 27.
6. 42 members of Alamosa Lions Club at Alamosa, Colorado on May 2.
- 7 and 8. Two groups of 50 and 75 from San Luis Institute of Arts and Crafts Branch of Adams State College at San Luis, Colorado on May 3
9. 15 members of Wesley Foundation, Methodist Church, Alamosa, Colorado on May 6
10. 38 members of Moffat-Hooper-Mosca Service League at Mosca, Colorado on May 7.

The eleventh talk was given to 34 members of the Hooper Farm

ground was thoroughly cleaned and water was turned on for twelve days
on April 22. The large fall pipe above in the office was found to
be broken and a leakage was at first not given the correct
direction properly to a fall pipe in the wall.

The materials for the plumbing work on the telephone building
arrived the first of the month and all the work was done by the
company of plumbers and in the bathroom plumbing and the water, gas,
and water supply connection to the building. The bath-
room was finished in the kitchen was put in. This was done on
Monday night on the building from the January 22nd
the first work of the house which was now in the first time
above to arrive. Mr. Ketchum tells me that the trouble, which had
previously happened with the fall of pipe, will never occur. The pipes
were so directed through a window that before entering the main line.

The kitchen work was finished before the end of the
month in the best shape it has been in the office. The work of
the telephone building was finished on Monday night and
the main line was finished on Monday night.

Plumbing

The A. H. House built by the Company is built
on the 12th. The house is built on the 12th floor of the
house from the same company built on the 12th floor. The
house was built on the 12th floor of the house.

The elevator was built on the 12th floor of the house.

May 8

Bureau at Hooper, Colorado. The subject was "Desert Plants and Animals" illustrated with 35 mm. slides from Organ Pipe Cactus National Monument.

Research and Observation

Les Arnberger helped me straighten out the observation section of my fact file and a great many spring observations of birds, flowering dates, and the like are now entered. 17 different species of flowering plants were collected during the month for forwarding to the National Museum.

Many deer observations were made as they moved down into the flats from the high mountains at the time the browse became green. They are almost without exception in excellent shape and went through the winter very well. This was probably due to the mild dry winter.

Dr. Craft, head of the biology department at Adams State College, spent yesterday helping me work out the proposed nature trail. In doing so, he located at least 15 different species of moss in the 300 yard stretch along Mosca Creek in which we propose to locate the nature trail. Dr. Craft now proposes to do a thorough study of the mosses of the area due to the interest generated by yesterdays work.

Two of our three known native lizard species have been observed enjoying the spring sunshine.

Decrease in Travel

The decrease of 83 visitors was due mainly to the cold winds blowing on each weekend as if by schedule. The trend of the travel the past week has been decidedly toward the genuine out-of-state tourist.

Protection

A temporary flurry of interest in uranium brought several prospectors to the monument looking for a purported body of ore on Section 15 just below Arrastre Canon. The regulations were explained to them and the Alamosa County records were checked to be sure that no claim had been filed contrary to regulations. This has been covered by special memorandum. Check of the Saguache County records will be made this next week.

Visitors

School groups visiting the monument included the Rio Grande County High School Band of Monte Vista, the Cheyenne Mountain High School boys of Colorado Springs, a Pueblo Central High School group, Manassa Sixth Grade and Manassa High School of Manassa on different days, Fifth and Sixth Grades from Fort Garland, Stanley School near Alamosa, and Capulin School of Capulin.

100-443887-1000

revised for 1968.

1. The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, regarding the land owned by the United States in the State of California:

[illegible]

Dr. Craft, head of the Atomic Energy Commission, said that the Commission was not yet in a position to make a final decision on the proposed law. He said that the Commission was still in the process of studying the law and that it was not yet in a position to make a final decision on the proposed law. He said that the Commission was still in the process of studying the law and that it was not yet in a position to make a final decision on the proposed law.

Two of our three known native fish species are listed as "rare" or "endangered" on the IUCN Red List.

1. The first of these is the fact that the majority of the population of the United States is of European descent. This is a fact which has been recognized by the government and the people of the United States for many years. It is a fact which has been recognized by the government and the people of the United States for many years.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

A group of 16 Forest Recreation and Game Management Seniors from Colorado A.&M. stayed overnight and were entertained by my wife and me for the evening. They were accompanied by Ronald Ryder of the Co-operative Research Unit at the college and Mr. Kobes of the Fish and Wildlife Service.

George White, owner of private in-holdings, was in to check on his place. He intends to bring his cattle in sometime in July.

Accidents

Three Alamosa High School boys, riding around after the Junior-Senior Prom, went to sleep and ran off the road just south of the checking station at 5 A.M. on May 19. One of the boys, Lynn Hiatt, suffered a broken nose and the front end of the car was completely demolished. Fortunately they were traveling at a slow rate of speed. Lois (Mrs. Bean) took the boys to town and delivered them to their parents.

Personnel

Silver R. Jaramillo reported yesterday for duty as temporary ranger. He will work weekends until June 9 when he will go on permanent duty. Silver is being indoctrinated properly as his first job is completion of the cesspool for his house. His arrival means summer travel has begun.

(SIGNED)

Glen T. Bean
Superintendent

A group of 18 persons, including the following, were taken to the Colorado State Penitentiary at 10:30 a.m. on the morning of the 15th. They were accompanied by a small group of the Co-operative Research Unit at the college and at the time of the trip and the service.

George Miller, owner of the Miller Hotel, was in the group on the 15th. He is said to be in the hospital in the city.

Accidents

There were three light school buses, riding around the city on the 15th. One of them was run off the road and crashed into a building at 5 a.m. on the 15th. One of the boys, John Miller, suffered a broken nose and the front end of the bus was completely demolished. Apparently they were traveling at a high rate of speed. John Miller, who is now in the hospital, was the only one injured.

Deaths

Miss M. L. Lammie, 22 years old, died yesterday at the hospital. She had been in the hospital since the 10th. She was a student at the Colorado State Penitentiary. Her death was a great loss to the community. Her funeral was held on the 15th.

MONTEZUMA CASTLE NATIONAL MONUMENT
CAMP VERDE, ARIZONA.

May 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle.

Subject: Monthly Narrative Report, May 1951.

Weather: For May this has been a rather wet and cool month. Showers fell on five days throughout this report period for a total of 1.2 inches of rain. Weather generally has been most pleasant with maximum temperatures reaching 92 degrees and minimum readings averaging in the 40's. A few cold days were experienced during the first and middle of the month when snow fell on the surrounding mountains.

Travel: As it usually does, travel dropped some this month as compared to last month. 2,610 people in 805 cars visited the Castle and 1,081 people in 573 cars saw the Well. This makes a monthly total of 3,591 visitors in 1,178 cars to this area, and compares favorably to last May's travel figure of 3,097 visitors.

Interpretation: Visitors numbering 686 were conducted through the Castle on 153 trips, and approximately 2,200 saw the museum. The Sycamore Trail was used by about 2,000 people. At the Well 193 people visited the museum and 1,081 hiked the Loop Trail.

Ranger Pierson accomplished considerable work on the area's fact files, especially the bibliography section regarding Montezuma Castle. He also worked on the library, placing it in more workable order.

Both Pierson and White took several kodachrome pictures of the many flowering plants at both the Well and Castle. These pictures are to become a part of the photographic file of plants common to this region.

Visitors: On April 28 Road Foreman John McKee and family from Grand Canyon.

On April 28, Dick Shutler Jr. of the Museum of Anthropology, Univ. of California, and Dick Shutler Sr. from San Francisco.

On May 3, Naturalist Grater and Chief Ranger Jolly from Lake Meade.

On May 7, twenty students from Humbolt Public School, Arizona.

On May 13, Automotive Mechanic and Mrs. L.B. Noweth from Grand Canyon.

Page 2:

On May 15, Lyle Bennett from Regional Office.

On May 17, twenty-eight forestry students from Colorado A. & M., Fort Collins.

On May 22, Mr. and Mrs. Wm. T. Marshall, Director of Desert Botanical Garden, Tempe.

Two groups utilized the picnic area at the Well. The Verde Valley Pioneers Assoc. held their annual picnic on May 6., and the Hiking Club of Cottonwood had a picnic there.

Construction and Maintenance: Again several maintenance jobs were completed this month. Linoleum which was damaged last winter by a broken water line was replaced in the kitchen of Residence No. 1. The pit toilet buildings, located in the public camp ground, were given an outside coat of paint. A small shed was constructed to house the light meter and switches serving the museum building.

At the Well the picnic area was cleaned and many dead branches were removed from the trees in the area.

On May 15, Regional Architect Bennett arrived for the purpose of locating the proposed model of Montezuma Castle. After looking over several possible sites, it was decided to place the model and shelter near where the benches are now situated.

Fire Protection: All fire fighting equipment was checked and placed in good operating condition. Soda and acid extinguishers were cleaned and recharged.

Roads and Trails: At Montezuma Well, a culvert was constructed from empty bitumuls barrels and installed in the entrance road; drainage ditches were cleaned. At the Castle, the paved entrance road was patched in several places and a damaged culvert head repaired. Tumbleweeds, overhanging branches, and debris were removed from the roadsides. Also, a sign 2½ by 4 ft. reading: Entrance, Montezuma Castle National Monument, National Park Service, Department of the Interior; was installed at the north entrance to the area. The utility area roads potholes were filled and smoothed.

The Sycamore Trail and footpath leading to the base of the ladders were thoroughly swept and all broken sections of trail repaired.

Flora and Fauna. Recent rains have caused may wildflowers to bloom profusely. Mesquites, catclaws and sycamores are again in full leaf. It has been noted that these trees and shrubs were about thirty days later than usual in turning green.

Southwestern Monuments Association : While on annual leave, May 5, opportunity was taken to attend the opening of Paul Coze's art show held in Phoenix. The primary purpose of this affair was to show Coze's paintings of the various Southwestern Monuments, reproductions of which are appearing in the May edition of the Arizona Highway Magazine. This was a very interesting show and, according to the papers, over two thousand people viewed the paintings during the first week.

1,000 copies of the May edition of Arizona Highways have been received and placed on sale. Also, 500 copies of Henry Collin's, "Birds of Montezuma Castle and Tuzigoot", have arrived and these too have been put on sale. Since sales have been off this past month, it is impossible to tell how popular these two new items will prove to be.

Personnel: Hervey M. Koller, of Camp Verde, entered on duty April 23, as Seasonal Park Ranger. He has worked here this past year as Laborer and WAE Guide.

Navajo National Monument
Tonaless, Arizona

May 27, 1951

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Narrative Report for May, 1951

Travel: Ninety-three visitors made their way to Navajo this month, nine less than in May 1950. Seventy-three persons camped one or more nights in the area and several parties camped at Keet Seel Ruin.

Weather: A high of 90° was reached at the end of the month and the low for the period was 25°. There was 1.49 inches of moisture this month, .50 of it in the form of very wet snow.

Approach Roads: Most of the approach roads are in good condition. There are a few dry stretches that have become corrugated but they are not bad at this time.

The A.E.C. has rebuilt part of the road between Dinnehotse and Mexican Water continuing with a new road into Monument Valley to a uranium mine. The new road turns north while the old road continues east and west. There is a sign indicating the route to Kayenta and points beyond but its size and location make it very hard to see. Many visitors have followed the better road to eventually end at the mine.

Land Status: A new land status report was prepared and submitted to the Regional Office. This report was approved and sent to the Washington Office for approval.

Road and Trail Maintenance: We have had enough moisture this month to allow us to get a head start on the sand. Rock removal from the road has taken a lot of time and has made quite an improvement. Much trail work has been accomplished and there is more to be done.

Guide posts were installed to Keet Seel Ruin. More and more people are hiking to the ruin and the markers have proved to be of assistance.

Navajo National Monument
Tombstone, Arizona

May 27, 1931

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Narrative Report for May, 1931

Travel: Twenty-three visitors made their way to Monument this month, nine less than in May 1930. Twenty-three persons camped and or more nights in the area and several parties camped at least two nights.

Weather: A high of 90° was reached at the end of the month and the low for the period was 32°. There was 1.88 inches of moisture this month, .50 of it in the form of very wet snow.

Approach Roads: Most of the approach roads are in good condition. There are a few dry stretches that have become rutted but they are not bad at this time.

The A.E.C. has rebuilt part of the road between Monument and Mexican Lake containing with a new road into Monument Valley to a certain place. The new road turns north while the old road continues east and west. There is a sign indicating the route to Monument and points beyond but its size and location make it very hard to see. Many visitors have followed the better road to Monument and at the same time.

Land Status: A new land status report was prepared and submitted to the National Office. This report was approved and sent to the National Office for approval.

Food and Trail Maintenance: We have had several visitors this month to allow us to get a head start on the work. Food removed from the road has taken a lot of time and has made quite an improvement. Much trail work has been accomplished and more is sure to be done.

Guide posts were installed to lead back into Monument and more people are being to the rule and the visitors have proved to be of assistance.

UNITED STATES
DEPARTMENT OF THE INTERIOR

Building Construction: June 15 should see most of the project completed. Two cement floors were poured, two partitions (one in the old bedroom and one in the new garage) were completed, a clothes closet was built in the new bedroom, the window and door trim was installed, light fixtures purchased and installed and some outside landscaping accomplished this month.

General: To me, the most important item was the raising of the roof in the spring tunnel. This had been done by me before, verbally, but now at long last one can stand erect while working on the water pump. The pump house door is next on the list for remodeling.

A door was built and installed on the tool room. A new corral was constructed farther away from the house. Pipeline was enthusiastic about the new corral but he takes a dim view of building a "saddle hogan" to house his riding equipment.

Two trips were made to Flagstaff for supplies plus hauling two loads of sand, three loads of rock and five loads of poles.

Miscellaneous: A visitor reported seeing a fawn being chased by a coyote near Navajo Mountain. Our local Navajos were very much alarmed at the news. It seems this is "bad" and will bring bad luck to the Indians. Any deer or bear on or near Navajo Mountain (their sacred mountain) causes "bad things" to happen. Several years ago a bear was seen on Navajo Mountain and as a result "all the old medicine men around there died".

John A. Aubuchon
Superintendent

NAVAJO NATIONAL MONUMENT
TOMBALA, ARIZONA

1. The first of the two new houses was completed. The old house and one in the new village, were completed, a clothes
 closet was built in the new house, the kitchen and bath were
 installed, the living room was finished and installed and some wiring
 including reconnected this house.

Generally in the last important item was the painting of the
 roof in the spring season. This had been done by the father, verbally,
 but now at last one can stand around while working on the water
 pump. The pump house has been on the list for remodeling.

A door was built and installed in the back room. A new curtain
 was constructed further away from the house. The house was waterproofed
 about the new curtain in order to bring a "water" barrier
 against the water.

The two new houses in the village for supplies also having two
 loads of sand, three loads of wood and five loads of coal.

2. The second of the two new houses was completed. A new water channel
 by a concrete wall was constructed. The local houses were very much
 altered at the house. It seems like a "new" and will be a
 lot better. The house was built on a new house. The house
 (the new house) was built on a new house. The house was built on a new house
 and a door was built on a new house. The house was built on a new house
 and a door was built on a new house.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Organ Pipe Cactus National Monument
Ajo, Arizona

May 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Organ Pipe Cactus
Subject: Monthly Narrative Report lml for May 1951

Weather

Moisture in the form of rain and hail totaled .38 inch from the 26th to the 30th of April. Low minimum temperature of 41 degrees on April 30 and May 2 with a high of 103 degrees on May 25.

Special Activities

The Superintendent and Ranger Leding made a trip to Phoenix April 29 to receive a new Ford Pick-up. It was found that the Veterans Administration had taken our truck by mistake and considerable time and argument was necessary to put them straight and get our car.

Maintenance & Construction

With the seasonal drop in travel, all personnel have been engaged in maintenance and construction work. During the month the new metal power-house was erected and the radio-room addition to the administration building was completed. A new floor is now being poured in the old part of this building.

The outside of the administration building was given two coats of paint, the van body used for storage one coat, and a start made on the pump house.

New poles were set and the new heavy wire was strung for all power distribution. Telephone and radio remote control wires were also strung on the poles.

Soil and Moisture Control

Three laborers were used most of the month on our Soil and Moisture program. Checks and diversion ditches are being built with the water-cheds in the washes being rocked and graveled to prevent further washing. The work will continue through June. A larger crew will be used if men can be hired. The man-power pinch is being felt in this area.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL BARN SERVICE

Office of the National Barn Service
Washington, D. C.

May 10, 1917

Dear Sir:

Enclosed for you are

three copies of the

report of the

Commission

relating to the barn service in the United States. The report was prepared by the National Barn Service and is a valuable contribution to the knowledge of the barn service in this country.

Very truly yours,

The National Barn Service is a non-profit organization which has been organized for the purpose of promoting the development of the barn service in this country. It is a national organization and has branches in all of the States.

Very truly yours,

The National Barn Service is a non-profit organization which has been organized for the purpose of promoting the development of the barn service in this country. It is a national organization and has branches in all of the States.

Travel and Interpretation

Through travel held up and even showed a slight increase but area use and interpretive contacts took their usual seasonal drop. All cars are still receiving service but no one is being used exclusively for contact duty.

Research and Observations

Our Reptile research, as in the past, is again being carried forward. In Laurence M. Klauber's new publication of the shovel-nosed ground snake we were given credit for a new subspecies called *Chionactis palarestris orizica*.

New sight records were made on the Glossy Ibis and Long-billed Curlew, and a very rare record of Roseate Spoonbill on May 25 by Ranger Steele.

Inspections

Mr. Vint of the Washington office, and Messrs. Davis, Cornell, Lasciter and J. Miller of the Region Three office spent April 26 and 27 in the area on Master planning and inspection.

Visitors

Dr. and Mrs. H. E. Gloyd, Chicago Academy of Science

Dr. Charles Lowe, University of Arizona

Private Development

Plans have been received and are being forwarded for approval, for Tourist Cabins at Lukeville on the Chas. Luke property within the Scenic Basement. This development, if it proceeds according to plan, will be a much needed addition to accommodations for monument visitors.

William R. Supermaugh
Superintendent

William J. Edwards
Director

Saguaro National Monument
Tucson, Arizona

May 25, 1951

MEMORANDUM

To: General Superintendent
From: Superintendent, Saguaro
Subject: Report lml, May 1951

General

It appeared that "Mother Nature" was undecided as to whether summer should begin in May or not. A number of days felt like good old Arizona summer time but two storms in the beginning and middle of the month sent temperatures downward. Approximately 16 inches of snow fell at Manning Camp on April 29 and 30 and good rains occurred at headquarters on those days. More sleet and snow occurred on May 14 in the forested area. The burning index was dormant to moderate throughout the month except for one high reading on May 12.

A later blooming period of the cactuses has caused increased travel during May. Travel decreases sustained in April were off-set by increased travel during May. Travel for the year to date, is very near the total travel for the 1950 Travel Year.

The cactus area was a riot of color during the latter two weeks of the month with prickly pears, ocotillos, and chollas holding the spotlight. A goodly number of Saguaros were also in blossom and received the attention of many photographers.

Temperature ranges (Headquarters Station)

Highest daily high, May 5	98 degrees.
Lowest daily high, May 14	68 "
Highest daily low, May 10	68 "
Lowest daily low May 1	38 "

Special Activities.

Messrs. Vint, Cornell, Lassiter, Davis, and Jerome Miller made an official inspection of Saguaro National Monument on April 28. The Master Plan and development of the new headquarters site were discussed in detail. It was the consensus of the field party that the new headquarters site should be in Section 29, thus affording an excellent view of the cactus forest from the headquarters area.

The superintendent spent two days in the forested area inspecting trails and various facilities.

Status of Private Lands.

The Service is fortunate to have secured options on Section 5, (Freeman property) and Section 29 (Ellison property) during the course of the month. The options were secured in the amount of the appraised value of the lands. Most real estate values have skyrocketed since the appraisals were made because of the acquisition of large tracts of lands by the Hughes Electronics Company.

General Publicity

The April 28, 1951 edition of the Arizona Farmer carried a long article on the bacterial necrosis of the Giant Saguaros. The article, like many previous ones on the same subject, indicates that Saguaro plants are on the way out as dominant species of cacti. The writer has apparently not visited Saguaro National Monument where hundreds of young plants may be observed on the west and south slopes of the Tanque Verde Mountains.

Maintenance

The cactus loop road was graded periodically following the rains and is in good condition.

The Mud Springs Trail from Spud Rock Ranger Station to our east boundary, was completely rehabilitated during the month. This trail was in very poor condition and required considerable work to restore it to first class condition.

Rehabilitation was also accomplished on the lower two miles of the Happy Saddle Trail during the early part of the month. The lower portion of this trail was heavily damaged by thunder storms during the late summer of 1950.

Approaches to Park Area

Both the Vail and Broadway approach roads are in poor condition at this time and no indication of betterment until after summer rains occur, making it possible to remove the corrugations.

No further work has been accomplished on the Spanish Trail Approach Road since our last report. Rumors are being circulated that part of the alignment of this road may be changed before completion by the Pima County Highway Department.

Interpretive Services

A total of 1,827 persons in 550 parties were given interpretive service at headquarters. This amounted to a total of 116 hours for an average of 13 minutes per party.

Research and Observation

May 1, Elf Owl at headquarters.

May 10, 5 Merriams Turkeys at Spud Rock cabin.

May 14, 2 Stephens Whipoorwills at Manning Camp.

May 18, Many Band-Tailed Pigeons above Madrona Ranger Station.

Travel

A total of 3,445 persons visited Saguaro National Monument in May. This represents a decrease of 1,109 visitors as compared to last month but an increase of 660 visitors over the corresponding month one year ago.

Visitors

April 26, Mrs. Marjorie L. Ellison, Los Angeles, California.

April 28, Messrs. Vint, Cornell, Lassiter, Davis and J. Miller.

May 5, Girl Scout Troop 97, Tucson, Arizona.

May 7, Luis G. Kirk, Park Ranger, Death Valley National Monument.

May 7, Dr. Lake S. Gill and Craig Bryan, Division of Forest pathology.

May 9, John F. S. Barr, Park Ranger, Petrified Forest National Mon.

May 9, Al Runkle, Jay Miller, and W. J. McInnis, shooting background process plates for NBC television program.

May 21, Dr. Howard Gloyd, Chicago Academy of Sciences.

Ranger Service

Seasonal Ranger Wendell Bryce was terminated on April 29. We are grateful to Wendell for his fine services and work while assigned to Saguaro and hope he can return next year.

Ranger Benson took his physical examination late in May at the behest of the U. S. Army Reserve Corps., in connection with possible active service.

and some of them are

It is a very good idea to have a good understanding of the situation in the country and the people's needs. This is especially true in the case of the people of the country who are suffering from the effects of the war. The people of the country are suffering from the effects of the war and the people of the country are suffering from the effects of the war.

THE UNIVERSITY OF CHICAGO

[illegible]

Forest Fire Control

Fire Control Aid Murray Snyder entered on duty May 1 and is stationed at Manning Camp. He was thoroughly oriented in his duties and made several trips over the various trails to become acquainted with the terrain in the forested area. The Mica Mt. Fire Tower was manned regularly beginning May 8.

One false fire report was received on May 5 at headquarters. A plane flying over the area reported it to the Sheriff's Office from where it was relayed to this office. A patrol was made to check for the fire but no smoke was discovered.

All fire extinguishers were recharged and placed in working condition in the various buildings.

Prefabricated frames for permanent fire tool caches at the secondary lookouts were transported to the forested area.

Telephone and radio maintenance was accomplished during the month and at present the communication system is functioning properly.

Insect and Tree Diseases

Dr. Lake S. Gill and Craig Bryan of the Division of Forest Pathology visited the cactus forest on two occasions in connection with the studies being made in the check plots. Immediate steps will be taken to set out new stakes in the various check plots.

Accidents

Trail Laborer Arthur Garcia suffered a severe strain of the back while rolling a log. He was hospitalized for about ten days and returned to duty on May 7.

Samuel A. King
Superintendent

Forest Fire Control

This Control All Forest Fires started on May 1 and is
estimated at \$100,000. The fire was started in the forest
and made several miles over the forest land to the house
with the forest in the forest area. The fire was
started on May 1.

The fire report was received on May 1 at 10:00 a.m.
A fire report was received at the Forest Office
and it was reported to the office. A report was made to
the fire for the fire was started.

All the firefighters were trained and placed in working
condition in the forest.

Prepared for the Forest Fire Control on May 1 and is
estimated at \$100,000.

The fire was started in the forest and is estimated at
\$100,000. The fire was started in the forest and is
estimated at \$100,000.

Forest Fire Control

Dr. J. L. G. and G. L. G. of the Division of Forest
Control visited the forest on May 1 and is estimated at
\$100,000. The fire was started in the forest and is
estimated at \$100,000.

Forest Fire Control

The fire was started in the forest and is estimated at
\$100,000. The fire was started in the forest and is
estimated at \$100,000.

Sunset Crater

Flagstaff, Arizona

May 11, 1951

Memorandum

To: General Superintendent

From: Ranger-in-charge, Sunset Crater

Subject: Monthly Narrative Report, May 1951

Weather Snow, sleet, and strong winds have prevailed during the month. The monument was snowed in twice this month with six inches on April 28-29 and May 11-12. Cold and windy weather has done much to cut down the leaves for the month.

Inspections Superintendent Bruck came up from Flagstaff on May 12 for a conducted tour of the monument area.

Special Activities The monument was officially opened for the season on May 1 with the ranger entering on duty on that date.

Maintenance Several days were needed to ready the area for the season. Extensive cleanup and painting of signs, register stand, and rest rooms were the main items.

Maintenance Mr. Joe Low, arrived to blade the entrance road on May 22.

General Facilities The view of Sunset Crater in cross-section from the current locus of Arizona Highways, was installed in the register stand display case. Signs and people won't confuse it with Meteor Crater.

Interpretive Service A total of 411 visitors in 134 parties were contacted.

In spite of the bad weather 473 visitors in 133 parties took the Lava Flow Trail. A total of 141 hours were sold with collections averaging \$1.00.

Only 135 venturous persons in 31 parties made it to the top of the crater.

Four school groups visited the area this month.

Tonto National Monument
Roosevelt, Arizona

May 26, 1951

Memorandum

To: The General Superintendent, Southwestern National Monuments
From: Superintendent, Tonto
Subject: Narrative Report, Tonto, May 1951

Weather. Good spring weather here until May 25, when summer hit us suddenly, with temperatures of 103° on the 25th, and 106° on the 26th. Rain on April 30, and rain and cold weather around May 14, gave us a comfortable month, with quite a few flowers blooming due to the rain.

Roads and Trails. Roads fair, a bit rough as usual in the summer. The trail was resurfaced during the month, and the trail man is improving the structure at the start of the cliff dwelling trail.

Visitors. Ranger Lewis Kirk and family of Death Valley National Monument.

Ranger Robert Viklund and father, Henry Viklund, of Flagstaff.
Archaeologist and Mrs. Roland S. Michert, Tuzigoot.
Mr. Ed Stefan of Lollesgard Specialty Company, Tucson, Arizona.
Superintendent and Mrs. Hastings and family, from Walnut Canyon.

Travel. With 1398 visitors for the month, travel was up about 30 percent over May last year.

While adding up the May travel figures, it was found that one tally sheet had inadvertently been left out of the April report, which added 123 visitors for that month. That reflected the usual trend of increasing travel. A corrected April report has been sent in.

Annual Report. The annual report to the Director was mailed on May 25, with copies to the Regional Office.

Personnel. Gilbert R. Wenger of Denver, Colorado, entered on duty May 21 as Archaeologist GS-5, vice Archaeologist Lloyd Pierson. WAE Guide A. J. Cosner worked several days a week during the period after Mr. Pierson left.

July 26, 1961

Memorandum

To: The General Superintendent, Yellowstone National Monument

From: Superintendent, Teton

Subject: Teton National Monument, Teton, July 1961

Summary. Good winter weather was maintained until July 15, when a cold front moved in, bringing a heavy rain and a high wind. This was followed by a period of clear weather, with a high of 80 degrees and a low of 40 degrees. The weather was generally good, with a few clouds in the afternoon.

Incidents and Details. There were no incidents of any kind reported during the week. The weather was generally good, with a few clouds in the afternoon. The weather was generally good, with a few clouds in the afternoon.

Remarks. The weather was generally good, with a few clouds in the afternoon. The weather was generally good, with a few clouds in the afternoon.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL MONUMENTS SERVICE

Public Relations. Superintendent and Mrs. Mason drove to Phoenix on the afternoon of May 5, to attend the preview of Paul Jose's series of paintings which was featured in the Arizona Highways. The originals were of course even more magnificent than the printings, and the showing apparently a very successful affair. The superintendent, among others, was interviewed on a short radio program.

Two talks, in Miami, and to the Lions Club in Globe, are scheduled for the last week in May.

Fire Danger. Two man-caused brush fires on the surrounding National Forest have marked the beginning of the fire season here. A good crop of annual broms grass covers much of the Monument, and is excellent tinder.

Accidents. While en route to the utility area to work on an exhibit case, Al Guide Corner slipped on a steep hillside, and injured his shoulder. He is receiving treatment from a U. S. designated doctor in Globe, and will not have much use of one arm for quite awhile. GA forms were sent in on this, and a separate memorandum will follow.

General. The tent-house was fixed up as much as possible for quarters for Archaeologist Wenger, as there is no local housing available now.

A program of weed cutting and cleanup is under way, as we get time.

The two smaller culverts ordered for the road job are in Globe, and are being brought out by a commercial trucker, as they are too long to haul on our truck.

Charles E. Sharp
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

May 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for May, 1951

Weather: Temperatures ranged from a maximum of 92 on May 5th and 24th, to a minimum of 30 on May 2. Total precipitation for the period was 1.08", all of which occurred on April 29 and 30, with the latter day producing a heavy snowstorm which lasted for three hours. Miraculously, our plantings did not receive a killing frost as an aftermath, although frost in the district did some damage to cotton plantings, which are very extensive in the valley this year. Precipitation this month was much higher than the average of .36" for the past 13 years. Local ranchers, who have helped finance rain-inducing efforts of the Water Resources Development Corporation since January 1, say the corporation had nothing to do with this rain and snow, since they say the activities were temporarily suspended during planting season.

Visitor Travel: This month: 2,761 persons, in 821 motor vehicles.
Highest previous May: 1,769, for 1949.
Last twelve months - -: 37,250 persons.
Previous annual record: 28,837 persons in Fiscal Year 1950.

A lot of people come to simply see the museum and patio garden. During the 12 month period May, 1950 thru April, 1951, of a visitor total of 36,145, visitors to the mission church and grounds numbered 14,611, or 40.42% of visitor total.

Visitors: May 10 - Mr. and Mrs. Albert J. Abbott. He was the Forest Service ranger in charge of Tumacacori back in 1910.

May 17 - Mr. M. L. Walton, a member of the California Academy of Sciences, and quite interested in the area.

May 20 - Mr. and Mrs. Fred G. Hawley, of Tucson. Mr. Hawley has, on several occasions, been of gratis service to the N.P.S. through giving chemical and spectroscopic analysis of building materials here.

Inspections: April 29 - Tom Vint, Chief of Design and Construction, N.P.S., John Davis, General Superintendent, Southwestern National Monuments, Ralph Lassiter, Regional Engineer, Region Three, Jerry Miller, Regional Landscape Architect, Region Three. Monument affairs were thoroughly scrutinized, and especial attention was given to the problems involved with highway widening in front of the monument area.

May 21, 1962

Memorandum

TO: Assistant Secretary, Department of the Interior

FROM: Director, National Park Service

SUBJECT: Management of the National Park System

Enclosed for the Assistant Secretary are two copies of a report of the Director, National Park Service, dated May 15, 1962, and a copy of a letterhead memorandum of the Director, dated May 15, 1962. The report of the Director contains a summary of the results of a study of the management of the National Park System, and a list of recommendations for improvement. The letterhead memorandum contains a copy of a letter from the Director to the Assistant Secretary, dated May 15, 1962, in which the Director expresses his appreciation for the assistance rendered by the Assistant Secretary in the preparation of the report.

Very truly yours,
Director, National Park Service
Enclosed for the Assistant Secretary are two copies of a report of the Director, National Park Service, dated May 15, 1962, and a copy of a letterhead memorandum of the Director, dated May 15, 1962.

A list of people who are working on the management of the National Park System is enclosed for the Assistant Secretary. This list includes the names of the people who are working on the management of the National Park System, and the names of the people who are working on the management of the National Park System.

Very truly yours,
Director, National Park Service
Enclosed for the Assistant Secretary are two copies of a report of the Director, National Park Service, dated May 15, 1962, and a copy of a letterhead memorandum of the Director, dated May 15, 1962.

Very truly yours,
Director, National Park Service
Enclosed for the Assistant Secretary are two copies of a report of the Director, National Park Service, dated May 15, 1962, and a copy of a letterhead memorandum of the Director, dated May 15, 1962.

Interpretive Service: 1,028 persons went on 208 guided trips through the mission church and grounds, receiving an average of 36.8 minutes per trip. 2,636 persons received combined Information and Interpretation service, and 2,654 saw the museum and patio garden.

Museum and Education: An opportunity has arisen, Ranger Benson has been engaged in setting up observation cards on the native plants of this vicinity, as well as on those exotics which are part of the planting scheme here. These cards give such information as: blooming date (first blooms, peak of bloom, and finish), fruiting date, when fruit comes on and falls off, and when leaves come on deciduous plants and disappear. This data, carried on for a period of a few years, will add to our capacity to predict for visitors when to expect certain flower and fruit displays. In addition, on other cards, Benson and I are jotting down biographical data for the various plant species, so as to capture for easy reference most of the interesting and significant characteristics of the plants.

Six days were spent by the superintendent on a field trip to northern Sonora, studying mission churches of the "Kino" chain, and most especially abstracting historical data from original mission records at Magdalena and Altar. Record photos of the various mission churches seen were made. The data obtained will require some detailed analysis, but it is apparent that no basic alterations in our interpretive story will need changing, although a number of facts emerged which will be of definite assistance in bridging some of the historical gaps for Tumacacori.

Archaeological Research: Archaeologist Sallie P. Brewer, of the Region Three office, was engaged, with a small crew of laborers, between April 23 and May 10, in test trenching and exploration work in a strip of the monument area lying near our west boundary. This is an area which is due to become part of the State Highway Department's right of way, in connection with widening and improving U.S. Highway 89 adjacent to our west boundary. Mrs. Brewer concludes Indians of the mission of Tumacacori undoubtedly used this area west of the mission church, but that the area does not contain buildings of the mission plant proper, or any exhibitable remains of historical importance. Cultural material salvaged from the work has been sorted and added to the study collections of the monument, and samples of certain materials have been sent away for chemical analyses. I am impressed with the care and thoroughness with which this exploratory work was conducted.

Publicity: On May 3 we received copies of a translation of Earl Jackson's article on Tumacacori National Monument, which appeared on the July, 1946 issue of Arizona Highways. Superintendent Jones, of San Juan National Historic Site, with permission of the author, had this translation done by Mr. Julio Marrero, of that area. The translation was published in "La Escuela", published by the Puerto Rican Insular Department of Education for use by 120,000 secondary school children.

Maintenance: A great deal of irrigating and weeding has been necessary this month. A large cottonwood at our north approach from the highway

DEPARTMENT OF THE INTERIOR

was killed by a red fungus disease, and had to be taken out and destroyed. Completion of dead mesquite removal from the cemetery was effected. Repairs were made to the miniature of the mission church, which occupies our view room. A trap door for the pump house was made. A cut-off valve was installed in the water line leading to Residence No. 2, and another hydrant was added to the line in front of the same building. The fish pond received its thorough annual cleaning out, and a solution of copper sulphate was put in it, to keep moss and algae under control. Some permanent shelves were installed residence No. 2. The leaky old "warehouse" roof was taken off, and half re-roofed. Through a slight error the superintendent had ordered only half enough corrugated roofing tin for the re-roofing job. Larvae of the Vidalia beetle were obtained from the Federal entomologist in Tucson, and applied to the Pyracantha tree in the patio garden which has been so badly infested with Cottony Cushion Scale.

Personnel: Seasonal Ranger James W. Shirley completed his last day of duty at this station at the close of April 28. His services were highly satisfactory.

General: Monument affairs are ticking along fine, except for our water system. Our pump simply is producing barely sufficient water, with no margin of safety, and with inadequate water pressure for other uses when requisite amount of watering is being done in dry weather. This lament will be taken up, sob by sob, in a separate communication.

TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

May 25, 1961

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tusigoot
Subject: Report lml, May 1961

There follows a narrative report of activities in this area.

VISITORS

1565 visitors in 539 cars. This compares favorably with 1365 in May 1960. There were 18 visitors in the uniforms of the Armed Forces. 100% of our 8-12, 1-5 visitors were contacted.

WEATHER

Two good showers have transformed the area from a lifeless brown tone into one of Spring green tone. While generally appreciated these are also the rains that produce the abundant growth of weeds in the ruin.

N. P. S. VISITORS

Archeologist Art White of Montezuma Well on the 27th, to use our sign shop.

Ranger Louis Kirk and family of Death Valley National Monument on the 4th.

Maintenance Joe and Lizzie Bean on the 5th and 6th.

Sgt. Ward L. Excell, formerly of Zion National Park, now in the U. S. Army, on the 6th.

Supt. John O. Cook of Montezuma Castle on the 17th.

Seasonal Ranger Bob Viklund of Walnut Canyon/Sunset Crater/Tonto-and-back-to-Sunset, on the 23rd.

Archeologists Pierson and White of Montezuma areas on the 23rd.

NOTE: All of items provided to staff are subject to confidentiality.

OTHER AGENCY VISITORS

Dr. and Mrs. T. A. Mams of Whipple V.A. on the 2nd.

Mr. Kenneth E. Kimball of Food and Drug Administration on the 7th.

REPORTWORTHY VISITORS

Manager Al Brown, accompanied by Mrs. Brown, of the Arizona Automobile Association, Phoenix, on the 19th on a get-acquainted tour of Northern Arizona to lend a tinge of authority to his work.

Mr. and Mrs. Taylor Marshall on May 23. Mr. Marshall, a good friend of the Service, is Director of the Desert Botanical Garden, Tempe.

ORGANIZED GROUPS

12 students from U.C.L.A. on a Spring vacation tour of Arizona, sponsored by the University Recreation Association, on April 29.

Class of 4 eighth graders with their teacher, from Woodruff, Arizona, on April 29.

5-6 grade pupils of the Humbolt, Arizona, School, 22 strong, on May 7.

22 Boy Scouts, Roosevelt Council Troop 3, Phoenix, on May 13.

RESEARCH AND OBSERVATION

A small King snake was captured on the 8th and preserved in rubbing alcohol.

PUBLICITY

Arizon Highway Magazine includes Tuzigoot in the excellent presentation of Southwestern Archeology.

An article in the Satevepost of May 26 entitled "Want to Buy a Ghost Town?" contains some excellent photographs of Jerome. While the article does not mention Tuzigoot it is felt that this national advertising will be felt in our visitor count. Copies of this magazine have been placed in the museum for public use.

ROADS AND TRAILS

The county blade smoothed up the entrance road on the 26th.

A single line sign reading VERDE RIVER was routed and will be mounted where the entrance road crosses that river.

It was found that the...

A large two post sign was prepared for the fork one half mile west of the museum; to the standard 20" x 48" panel we added one 4" panel at the bottom reading "Clarkdale Dairy" (left hand arrow). This panel is attached by means of countersunk lag screws and is removable.

The numbered stakes for Tusigoot Trail were sanded and painted a sand tan color with tile red numerals.

Six additional two post 20" x 48" panel roadside directional signs were mortised and assembled unrouted. (When we terminated our labor leadman we also terminated the free use of his router - so in a moment of weakness the Superintendent lagged out 60 of his own hard earned underpaid dollars for a new router to finish the above signs.)

IMPROVEMENTS

Excavation of the much broken sewer line was started on the 27th. Realignment and replacement started on May 8. It was determined that none of the old concrete pipe was reclaimable. 50 feet of vitrified tile was installed at the lower end. 88 feet of Bermico pipe was purchased and used to connect the top of the line to the vitrified tile section. A concrete junction box was constructed where the garage line comes into the Museum/Residence line. The new assembly is carrying sewage safely to the cesspool. Much work remains to be done to backfill the trench and haul away the old pipe and debris (much work but no money.)

The pale green bench on the museum porch was sawed down to normal size and painted Desert Sand color on the 16th.

The following painting was accomplished by the Superintendent mostly at night after an 8-hour day in the museum: kitchen walls and doors, Sunlite Yellow Washable Texolite; upper kitchen cabinets and wall shelves, yellow enamel; east and south walls of the living room, Pacific Blue Spred Satin Latex paint, west and north walls, Texolite Yellow; bathroom walls and ceiling, Texolite Yellow with door and wood trim Pacific Blue latex. The wood trim and doors in the bedroom were painted Berkshire Green Spred Satin. The residence is now quite livable and gay.

Three single panel signs were routed and painted by the Superintendent on the 17th "Ranger On Duty" and to suspend to it "Rick Richert" and/or "Jimmie Brewer". The purpose of this introduction is to get better acquainted with our visitors on a person-to-person basis.

The oil burning space heater was dismantled in the residence and moved to storage in the museum storeroom on the 16th.

A break in the pipeline on the 17th was repaired by United Verde Utilities Co. at a nominal cost of only \$6.71, much cheaper than we could do it.

The following information was furnished by the Department of the Interior, Bureau of Land Management, Washington, D. C., on August 1, 1961:

These studies found that women who were sexually abused in childhood had higher rates of mental health problems than those who were not. The researchers also found that the severity of the abuse was related to the severity of the mental health problems. For example, women who had been sexually abused by a family member had higher rates of mental health problems than those who had been sexually abused by a stranger. The researchers also found that women who had been sexually abused in childhood had higher rates of mental health problems than those who had been sexually abused in adulthood. The researchers concluded that childhood sexual abuse is a major risk factor for mental health problems in women.

THE 41 FOLIOV PAGE JOURNAL WAS ESTABLISHED IN THE YEAR 1871.
AND WAS AT FIRST A WEEKLY JOURNAL IN THE YEAR 1871.

[illegible]

The Superintendent excavated the trap in the water supply line 50 yards west of the museum on the 10th. The heavily rusted nuts were given several applications of penetrating oil. It is hoped that cleaning this trap may improve the taste and color of the water.

PERSONNEL

Superintendent Brewer was on annual leave 25th thru 29th.

Laborer Leadman Wetherill was terminated on the 29th not for a lack of work, only because of exhaustion of funds.

Archeologist Richert was off duty and on annual leave from the 30th to the 18th.

Obviously this was a one man area most of the month.

J. W. Brewer, Jr.

J. W. Brewer, Jr.,
Superintendent.

The department has received the first of the new type of
to be used at the station in the future. The newly received one was
found to be of excellent quality and is being used at the station.
This type will improve the quality and color of the work.

REMARKS:

Investigation of the work was completed on the 15th of May.

The work was completed on the 15th of May and the
a full report will be submitted to the department.

The work was completed on the 15th of May and the
a full report will be submitted to the department.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

May 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly report, May, 1951

Visitors this month, 1824; travel year to date, 9816.

Weather Balmy spring weather prevailed with some hat-loosening winds and three days of very welcome snow that did much to relieve the dry condition of the forest. Recorded precipitation totaled .81 inches from 12 inches of snow.

Special activities The Superintendent attended an F.I.I. school in Flagstaff for three days this month.

Maintenance General spring cleanup kept the force busy most of the month. The entrance signs along Highway 68 were re-oiled and repainted. Also the directional signs between Highway 68 and the monument. New water buckets were installed at each of the picnic fireplaces. A new cover for the coal hole at Menagerie No. 1 was installed. This also forms a step at the back door.

Approaches to the area Taking advantage of the moisture, the county grader worked over the approach road and spread cinders on some of the worst washboards. The county grader also made one quick pass over our entrance road on the 18th.

Interpretive service There were 1,511 people in 528 parties contacted. Contact time averaged 11 minutes per party. Interpretive signs noting walnut trees, one-seeded juniper, Gambel's oak, and fern bush were set out. The sign for walnut was placed in the canyon and the others near the museum or between there and the parking area.

On May 7 Ranger [unclear] conducted a tour of 28 3rd. grade pupils from Flagstaff around the trail.

JAHNKE, A. and J. W. GARDNER. 1981. *Journal of Great Lakes Research* 7:1-12.

1. The first step is to identify the problem or goal. This involves understanding the current situation and what needs to be achieved.

1. The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, on the date of the hearing:

1. The first step in the process of the investigation is the identification of the problem. This is done by the investigator who is assigned to the case. The investigator will then gather information about the problem and the people involved. This information will be used to develop a plan of action.

[illegible]

MAY 1951
 5278

[illegible]

Travel and Use There were 1824 visitors in 643 parties here during the month. The total for the travel year now stands at 9816. There was an increase of 55 visitors or 3% over last month and an increase of 124 visitors or 7% above the same month last year. Forty-four states, 3 provinces of Canada, England, S. Africa, Holland, Sweden, Hawaii, and Alaska were represented during the month.

Of the total visitors, 14 were armed forces personnel. 149 people in 32 parties used the picnic facilities including 20 members of the I.S.C. Religious Council and 35 members of the I.S.C. Social Science Club.

Research and Observations Deer have been seen nearly every morning going to a local stock tank for water. Herds of antelope up to 25 in number have been seen between the monument and Flagstaff. On the 6th a porcupine was seen in the bottom of the canyon east of the Island. Two turkey hens, one broad-tailed hummer, and a Scott's oriole have been noted.

Spring flowers made a nice showing after the two snows. Paintbrush and various kinds of mustards are quite profuse. The broad-leaved yucca and Englemann's hedgehog cactus has also blossomed.

Forest Fire Protection A metal fire tool cache was received from the Forest Service for placing on the south rim of the canyon.

Ranger Menzies attended a two-day forest fire fighting school at Happy Jack under the auspices of the Coconino National Forest.

Building Fire Protection All the foam and soda-acid extinguishers and most of the carbontetrachloride extinguishers were tested and filled.

Visitors John Barr - Temporary ranger - Petrified Forest
Lewis Kirk and family - Ranger - Death Valley
Bob Viklund - Temporary Ranger - Sunset Crater
J. Lubuchon - Superintendent - Navajo
Art White - Archaeologist - Montezuma Well
Earl Worthington and family - Ranger - Arches
Ranger Black on way to Grand Canyon from Carlbad
Ed Gatz and Clarence Howell - Indian Service - Gallup.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

White Sulphur

Wash. D.C., Washington, D.C., United States

May 21, 1951

Memorandum

To: General Superintendent

From: Superintendent

Subject: Superintendent's Monthly Narrative, General S. L.

May 21, 1951

General S. L.

Visitors, 14,543 Cars, 3,770 Visitors, 71,556 Cars, 22,414

General S. L.

My fall back into the black and red registers as our last day since any records have been kept. Late, heavy rains have prevailed during the month and, undoubtedly, cut into our attendance. One Sunday we had to close the area to traffic at about 5:00 P.M. due to lack of visibility and, we, drifted and the main road points on our road a little treacherous.

This is the first time in over twelve years that we have had closed due to poor visibility. Not too many people were inconvenienced, however, because we have the highway and Elgin travel. Major was quite itself felt with a high of 95° on 5-20-51, and just to add variety, winter was in full on the 5-1-51 with a low of 38°.

General S. L.

The visit of the Washington Office, accompanied by Gen'l. Superintendent John Davis, Ralph Landis and Jerry Miller of our Regional Office, here in the last of our week on April 30. He also visited the Canyon for a close look at our springs in that area.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

FACTS - Cont'd

Attention was also given to our picnic area, parking problems, and other matters. It has been a long time since we had seen Tom visit and we were glad to have him in the area again. Our Regional men do not see me once in a while.

IN OLD ACTIVITIES

Several group picnics, many senior class groups, and a "Man" radio convention added to our large attendance. School groups from Colorado, Kansas, Texas, Oklahoma and Nebraska were in. Our business increased, according to last week's report.

PUBLICITY

If some of the static heard from some of the "Man" sets is any indication of the publicity we received this month, I can't vouch for it because what I heard I could not understand at all. But the amateurs seemed to have little trouble, so I guess it is all a matter of having an ear for short wave.

COMPLAINTS

No complaints were received in our area other than through the medium of short wave. One operator was complaining of the air about a charge, etc., and another operator at the same cut in and said a ranger at his set would be glad to explain if the man failed to show why and he went off the air, so I guess he was just testing.

SALES AND

Heavy wind have made our road work a little heavy, especially for this time of the year. Heavy attendance, of course, has made our clean-up especially heavy. The clean-up job consisted of removing the remains of two neatly arranged tables and parts of the shades. From all appearances, it was just a wild party, having from the beer cans, whiskey bottles, trucks, etc. But no class have shown up to make us to check.

Several parties were in but we could not get any information that has helped so far. We just removed a part of our shade, rebuilt the other, and the tables were replaced. Actual loss in replacing would run well over \$100.00 but, unless we are on to the guilty party, I guess it is our loss.

10-1

1. The first step is to identify the problem. This involves understanding the situation and the needs of the people involved. It is important to listen to all sides and to be open to new ideas.

[illegible]

REPAIRS/RECONSTRUCTION

We have waited a long time to report the completion of our new domestic water system at our headquarters area. Our old line, installed in 1936, was rotten, rusted through, and repair was impossible. We lived in constant fear of a major break, but luck was with us, and we finally got our new 3" transite line installed. One joint of pipe was cracked and had to be replaced, but other than that and minor connection troubles, all went well.

HOUSE AND HOUSEHOLD ITEMS

Our increase in travel, amounting to 1,205 people and 275 cars, fits in nicely with our ten thousand increase for the travel year to date. At our present plan we will hit the two hundred thousand mark for the year.

VISITORS

For Vint, of the Washington Office
John Davis, of the Regional Office
John Lassiter, of the Regional Office
Jerry Miller, of the Regional Office
Eric Reed, of the Regional Office
Jesse Bushman, of the Regional Office

Mrs. Reed was with Eric and we were glad he brought her along. Several scientists were in, either going to or coming from the El Paso meet.

WHITE JARVIS

All lands at White Jarvis can qualify now as transite pipe men. Mr. Blee from Johns-Manville was in to help and then Chris and Ben took over. Harold and Eric gained some valuable experience on transite and cast iron connections. Tom, Harold can almost qualify as an expert draftsman, in that we are attempting to actually locate on our Winter Plan all utilities, their routing, etc.

Our ditcher cut through our electric cable lines because it was so distant from the location as shown and, while we actually know where most of these lines are now, we are recording the information. Sam is taking plans for attending Fire School at Elgin and Bryce and following that he plans a few days in Coolidge to see, from looking some time before June 21.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Finally, the last step in the process is to implement the plan and monitor the results. This involves putting the plan into action and tracking the progress of the solution. Once the problem has been solved, the final step is to evaluate the results and determine if the solution was effective. This involves comparing the results of the solution to the original problem and determining if the solution was successful. If the solution was successful, the final step is to document the results and share the information with others. If the solution was not successful, the final step is to identify the reasons for the failure and determine if the solution needs to be revised.

1. The first of these is the fact that the
2. second of these is the fact that the
3. third of these is the fact that the
4. fourth of these is the fact that the

THE UNIVERSITY OF CHICAGO
CHICAGO, ILLINOIS 60637
U.S.A.

There are two main types of *Phragmites* in the world: *Phragmites australis* and *Phragmites communis*. *Phragmites australis* is the most common type and is found in many parts of the world. *Phragmites communis* is found in some parts of the world, but it is not as common as *Phragmites australis*.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific information required.

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

May 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Wupatki
Subject: Monthly Narrative Report, May 1951

Weather: Most of the month was cloudy with cool and windy weather. It looked like winter was arriving a little late this year with 1 inch of snow on the ground the morning of May 15. We got some much needed moisture for a total precipitation of .95 inches for the month. Snow and rain for a total of .81 inches fell in one day on May 15. Minimum for the month was 32 degrees on May 15 with a maximum of 96 degrees on May 25. High winds dried everything out quite fast the latter part of the month.

Maintenance: With quite a bit of moisture it was possible to blade the entire Wupatki-Sunset Crater loop road and it is in good condition at present. Clay plating is being done now from Doney Mountain to Wupatki and then work will be started on plating bad holes in the cinders near Sunset Crater. Rocky places were covered on both sides of the Citadel.

The entire roof on the catchment tank at Heiser caved in filling the tank with cinders, timbers and other debris. The old roof had about 1 foot of dirt on top of the planking. A new roof was put on May 9 and just an inch of dirt sprinkled over the tarpaper. The water line had been in bad shape with no pressure for some time so with all the debris in the lines we replaced the old line with 180 feet of 2 inch pipe and 80 feet of 3/4 inch. The pressure loss could be understood when examining the old pipe. The pipe itself was not bad but every coupling, elbow or valve was almost completely closed up to a hole about the size of a pencil. This job completed on May 16 has more than doubled the pressure in the residences at Heiser.

The old light plant building at Heiser was removed before the wind removed what was left of it and a larger building that was obtained from Walnut Canyon put in its place. There is quite a bit more room to move around in and get at the motor to service it.

Some time was spent on removing the plywood from the inside of the old CCC building.

the month.

United States. These places were located on both sides of the Channel. and some work will be started on claims set aside in the Channel area present. This finding is being done now from many sources so that it will be possible to find out if it is not possible to do a certain thing. With this a lot of evidence is now possible to state the

The entire roof of the telephone bank at Belmont covered in
tilling the same was almost finished and other material for the roof
had about 1 foot of dirt on top of the tilling. A new roof was put
on May 9 and had on top of dirt covered with the tilling. The
water line had been in bad shape with no pressure for some time as well
all the cables in the lines we replaced the old line with the new
I had also had the line of 1 1/2 inch. The pressure line could be made
stand when running the old line. The wire itself was not too strong
working, when in place was almost completely closed up to a hole
about the size of a pencil. This was replaced on May 12 and was then
loaded the wire in the center of the bank.

[illegible]

It is the old saying.
Some time ago I was on a journey. The night was very dark.

Wupatki National Monument

Interpretive Services: At Wupatki 465 visitors in 178 parties were contacted for an average of 18 minutes per party and a total of 54 hours.

Travel: Travel figures showed a slight decrease at Wupatki of only 10 people for the month. The weather had a lot to do with it with 2 snow storms and cold and quite a few windy days. Twenty cars in one day is still the most we have had. The large decrease at Sunset Crater is due partly to the bad weather and partly due to the fact we had a man on duty the entire month this year. Last year the travel for May was taken from the register and then a certain percent added for non-registrants. It looks from the actual count as if we are going to have to revise our percent of non-registrants and perhaps cut it down quite a bit. Looks like more people are registering then we think.

The month of May showed a total of 298 cars and 752 people. This is 39 cars more and 10 people less then May last year. Travel for the year still shows an increase.

Visitors:

- 5/1 Park Ranger Louis Kirk and family, Death Valley Nat'l Mon.
- 5/13 Mr. A.C. Thuring and wife, Park Engineer, Mt. Rainier N.P.
- 5/20 Mr. A. D. Brodie and wife, Curator of Art, Museum of Northern Arizona.
- 5/21 Dr. & Mrs. R. Francois, Lyon, France
- 5/23 Mr. Ed Cata, Indian Service, Gallup, New Mexico
- 5/23 Mr. Clarence Howell, Indian Service, Gallup, New Mexico
- 5/26 Mr. Dana Parkinson, Chief of Division of Information, United State Forest Service, Washington, D.C.
- 5/26 Mr. Clint Davis, Director of Forest Fire Prevention, U.S.F.S. Washington, D.C.
- 5/26 Mr. Slim Hansen, Chief Division of Information, Region three U.S.F.S., Albuquerque, New Mexico

Research and Observation: One eagle was seen out near the Citadel. A coyote, bobcat and six bandtailed pigeons were seen in the area.

A visitor reported seeing 15 Abert squirrels in one group just out of the boundary on the North-east corner of Sunset Crater.

A Scott's Oriole was noted around the Superintendent's house.

Ranger Service: Superintendent Brueck made a trip to Sunset Crater May 22 and spent the day going over the area, taking a trip into Bonito Park and Oleary Park, going over the Lava Flow Nature Trail and in general just getting better acquainted with the area with Park Ranger Viklund doing the guiding.

1. The total amount of the loan is \$100,000.00.
 2. The loan is to be repaid in 10 equal installments of \$10,000.00 each.
 3. The first installment is due on 1/1/68.
 4. The interest rate is 10% per annum.
 5. The loan is secured by a first mortgage on the property.
 6. The borrower agrees to pay all taxes and insurance on the property.
 7. The borrower agrees to maintain the property in good condition.
 8. The borrower agrees to provide a statement of financial condition annually.
 9. The lender agrees to provide a statement of account annually.
 10. The loan is subject to the terms and conditions of the promissory note.

Travel: Travel license issued a slight increase in number of all-
to people for the month. The weather had a lot to do with it with
snow storms and cold and quite a few early rains. Travel cars in use
day is still the most we have had. The fare increase is modest
Travel is due partly to the fact that we had fewer cars in the last year
had a man on duty the entire night last year. Last year the travel car
was not taken to the register and then a special permit issued for
non-residents. It is from the actual count as it was doing in
last year to give an account of non-residents and permit out of town
quite a bit. Some like our people are returning from the trip.
The number of my school is the same as last year. Travel
This is the same as last year. The fare increase is modest.
On the year will show a decrease.

[illegible]

The following is a list of the names of the persons who have been appointed to the various positions in the Department of the Interior, for the year ending June 30, 1902:

Wupatki National Monument

Park Ranger James R. Walker was on sick leave from April 24 to 28th inc.

Two near accidents were noted but never reported to us. The one side of the gate near the earth cracks got in the way of a fast moving car, tearing out the post and short section of fence. Broken headlight glass was scattered around. At Sunset Crater, two of the very large lava boulders used for a guard rail along the Bonito Lava Flow were knocked off the road and down onto the flow. Tire tracks were noted hugging the edge and it looked as if the boulders help them bounce back on the road. If the boulders hadn't been there we would have had a bad accident. They will be replaced and we hope will help to keep the next person from going over the edge.

Building Fire Protection: Ranger Walker has checked and refilled all the extinguishers over the area.

Spring Flow: Wupatki spring has suddenly taken a downward trend even with all the rain, while Heiser has shown a slight increase.

Wupatki Spring 360 GPD

Heiser Spring 2180 GPD

NAME
TITLE Bates E. Wilson

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Please read them carefully.

NAME Meredith M. Guillet
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

Please read them carefully.

NAME JOHN O. COOK
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as: museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

It is estimated that visitors spend 30 minutes observing the natural history exhibits on the Cactus Forest Trail.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME Albert H. Jensen
TITLE Acting Sup't

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as:
"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.
Contact and museum open daily from 8:00 A.M. to 5:00 P. M.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

June 27, 1951

Memorandum

To: General Superintendent
From: Superintendent, Arches
Subject: Narrative Report for the month of June, 1951

WEATHER: Although we received no measurable amount of precipitation temperatures have been exceptionally low for the month of June.

TRAVEL: During the unusually cool weather 2794 people visited the area in 872 cars. Thirty-eight states, District of Columbia, and seven foreign countries were represented. An increase of 91 % over the same period last year is noted.

INTERPRETIVE SERVICE: Of the 2794 visitors 817 were contacted in the monument and 330 at headquarters. The Cove Nature Trail was used by an estimated 640 visitors and 658 stopped at the Wayside Exhibit. Many comments expressing appreciation of these two interpretive devices appear on the register. Fourteen guided tours were made with a total attendance of 151 people. Ranger Worthington gave 17 illustrated talks while on annual leave and after hours at his residence with a total attendance of 330 people.

PUBLICITY: A permit to film motion pictures was issued to The Universal Motion Picture Company. They started filming "Battle of Apache Pass" on June 21, using locations at Fisher Towers on the Colorado and at the Sand Flats East of Moab. Their present plans are to film in the monument around the first of July. This picture, being made in technicolor should give this area a great deal of publicity.

NPS VISITORS: General Superintendent, John M. Davis, May 29
Landscape Architect, Carl W. Allen, June 24
Hugh M. Miller, Assistant Regional Director, June 1
Harold M. Ratcliff, Forrester, June 1.

PERSONNEL: Howard M. Williams entered on duty as Seasonal Ranger June 24. Ranger Worthington returned from two weeks annual leave May 31.

ARCHES NATIONAL MONUMENT

ROADS: Due to the lack of funds during the first part of the report period and no moisture, Maintenanceman Winbourn has only been able to do shale plating work on the monument roads; however they are in fair condition.

APPROACH ROADS: Because of the possible motion picture filming in the area the State Highway Department plans to do extensive shale plating on Route #93.

PROTECTION: A case of theft was reported on June 25 by a visitor whose car was broken into and a purse stolen. The window of the car, parked at the Windows Section, was broken and a purse containing \$6.00 was taken from the front seat while the owners were making a tour to Double Arch. We received the report two hours after the theft was discovered and were unable to get any description of cars or people who were in that area at the time the crime could have been committed. Consequently we were unable to ^{do} much of anything except make a report to the local authorities.

EQUIPMENT: One army surplus truck was sold on invitation bid to Robertson Brothers, Moab, the successful bidders.

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 June 1951

Memorandum

To: General Superintendent
From: Superintendent Aztec Ruins
Subject: Report lml, Superintendent's Monthly Narrative

WEATHER: Excellent weather for the visiting public, with generally clear and warm days. No precipitation.

MAINTENANCE: Repair to the great kiva roof is under way by the laying of heavy felt paper.

Ruins stabilization continues under the direction of Raymond Rixey, Archeologist Aide. The excavation of the south wall is 7/8 completed with numerous interesting features having been uncovered, viz; sunken earthen, storage jar and several grinding bins in place. A special report by Rixey is forwarded on the subject.

APPROACHES TO PARK AREA: The state highway crew has repaired several holes and a poor stretch of road between the town of Aztec and the Monument.

INTERPRETIVE SERVICE: There were 2,191 visitors in 250 parties conducted thru the ruins and 3223 visitors in 570 parties shown thru the museum.

MUSEUM ACTIVITIES AND EXHIBITS: We are replacing the museum case signs with new labels of neater design. One case has been completed and we hope by the close of the year to have the job completed.

RESEARCH AND OBSERVATION: Blue Cross Beaks nesting here again this year are currently instructing their young in the art of flight. Rough winged swallows are nesting in the ruins and numerous nests of Bullocks Orioles and Long Tailed Chats are on the Monument.

Increase In Travel: There were 3,223 visitors in 965 cars from 43 states, Wash D.C., Alaska, Canada, England, Germany and India. This is an approximate 32% increase over the same period last year, which itself was 3% ahead of the previous year.

RANGER FORCE: Frank W. Eddy entered on duty as temporary ranger, June 6. Frank is a senior student in anthropology at the University of New Mexico. Ranger Clyde A. Maxey and Miss Barbara Ann Giaugue were married June 17. Barbara is employed by the NPS

BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

June 28, 1951

Memorandum

To: General Superintendent
From: Superintendent, Bandelier
Subject: Narrative Report for June, 1951

Weather

The weather during the entire month continued to be very hot and dry. Temperatures reached the 90s every day from 15th on with a high of 90 degrees on the 17th and 18th. A short thunderstorm gave us .07 inches of moisture on the 21st, but this was hardly enough to settle the dust.

The fire danger was at emergency conditions the latter part of the month and the Rio de los Frijoles had dried up as far as the campground.

Special Activities

A group of Regional Office employees who do not usually get out to field areas came to Bandelier on June 6 as part of the In-Service Training program. They were given a brief insight into all phases of the operation of an area, including a discussion of the master plan, organization, interpretation, protection, concessions, and maintenance.

Four In-Service training meetings were held for the temporary rangers which included a tour to the third section and to the San Miguel de Abasco, and discussions of service objectives and policies, and ecology, and protection.

Inspections

SANTA FE, NEW MEXICO

Messrs. Jarvis Downey and Wilson George from the Washington Office and Regional Chief of Concessions Management, Roessler, made an inspection of the concessions operation on June 3. They were particularly interested in rates, but also became more familiar with the physical plant.

Regional Forester Carlsson and Forester Dodd from the Washington Office made a short visit to the area on June 16. It was Mr. Dodd's first visit here.

Messrs. Moran and Carter inspected the road oiling job on the 14th, and Messrs. Smith and Carter made another inspection of the oiling on the 17th.

Maintenance

Maintenanceman Valencia was gone most of the month to haul four house trailers, that had been acquired at Ft. Sumner, New Mexico for the Southwestern Forecasts, to various areas.

The floors of the comfort stations were painted which generally improved their appearance.

Roads and Trails

The approach road was in a deplorable condition by the last of the month, due to extreme dryness. The maintenance crew hauled water to wet down the dust pockets and holes and filled them as well as they could with clay and gravel. The operator general graded the road which improved it to some extent, but it will remain rough and dusty until some moisture is received.

The main trails were given a dust palliative treatment of Corvus oil. The oil is non-staining and makes walking on the trails much more pleasant for the visitors.

The road from the checking station to the end of the paving led in in to Frigates Canyon was given a dust palliative treatment of No-1 and 100-120 oil. In spite of watering and rolling the road prior to oiling, there are numerous soft spots that will require additional treatment.

**UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE**

The **BANDELIER NATIONAL MONUMENT** on that section of Highway 4 from Taos to the south side of Los Alamos, New Mexico, is being constructed by the NPS, is nearing completion, and the opening will start next month. The construction of this road caused a change at our checking station from a Y to a single entrance.

Concessions

A check was made with the concessioner on rates charged for food, to be sure prices conform to approved rates.

The concessioner reported better business at the lodge this month than for June last year. There were 217 guests and 200 lodgings as compared with 194 guests and 207 lodgings last year.

Interpretive Service

A total of 3314 visitors were conducted through the ruins on 101 tours, as compared with 3204 visitors for June, 1950.

The evening lectures were started on June 22 and six were given with a total attendance of 120 visitors.

Travel

In spite of the hot, dry weather, travel continued to increase, although there were considerable fewer visitors on the 24th than on other Sundays of the month. A total of 8093 visitors came to the area compared with 7420 for June of last year. We hesitate to add that this is the best travel for June on record since nearly every month exceeds the travel for the corresponding month in previous years.

Visitors

A group, including Mr. Gore, vice-president of the Metropolitan Life Insurance Co., Mr. and Mrs. Dean, City Manager of Grand Rapids, Michigan, Mr. Pascock, real estate consultant, Washington, D.C., and Mr. Johnson, Radio City Commissioner, Washington, D.C., visited the area on June 7.

Mr. L. C. Kartelner, Assistant Regional Director of the Fish and Wildlife Service, Albuquerque, New Mexico, visited the ruins on the 10th.

[Handwritten signature]

Canyon de Chelly National Monument
Chino, Arizona

June 26, 1951

Memorandum

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for June, 1951

Visitor Travel: A very sharp increase in travel - 778 people this month compared with 440 for the same period last year, or an increase of 77 plus per cent. Also, the current travel year is 41 per cent over that of 1950. June visitors arrived in 245 cars. Guide and contact service totaled 115 hours, and 15 minutes. 184 overnight campers used our new campground facilities.

Weather: Extremely dry. No precipitation of any nature during the month, and as a result only four-wheel drive vehicles can make the trip into the canyon. High-low temperatures ranged from 95 to 33.

Roads: All approach roads, including the one through Saw Mill, are in good condition. Recent bladings by the County Highway helped materially.

Project Programs: Rehabilitation of Buildings Project No. CDC-231.04, alterations to Superintendent's Residence, completed during the month and necessary completion forms submitted.

Due, apparently to the critical shortage of steel our seven tons of wire, necessary for the completion of the Water Shed S & M. Program, has not as yet arrived. Also, Roads and Trails Programs were completed during the past 30 days.

Signs: New, large and attractive directional signs were made and placed throughout the entire monument traveled area. Much favorable comment is being received due to these added facilities.

Special Group: 17 members of boy scout troop No. 55 from Holbrook, Arizona. on June 2 - 3. All camped at Spider Rock campground area.

Noteworthy Visitor: Fred Gurley, President Santa Fe Railways, on June 10-11-12-13.

N.P.S. Visitors: Paul Balch on June 5-6-7-8-9. Los Arnberger and Family on June 23-24-25, and Dan Black, Ranger Grand Canyon N.P. on June 25-26.

1. The first part of the report is a general introduction to the project, which includes a brief history of the project and a description of the objectives.

June 25, 1951

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr

Subject: Monthly narrative report:

Visitors: Five thousand and forty visitors registered on top of the Volcano this month. (More than twice as many as last year). This makes a total of twelve thousand and ninety for the travel year, and thirty one thousand, two hundred and ninety for the fiscal year.

Weather: We have had two half inch rains during the month, between the first and fifth. Since that date have had high winds and very dry weather.

Flora and Fauna: Am expecting the largest crop of wild cherries and gooseberries for many years. Some wild flowers, but not as many as usual, due probably to the late spring. All wildlife in the Monument area is in good condition as usual.

Roads and Trails: Roads are in good condition, and have had maintenance work two days during the month.

The trails have proved very popular since we inaugurated the Crater Rim Trail pamphlet, which have induced many more tourists to "Hit the Trail" than before.

Special Visitors: A group of 41 students from the Kansas State School of Geology, of Lawrence, Kansas, and accompanied by Dr. Thomas made their annual visit to the Volcano last week.

Information Pamphlets: Twenty pamphlets have been mailed to different parts of the country, and about 4,000 have been handed out to visitors during the month. Now have about 12,426 pamphlets on hand.

Respectfully,

Homer J. Farr
Ranger

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

CASA GRANDE NATIONAL MONUMENT

COOLIDGE, ARIZONA

June 25, 1951

Memorandum

To: General Superintendent, SWNM
From: Superintendent, Casa Grande
Subject: Monthly Narrative Report for June 1951.

General: The past two years we have been reporting that the drouth condition in Arizona is serious; this month we can change that to extremely serious. We quote, in part, from two articles published in the Arizona Republic.

A new electronic measuring device is telling Arizona farmers that the big groundwater reservoirs are about empty. Designation of 460,000 acres of Pinal County land as a critical area will do little to slow down depletion of underground water. W.W. Lane, Arizona state land commissioner, states there are 395 notices of intention to sink new wells on file in his office at this time. At present there are 539 wells functioning in the Gila and Santa-Cruz river groundwater basin. Testimony at a public hearing held at Casa Grande showed that in the Stanfield Maricopa district of the basin underground water is being pumped out at a rate 37 times that of annual replenishment.

A strong underground water code, like any other restrictive law, can come only when people understand the danger and want to have uniform restraints imposed on the whole community.

Samuel F. Turner, district engineer for the U.S. Geological Survey, believes that time is near.

Salt River Valley Water Users Association and individual farmers are realizing that drilling their wells deeper is not increasing production. In some cases production has continued to drop as much as 50 per cent.

"There are quite a few crops of cotton in Arizona this year that are not going to be harvested," Turner declared.

1. The first of these is the fact that the
the world's population is growing at an
rate of about 1.5% per year, and this
means that the number of people on the
planet is increasing by about 150 million
each year.

[illegible]

Vacation time is here. Maintenanceman Rudolph Mack returned from annual leave on June 21. Archeologist Jameson left June 20, to vacation in Salt Lake City. He will return July 21. Ranger Clancy and family spent three days visiting with the Cooks at Montezuma Castle.

Casa Grande has reason to be proud of their two fold booklet. Last week a couple from Ohio drove up in a cloud of dust, parked their car signed the visitor register and started to leave. When asked by the Ranger if they would like to make a trip through the ruins he was told there was no need to waste all that time as they had read our booklet and knew all there was to know about the place.

Weather: The weather this month has been very normal. Hot days and cool nights. We expected no rain and sure enough we had none.

Highest Maximum this month	116
Lowest minimum this month	46
Total rainfall this month	0

Visitors: As usual travel during the summer months has been slow, although we have had visitors from all except three of the forty eight states and several foreign counties.

Visitors during June, 1950 ----	1706
Visitors during June, 1951-----	2633
Increase for the month	927
Increase for the travel year----	3978
Servicemen during the month	38

Interpretive Service: A total of 1,280 people saw the "ruins" in 186 groups, averaging 47.8 minutes per trip. There were 1,353 visitors who made a brief stop and did not see the "ruins" we estimate that 70% of this group did see the museum.

Visitors of Note and Special Groups:

- May 25, 1951 -- 24 students from the Douglas, Arizona Hi-School.
- May 31, 1951 -- Dale S. King SWNM. Naturalist
- June 24, 1951--- 18 Air Cadets from Davis-Menson Air Base, Tucson.

Question: How is the weather?
 Answer: The weather is very good. It is a beautiful day. The sun is shining and the birds are singing. It is a very pleasant surprise.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Administration and Protection: There were six requests for information this month, all were answered the day received. The Adamsville site was checked and found to be in good order.

Maintenance: About 50% of the signs in the area have been painted and relettered. This has developed into quite a project as all the old paint had to be scraped from the letters before a satisfactory job could be done. This work will continue during the coming month. Painting of the Jameson residence is being done while they are on annual leave.

Library: We received our copy of "Steve Mather of the National Parks" a book the entire Monument personnel enjoyed very much.

Wildflowers and Cacti: Even the most hardy of our desert plants are beginning to show the effects of the drouth, however one good rain will put them back in business again.

Wildlife: A few Western Red Racers have move into the ruin, but to date have had no startling effect on the visitors.

A. T. Bicknell
Superintendent

Constitutional and Political These were the papers
for the review in the morning, all were reviewed the day before.
The materials also were checked and found to be in good order.

Manuscripts About 100 of the signs in the room were
been printed and reviewed. But the review was given a
priority on all the signs and as he wanted to see the signs
before a satisfactory result could be seen. This was all
done in the evening, looking at the various reviews in
order to see if they are in good order.

Library In the evening we saw at 7:30 in the
Library, a book the entire morning (checked) and
very much.

Manuscripts and Charts From the morning of the day
plans are looking at the signs in the room, many
are good but all the signs in the room are in good order.

Manuscripts A few minutes and many more late in
the morning, but the review is still in the room.

Chaco Canyon National Monument
Bloomfield, New Mexico

June 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument
during the month of June, 1951

Weather Conditions

The severe drought continues and efforts of rainmakers have proved fruitless in causing any precipitation in this vicinity. Not even a trace of moisture was recorded during June. Hot, windy weather has prevailed thruout the month. Maximum temperatures were mostly above 85 with a high of 94 degrees. The minimum temperature was 31 degrees.

Administration

All administrative work that comes with the end of each fiscal year has been kept fairly current in spite of pressure of other duties.

Park ranger Elmore returned to duty on June 19th and WAB Guide Williams was terminated and rehired as Laborer foreman.

Maintenance

Much work was accomplished during the month. The road at the top of the big hill was surfaced with gravel and general repair was made to other spots to the extent of available funds. Trails were cleaned and repaired around the office and to Pueblo Bonito. A parking area and self-guiding trail was made around the B.C. sites and to Casa Rinconada. The Well at the old CCC site was completely cleaned of years accumulation of trash, blowsand and decayed matter. A pump was kept operating continually and after completely cleaning it out and scrubbing down the sides a new temporary roof was installed and it was well chlorinated. The balance of the pipe was dug and the greater part of the trenches have been re-filled. The University well was also cleaned and the rock walls strengthened. A new roof was constructed and a motor overhauled and installed. It was also necessary to repair the covering of the Cess pool at the Superintendents residence. The balance of our directional signs are ready for installation.

Travel

In spite of the extremely dry and hot weather and poor road conditions there has been an increase over previous years travel. With only two men on duty there are only three days each week when any time is available for one man to spend on any other activity.

Interpretive Services

A total of 79 hours was spent in conducting 279 visitors thru Pueblo Bonito and in museum contacts. Our museum and orientation contacts totaled 157 with whom 13 hours were spent.

Visitors:

Mrs. Frederick E Hyde of New York City, Widow of one of the brothers who financed the Hyde Exploring Expedition who first excavated ruins in Chaco Canyon.

N.P.S. Visitors

Mr. and Mrs. Don Black, Ranger, North rim, Grand Canyon.

General

Mr. Thomas W. Mathews, former park ranger at Chaco Canyon has returned and entered on duty with the Mobile Unit. The family of Archeologist Vivian has also returned for the summer months.

The Superintendent with the assistance of Gordon Vivian held a "Sing" and watermelon feed for a group of local Navajo boys. There were around 35 attended and some fine recordings were made of various chants and songs. I recorded a number of solos and was also fortunate in getting a chorus of Navajo women to record many songs also.

Meredith M. Guillet
Superintendent

Memorandum

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

Following is a report of activities at Chiricahua for the month of June.

Weather. Weather has remained very dry. One dry lightning storm started a number of fires on the National Forest south of the monument, but we have received no rain and no fires.

Inspections. An inspection of the monument was made by Forester Carlson and Forester Dodd of the Washington Office. Forestry matters were discussed with the superintendent and a trip was made to Sugar Loaf Lookout with Ranger Gaynard.

Naturalist Dale King made a brief stop at Chiricahua, May 28, and discussed nature trail possibilities.

Landscape Architect Marsh spent June 13 and 14 at Chiricahua in connection with bringing the master plan up to date.

Forester Ratcliff conducted a two day fire school at Chiricahua on June 18 and 19.

Plans, Maps and Surveys. Landscape Architect Marsh spent two days on the monument and with the assistance of the superintendent, brought the master plan maps up to date and made plans for additional campground sites.

Approaches to Monument. Approach roads are in fair shape except the dust on the three dirt and gravel roads.

Concessioners. The only concession at Chiricahua is the saddle horse concession which is doing a small business. For meals, Chiricahua visitors have to depend on the Silver Spur Ranch or their own resources. Campground use has been heavy and considerable use has been made of the light housekeeping apartments at Faraway Ranch. While Faraway Ranch does not serve meals, they are keeping a supply of staple groceries on hand so that people who wish to stay over for a day or two can get by in their

housekeeping rooms even though they, the visitors, are not equipped with groceries, cooking utensils, or bedding.

Cooperating Governmental Agencies. Ranger Urban Post, the new district forest ranger at Portal, Arizona has called at the monument twice and full cooperation in fire protection has been assured between the local Forest Service and the monument force.

Interpretive Service. 1597 visitors were contacted in the museum in 396 parties. Four conducted hikes were taken with a total of 34 visitors, taking a total of 4 hours time for the monument personnel.

Museum Activities and Exhibits. Temporary Ranger Anderson has been working hard, as time permits, on the identification of our collection of bugs, butterflies, and moths which have been on exhibition in the museum for some time.

Travel. 1737 visitors were recorded at Chiricahua the past month. This is 41 more than May of last year, still leaves us 830 behind last travel year at this date. The only way that we can account for this loss in travel is on the theory that people are saving their cars and tires and do not like to get off of the unsurfaced roads. Our travel so far this year is 11,258. Campground use continues to be good. 171 extra visitor days were recorded for the campground with 1266 extra for the travel year to date. This use is running about 50% ahead of last year. Visitors made use of the Faraway Ranch light housekeeping rooms to the extent of 81 additional visitor days, and of the Silver Spur Ranch for 21 additional visitor days.

Visitors. Fethin A. Kinincuglu, Karsijaka, Izmir, Turkey, a road engineer who is studying road building in this country, visited the monument in company with an Arizona State road man.

Ranger Service. Alan M. Anderson began work as temporary ranger June 5. Mr. Anderson worked at Bryce last year but came to Chiricahua to find quarters for a newly acquired bride. He is living in one of the Faraway Ranch light housekeeping cabins.

Forest Fire Protection. Ranger Gaynard went to Manning Camp at Saguaro to attend the fire school but had to be called home before the end of the training due to sickness of Mrs. Gaynard.

The Forest Service extended us an invitation to attend their fire school at Rustler's Park. Superintendent Cooke attended one day and Operator Marble another day.

Forester Ratcliff conducted a fire school at Chiricahua June 18 and 19 for the Chiricahua force. New methods of demonstrating fire behavior were found particularly interesting.

Building Fire Protection. While Mr. Ratcliff was here a short time was spent on building fire protection and demonstration of fire extinguishers, with the ladies of the monument attending. All extinguishers have been

housekeeping rooms even though they, the visitors are not equipped with
provisions, cooking utensils, or furniture.

Cooperative Governmental Assistance. Under United States law
officials cannot accept of Federal money for the purpose of the
and that cooperation in this problem has been secured between the local
Forest Service and the national Forest.

Investigative Service. 1937 visitors were contacted in the manner
in 1936. Four conducted visits were made with a total of 12 visitors.
Facing a total of 4 hours for the same and completed.

Household Activities and Habits. Twenty-two guests visitors are
would, and, as the service, on the limitation of the collection of
large quantities, and notes, which have been an addition to the service
the same time.

Travel. 1937 visitors were provided at Government's expense with

checked and refilled with the exception of the soda-acid ones. Charges for these will be changed when they are received. Four of the five CTC extinguishers have become unserviceable during the past year.

Insects and Tree Diseases. While Forester Ratcliff was here an inspection was made to see if we could ascertain the cause of the death of numerous Chihuahua pine at Chiricahua. No indication of insects or disease could be found in the roots, bark, or leaves so we were forced to conclude that drought was to blame. Other pines have been dying some but the Chihuahua pines are hit the worst.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument

El Morro, New Mexico

June 23, 1961

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

This month there were 406 visitors who came in 126 automobiles. This is considerably less than a year ago. After many inquiries, it is believed that there are two primary reasons for the drop. One is the fact, learned from a number of sources, that a large portion of the travelers on Highway 66 are on business and not pleasure bent. They are seeking jobs and the like and start early and travel late. As such, they do not have the time nor the inclination to go off on an unpaved by-road purely for pleasure. Another reason is the corrugated or washed road between Grants and San Rafael (which see below) just where one takes off from Highway 66. We have many reports of visitors turning back there.

374 of the visitors took a trip around the Rock in 98 parties. 17 went over the top of the Rock in 18 parties, 32 listened to an orientation talk and there were 2 overnight campers. In order to halt the downward trend of travel, hotels, the Chamber of Commerce, tourist court operators and the like were contacted in Cedar.

The weather remains hot and dry. The farmers, though a few have planted some crops, are pretty well discouraged. It is reported that the Ramah reservoir will run out of water within two weeks. When it will allow no more water out the gate, the reservoir still has a foot five feet of water in it, so the fish will not all die. Our pool is getting near to rock bottom. We have our fingers crossed as to whether we start hauling water. The warmest this month was 83 degrees and the coolest was 23 degrees Fahrenheit.

The approach roads except for the stretch near Grants are in good shape. State Senator Gottlieb was in the Monument with State Highway Engineer Burton Dwyre and Chairman of the State Highway Commission Ralph Jones. They promised that the road situation between Grants and San Rafael would be improved and the road oiled, and we heard today that more

I am sure that the people of the State of Colorado will support the National Park in its present boundaries. I am sure that the people of the State of Colorado will support the National Park in its present boundaries.

oil is planned for other sections of the road in the near future.

Our immediate approach road, from the Highway down to the gate, was graded by the County Grader and the Operator turned in our gate and worked the road up to and around the parking area. We appreciate the cooperation.

Another table was built, but is curing and has not been set up as yet. The forms, loaned to us by Superintendent Wright, have been hauled to Gallup for the Chamber of Commerce to use in making tables and fire places for the city parks so that the underprivileged, who do not have automobiles and can not get out of town, may have picnic suppers too.

A fire tool box was constructed, the top covered with green roofing material and the rest painted bright red and when finished it was placed on saw horses for easier loading on a truck. The fire tools were sharpened and put in it.

The shop was dismantled and rebuilt on the other side of the garage for convenience.

An exceptionally strong frame with a heavy screen was built for the basement window so that when the icicles fall they will not break the window.

The trails have been worked over from end to end and are in fine shape.

On days off, using a commercial product, all the walls and ceilings in the bathroom, kitchen and laundry were cleaned and the floors of the residence were refinished -- spring house cleaning.

For some months the superintendent had heard of "another" Inscription Rock, and it was not far from here. He finally found time to investigate and went fully equipped to bring back copies. All that he found was a date without any signature or initials of June 1848, and some distance away in a different type of lettering were the initials "I.O.T.". Little doubt the 1848 date was authentic because of the weathering of the date in the hard rock and also lichens were growing in the grooves, but the place is hardly deserving of the title "Another Inscription Rock".

THE HISTORY OF THE

REPUBLIC OF THE UNITED STATES OF AMERICA

FROM 1776 TO 1876

It is given by the author of the work in the form of a

series of short stories, each of which is a history of the
country, and each of which is a history of the country
in the year 1776.

The first story is the history of the country in the year
1776. The second story is the history of the country in the
year 1777. The third story is the history of the country in
the year 1778. The fourth story is the history of the country
in the year 1779. The fifth story is the history of the country
in the year 1780. The sixth story is the history of the country

NATIONAL PARK SERVICE

Gran Quivira National Monument
Gran Quivira, New Mexico

June 25, 1951

Memorandum

To: General Superintendent
From: Superintendent, Gran Quivira
Subject: Monthly Narrative Report for June 1951

Weather. The weather this month was the same as May except more so - high winds, hot temperatures, and no moisture. Several electrical storms and thunderheads were received but only .04 of an inch of moisture resulted. The week June 16 to 22 received maximum temperatures in the mid 90's, considerably warmer weather than that of a year ago. Minimum temperatures averaged 60 degrees.

Inspections. Naturalist Dale S. King inspected the area on May 26-27 and went over interpretive problems with the Superintendent.

Surveys. Engineer Bradley and Aide Jenkins of the Regional Office spent the period from May 31 to June 13 surveying the monument boundary. We are certainly glad to get this work done - a good job by Messrs. Bradley and Jenkins.

Maintenance. All available spare time this month was spent in removing rubble and fill from the nave of San Ysidro mission. The job is almost complete and the work has improved the appearance of the structure tremendously.

Informational signs in the headquarters area were repainted and self guiding trail signs replaced and repainted.

Visitors. Laura Gilpin, well known New Mexico photographer, was in on the 10th to photograph the mission and indian ruins.

On the same date, Mr. L. Crosby, professional photographer from Albuquerque, to color photo the area.

Mrs. Willard Bradley, Mrs. Zorro Bradley and friends, on the 10th.

Special Activities. The Superintendent made a one day trip to Bandelier National Monument on June 9 to deliver a trailer

and to pick up an air compressor.

Personnel. The Superintendent took six days annual leave to move Mrs. Ringenbach to Tucson where she is to undergo major surgery.

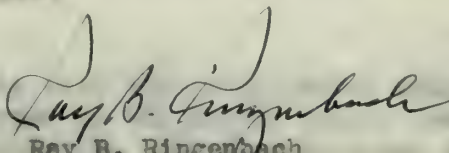

Travel. Travel to the area this month was about the same as May of last year. 284 persons in 80 cars were recorded. Out-of-State travel appears to be on the increase with local travel declining somewhat.

Interpretive Services. Guide service through the mission ruins was provided 36 parties of 138 persons for an average of 43 minutes per party. 33 groups of 131 persons used the self-guiding trail and 195 visitors were given some interpretation at the exhibit room.

Museum. Three fluorescent fixtures and tubes were installed in the exhibit cases.

Approach and Entrance Roads. The three approach roads have been dusty and rough. The State Highway has bladed the road in from Mountainair twice this month but with no moisture it's impossible to do a good job.

The State maintainer accomodated us again this month by grading our 3/4 mile of entrance road.

Ray B. Ringenbach
Superintendent

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

June 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for June, 1951

Weather Conditions

High winds during the first part of the month were mostly responsible for the decrease in travel. The drouth persists and San Luis Valley farmers have the porrest prospects in recent history. The maximum temperature of 85 occurred today and the minimum of 32 was on June 2. Only 0.05 of moisture was recorded.

Special Activities

I took a very nice pack trip with the saddle horse concessioner on my days off. We went up Medano Creek to the Medano Lakes, crossed into a tributary of Sand Creek at timberline, and then followed down Sand Creek to the dunes and back across to headquarters.

Maintenance

The asphalt cove base for the residence was received during the month but has not yet been installed. The cupboard doors for the kitchen which were received in May were installed.

Completion of the expandable trailer took a great deal of time. The cesspool was finished and covered, electric lights were wired and connected to the power plant, propane gas system was installed and inspected, the entire interior was painted, a wooden back step and a concrete front step were made. Silver Jaramillo did most of the work on the steps and a great many odd jobs on the interior.

and to give up his position.

Summary. The investigation has not yet been
made to see Mr. Blackwell to find out if he is
a spy.

Travel. Travel to his home with his wife and
son on May 12, 1941. His home is in New York City.
He is a resident of the house with his wife and
son.

Information received. On May 12, 1941, the
information was received by the New York office
of the FBI. It was stated that the wife
of Mr. Blackwell was a spy and that she
was in contact with the German government.

Conclusion. The information received from
the New York office is that the wife of
Mr. Blackwell is a spy.

Recommendation. The New York office
has been asked to continue the investigation
of the wife of Mr. Blackwell. It is
recommended that the New York office
continue the investigation of the wife of
Mr. Blackwell.

The New York office is requested to report
on the progress of the investigation.

DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
GREAT SAND DUNE NATIONAL MONUMENT
Alameda, Colorado

June 24, 1922

Respectfully,

To: General Superintendent, National Park Service

From: Superintendent, Great Sand Dune

Subject: Superintendent's Report on the Dune, 1922

General Remarks

Very little during the first part of the season was really responsible for the increase in travel. The small party and the fact that the weather was the best in years in fact, the summer temperature of 85 degrees being the highest of 22 and in June 8. Only 0.25 of visitors was recorded.

Special Activities

I took a very short trip with the little party on June 24 to the top of the dune. It was very hot and the wind was blowing from the south. The party was very small and the trip was very short. The wind was blowing from the south and the temperature was very high.

Remarks

The report was made for the National Park Service and the report was made for the National Park Service. The report was made for the National Park Service and the report was made for the National Park Service.

Continuation of the season's work. The report was made for the National Park Service and the report was made for the National Park Service. The report was made for the National Park Service and the report was made for the National Park Service.

on his own time.

The entrance road was graded once a week but is in very poor shape due to the extreme dryness.

Approach Roads

The approach roads to the monument are also in very poor shape due to the drouth and high winds although the county has bladed them regularly.

Survey

John Kell, Willard Bradley and James Jenkins of the Region Three Office arrived yesterday to begin a traverse line survey to accurately locate the dunes area in relation to the monument boundary.

Concessioner

Business has continued to be slow for the saddle horse concessioner. However, he now has contracted an eight-day pack trip using 18 horses to the Sand Creek Lakes to start July 9. Pack trips originating within the monument to outside points are his main source of profit.

Interpretive Services

A concerted effort to contact each visitor to the Great Sand Dunes has been made this month. The evening lecture to the Great Sand Dunes District Camporee, Boy Scouts of America, on the evening of June 2 was blown out by the high wind.

Research and Observation

Thirty different species of plants were collected during the month for forwarding to the National Museum.

Five bighorn sheep were seen on the Little Medano section of the monument on June 5 by George White. Two ewes, two very young lambs, and one yearling made up the group.

Very little was done toward the establishment of the nature trail as maintenance and visitor contact occupied most of our time.

Visitors

The Sand Dunes District of the Boy Scouts of America scheduled their annual camporee for June 1, 2, and 3 but were forced to pick up their tents and go home on the evening of June 2 because of the high wind. Note--the Scout Executive's tent blew down first and flattest of all.

on his own time.

UNITED STATES
DEPARTMENT OF THE INTERIOR

Geology field trips were made to the Great Sand Dunes by Louisiana State University, 79 students under Dr. Tator; Oklahoma University combined with Phillips University, 28 students under C. E. Williams; and Pasadena, Texas High School, 30 students under Mr. Teague. The Redwing, Colorado Grade School held their school picnic here on May 31.

National Park Service visitors included John Kell, Willard Bradley, and James Jenkins who are here to survey a traverse of the sand dunes. Herbert Heger, seasonal ranger-naturalist at Rocky Mountain National Park, visited us with his family.

Decrease in Travel

The decrease in travel of almost 20% was due almost entirely to the bad weather. Out-of-state cars increased from 517 to 768 but Sunday picnics by local people fell off due to the cold high winds.

Personnel

Silver R. Jaramillo changed from weekend to steady employment as temporary ranger on June 9.

Montezuma Castle National Monument
Camp Verde, Arizona

June 24, 1951

Memorandum

To: General Superintendent
From: Superintendent, Montezuma Castle
Subject: Monthly Narrative Report, June 1951

Weather: Although extremely dry, weather conditions have been perfect for the visitor. The only real hot spell was experienced the first part of the month when the mercury reached a high of 107 degrees. Otherwise, days have been warm but not hot and nights remain comfortably cool. Lack of moisture in the region has caused Beaver Creek to almost stop flowing.

Travel: It increased steadily during the month for a total of 5,824 people in 1,813 cars to the area. This breaks down into 4,498 visitors in 1,308 cars to the Castle and 1,326 people in 505 cars to the Well. The complete figure represents an increase of 749 visitors over June of last year.

Interpretation: Guided trips were conducted hourly, including 12:00 noon and 5:00 p.m. for a total of 226 tours. 1,595 people including 252 children between the ages of seven and eleven climbed the ladders to the Castle, and the Sycamore trail was used by 3,000 visitors. The Castle museum was crowded during the month when about 4,200 people viewed the exhibits. At the Well, 338 people visited the museum and 1,326 hiked the Loop trail.

A five hundred word article on Montezuma Castle stressing law enforcement and how it is applied in National Monuments was prepared for inclusion in a future edition of the "Arizona Police Magazine". The edition is to be devoted entirely to Yavapai county of which Montezuma Castle is a part.

Visitors: On May 25, Rev. Brokenshire and 21 members of the Union Church of Carlsbad, California.

On May 30, Ranger Jim Clancy and family of Casa Grande arrived to spend a couple of days in the Valley visiting their many friends.

On June 3, Dale King to discuss naturalist problems and to go over the interpretive setup.

During the month, many small groups of students representing high school honor students, Boy Scouts, etc.

...the ... of ...

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United Kingdom regarding the proposed changes to the law of the United Kingdom relating to the treatment of the children of the United Kingdom who are born in the United Kingdom and who are the children of a United Kingdom citizen and a foreign citizen.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the Americas (CLA) in the United States. The Commission is therefore unable to determine whether the CLA is active in the United States or whether it is merely a propaganda organization. The Commission is therefore unable to determine whether the CLA is active in the United States or whether it is merely a propaganda organization.

A line marked with circles on the map shows the route of the train. The line starts at the station and goes to the right, then turns down and to the left, and finally turns up and to the right. The line is marked with circles at the station, at the first turn, at the second turn, and at the end of the line. The line is marked with circles at the station, at the first turn, at the second turn, and at the end of the line.

The above information was obtained from a review of the files of the Bureau of Prisons, Department of Justice, Washington, D.C., dated May 19, 1960.

Page 2:

Numerous visitors are availing themselves of the picnicing facilities at both the Castle and the Well. We are especially happy to receive their many compliments on the improvements and cleanliness of the grounds.

Construction and Maintenance: Principal job completed during the month was the re-roofing of Residence No. One. This job consisted of removal of the existing roof and dirt insulation and installation of a complete new roof. It is felt that the contractor done a very good job and that the new roof should last indefinitely. It was noted that the interior vigas of the house have almost straightened out since removal of the original dirt insulation.

After several years of constant trouble, the sink drain serving the kitchen of Residence No. Two finally clogged completely. Rather than break through the concrete floor of the house to make repairs, a complete new drainage line was run out the kitchen wall and connected to the six inch tile sewer which serves house No. One. Twenty feet of of new galvanized pipe were laid.

Roads and Trails: The trail to the Women's toilet in the public picnic area was made safer and much improved by installation of several rock steps. These steps were constructed from river boulders and have added to the attractiveness of the area.

Roadsides were thoroughly policed and the parking area broom swept.

Accidents: On June 4, a visitor's car missed a curve in the road just above the museum at Montezuma Well and ran into a drainage ditch and wire fence. The lady driving the car admitted that she became excited and stepped on the accelerator instead of the brake. None of the occupants ¹⁹³⁵were injured, but damage to the car was estimated at \$200.00.

Research and Observation: As authorized by previous correspondence, White and Pierson spent a day removing material from the cave located above the outlet to Montezuma Well. This material consisted of: a bundle of reeds, a good sandal, a cane cigarette with tobacco still in it, numerous pieces of squash rind, part of a weaving batten, numerous small sticks similar to Hopi "paho" sticks, a number of pieces of knotted yucca fiber, and several beans. As far as possible, pictures of the material were taken on site, and proper cataloging will of course be accomplished.

Despite the fact that prolonged drought is covering this region, Montezuma Well is now flowing at the rate of 1,800,000 gallons

However, it is not the intention of the Committee to make any recommendation as to the merits of the case. It is the intention of the Committee to make a recommendation as to the merits of the case.

The Committee has considered the evidence and has concluded that the evidence is not sufficient to make a recommendation as to the merits of the case. The Committee has concluded that the evidence is not sufficient to make a recommendation as to the merits of the case.

per twenty-four hours. This is an official reading made June 14 by the Geological Survey. Usually during this time of year the well is flowing at the rate of 1,500,000 g.p.d.

Southwestern Monuments Association: Final inventory of publications completed today shows sales have again increased at this area. Cash collected from sale of publications for the fiscal year totalled \$1,739.60. This is an increase of \$384.30 over last year. Losses as a result of "serve yourself" arrangements amounted to 14 per cent of the retail sales.

RECEIPTS: The amount was officially paid for the change system on May 15 and after that time had been deposited in the bank. The money is now in the bank, showing the bank of \$1,739.60. Natural Bridges National Monument

June 28, 1951

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of June 1951, Natural Bridges National Monument

GENERAL: The monument was officially opened for the summer season on May 29 and John Wiley Redd was employed as Laborer Foreman to work the trails, cleanup the trash of seven months accumulation, and afford protection to the area until July 1, when he will enter on duty as Seasonal Ranger.

WEATHER: Exceptionally dry but unusually cool weather prevailed during the entire report period.

TRAVEL: Although the monument was officially closed November 10, 1950, people continued to visit the area and 523 people signed the register between November 10, 1950 and May 29, 1951. During this June report period 634 people visited the area in 164 cars. The continued winter travel, due to oil and uranium mining activities, is responsible for the 92% increase over the same period last year in the travel year count.

INTERPRETIVE SERVICE: Of the 634 visitors who came to the area, 525 were contacted at headquarters. Total contact time amounted to 61 hours. Twelve guided tours were made with a total attendance of 33 people. Thirteen visitors were contacted at Mr. Redd's residence in Blanding, on his days off.

PUBLICITY: Jack Breed, prominent photographer and writer spent May 27 in the area obtaining pictures and material to be used in an article for National Geographic magazine. He was accompanied by Dr. Ben Cornwall, Supt Wilson, and Tug Wilson.

INSPECTIONS: General Superintendent John M. Davis visited the area with Superintendent Wilson, making a general inspection, on May 31.

ROAD SIGNS: At the suggestion of Mr. Davis the locations of two directional signs were changed at the junction of the monument and Hite roads, making them visible from both directions.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the South (CLPS) in the United States. The Commission is therefore unable to determine whether the CLPS is a legitimate organization or a subversive group.

TO THE HONORABLE SECRETARY OF THE ARMY, WASHINGTON, D. C.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

1. The first step in the process of the investigation is the identification of the problem. This is done by the investigator who is responsible for the study. The next step is to collect data. This is done by the investigator who is responsible for the study. The next step is to analyze the data. This is done by the investigator who is responsible for the study. The next step is to interpret the data. This is done by the investigator who is responsible for the study. The next step is to draw conclusions. This is done by the investigator who is responsible for the study. The next step is to report the results. This is done by the investigator who is responsible for the study. The next step is to discuss the results. This is done by the investigator who is responsible for the study. The next step is to conclude the study. This is done by the investigator who is responsible for the study.

UTILITIES: The ancient wood kitchen range and kerosene refrigerator were replaced by propane units on May 17 and 18. Considerable trouble was experienced in getting the proper adjustment on the refrigerator and after two unsuccessful attempts to do this job ourselves it was necessary to obtain the services of an experienced gas maintenance man from the Eastern Utah Gas Co. at Monticello.

TRAILS: The Kachina Bridge ladder trail is fast becoming more popular with the visitors; however signs have been placed at the register and at the top of the first ladder not recommending the trail to inexperienced climbers.

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Narrative Report for June 1951

Travel: 155 persons registered here during June. Due to a group of 20 visitors camping for nearly a week, the visitor days count for the month was 258.

Weather: Two days of 90 degree temperature this month but the average high was slightly less than 84. Only two traces of moisture were received.

Inspections: General Superintendent and Mrs. John Davis visited the area June 18th.

Museum Activities: The 2x4 partition in the contact station was removed and the building made into one large room. Now we have the problem of installing a small museum. A few of the artifacts on hand have been temporarily put on exhibit. Two perfectly preserved planting sticks were recently obtained and put on display. In a few weeks I hope to obtain an original prehistoric ladder for exhibit.

Informal campfire talks were given two nights.

Construction Project: The construction project has been completed. Linoleum floor covering was placed in the office and service hall, the finish wood work trim has been installed, a badly needed storage rack was built in the garage and put to immediate use. The monument office has been moved to its permanent location in the partitioned section of the new garage.

The landscaping for the house addition has been all but finished. A rather large flagstone terrace was laid outside the front door, the back yard patio wall and fireplace is in and an extension of the stone wall paralleling the driveway was finished. A flagstone walk was laid from the museum to the office and gravel laid on part of the driveway. Stone entrance steps to the new office and garage were completed. As soon as the summer rains come some native grasses will be planted to hold the excavated soil near the house and a few more shrubs and plants transplanted.

Ajo, Arizona

June 25, 1951

Memorandum

To: General Superintendent
From: Superintendent
Subject: Monthly Narrative Report, 1st, June 1951

Weather

Summer has once again come to Organ Pipe Cactus. We recorded numerous temperatures in the high ninties and low hundreds. The high recording for the report period was 104° on June 19 with a low recording of 55° on June 3. No rain fell during this period.

Special Activities

Ranger Leding mad a trip to Phoenix to purchase various supplies and arrange for various equipment repairs on June 3, 4, and 5.

Ranger Steele was away from the area from June 1 to June 15 attending the Bryce Canyon and Saguaro Fire Schools. He began his annual leave following his return to the monument and is at present visiting in Texas.

Maintenance and Construction

The exhibit room of the administration building was completed and the floor painted. With the construction of three cabinets we will be ready to install our exhibits.

The pumphouse was given two coats of paint.

Twenty handcarved directional road and trail signs were completed and await placement on the loop road. These will greatly facilitate visitor use of this road.

Approximately two miles of secondary road along the south boundary were graveled.

The remnants of the old trail to Dripping Springs and the overlook on the ridge above were cleared, repaired, and

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Finally, the last step is to implement the plan and monitor the results. This involves putting the plan into action and tracking the progress of the solution. Once the problem has been solved, the final step is to evaluate the results and determine if the solution was effective. This involves comparing the results of the solution to the original problem and determining if the problem has been resolved.

extended. The hike to the Spring is now a safe one and one that can be made by nearly any and all of our visitors.

The Bureau of Animal Industry bulldozer was again borrowed and with it two steep narrow grades on the Dripping Springs road were flattened and made safer. Also, about one quarter mile of wash above headquarters was cleared of debris and blocked into its own channel. This should prevent future flooding of the shop area during the summer flash floods.

Soil & Moisture Control

Soil & Moisture work was drawn to a close with the complete expenditure of available funds. This work is being covered in a separate report.

Travel

Monument visitation has dropped to its usual summer minimum. Highway travel remains heavy with reportedly good fishing at Punta Penasco.

Research

Dr. & Mrs. Gloyd and Dr. & Mrs. Shannon visited the area on May 30. Plans were laid to initiate and continue certain phases of reptile observation and study. Continued snake hunts by monument personnel gave additional record material for the files.

Inspections

Forester Ratoliff visited the area on the 15, 16, and 17th of the month. Local grazing problems were investigated and discussed.

William R. Supernauth
Superintendent

Saguaro National Monument
Tucson, Arizona

June 25, 1951

MEMORANDUM

To: General Superintendent
From: Superintendent, Saguaro
Subject: Monthly Narrative Report, June 1951

General

With the exception of a week long warm spell, days and nights were pleasant during the month of June. Southern Arizona residents and visitors enjoyed the lower maximum temperatures and increased visitation to Saguaro was reflected in the travel figures.

There is every indication that summer time travel to southern Arizona is becoming more popular and hot weather is no longer a substantial factor in deterring visitors to these climes.

The display of Saguaro blossoms was spectacular throughout the cactus forest, attracting both amateur and professional photographers.

A record day for visitors was established on June 2 when 613 persons visited the monument; needless to say, our facilities were bursting at the seams.

The annual fire control training conference for this area was held at Manning Camp over the period June 13 and 14, reports indicate a most successful conference.

The annual Tucson Chamber of Commerce picnic was held at Saguaro on June 5, the superintendent and his family attended as guests of the group.

Saguaro National Monument momentarily became an international cross-road on June 17, when Dr. Guiseppe Scortecchi, Director of the Zoological Institute, University of Genoa, Italy, met Dr. Nadir Giannitrapani of Milan, Italy, at our headquarters office. Neither was aware of the others travel plans and after they were introduced, a lively conversation ensued in their native tongue which had all the earmarks of success.

Temperature ranges (Headquarters Station)

Highest daily high, May 26 and 28 108 degrees

Lowest daily high, June 1 88 "

Highest daily low, June 20 78 "

Lowest daily low, June 4 64 "

Special Activities

Regional Forester Carlson and Forester Dodd of the Washington Office visited the area May 27. Fire Control activities were reviewed and discussed.

Forester Harold Ratcliff of the Regional Office attended the Saguaro Fire School on June 13 and 14.

Status of Private Lands

Mr. Paul Cutter of the Bureau of Land Management called at this office on June 4, and reported that progress is being made on the exchange of lands with the State of Arizona. Mr. Cutter is to report to the U.S. Army for a period of six weeks after July 1, which will mean that the appraisals on the state lands will be held up until his return from active service.

Maintenance - Roads and Trails

The Cactus Forest Looproad was graded once during the month and is in fair to good condition.

Maintenance work was accomplished on two-thirds of the Spud Rock Cabin - Manning Camp Trail and this portion is now in first class condition. Work progressed on the Cow Head Saddle - Manning Camp Trail during the month and should be complete by the end of the first week in July.

Approximately one-half of the Patrol Trail from Mica Tower to Mica Mt. Secondary was brushed out and water bars replaced during the month.

Approaches to Park Area

The Pima County Board of Supervisors has requested funds to surface the Spanish Trail Approach Road from Pantano Wash to Monument Headquarters.

Accessions

One model SPT mid range radio was transferred to Saguaro from Navajo National Monument. This set will be used when scouting the north slopes of the Rincons for fires after the Forest Service lookout has been terminated.

Interpretive Services

A total of 1,568 persons in 389 parties were given interpretive service at headquarters. This amounted to a total of 82 hours for an average of 13 minutes per party.

Research and Observation

June 1, First family of young quail observed.

" 13, One Scott's Oriole observed at Headquarters.

Many observations were recorded on White-Tail Deer.

One Merriam's Turkey is a frequent visitor to the Spud Rock Cabin area.

Mr. Craig Bryan of the Division of Forest Pathology has completed installation of the new stakes in connection with mortality studies of the giant Saguaro.

Travel

A total of 3,178 persons visited Saguaro National Monument in June. This represents a decrease of 267 visitors as compared to last month but an increase of 1,279 visitors over the corresponding month one year ago.

Visitors

May 27, Forester Jack Dodd of the Washington Office and Regional Forester Carlson, Santa Fe, New Mexico.

June 2, Mr. Homer Rush, Pomona College, California - Photographing desert plants.

" 4, Mr. Paul Cutter, Bureau of Land Management, Albuquerque.

" 5, Mr. Luis Gastelum, Administrative Officer, Santa Fe, N.M.

" 6, Mr. Ernest H. Hill, Naturalist, Mesa Verde National Park.

" 7, Dr. A. Richards, Professor Emeritus, Zoology, Univ. of Oklahoma, Norman Okla.

" 9, Dr. Alfred M. Bailey, Director, Denver Museum of Natural History, Denver, Colorado.

" 17, Dr. Giuseppe Scortecchi, Director, Geological Institute, Genoa, Italy.

" 17, Dr. Nadir Giannitrapani, Milan Daily Tumanita, Milan, Italy.

Ranger Service

Ranger Zerbey attended the Region Three Fire Control Training Conference at Bryce Canyon. He indicated that all of the trainees were impressed by the demonstration of Fire Behavior using a "fire table" for illustrative purposes. Actual suppression of two fires prompted the trainees to request that this means of training should be used more frequently. Another suggestion was that inexperienced personnel could be trained by setting up an actual fire camp which would be used as a base of operations for training sessions, suppression of fires, and the mechanics of timekeeping, cooking, dispatching, etc.

The trainees received a fine reception by both NPS and concessioner personnel at Bryce Canyon.

Forest Fire Control

Messrs. Leon Doerner and Donald Dixon entered on duty as Fire Control Aides on June 1, 1951 bringing the fire control organization to full compliment. The Mica Mt. Fire Tower has been manned regularly since that date as well as daily patrols to the several secondary lookouts.

The annual fire control training conference was held at Manning Camp over the period June 13 - 14. In addition to local personnel, we were favored with the presence of Assistant Regional Forester Ratcliff, Ranger Grover E. Steele, Organ Pipe Cactus; and Ranger Cliff Gaynard, Chiricahua. There was every indication of a most successful conference as evidenced by the enthusiasm of the trainees. Good discussion ensued on each phase of fire control; likewise the practical applications of various techniques of fire control were well received. A small fire was set (with due precaution) near Manning Camp and was suppressed by the trainees. This fire was also observed from the Mica Mt. Tower, and dispatching and reporting procedures were simulated.

Personnel

Fire Control Aides Leon Doerner and Donald Dixon entered on duty June 1, 1951.

Trail Laborer Lars Garrison entered on duty June 8, 1951.

Trail Laborer Pat O'Brien resigned June 18, 1951.

Miscellaneous

The annual Tucson Chamber of Commerce Picnic (for employees) was held at Saguaro on June 5. The Superintendent and his family attended as guests of the group.

Summary

During the past several years the United States has been a party to many treaties. It is believed that all of the treaties have been entered into in accordance with the Constitution of the United States. It is also believed that the treaties have been entered into in accordance with the laws of the United States. It is further believed that the treaties have been entered into in accordance with the principles of justice and equity. It is finally believed that the treaties have been entered into in accordance with the interests of the United States.

The following is a list of the treaties entered into by the United States during the past several years:

Treaties

1. Treaty of Commerce and Consular Rights between the United States and the Republic of Cuba, signed at Havana, Cuba, on May 2, 1902.

2. Treaty of Commerce and Consular Rights between the United States and the Republic of Haiti, signed at Port-au-Prince, Haiti, on May 2, 1902.

Annexes

1. The Organic Act of the Territory of New Mexico, approved by Congress on September 9, 1906.

2. The Organic Act of the Territory of Arizona, approved by Congress on February 20, 1909.

3. The Organic Act of the Territory of Alaska, approved by Congress on March 7, 1906.

References

The following are the sources of the information contained in this summary:

A new Ranger was added to the staff at Saguaro National Monument, by the arrival of a son to District Ranger and Mrs. F.W. Benson Jr., in the wee hours of the morning on May 30. With his early arrival future Ranger Robert Martin Benson was quite a collection of gifts from local merchants as the first baby born on Memorial Day. The father encouraged the collection of the loot and is still woozy over the indulgence in his prize wine, etc., and the natural button popping tendencies so apparent in a new father.

Interpretation - (Supplemental)

One hundred and twenty four members of the 419th Brigade, 934th Aviation Engineering Group, from Fort Huachuca, made a tour of the Cactus Forest. This group was given interpretive service at headquarters, and a conducted tour by the rangers of the cactus area.

Samuel A. King

The limited and costly resources of the African continent have been a major factor in the slow progress of development. This paper will discuss the various factors which have contributed to this situation and will suggest some possible ways of improving the situation.

Memorandum

From: Ranger-in-charge
To: General Superintendent
Subject: Monthly Narrative, June 1951

Weather Except for a total lack of precipitation the weather has been very favorable the past month. Most of the time has been warm and sunny with a few cloudy days and a slight breeze to keep the clear days cool.

Inspections General Superintendent Davis accompanied by Mrs. Davis visited the monument June 19. Superintendent Brueck came up from Wupatki during Mr. Davis' visit.

Maintenance General cleanup and minor work on the Lava Flow trail together with some oiling of signs was done during the month. Most of the time was devoted to contacting visitors.

Roads and Trails The entrance road was bladed on June 8. Due to the dry weather it has been quite a task to do anything with the roads this month. Mr. Bean has spent most of his time trying to keep the back road to Wupatki in shape.

Interpretive Service Of the total visitors for the month, the Rangers contacted 2784 people in 860 cars. With two men on duty on Sundays and one man on every day of the week, 77% of the total travel was contacted.

The Lava Flow trail is still going strong. An average of 30% of the the visitors took the trail. 506 parties and 1112 people in all went over the trail.

The trail booklets are still selling at a good pace. Collections ran 92% on the 661 books sold. The total cash amounted to \$61.00 showing a loss of \$5.10.

The steep and hard climb to the Crater Rim kept all but 381 people in 115 parties from going to the top.

Research and Observation Ranger Yarnell has started a collection of the plant life of the monument. He intends to make a complete herbarium file with colored pictures of the plants mounted together with the specimens.

Forest Fires Due to the extreme fire danger, the Forest Service has had men patrolling all the fire roads around Sunset. Their first large fire destroyed 1100 acres west of Flagstaff on June 16. On June 23 a small fire was observed on the east side of the Peaks.

Personnel Seasonal Ranger Erwin Yarnell entered on duty May 31. He is assisting both at Sunset and Wupatki.

Ranger Service Three cars had to be pulled out of the cinders this month. All cases were due to carelessness on the part of the driver. The cinders are so dry at this time that any attempt to drive off of the road results in becoming stuck.

Robert H. Viklund
Ranger-in-charge

Tonto National Monument
Roosevelt, Arizona

June 29, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tonto
Subject: Narrative Report, June 19 51

Weather: Hot month, with maximum temperatures ranging from 100 to 108°. Many hot nights during last half of June. Dry, no rains, strong winds. Worst fire hazard month for man-caused fires, as usual.

Roads & trails. Trail in good condition. A considerable improvement was made at the trail entrance by putting up rock pillars and a panel which will eventually have cutout letters same as the large sign at the road entrance. The old warning sign was removed. Entrance road is rough, due to considerable travel and no maintenance.

Visitors. Naturalist Dale King, on June 2, to inspect the nature trail and get a look at the Monuments latest improvements.

Ranger Ernie Hill and family, of Mesa Verde National Park.
Robert Sharp, Lincoln, Nebraska, brother of the superintendent.
Maintenanceman Tony Valencia of Bandelier, with the house trailer for quarters here.

Travel. 1502 visitors in 392 cars, to set another record for June. This compares with 1155 for June 1950, an increase of about 15%. Despite the desert heat, we are getting people from the eastern and midwestern states, whom we would ordinarily expect only in the winter season.

I would again like to emphasize that there is no "slack season" in the Southwest any more, only a comfortable season and an uncomfortable one. Our heaviest travel occurs in the winter, but we put in longer hours and work harder in the summer, under less favorable conditions to accomplish work. The visitor pressure is of course much less, but a lot of time is required anyway.

Personnel. Laborer-loadman Eugene P. Cook finished his job on trails on June 1.

Public Relations. Two talks were given by the Superintendent at the last of May, one to a Miami church group, the other to the Globe Lions Club, chiefly on what the National Park Service is, is trying to do, and its relationship to the interests of the people of Arizona.

Fires. Two very bad forest fires are burning in Arizona. The Pinal fire near Globe will have bad effects on the watershed of that town. Superintendent Sharp made an emergency trip to the fire camp near Globe June 23 to deliver telephone wire to Forester John Foneroy, and take Bob Sharp's jeep in, where he is helping the Forest Service on the fire. Part of the Coconino Forest is closed, with the Logolien rim near here as the south boundary.

Quarters. The 32 foot house trailer was spotted in the only accessible shade on Route 1, leveled up, and connected to the utilities. It is a very well built and complete trailer with considerable room, complete with a dent-tasse bathroom. Solidly built and nicely finished, it is good quarters and we are pleased with it. Archaeologist Wenger will now have a chance to recover from the many and varied insect bites he got in the tenthouse, where triatomas, scorpions, and centipedes shared quarters with him.

General. Archaeologist Wenger made a trip to Denver, June 19 to 23, to bring back Mrs. Wenger and the baby.

Considerable work has been required to prepare the trailer site, level it up on the slope, and connect utilities.

Some extra work was entailed by delivery of the culverts.

A big cottonwood branch fell in the tool shed area, but missed all installations. Major damage was to mesquite trees. This answers our standing question as to how to fell the branch without wrecking the tool shed.

The radio batteries have responded to longer hours of battery charging, inaugurated after we decided that our last barrel of gasoline would last out the fiscal year.

Tumacacori National Monument
Tumacacori, Arizona

June 25, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for June, 1951

Weather: It has been a little dry this month, with precipitation of .000", compared with the average rainfall of .25" in June for the past 13 years. Temperature reached a balmy high of 107 on May 26, a low of 45 on June 9 and June 10. San Juan, who is traditionally supposed to make it rain in the border country and southward on June 24, failed to deliver the goods this time.

During the month the Santa Cruz Valley Ground Water Users Association was formed, with the organizing meeting held a few days ago at Kinsley's, 10 miles north of here. This Pima and Santa Cruz counties group will endeavor to work out ways and means, and propose legislation if necessary, to see that more economical use is made of ground water resources of this drainage.

Visitor Travel: This month: 3,021 persons, in 808 motor vehicles.

Highest previous June : 1,992 persons, for 1950.

Percent increase - - - : 34.1

Fiscal year - - - - - : 38,279 persons

1950 Fiscal Year - - - : 28,837 persons

Percent increase - - - : 24.7

On reviewing visitor attendance during the past 12 months, it becomes clearly apparent that Tumacacori National Monument is no longer a "winter" monument. It is a "12 months a year" monument. Our "slack" season in the summer, when of old we got caught up on things which had hung fire during the busiest months, is no longer slack. It is simply a little quieter than winter.

Part of our phenomenal visitor increase of late months can be attributed to new ~~war~~ defense industries in Tucson, and to the re-occupation of Fort Huachuca. However, we are convinced most of the travel increase is in bona fide tourists, who are deciding southern Arizona is not too hot for summer vacationing.

Visitors: Among our visitors was a group of 39 on May 27 from Davis-Monthan Air Base, in Tucson.

On June 17 we were visited by County Attorney Ruffo Espinosa.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is a result of the fact that urban areas offer more opportunities for employment and education than rural areas do. The process of urbanization has led to the growth of large cities and the decline of small towns and villages. This has had a significant impact on the way of life in the United States. The majority of the population now lives in urban areas, and this has led to a number of changes in the way of life. For example, the majority of the population now lives in large cities, and this has led to a number of changes in the way of life. The majority of the population now lives in large cities, and this has led to a number of changes in the way of life. The majority of the population now lives in large cities, and this has led to a number of changes in the way of life.

Inspections: May 26 - Jack B. Dodd, Chief, Administrative Branch, Forestry Division, and Regional Forester S. T. Carlson.

May 29 - Naturalist Dale S. King, Southwestern National Monuments.

May 30 - Administrative Officer Luis Castellum, Region III Office.

Interpretive Service: 1106 persons went on 205 guided trips through the mission church and grounds, receiving an average of 33.22 minutes per trip. 2886 persons received combined Information and Interpretation Service, and 2923 saw the museum and patio garden.

Museum and Education: During scant periods of opportunity, Ranger Henson has continued the task of collecting and pressing plants to get our herbarium collection started, and of posting blooming, fruiting dates, etc., to plant cards in our fact file.

The superintendent has done some posting of information to our historical fact file cards, and a lot of work on fiscal paper work. I am beginning to believe a monument superintendent should be a C.P.A.

After many years of suggesting to literary visitors that they allow the Park Service, when convenient, to check articles on Service areas for factual accuracy, I finally had one chicken come home to roost. A Miss Beula M. Wadsworth, of Tucson, wrote asking a number of questions about Tumacacori, so that she could write an article about the area for Desert Magazine. A lengthy historical reply was made. Then she came to visit the monument. I gave her all the information I could. Then she went home and wrote the article, and sent me a carbon copy of it, asking that I correct anything that needed correcting. This was done. We may now anticipate that a forthcoming issue of Desert Magazine will have a very accurate article on Tumacacori.

As result of a field trip to northern Sonora mission churches in May, the superintendent has written a report, which has already been submitted through channels. In compliance with the desire of Governor Ignacio Soto, of Sonora, detailed attention was given in the report to stabilization possibilities at Cocospera Mission, in Cocospera Valley, Sonora. Because a new road is being built between Cananea and Imuris, which will pass directly by the historic old church, Governor Soto is hopeful the ruined structure can be restored. Mr. Leopoldo G. Urquides, Governor of the Magdalena and Cananea Lions Clubs, told us that his organization has requested permission of the Mexican government to restore the church.

Through the office of General Superintendent Davis we were able to secure a copy of the National Park Service Stabilization Manual. This we were able to send to Governor Soto, with a copy of the field trip report. Another copy of the field trip report was sent to Senor Urquides.

We have proffered any advisory assistance to the Sonora authorities that we may be able to give in regard to stabilization of Cocospera Mission, and we feel immensely encouraged that our neighbors to the south are about to do something to preserve some of their priceless historic sites. We hope

that stabilization of Cocospera will be only a beginning, and that we will live to see a long range Sonoran program aimed toward protection and preservation of many other of their ~~precious~~ historic sites. The Sonoran people are deserving of any cooperation we can legitimately give toward realization of such an ideal.

As was hoped, mastication and digestion of historic data obtained on the Sonora field trip are beginning to bear results in improvement of the interpretive story being told here by Ranger Hanson and myself.

Maintenance: A large part of Maintenanceman Barney's time this month has been spent on removal of the heavy coat of gravel which had covered our parking area, entrance road spurs, service road, and the mission trail. This has been accompanied by patching holes and rough places with emulsified asphalt. Much watering of plants has been necessary. Some patch plastering was done on the porch bedroom of the Residence No. 1. Interior of this room was painted, gratis, by Jackson boys, under supervision of the maintenanceman. A large olive tree in the patio garden which had been sick for a long time was dug up and removed. Root samples sent to the University of Arizona showed infection with a disease which normally does not seem to attack olives. Pruning of dead growth, sulphur dusting for mildew, spraying for various insect pests, was done. Re-roofing of the "warehouse" was completed. The water system was tested, and found to be producing barely enough water for dry weather needs, with no margin for safety. A pump expert is due to call here this week to discuss best methods of improving our water production.

Personnel: Archaeologist Brewer, of the Region III Office, helped us during parts of these days in the early part of the month, with contact work and library and research problems.

Ollie Barney was on sick leave for 11 hours.

Ranger Hanson was on annual leave for 8 hours.

Cup't. Jackson was on annual leave for 12 hours.

General: Everything seems to be going all right here. But how in the heck does one manage to put more than 24 hours into a day and night? Always we are so busy, even in this "slack" summer season, that we wonder, one day to the next, how we will manage to find time enough to do everything that should be done. The eight hour day is a pleasant myth.

NATIONAL PARK SERVICE

~~TUZIGOOT NATIONAL MONUMENT~~
CLARKDALE, ARIZONA

June 26, 1951

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tuzigoot
Subject: Report 1ml, June 1951

There follows a narrative report of activities in this area.

VISITORS

2829 visitors in 936 cars. This compares favorably with 2771 in June 1950. 100% of our 8-12, 1-5 visitors were contacted. The Tuzigoot Trail Guide leaflet was available for all visitors arriving before 8:A.M. and after 5:00 P.M.

WEATHER

Dry, but with the exception of a sudden hot spell the latter part of May, temperatures have been below normal for June. Smoke from the 1200-acre forest fire in the Cocconino National Forest four miles west of Flagstaff during the middle of the month was readily visible in Clarkdale, 56 miles from the man-caused blaze.

N. P. S. VISITORS

Foresters Sture Carlson, Region Three Office, and Jack Dodd, Washington Office, on May 28, enroute to Bryce Fire School.

John Cook, Montezuma Castle, and Jimmie Clancy, Casa Grande, on June 1.

Naturalist Dale King on June 2 and 3. Dale and Satch arrived after a long hot trip thru the southern monuments. We got along fine with Satch but Dale stopped up the bath tub.

Administrative Assistant Fred and Mrs. Quosenberry, Petrified Forest, on June 10.

Archeologist Al Schroeder, Lake Mead, June 14.

OTHER AGENCY VISITORS

Mr. and Mrs. Harold Levane, Bureau of Mines (Oil Research), Louisiana, Missouri, on June 10.

Mr. Herman Levine, U.S. Treasury Department, on June 12.

Dr. Ward, Arizona State Department of Health, Phoenix, June 15.

REPORTWORTHY VISITORS

Dr. and Mrs. E. H. Colbert, Paleontologist, American Museum of Natural History, on May 26.

Stan Davis, formerly a representative of Lollesgard's, Tucson, now a freelance photographer, on May 31.

Georgia White of Colorado/San Juan River Fame, on June 5.

ORGANIZED GROUPS

The three following groups arrived on May 31:

12 students of Southland High School of Southland, Texas.

Navahopi Tours brought in a group of three visitors.

Boy Scout Troop 242, Phoenix, 18 strong.

MAINTENANCE

The water pressure fell to a new low on June 17 and inspection of the line failed to reveal a leak on the surface. The guage indicated on the 19th that 89,000 gallons of water had passed thru it. We recruited the professional help of United Verde Public Utilities Co. and they excavated 75 feet of the line as it crossed the swamp at the head of the tailings pond. 70 feet of rotten pipe was removed and all of the new pipe we had on hand was installed. The meter continued to show some leak, although a lot less. A ten foot trench was dug 50 feet below the meter and at this point five leaking clamps were uncovered. If a couple of lengths of one-inch pipe can be located they are going to install them at this point.

IMPROVEMENTS

A new panel of screen was put into the museum door on May 28.

The air cooler was installed in the east window of the west wall in the living room on May 30.

The museum door and frame was stained burnt umber (Old Colony) on June 15.

The museum furniture (tables, desk and chairs) was stained where needed.

Inside of the Men's Room door was stained to cover scratches and splashes.

An attractive combination register and leaflet box was installed at the museum entrance door. The box, finished in burnt umber stain with white lettering, is four inches deep and two feet square, and is mounted flush with the wall by means of lag bolts and shields. A cover is provided which opens to writing desk height on which is tacked a register sheet. The cover closes in vertical position by a peg latch. Two compartments, one for the Trail Guide (which visitors may use free in the area or take home by depositing ten cents in the coin slot), and one for the free leaflet are provided, with appropriate captions.

ROADS AND TRAILS

Trail guide stakes 1 to 19 were set up on June 8 and 9. Some had to be cemented into solid limestone which required a considerable amount of drilling.

The large and deep pot holes in the entrance road were repaired on June 15, 16 and 17, but only after the Superintendent had phoned half a dozen influential citizens.

A two post sign bearing the legend "Tuzigoot National Monument", left arrow, "Narrow Bridge Drive Slowly" was routed on May 31, painted on June 21 and installed on the 22nd.

A similar two post sign captioned "Tuzigoot National Monument", right hand arrow, "Verde Valley Country Club" was installed on same date about 500 feet from the first sign at an entrance road jog in lower Clarkdale.

INTERPRETIVE SERVICE

The Tuzigoot Trail guide pamphlets were received on June 8 and previously prepared stakes were given a second coat of dull sand-tan paint. The stakes were installed on June 8 and 9 at which time the guided trail was declared officially open. Visitor acclaim has exceeded our fondest hopes.

RESEARCH AND OBSERVATION

A Red Racer was observed between the residence and the garage on June 1.

1941-1942

WILLIAM W. L. 1952

[illegible][illegible]

1. The first step in the process of the "New Deal" was the establishment of the Federal Reserve System in 1913. This was done to provide a central bank for the United States, which would be able to control the money supply and interest rates. The Federal Reserve System was created by the Federal Reserve Act of 1913, which was signed into law by President Woodrow Wilson. The system was designed to provide a stable and flexible monetary system for the United States, and to act as a lender of last resort for banks in financial distress. The Federal Reserve System was the first of many federal agencies created during the New Deal era, and it played a key role in the economic recovery of the 1930s.

1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 26

- The following is a list of the names of the persons who have been identified as having been in contact with the subject of this investigation, and who have been identified as having been in contact with the subject of this investigation, and who have been identified as having been in contact with the subject of this investigation.

•J. 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582

UNITED STATES

On June 7, while locating trail guide stake Number 18 in Room 2 of Group I Archeologist Richert observed a Gambel Quail nest containing 14 eggs. An abundance of feathers indicated that the setting parent had been destroyed by a predator. The eggs and feathers were collected.

J. W. Brewer, Jr.

J. W. Brewer, Jr.,
Superintendent.

On June 7, 1961, the following items were received from the
of the 1st Cavalry Division, Fort Cavalli, Vietnam:
It was found that the items were not the same as those
and destroyed on a regular basis. The items were not
of the 1st Cavalry Division, Fort Cavalli, Vietnam.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly report, June, 1951.

Visitors this month, 4472; 13288.

Administration William T. Beaver reported for duty as Seasonal Ranger on June 3. He is new to the National Park Service but in 1950 he managed the Navajo Arts and Crafts Exhibit for the Museum of Northern Arizona so is familiar with the area. Since Mr. Beaver reported for duty, we have been keeping a man on contact duty from 7:30 A.M. until 7:00 P.M.

On June 20 General Superintendent Davis and Superintendent Hastings met with the Flagstaff manager of the telephone company to discuss the possibilities of getting a new telephone line built to the monument. Application for this line is being submitted.

Use of Monument Facilities by The Public There were 4472 visitors in 1367 parties. This is 1086 visitors or 32 per cent more than were counted in June, 1950. Parties contacted were 1213 including 4059 people. There were 1354 parties including 4141 visitors in the museum. Seventy-three picnic parties included 406 people.

Roads and Trails Our approach road from Highway 66 has remained very rough and dusty. Despite the lack of moisture, the County graded the road on June 6 without much improvement.

On June 12 a project was started with two laborers to remove the cinders on the parking area to picnic ground walk. The path was channeled out two inches and covered with a cinders and road oil mix obtained from the County.

Maintenance Repainting the main entrance sign at our gate and all signs on the monument was completed.

The top of the incinerator was reinforced and a new cover made.

granted permits to enter the monument.

The sink drain at Residence No. 2 stopped twice and both times required considerable work with a sewer auger to get it cleared.

Fire Protection On June 9 a trip was made to scout out the location for a fire tool cache on the south side of Walnut Canyon across from the administration building. On June 12 we hauled the box and tools as far as we could by pick-up and then carried them about two miles on litters. This is the first time the National Park Service has had a fire tool cache on the south side of Walnut Canyon

Ranger Spangle spent two nights and Ranger Beaver Three assisting the Forest Service on a bad fire west of Flagstaff.

Communications It was again necessary to repair the telephone line where it crosses Highway 89. Our line crossed under the telephone company's wires which made it low enough to be broken by high loads using the highway. Our line was re-arranged so that insulated wire was used for the crossing and it was placed above the telephone company's wires where it should clear the highest load.

National Park Service and Other Visitors

- May 27 E. H. Colbert - American Museum of Natural History
- May 28 Regional Forester Carlson and Jack B. Dodd from the Forestry Division, Director's Office
- May 30 Hal Jackson and family. Mr. Jackson is the new secretary of the Chamber of Commerce, Flagstaff
- May 31 Ray Martinez and family enroute from Carlsbad Caverns to a clerical position at Grand Canyon
- May 31 Ranger Bob Viklund from Sunset Crater
- June 2 The following people stopped enroute to the fire school at Bryce Canyon
 - Rangers Heying and Thompson from Carlsbad Caverns
 - Rangers Smith and Rumberg from Big Bend
 - Ranger and Mrs. Schaffer from Hot Springs
 - Ranger Zerby from Saguaro
 - Ranger Steele from Organ Pipe Cactus
 - Ranger Davis from White Sands

JUNE TRAVEL, 1951

TRAVEL YEAR TO DATE

Visitors, 19,958 Cars, 4,548

Visitors 112,514 Cars, 26,962

GENERAL

June shows only a few under one thousand people gainover any previous June and we are pleased with even this slight gain. Late winds still continue and these hot winds send further to delet what little moisture remains in the ground. Several hot days have prevailed and the high for the month was 105 on June 19 and the low was 44 on seventh of June, Moisture nil. Many visitors complain about the heat but all so far seem to stand it.

SPECIAL ACTIVITIES

Toward the close of school many school groups from nearby towns come by for school picnics etc. As the days warm up our visitation at sunset increased and large groups come out late in the evening for their picnics. We went on night differential on May 27th so staying open until 8:00 PM helps a lot. One trip was made to El Paso by Ranger Crittum in regards to supplies and information on the new bull dozer.

PUBLICITY

We never lack for publicity and the local papers, El Paso, Roswell and Los Cruces papers are all giving our 4th of July celebration

PUBLICITY - Cont'd

a good play. The Chairman has worked up a good program and Governor Mecham has promised to be present. Along the lines of publicity, I have made it a point to check the cards going out with pictures of the White Sands or mention of the visit to the White Sands and if this spot check can be used as a basis, somewhere in the neighborhood of 1200 to 1500 cards are going to all parts of the country mentioning or picturing White Sands each month.

COMPLAINTS

None have been received except on the weather and these are mostly in the spirit of fun. No complaints have been received on our White Sands Service Co. The manager of the service company complained that his schedule of prices for 1951 were not yet approved and wondered if he should get in his price schedule now for 1952 and endeavor to operate one year on an approved price schedule.

MAINTENANCE

Joe is in 7th heaven now since the delivery of the new TD-14 crawler type tractor bull dozer to White Sands. For the first time in our history we can now clear our roads in case of heavy drifts without borrowing equipment. It is hoped we can from time to time clear out our worst drifts and yet not interfere with our scheduled work too much. Dry spells are making a portion of our clay road rough and dusty but little can be done until we get some moisture.

Otis has been busy with repairs on our rest rooms mostly and too, trying to keep water in both our domestic and other use systems. On Sundays and busy days now our toilets, especially the womens side, never get a chance to to even fill the flush bowl before they are flushed again and as a result our toilets are only about one-half flushed, handles are being twisted off and ball stops torn off etc. in an effort to flush. Due to lack of adequate water our lines stop up and our toilets are a mess as well as our being out of water in its running through three toilets almost constantly. On a Sunday often 3000 gallons of gym water flows through these outlets and little satisfaction is realized from it. We are ordering now insides complete for all our toilets and we have hopes of this helping some. Our water in the sands well is not holding up and we are forced to haul water two and often three times a day from Alamogordo. This alone takes about 90 minutes per load at best so three loads a day leaves little time for other chores. With our increased crowds our cleanup our cleanup is a daily two hour job at best so being short a temporary, one ranger at Fire School and

MAINTENANCE - Cont'd

short a clerk and dry wells - we have had a time at White Sands. We hope the Region will excuse us for awhile, I am sure the quality of our letters from the standpoint of typing is obvious to our superiors.

INCREASE OR DECREASE IN TRAVEL

Our increase for the month of slightly under 1000, still allows our Travel Year increase to pass the 11,000 mark to date. Heavy crowds visit late and on a recent patrol, 135 cars were counted in the area between 8:30 and 9:00 PM.

VISITORS

Dale King of the Regional Office
Mr. and Mrs. Marsh of the Regional Office
The Fire School boys from Carlstad and Big Bend
Lonnie and Mrs. Schafer from Hot Springs
Ranger and Mrs Earl Steele and family from Organ Pipe

RANGER SERVICE

Ranger Davis attended the Regional Fire Control Conference at Brice Canyon and spent a couple days in Coolidge on annual leave and is now all set for visitor contact work. George Hall of Alamogordo is again employed as a seasonal ranger and the other seasonal position is as yet unfilled. We hope to fill this soon. Chittum has been on the gate a lot and I have tried after a fashion to hold the clerks job down, which we have been unable to fill so far. Much we had planned to do is still undone and we seem to be getting even further behind.

GENERAL

Ranger Davis fortunately was granted a four month extension on a recall to active duty to Camp Polk, La. on July 11. Dan figures by living right he might do even better and I am sure I can make better use of him at White Sands this summer than they could at Camp Polk.

Our 4th of July celebration anticipates a crowd of between 10 and 12 thousand for the fireworks but I am afraid they are a little optimistic, I would guess a little nearer 8,500 although I imagine it will seem like 20,000 to my boys before it is all over, with this start we should run close to 30,000 for the month.

about a third and a half of the total. The
total is about 10,000. I am not sure of the
figures from the statistical service of the
Department.

CONFIDENTIAL - U.S. GOVERNMENT

Our interest in the matter of the
total is about 10,000. I am not sure of the
figures from the statistical service of the
Department.

CONFIDENTIAL - U.S. GOVERNMENT

There is a large number of
people who are interested in the
total. I am not sure of the
figures from the statistical service of the
Department.

Department.

CONFIDENTIAL - U.S. GOVERNMENT

There is a large number of
people who are interested in the
total. I am not sure of the
figures from the statistical service of the
Department.

ACCIDENTS

One evening on a late patrol I came upon a freshly overturned car with four scared kids in it. None were seriously hurt although minor glass cuts here and there. The car drove off under its own power but was a sorry looking vehicle. Some 300.00 dollars damage was done to the car. Of course the kids claimed they were not going fast but it was on a curve and some remarkable skidding took place for slow speeds. One of the boys involved had been escorted to the entrance a few days before because of reckless driving, so I guess he will believe us now.

NATURE NOTES

Our Pallid bats (*Antrozous Pallidus*) in the utility area are separated, males and females, and of the 15 or so observed all were female and all had two babies.

In a recent bull dozing operation in the dump grounds, several rattlesnakes were uncovered but by the time the bull dozer got through with them it was impossible to tell what variety they were.

Earlier this spring our two types of hedgehog cactus and our prickley pears put out some beautiful blooms and were much enjoyed by the visitors. The yucca throughout the monument have been in bloom for several weeks now and are quite pretty. There are a few wildflowers but the extremely dry weather has held them back considerably.

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

June 26, 1951

Memorandum

To: General Superintendent
From: Superintendent, Wupatki
Subject: Monthly Narrative Report for June 1951

Weather: The weather continues very dry with no precipitation recorded for the month. The maximum temperature to date was 97 degrees on June 17 and a minimum of 42 degrees June 3. The maximum temperature for May was broken when it hit 100 degrees on May 28 which is an all time high for May since records have been kept.

The readings from the six rain gauges scattered over the area were taken June 1 and the report mailed to Museum of Northern Arizona.

Inspections: On June 5 Naturalist Dale King visited the area and went over the Malakihu and Citadel ruins trail and other problems. Changes suggested by Mr. King were carried out with the Malakihu ruin getting a general house cleaning.

General Superintendent John M. Davis visited the area June 19 and went over our problems.

Roads and Trails: Some clay plating was done between the Citadel and Highway 89. Most of the work this month has been in the cinder area from Sunset Crater to about 5 miles north. This stretch has never been completely covered and with the dry weather is becoming very soft and cars are beginning to get stuck. On June 25 it was necessary to close the road one way from Wupatki to Sunset Crater. It is still open on the down grade from the Crater to Wupatki. The Crater entrance road has been bladed several times during the month.

Interpretive Services: At Wupatki 1207 people in 393 parties were contacted for an average time of 17 minutes per party and a total of 93 hours.

Travel: For the first time in three months travel figures show an increase. The month shows a total of 551 cars and 1643 people which is 64 cars and 200 people ahead of June 1950. The greatest amount in one day was 28 cars. Most of the travel continues to come down the loop road from Sunset Crater. On one day when we had 23 cars total, 18 came from Sunset Crater and only 5 from highway 89.

[illegible]

On 10/10/50, the following information was received from the Bureau of the Census, Washington, D.C.:

[illegible][illegible]

Visitors:

- 5/30 Mr. Ken Lott, Highway Engineer U.S.F.S. Albuquerque, N.M.
- 6/3 Dan Davis, Park Ranger, White Sands National Monument
- 6/3 Jack Turney, Park Ranger, Bandelier National Monument
- 6/4 Dr. Frank E. Peabody, Zoology Dept. U. of Kansas
- 6/4 Dr. Walter Sorenson, Dept. of Geology & Paleontology, Museum of Natural History, N.Y.
- 6/4 Dr. E. H. Colbert, Dept. of Geology & Paleontology, Museum of Natural History, N.Y.
- 6/5 Dale King, Naturalist, Southwest Monuments, Santa Fe, N.M.
- 6/6v Paul F. Spangle, Park Ranger, Walnut Canyon National Monument
- 6/11 Fred W. Quensenberry, Adm. Aid. Petrified Forest Nat'l Monument
- 6/13 Lloyd Pierson, Park Ranger, Montezuma Castle, Nat'l Monument
- 6/16 Prof. Bernhard Peyer, Zurich, Switzerland.
- 6/16 Prof. Chas. A. Camp, Univ. of California
- 6/16 Prof. S. P. Wallis, Univ. of California
- 6/19 John M. Davis, General Superintendent, Southwest Monuments, Santa Fe. N.M.

Wildlife: A coyote was seen at Heiser Spring June 15 and also a Bull Snake along the road near Wupatki. Clyde Peshlaiki reported seeing 5 deer watering at the tank near Wupatki Spring on June 17. They better tank up as the overflow will be dry within a week. A porcupine was seen at Heiser on June 22.

Scorpions may not be wildlife but 4 have been found in the Superintendent's residence in the past week. If this keeps up should have a bottle full by fall.

Personnel: Mr. Erwil Yarnell who has been attending college at Flagstaff entered on duty at Sunset Crater May 31 as seasonal ranger. There are now two men on duty which gives 7 day a week interpretive service and also furnishes a relief for Wupatki 2 days a week.

James R. Walker, Park Ranger terminated his services on June 2 and left for Albuquerque on a years leave of absence to finish his education.

Mr. William C. Bullard Jr. Arrived at Wupatki June 5 to take over the duties vacated by Mr. Walker leaving. Mr. Bullard entered on duty June 7 as Park Ranger.

Ranger Service: Most ranger work was confined to taking care of the visitors. On June 9 Superintendent Brueck made a trip to Crack-in-Rock ruin and CO Bar cattle company camp to get acquainted with that area. June 17 Ranger Bullard and Viklund made a trip to Crack-in-Rock ruin and surrounding area and returned by way of Black Falls Trading Post.

Spring Flow:	Wupatki	240 GPD	Same as last year this time
	Heiser	1650 GPD	Half of what it was last year

Frederick R. Brueck
Superintendent

Interpretive Activities Outside of the Area; Govt. Publications Sold On Hand

Ranger Worthington gave 17 illustrated leaflets with a duration of 1 hr. and a total attendance of 350 people. These talks were given while he was on leave and at his residence after hours here at the monument.			
--	--	--	--

REMARKS: With the completion of the Wayside Exhibit this month the visitors have found it a very interesting and helpful interpretive device. Many comments appear on the register and have been made to us verbally. By proper signing the Cove Nature Trail use of this trail became so heavy that 200 leaflets were used in one week.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.

NAME Bates R. Wilson
TITLE Superintendent

Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER

TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME *Irving D. Townsend*
TITLE *Irving D. Townsend, Supt*

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR MIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME

TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Bates E. Wilson
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

The Superintendent gave a talk on the flora and fauna of Saguaro National Monument, before the Sertoma Club of Tucson.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historic areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Contact and museum open 7:30 am to 7 pm

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historic areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NAME
TITLE Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).
